## Independent Auditors' Report

To The Board of Trustees of the  
Production Service and Sales District Council Pension Plan  
West Trenton, New Jersey

### Opinion

We have audited the financial statements of Production Service and Sales District Council Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets (in liquidation) available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets (in liquidation) available for benefits for the years ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets (in liquidation) available for benefits of Production Service and Sales District Council Pension Plan as of December 31, 2024 and 2023, and the changes in net assets (in liquidation) available for benefits for the years ended, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Production Service and Sales District Council Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Production Service and Sales District Council Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Production Service and Sales District Council Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Production Service and Sales District Council Pension Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter—Supplemental Schedule**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of administrative expenses (in liquidation) are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole.

**Other Matters**

As discussed in Note A to the financial statements, the governing body of Production Service and Sales District Council Pension Fund approved a plan of liquidation in December 2001. As a result, the Plan changed its basis of accounting from the going concern basis to the liquidation basis of accounting for periods subsequent to December 2001. Our opinion is not modified with respect to that matter.

**Production Service and Sales District Council Pension Plan**  
**Notes to Financial Statements**  
**Years Ended December 31, 2024 and 2023**

**A. Description of the Fund**

The following brief description of the Production Service and Sales District Council Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

*General*

The Plan is a multi-employer defined benefit pension plan which was jointly administered by a Board of Trustees comprised of union and employer representatives covering eligible employees pursuant to collective bargaining agreements between various union locals under the jurisdiction of Production Service and Sales District Council, which is affiliated with the United Food and Commercial Workers Union (the "Union") and various employers operating in the New York metropolitan area. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

*Plan Termination and Mass Withdrawal of Employers*

Pursuant to a settlement negotiated in 2001, employers representing more than 50% of the withdrawal liability of the Plan agreed to withdraw from the Plan, triggering a mass withdrawal. Accordingly, in December 2001, the Board of Trustees (the "Board") of the Plan adopted an amendment to the Plan to terminate the Plan effective January 20, 2002. Under the settlement agreement, settling employers satisfied their liability to the Plan and their share of the Plan's accumulated funding deficiency with specified settlement amounts to the Plan (see Note D). The amendment provided that the Plan's participants earn no additional benefits under the Plan subsequent to January 31, 2002.

Upon termination, all assets of the Plan shall be used for the exclusive benefit of participants and beneficiaries and shall be allocated among them in accordance with the Plan agreement.

Certain benefits under the Plan are insured by the PBGC. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

Whether all participants receive their benefits will depend on the sufficiency of the Plan's net assets to provide those benefits and also may depend on the level of benefits guaranteed by the PBGC.

As of January 1, 2006, benefits paid under the Plan are subject to PBGC guarantee limits.

*Plan Benefits*

The Plan was amended effective January 1, 1996 whereby all benefits earned through December 31, 1995 were frozen. For credited service earned as of and after January 1, 1996 until January 31, 2002 (which is the effective date of the amendment to provide that no participant will receive credit for any purpose under the Plan for service with any employer after January 31, 2002), each participant earned a benefit payable at age 65 (normal retirement age). The provisions of this paragraph, relating to disability benefits and death benefits, are no longer in effect, since January 20, 2002, the Plan termination date.

**B. Summary of Significant Accounting Policies**

*Basis of Accounting*

The accompanying financial statements have been prepared using the liquidation basis of accounting due to the Plan's termination and the mass withdrawal of employers during the fiscal year ended December 2001.

*Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Accordingly, actual results could differ from these estimates.

*Allowance for Credit Losses*

When the Plan records customer receivables, contract assets, and financing receivables arising from revenue transactions, the Plan records an allowance for credit losses for the current expected credit losses (CECL) inherent in the asset over its expected life. The allowance for credit losses is a valuation account deducted from the amortized cost basis of the assets to present their net carrying value at the amount expected to be collected. Each period the allowance for credit losses is adjusted through earnings to reflect expected credit losses over the remaining lives of the assets. The Plan evaluates debt securities with unrealized losses to determine whether any of the losses arise from concerns about the issuer's credit or the underlying collateral and records an allowance for credit losses, if required.

*Current and long-term receivables*

|-------------------------------------------|-------------------|---------------------|
| Employer withdrawal liability receivables | \$ 1,187,760      | \$ 1,357,440        |

| Withholding taxes receivable              | 23,511            | -                   |
| Allowance for credit losses               | <u>(292,705)</u>  | <u>(373,341)</u>    |
| Total Receivable                          | <u>\$ 941,722</u> | <u>\$ 1,009,327</u> |

*Concentration of Credit Risk*

Financial instruments that potentially expose the Plan to concentrations of credit risk include cash. In assessing its risk, the Plan's policy is to maintain funds only with reputable financial institutions. While the Plan attempts to limit any financial exposure, its deposit balances may, at times, exceed federally insured limits. The Plan has not experienced any losses on such accounts.

*Actuarial Present Value of Accumulated Vested Plan Benefits*

The Plan records the withdrawal liability receivable from employers based on the discounted payments to be received pursuant to the settlement of mass withdrawal, less an allowance for credit losses. The allowance for doubtful accounts is based on the Plan's prior experience of collections. Amounts due from employers collateralize the funding received from the PBGC.

*Benefit payments*

Benefit payments to participants or beneficiaries are recorded upon distribution.

**C. Pension Benefit Guaranty Corporation (“PBGC”) Assistance**

In December 2001, the Trustees notified the Pension Benefit Guaranty Corporation ("PBGC") and the Internal Revenue Service regarding the Plan's termination. The Plan continued to pay benefits during 2006 until the Plan became insolvent. The PBGC began providing financial assistance in May 2006. The agreement provides for the PBGC to provide the Plan additional amounts and that such additional amounts shall be added to the amount in the original agreement. Such amounts are evidenced by promissory notes. Quarterly, the Plan must provide the PBGC with (a) an estimate of funds needed to pay benefits and administrative expenses for the following three months, and (b) a reconciliation of financial assistance received from the PBGC and payments of benefits and administrative expenses of the prior month.

The Plan has no resources nor does it expect to have resources in the future to repay these notes. Accordingly, such amounts have been included as additions to Plan assets in the statements of changes in net assets available for benefits (in liquidation) for the years ended December 31, 2024 and 2023.

**D. Actuarial Present Value of Accumulated Plan Benefits**

The actuarial present value of accumulated vested Plan benefits is the present value of expected future payments for benefits to Plan participants, which have been accrued as of the termination date. Accumulated benefits include amounts expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of vested participants who have died, and (c) present participants or their beneficiaries.

The actuarial present value of accumulated Plan benefits is that amount which results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The actuarial present value of accumulated vested benefits of the Plan was determined by the Plan’s actuary, First Actuarial Consulting, Inc. (“FACT”), as of December 31, 2024 and 2023. These valuations were determined in accordance with PBGC Regulation Part 4281, Subpart B – Valuation of Plan Benefits and Plan Assets Following Mass Withdrawal.

The following table presents the actuarial present value of accumulated vested Plan benefits as of December 31, 2024 and 2023 as determined by the Plan’s actuary:

The significant actuarial assumptions used in the December 31, 2024 and 2023 valuations are as follows:

- Investment Return – The yield curve prescribed in accordance with PBGC Regulation Section 4044 as of the measurement date. The resulting effective interest rate is 5.49% in 2024 (5.06% for the first 20 years, and 4.37% in 2023).
- Mortality – Mortality table specified in ERISA Section 4044.
- Retirement Age – Age of earliest retirement eligibility, or attained age if greater.
- Expense Load – Calculated in accordance with ERISA section 4044.

**E. Due from Withdrawing Employers**

During the fiscal year ended December 31, 2001, the Trustees issued a settlement proposal to the former contributing employers, which set forth options to employers to settle their withdrawal liability and minimum funding deficiency obligations (namely, a lump-sum option and a payment over time option). Some employers have made their settlement payments in a lump sum; other employers chose to make periodic payments to the Plan, for periods of up to 30 years. At times, an employer may accelerate their installments. As of December 31, 2024 and 2023, the Plan had receivables from four withdrawing employers in the amounts of \$895,055 and \$984,099, respectively.

The liquidation basis of accounting requires that the total amount due to the Plan from withdrawing employers be reported as a receivable, in the statement of net assets in liquidation available for benefits, and a contribution, in the statement of changes in net assets in liquidation available for benefits, in the year in which the employer withdraws from the Plan.

This receivable has been recorded net of an allowance for credit losses.

The “employer withdrawal liability” amounts, on the statement of changes in net assets (in liquidation) available for benefits, if any, for the years ended December 31, 2024 and 2023, represent the net adjustment to the amounts due from withdrawing employers after evaluating collectability at the end of each fiscal year including amounts collected.

**E. Due from Withdrawing Employers (Continued)**

Employer withdrawal liability receivables are due as follows:

|                                                |    | <u>Amount</u>    |

| 2027                                           |    | 169,680          |
| 2028                                           |    | 169,680          |
| 2029                                           |    | 169,680          |
| Thereafter                                     |    | <u>339,360</u>   |
|                                                |    | 1,187,760        |
| Less: Amount representing (imputed) interest   |    | <u>(292,705)</u> |
| Employer withdrawal liability receivable (net) | \$ | <u>895,055</u>   |

The Plan will pursue legal action against those withdrawing employers who have not signed a settlement agreement or have failed to remain current in their obligations to the Plan under the settlement agreement.

**F. Tax Status**

The Plan is held to be a qualified trust under Section 401(a) and is exempt from income taxes under Section 501(a) of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter, however, the Plan administrator believes that the Plan is currently being operated in compliance with applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2021.

**G. Minimum Funding Standards**

Contributing employers were required to make contributions to the Plan on behalf of each participant on the basis of rates fixed by the applicable collective bargaining agreement applied to participating employees' monthly compensation. Employee participants were not required to contribute to the Plan.

Under the provisions of ERISA, the Plan is subject to minimum funding requirements. Most contributing employers, pursuant to the settlement arrangement with the Plan satisfied their liability to the Plan for mass withdrawal and their share of the Plan's accumulated funding deficiency with specified settlement amounts to the Plan.

**H. Risks and Uncertainties**

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**I. Subsequent Events**

For purposes of determining the effect of subsequent events on these financial statements, management has evaluated events subsequent to September 12, 2025, the date on which the financial statements were available to be issued.
