Independent Auditor's Report

To the Plan Administrator
Harvard Medical Faculty Physicians at
Beth Israel Deaconess Medical Center, Inc. Retirement Plan
Boston, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Harvard Medical Faculty Physicians at Beth Israel Deaconess Medical Center, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Prior to January 1, 2009, records were maintained at a contract, not a plan, level; therefore, management has not maintained, and Teachers Insurance and Annuity Association of America and College Retirement Equities Fund ("CREF") did not provide sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the

completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America ("GAAS") and to issue an auditor's report. However, because of the matters described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Harvard Medical Faculty Physicians at Beth Israel Deaconess Medical Center, Inc. Retirement Plan

Notes to the Financial Statements

1. Description of Plan

The following description of the Harvard Medical Faculty Physicians at Beth Israel Deaconess Medical Center, Inc. Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan’s provisions.

General

The Plan, adopted May 1, 1998, is a defined contribution plan established under Section 403(b) of the Internal Revenue Code (the “Code”). In general, all employees of Harvard Medical Faculty Physicians at Beth Israel Deaconess Medical Center, Inc. (the “Plan Sponsor”) who are scheduled to work 20 or more hours per week and have reached the age of 21 are eligible to participate in the Plan as of their employment commencement date. Employees who are not regularly scheduled to work at least 20 hours per week are eligible to become participants as of the first day of the payroll period coincident with or following the completion of one year of eligible service, which is defined as 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Notwithstanding the above, the following classifications of employees are not eligible to participate in the Plan: interns, residents, medical students, leased employees, independent contractors, per diem employees, and trainees.

Contributions

Participants in most situations may not contribute to the Plan other than amounts representing distributions from other qualified defined contribution plans. The Plan Sponsor may contribute to the Plan in such amounts as the Plan Sponsor shall determine. The Plan Sponsor determines the amounts of employer discretionary contributions on an annual basis based upon the availability of funding. The employer discretionary contribution may range from 0% to 4.5% of each participant’s eligible compensation for the plan year. The employer mandatory contributions are calculated based on the participants’ respective department at various percentages. For the year ended December 31, 2024, the Plan Sponsor made contributions to the Plan of \$56,205,422.

Upon enrollment, a participant may direct his or her company contributions to any of the Plan’s fund options, including a self-directed brokerage account option. Investments available to participants through the self-directed brokerage account include mutual funds.

Participants Accounts

Each participant’s account is credited with an allocation of (i) the Plan Sponsor’s contributions, if any, (ii) plan earnings, (iii) service credits, and (iv) expenses. Allocations are based on participant earnings on account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Vesting

Participants are immediately vested in all contributions plus earnings thereon.

Harvard Medical Faculty Physicians at Beth Israel Deaconess Medical Center, Inc. Retirement Plan

Notes to the Financial Statements

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their total vested account balances within the Plan. The notes are secured by the balance in the participants' accounts and bear interest at a rate (ranging from 4.25% to 9.50%) commensurate with local market rates for similar loans. Principal and interest are paid through periodic direct debit deductions from the participants' personal accounts for no more than a five-year period unless it is for the purchase of a principal residence in which case the loan repayment period may not extend beyond 10 years from the date of the loan.

Notes are available to participants through Fidelity Management Trust Company ("Fidelity"), subject to certain limitations. Notes made through Fidelity are made from participants' plan accounts. Any amount loaned to a participant from Fidelity is treated within the Plan's trust fund as a separate investment made exclusively by the participant. As a result, all participant loan repayments, including interest on the loan, are allocated only to the participant's account.

Payment of Benefits

On termination or retirement of service, or attainment of age 59½, participants may elect to receive their distributions equal to the value of their account either in a lump-sum amount, a period of installment payment, or an annuity. However, a married participant's right to choose a distribution option will be subject to his or her spouse's right to survivor benefits (under Federal Pension Law) unless this right is waived by the participant and his or her spouse. In addition, participants may elect to roll their account into another qualified plan.

In addition, terminated participant accounts are reviewed for small sum distribution plan requirements. Accounts with less than \$1,000 following proper notification are distributed to participants, and those with balances greater than \$1,000 but less than \$5,000 are transferred to a Fidelity IRA or Teachers Insurance and Annuity Association of America ("TIAA") IRA.

TIAA Traditional Annuity

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to plan participants. Each contract is fully and unconditionally guaranteed by TIAA.

The TIAA Traditional Annuity is offered through a variety of contract types: benefit responsive contracts, Group Supplemental Retirement Annuities ("GSRA"), and Retirement Choice Plus ("RCP"); and non-benefit responsive contracts, Retirement Choice ("RC"), and Group Retirement Annuities ("GRA"). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, are guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities and January 1

for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. As of January 2021, contributions to TIAA were suspended.

For accumulating GRA contracts, the crediting interest rate was 5.25% to 5.50% and 6.50% as of December 31, 2024 and 2023, respectively. For accumulating RC contracts, the crediting interest rate was 5.50% to 5.75% and 6.75% as of December 31, 2024 and 2023, respectively. See Note 4 for fair value measurements related to the RC and GRA contracts.

For accumulating GSRA contracts, the crediting interest rate 4.50% to 4.75% and 5.75% as of December 31, 2024 and 2023, respectively. For accumulating RCP contracts, the crediting interest rate was 4.75% to 5.00% and 6.00% as of December 31, 2024 and 2023, respectively. Total contract value is \$8,748 and \$8,405 at December 31, 2024 and 2023, respectively.

With the GRA and RC non-benefit responsive contracts, lump-sum withdrawals are available within 120 days of termination of employment and are subject to a 2.50% surrender charge. All other withdrawals and transfers from RC and GRA non-benefit responsive contracts must be spread over 10 annual installments (five annual installments for withdrawals after termination of employment). All other withdrawals and transfers from RC contracts must be spread over 84 monthly installments. The GSRA and RCP benefit responsive contracts provide for full participant-directed liquidity. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting in accordance with generally accepted accounting principle in the United States ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the Plan Sponsor to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, other than investments that are considered fully benefit-responsive. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Certain TIAA Traditional Annuity contract types,

Harvard Medical Faculty Physicians at Beth Israel Deaconess Medical Center, Inc. Retirement Plan

Notes to the Financial Statements

including the SRA and the GSRA, are considered fully benefit-responsive and are stated at contract value for the years ended December 31, 2024 and 2023. See Note 1 for further discussion of the TIAA Traditional Annuity.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at the unpaid principal balance plus accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivables are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses, as defined in the plan agreement, are paid by the Plan or from the general assets of the Plan Sponsor. Expenses that are paid by the Company are excluded from these financial statements.

Subsequent Events

The Plan has evaluated subsequent events through September 8, 2025, which is the date the financial statements were available to be issued.

3. Information Certified by the Plan's Custodians

The Plan Sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Fidelity and TIAA and CREF, the custodians of the Plan and qualified institutions, have certified as being complete and accurate the investments and notes receivable from participants on the statements of net assets available for benefits, the investment activity reflected in the statement of changes in net assets available for benefits, and the investment information included in the supplemental schedule to the financial statements as of December 31, 2024 and 2023, and for the year ended December 31, 2024. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures* (Topic 820), establishes a framework for measuring fair value and a hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets

Harvard Medical Faculty Physicians at Beth Israel Deaconess Medical Center, Inc. Retirement Plan

Notes to the Financial Statements

or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investment options available to participants include the TIAA Traditional Annuity, TIAA Real Estate, CREF Annuities, and select Fidelity mutual funds.

Following is a description of the valuation methodologies used for assets measured at fair value.

Investments in certain TIAA Traditional Annuity contracts (Retirement Annuity) are reported at fair value. These investments are contract-based and observable prices for identical or similar investments do not exist; accordingly, these investments are valued using unobservable inputs (Level 3). Fair value is determined using a discounted cash flow model. The TIAA Traditional Annuity contracts are not available for sale or transfer on any security exchange. The fixed annuity contracts are subject to various restrictions. See also Note 1 for discussion of the TIAA Traditional Annuity.

TIAA offers eight CREF variable annuities. Unlike TIAA Traditional, the variable accounts do not provide guaranteed returns. Participant returns depend entirely on the investment performance of each account. The accounts invest principally in equity securities, fixed income instruments, and short-term investments in accordance with each portfolio's investment objectives. The value of the variable annuity contracts are determined at the close of each business day at the net asset value ("NAV") and based on the fair value of the underlying investments. The underlying investments in the variable annuity contracts are invested in registered investment companies, which are valued at quoted market prices in an exchange and active markets. The NAV, as provided by TIAA, is used as a practical expedient to estimate fair value. There are no restrictions on the trading or withdrawals of these investments. There are no unfunded commitments, and the redemption frequency and redemption notice period are both daily.

The CREF Stock Fund seeks to invest in a wide range of equities from all around the world. The CREF Growth Account seeks to invest in large, established companies, with innovative solutions that enhance earnings or cash flow prospects. The CREF Global Account seeks to invest in globally in companies of all sizes. The CREF Equity Index Account seeks to invest in a diversified portfolio of publicly traded U.S. stocks represented by a broad market index. The Social Choice Fund seeks to

Harvard Medical Faculty Physicians at Beth Israel Deaconess Medical Center, Inc. Retirement Plan

Notes to the Financial Statements

invest in a diversified portfolio of bonds and global stocks while giving special consideration to certain environmental, social, and governance ("ESG") factors. The CREF Bond Market Fund seeks to invest in intermediate-term corporate and government fixed-income securities designed to balance and manage risk. The CREF Inflation-Linked Bond Fund seeks to invest in fixed-income securities that seek to protect U.S. dollar investors from a loss of "real buying power" due to inflation. The CREF Money Market Fund seeks to invest in high-quality short-term securities that aim to preserve capital and provide income.

In addition, TIAA offers the Real Estate Account ("REA") which is a separate account of TIAA. This account is a variable account similar to the CREF variable accounts; as such, its returns are not guaranteed and its accumulations and returns fluctuate based on the performance of the underlying investments. The account generally invests in real estate properties and real estate-related investments. The REA investments are generally valued at the NAV of the underlying real estate holdings or other real estate-related investments. There are no unfunded commitments, and the redemption frequency and redemption notice period are both daily.

The Fidelity mutual funds invest principally in equity securities, fixed income instruments, and short-term instruments in accordance with each fund's investment objectives. Plan holdings are generally valued at the daily closing price which is based on the NAV of shares held by the Plan at year end.

Transfers out of the TIAA Real Estate Account to a TIAA or CREF account or into another option can be executed at any time but are limited to once per calendar quarter. Transfers out of the TIAA Traditional contracts can only be affected over a period of time (up to 10 years) and may be subject to limitations. Transfers out of mutual funds into another investment option may be executed on a daily basis.

Fidelity self-directed brokerage accounts represent a brokerage account that participants are invested in mutual funds and cash reserves. The plan is individual investments in the self-directed brokerage accounts are valued on the basis of readily determinable market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the valuation of the Plan's financial instruments at fair value as of:

<i>December 31, 2024</i>	Level 1	Level 2	Level 3	Total

*Certain investments for which fair value is measured using NAV per share as the practical expedient have not been categorized within the fair value hierarchy. The fair value amounts presented in the preceding tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

During 2023, the purchases and sales of TIAA Traditional Annuity contracts were \$617,917 and \$611,131, respectively.

The following tables present information about significant unobservable inputs related to the Plan's investment in the TIAA Traditional Annuity contracts classified as Level 3 in ASC 820 fair value hierarchy at December 31, 2024 and 2023:

5. Related-Party and Party-in-Interest Transactions

Certain plan investments are managed by Fidelity and TIAA and CREF, the custodians for the Plan, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Fidelity as the recordkeeper provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (“MSA”) between the Plan Sponsor and Fidelity. Under the terms of the MSA, each unique participant social security number, participating in the HMFP at BIDMC, Inc. 401(k) Savings and Investment Plan and/or HMFP at BIDMC, Inc. Retirement Plan are charged an annual flat fee of \$65 up to March 31, 2024, deducted quarterly from his or her account, which is then used to pay certain recordkeeping expenses. Effective April 1, 2024, Retirement Plan are charged \$57 quarterly. Prior to April 1, 2022, participants were charged an additional \$17 per a quarter for administrative expenses. Fidelity returns excess amounts directly to participants. Fidelity receives revenue from mutual fund service providers for services Fidelity provides to the funds, which is returned directly to participants in other income. Any expenses paid by the Plan Sponsor are not included in the financial statements.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would remain fully vested in their accounts.

7. Income Tax Status

The Plan has been designed to qualify under Section 403(b) of the Code. The terms of the Plan have been prepared to conform to the sample language provided by the Internal Revenue Service (“IRS”) in Revenue Procedure 2007-71. The Plan Sponsor believes that the Plan is designed and being operated in accordance with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
