Somerset Trust Company Employee Stock Ownership Plan
Somerset, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Somerset Trust Company Employee Stock Ownership Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Somerset Trust Company Employee Stock Ownership Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Somerset Trust Company Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Somerset Trust Company Employee Stock Ownership Plan's ability to continue as a going concern within one year after the date that these financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Somerset Trust Company Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Somerset Trust Company Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SOMERSET TRUST COMPANY EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements December 31, 2024 and 2023

Note 1: Description of the Plan

General

The following brief description of the Somerset Trust Company Employee Stock Ownership Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan Document and *Summary Plan Description* for a more comprehensive description of the Plan's provisions, which are available from the Plan Administrator.

The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (Code), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is a defined contribution plan covering the employees, except excluded classes, of Somerset Trust Company (Bank) who have attained the age of 21 and have completed 1,000 hours of service in a year and are actively employed on December 31.

The Plan is administered by the Bank's Board of Directors. The Board has overall responsibility for the operation and administration of the Plan.

Contributions

Participants who have completed a year of service during the Plan year and are actively employed on the last day of the Plan year are eligible to share in the discretionary contribution for the year. The Bank may make discretionary contributions that are allocated directly to participant accounts. All contributions are allocated based on a participant's eligible compensation, relative to total eligible compensation. The Bank's contributions for any Plan year shall not exceed the maximum amount allowable as a deduction to the Bank under the provisions of the Internal Revenue Code Section 404.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Bank's common stock released by the trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Bank as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Employer contributions are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

Vesting

Vesting in the Plan is based on completion of credited service years. A credited service year is considered one in which the participant completed at least 1,000 hours of service. Participants become 100% vested after three years of service.

SOMERSET TRUST COMPANY EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements December 31, 2024 and 2023

Payment of Benefits

Upon termination of service & after year end allocations are made, participants whose accounts do not exceed \$5,000 will receive a lump sum distribution in cash regardless of distribution request.

Participants whose vested account balance at the time of termination exceeds \$5,000 may request a distribution to receive a lump-sum distribution in shares of stock. If not requested, they are allowed to leave the account in the Plan.

On June 20, 2024, the Plan approved and operationally implemented to increase the threshold for determining distributions in cash or stock from \$5,000 to \$7,000 for involuntary distributions after December 31, 2023, but is still pending formal amendment to the Plan document.

Forfeitures

At December 31, 2024 and 2023, there was no balance in the forfeiture nonvested account. In addition, there were no forfeitures added to participant accounts during the years ended December 31, 2024 and 2023.

Voting Rights

The Trust Department of Somerset Trust Company (Trustee) will vote all stock held as part of Plan assets on behalf of the collective best interest of Plan participants and beneficiaries. The Trustee is responsible to notify participants and beneficiaries with respect to the voting of shares related to any corporate reorganization matter.

Put Option

Under federal income tax regulations, the Bank stock that is held by the Plan and its participants, and is not readily tradable on an established market or subject to trading limitations, includes a put option. The put option is a right to demand that the Bank buys any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Bank can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in company stock into investments that are more diversified. Participants who are at least age 55, with at least 10 years of participation in the Plan, may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accounting principles followed by the Plan and the methods of applying these principles conform to accounting principles generally accepted in the United States of America. The financial statements of the Plan are prepared on the accrual basis of accounting.

Uses of Estimates

In preparing the financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The common shares of the Somerset Trust Holding Company are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants or the measurement date. Fair value is determined by quoted market prices. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation (depreciation) includes gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Operating Expenses

All expenses of maintaining the Plan are paid by the Bank.

Note 3: Administration of Plan Assets

The Trustee of the Plan holds the Plan's assets, which consist principally of Somerset Trust Company (Bank) common shares.

Bank contributions are held and managed by the Trustee, which invest cash received, interest and dividend income, and makes distributions to participants.

SOMERSET TRUST COMPANY EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Note 4: Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Somerset Trust Company, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules are complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2024 and the accompanying schedule of reportable transactions for the year ended December 31, 2024

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 5: Investments

The Plan's investments at December 31 are presented in the following table:

	<u>2024</u>	<u>2023</u>
Somerset Trust Holding Company common shares		
Number of shares	178,480	160,851

Fair Value	\$ 8,079,790	\$ 6,757,350
Money market funds		
Cost (approximates fair value)	\$ 138,897	\$ 134,362

Note 6: Plan Termination

Plan Termination

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100% vested in their accounts.

Note 7: Dividends

The Bank paid a dividend to the ESOP of \$1.65 per share, or \$277,890, during the year ended December 31, 2024.

The Bank paid a dividend to the ESOP of \$1.61 per share, or \$262,365, during the year ended December 31, 2023.

Note 8: Disclosure About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2024 and 2023:

	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Quoted Prices in Active Markets for Similar Assets (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2024

Money market fund	134,362	134,362	-	-

SOMERSET TRUST COMPANY EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements December 31, 2024 and 2023

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2024 and 2023. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Money Market Fund

This money market mutual fund (Mutual Fund) attempts to stabilize net asset value (NAV) of its shares at \$1.00 by valuing the portfolio securities using the amortized cost method. The Mutual Fund calculates a market-based NAV per share on a periodic basis. The Mutual Fund does not guarantee that its NAV will always remain at \$1.00 per share. Shares can be redeemed on a same-day basis but only directly from the Mutual Fund.

Common Stocks

Common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 9: Related-Party and Party-in-Interest Transactions

At December 31, 2024 and 2023, the Plan held 178,480 and 160,851 shares of Somerset Trust Holding Company common stock, which is common stock of the Plan Sponsor and is, therefore, a party of interest. Dividends in the amount of \$277,890 and \$262,365 were received on shares of this stock for the years ended December 31, 2024 and 2023, respectively.

The Bank provides certain administrative services at no cost to the Plan.

SOMERSET TRUST COMPANY EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements December 31, 2024 and 2023

Note 10: Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated June 29, 2017 stating that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 11: Risks and Uncertainties

The Plan invests in the Bank's common stock. Common stocks are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these securities, it is at least reasonably possible that changes in the values of these securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2024 and 2023, the Plan had investments of \$8,079,790 and \$6,757,350, respectively, that were concentrated in the Somerset Trust Holding Company common stock.

Note 12: Subsequent Events

Subsequent events have been evaluated through September 8, 2025 which is the date the financial statements were available to be issued.
