Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BENNETT THRASHER LLP**

(2) EIN: **58-1673613**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditor's Report

To the Participants and Administrator of
First American Resources Company, LLC 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of First American Resources Company, LLC 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of the Plan, as listed in the accompanying index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

First American Resources Company, LLC 401(k) Savings Plan

Notes to Financial Statements December 31, 2024 and 2023

Note 1: Description of Plan

The following description of First American Resources Company, LLC 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, originally effective November 1, 1998 and restated effective January 1, 2021, is a defined contribution plan covering substantially all employees of First American Resources Company, LLC (the Company or the Plan Sponsor), except union employees and non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility of Participation

Employees become eligible to participate in the Plan on the first day of the month coinciding with or next following attainment of age 21 and completing a minimum of 3 months of service. In addition, the Plan Sponsor elected an automatic contribution arrangement in which each employee is automatically enrolled with a participant deferral contribution set forth as follows, which is based on Plan year of application to the participant: 1-2 years – 3%; 3 years – 4%; 4 years – 5%; 5 or more years – 6%, unless otherwise directed by the employee.

Contributions

Participants may make pre-tax and Roth 401(k) contributions to the Plan through payroll deductions up to 100% of their Plan compensation, as defined by the Plan Document, subject to the statutory limit set by the Internal Revenue Code (IRC). The limit for 2024 was \$23,000. Participants who have attained at least age 50 are eligible to defer additional amounts (catch-up contributions). The maximum catch-up contribution was \$7,500 for 2024. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions).

The Plan provides for a safe-harbor matching provision in an amount equal to the sum of 100% of the amount of the participant's elective contributions up to 2% of the participant's compensation, plus 50% of the amount of the participant's elective contributions that are between 2% and 6% of the participant's compensation. The safe-harbor match is calculated on a payroll period basis. The Plan Sponsor made safe-harbor matching contributions totaling \$197,521 for the year ended December 31, 2024, which is included as Employer contributions in the accompanying statement of changes in net assets available for benefits.

In addition to the safe-harbor matching contributions, the Plan Sponsor may also make discretionary profit sharing and discretionary matching contributions. Such additional discretionary contributions are subject to limitations under the IRC. There were no discretionary contributions in 2024.

Administration

The Plan Sponsor serves as the Plan Administrator. The Plan Administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions which may affect eligibility for benefits. The Plan Administrator has engaged Definiti, LLC and Transamerica Retirement Solutions, LLC (Transamerica) to assist in the administration of the Plan (Note 6).

Reliance Trust Company (Trustee or Custodian) is designated as Trustee and Custodian of the Plan. The Trustee is responsible for the administration of investments for the benefit of the participants and their beneficiaries. The Trustee receives all contributions made under the Plan, holds Plan assets, pays benefits as directed by the Plan Administrator and assists in the administration of the Plan. The Trustee serves as the intermediary for all asset purchases and redemptions and manages certain investment options of the Plan (see Notes 3 and 6).

Participant Accounts

Each participant's account is credited with pre-tax, Roth and rollover contributions made by the participant and the participant's portion of Plan Sponsor safe-harbor matching contributions, discretionary matching contributions, discretionary profit sharing contributions and actual Plan earnings thereon. The participant's account is also charged with withdrawals, applicable allocations of investment gains/losses and administrative expenses. Allocations are based on the participant's Plan compensation, account balances or specific participant transactions, as defined by the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Vesting

Participants are 100% vested at all times in their contributions, rollover balances, employer nonelective profit sharing contributions, and investment performance thereon. Participant vesting in employer QACA safe-harbor contributions and income earned thereon is based on the number of years of continuous service with the Plan Sponsor from the date of hire. Participants are not vested until reaching 2 years of service at which time they become 100% vested in these contributions.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments totaling 100%, among various investment options offered by the Custodian and selected by the Plan Administrator. Participants may change their investment options daily.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance. Participants are limited to one outstanding loan at a time, secured by the participant's vested account balance and payable over a period not to exceed 5 years, unless for the purchase of the participant's primary residence. The interest rate on notes receivable from participants is established by the Plan Administrator in a nondiscriminatory manner. Interest rates range from 4.25% to 10.50% at December 31, 2024. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

In general, a participant may withdraw from \$500 to a maximum of 100% of the pre-tax contributions in the event of a participant's heavy and immediate financial hardship, as defined in the Plan Document. Hardship distributions may not exceed the amount of the participant's financial hardship and may not be repaid by the participant. Participants may also receive an in-service distribution of their vested account balance after attaining age 59 1/2.

Upon normal retirement (age 65), disability or death, a participant or beneficiary may receive the value of the account through a lump sum distribution or partial distributions, when applicable. In general, if a participant's account balance, as defined in the plan agreement, is greater than \$5,000 and employment is terminated other than due to retirement or death, the account may not be distributed before normal retirement age without the participant's consent. Regardless of participant election as to the payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is \$5,000 or less. Terminated employees that defer distribution of their benefits are required to pay all fees incurred by the Plan to administer the participant's deferral payment.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

Forfeitures

Non-vested account balances of terminated employees are forfeited upon the earlier of complete distribution of the vested portion of their account or the last day of the Plan year in which the former participants incurred five consecutive breaks in service, as defined in the Plan Document. Forfeitures of terminated employees' non-vested accounts are used to reduce Plan Sponsor contributions, as defined in the Plan Document. At December 31, 2024, forfeitures used to reduce Plan Sponsor contributions totaled \$3,982. The outstanding forfeiture balance as of December 31, 2024 and 2023 totaled \$10,152 and \$140, respectively.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include cash and highly liquid investments that are readily convertible to cash and have maturities of ninety days or less when purchased.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 4).

Purchases and sales of investments, including gains and losses, are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation in the fair value of investments represents the change in fair value during the year, including realized and unrealized gains and losses.

Risks and Uncertainties

The Plan's invested assets are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when earned. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits

Benefit payments are recorded when paid by the Plan.

Administrative Expenses

Administrative expenses of the Plan are liabilities of the Plan but may be paid by the Plan Sponsor. These expenses include, but are not limited to, legal, accounting and recordkeeping fees, and investment expenses. For administrative expenses not paid by the Plan Sponsor, a proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Note 3: Information Certified by Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance, except for comparing such information certified by Reliance to information included in the Plan's financial statements and supplemental information:

	2024	2023
Statements of net assets available for benefits:		
Cash and cash equivalents	\$ 29,176	\$ 32,601
Investments, at fair value	8,227,718	7,057,590
Notes receivable from plan participants	242,261	228,955
Statement of changes in net assets available for benefits:		
Net appreciation in fair value of investments	\$ 731,483	
Interest and dividends	192,145	
Interest on notes receivable from participants	19,887	

Note 4: Fair Value Measurements

The accounting standard for fair value measurements provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in non-active markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Mutual funds are valued at quoted market prices as provided by the Trustee. Net appreciation/depreciation in the fair value of the mutual funds represents the change in fair value during the year, including realized and unrealized gains and losses. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Collective investment trust: The collective investment fund represents a stable value fund that invests in a variety of investment contracts including traditional guaranteed investment contracts (GIC's), security backed investment contracts, and separate account GIC's. The collective trust is valued at the net asset value (NAV) of the fund, which is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund, minus any liabilities. The practical expedient would not be used if it is determined to be probable the fund would sell the investment for an amount different from the reported NAV. There are currently no redemption restrictions or unfunded commitments on these investments.

Net appreciation/depreciation in the fair value of the investments represents the change in fair value during the year, including realized and unrealized gains and losses.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Assets at Fair Value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 7,506,673	\$ -	\$ -	\$ 7,506,673
Collective investment trust	<u>-</u>	<u>721,045</u>	<u>-</u>	<u>721,045</u>
Total assets at fair value	<u>\$ 7,506,673</u>	<u>\$ 721,045</u>	<u>\$ -</u>	<u>\$ 8,227,718</u>

Assets at Fair Value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 6,468,903	\$ -	\$ -	\$ 6,468,903
Collective investment trust	<u>-</u>	<u>588,687</u>	<u>-</u>	<u>588,687</u>
Total assets at fair value	<u>\$ 6,468,903</u>	<u>\$ 588,687</u>	<u>\$ -</u>	<u>\$ 7,057,590</u>

Note 5: Income Tax Status

The Plan Sponsor entered into a standard adoption agreement with Retirement Strategies, Inc. for a Volume Submitter Profit Sharing Plan with CODA (the Prototype Plan). The Prototype Plan received a favorable opinion letter from the IRS dated June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC.

The Plan has not received an individual determination letter. However, the Plan Administrator believes the Plan is designed and currently operating in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust was tax exempt as of December 31, 2024.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2021.

Note 6: Party-in-Interest Transactions

The Trustee and Transamerica perform services for, sell products to, and manage and maintain certain investments of the Plan for which fees are charged to the Plan. Transactions with these providers qualify as party-in-interest transactions. Fees paid by the Plan for these services amounted to \$10,881 for the year ended December 31, 2024, which are included in the statement of changes in net assets available for benefits as administrative expenses. In addition, notes receivable from participants also qualify as party-in-interest transactions.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subjected to the provisions of ERISA. In event of partial or full termination of the Plan, affected participants will become 100% vested in their accounts.

Note 8: Subsequent Events

The Plan Sponsor has evaluated subsequent events between December 31, 2024, the date of the statements of net assets available for benefits, and the report date, which is the date these financial statements were available for issuance and has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements.

Independent Auditor's Report

To the Participants and Administrator of
First American Resources Company, LLC 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of First American Resources Company, LLC 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of the Plan, as listed in the accompanying index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

First American Resources Company, LLC 401(k) Savings Plan

Notes to Financial Statements December 31, 2024 and 2023

Note 1: Description of Plan

The following description of First American Resources Company, LLC 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, originally effective November 1, 1998 and restated effective January 1, 2021, is a defined contribution plan covering substantially all employees of First American Resources Company, LLC (the Company or the Plan Sponsor), except union employees and non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility of Participation

Employees become eligible to participate in the Plan on the first day of the month coinciding with or next following attainment of age 21 and completing a minimum of 3 months of service. In addition, the Plan Sponsor elected an automatic contribution arrangement in which each employee is automatically enrolled with a participant deferral contribution set forth as follows, which is based on Plan year of application to the participant: 1-2 years – 3%; 3 years – 4%; 4 years – 5%; 5 or more years – 6%, unless otherwise directed by the employee.

Contributions

Participants may make pre-tax and Roth 401(k) contributions to the Plan through payroll deductions up to 100% of their Plan compensation, as defined by the Plan Document, subject to the statutory limit set by the Internal Revenue Code (IRC). The limit for 2024 was \$23,000. Participants who have attained at least age 50 are eligible to defer additional amounts (catch-up contributions). The maximum catch-up contribution was \$7,500 for 2024. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions).

The Plan provides for a safe-harbor matching provision in an amount equal to the sum of 100% of the amount of the participant's elective contributions up to 2% of the participant's compensation, plus 50% of the amount of the participant's elective contributions that are between 2% and 6% of the participant's compensation. The safe-harbor match is calculated on a payroll period basis. The Plan Sponsor made safe-harbor matching contributions totaling \$197,521 for the year ended December 31, 2024, which is included as Employer contributions in the accompanying statement of changes in net assets available for benefits.

In addition to the safe-harbor matching contributions, the Plan Sponsor may also make discretionary profit sharing and discretionary matching contributions. Such additional discretionary contributions are subject to limitations under the IRC. There were no discretionary contributions in 2024.

Administration

The Plan Sponsor serves as the Plan Administrator. The Plan Administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions which may affect eligibility for benefits. The Plan Administrator has engaged Definiti, LLC and Transamerica Retirement Solutions, LLC (Transamerica) to assist in the administration of the Plan (Note 6).

Reliance Trust Company (Trustee or Custodian) is designated as Trustee and Custodian of the Plan. The Trustee is responsible for the administration of investments for the benefit of the participants and their beneficiaries. The Trustee receives all contributions made under the Plan, holds Plan assets, pays benefits as directed by the Plan Administrator and assists in the administration of the Plan. The Trustee serves as the intermediary for all asset purchases and redemptions and manages certain investment options of the Plan (see Notes 3 and 6).

Participant Accounts

Each participant's account is credited with pre-tax, Roth and rollover contributions made by the participant and the participant's portion of Plan Sponsor safe-harbor matching contributions, discretionary matching contributions, discretionary profit sharing contributions and actual Plan earnings thereon. The participant's account is also charged with withdrawals, applicable allocations of investment gains/losses and administrative expenses. Allocations are based on the participant's Plan compensation, account balances or specific participant transactions, as defined by the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Vesting

Participants are 100% vested at all times in their contributions, rollover balances, employer nonelective profit sharing contributions, and investment performance thereon. Participant vesting in employer QACA safe-harbor contributions and income earned thereon is based on the number of years of continuous service with the Plan Sponsor from the date of hire. Participants are not vested until reaching 2 years of service at which time they become 100% vested in these contributions.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments totaling 100%, among various investment options offered by the Custodian and selected by the Plan Administrator. Participants may change their investment options daily.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance. Participants are limited to one outstanding loan at a time, secured by the participant's vested account balance and payable over a period not to exceed 5 years, unless for the purchase of the participant's primary residence. The interest rate on notes receivable from participants is established by the Plan Administrator in a nondiscriminatory manner. Interest rates range from 4.25% to 10.50% at December 31, 2024. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

In general, a participant may withdraw from \$500 to a maximum of 100% of the pre-tax contributions in the event of a participant's heavy and immediate financial hardship, as defined in the Plan Document. Hardship distributions may not exceed the amount of the participant's financial hardship and may not be repaid by the participant. Participants may also receive an in-service distribution of their vested account balance after attaining age 59 1/2.

Upon normal retirement (age 65), disability or death, a participant or beneficiary may receive the value of the account through a lump sum distribution or partial distributions, when applicable. In general, if a participant's account balance, as defined in the plan agreement, is greater than \$5,000 and employment is terminated other than due to retirement or death, the account may not be distributed before normal retirement age without the participant's consent. Regardless of participant election as to the payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is \$5,000 or less. Terminated employees that defer distribution of their benefits are required to pay all fees incurred by the Plan to administer the participant's deferral payment.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

Forfeitures

Non-vested account balances of terminated employees are forfeited upon the earlier of complete distribution of the vested portion of their account or the last day of the Plan year in which the former participants incurred five consecutive breaks in service, as defined in the Plan Document. Forfeitures of terminated employees' non-vested accounts are used to reduce Plan Sponsor contributions, as defined in the Plan Document. At December 31, 2024, forfeitures used to reduce Plan Sponsor contributions totaled \$3,982. The outstanding forfeiture balance as of December 31, 2024 and 2023 totaled \$10,152 and \$140, respectively.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include cash and highly liquid investments that are readily convertible to cash and have maturities of ninety days or less when purchased.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 4).

Purchases and sales of investments, including gains and losses, are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation in the fair value of investments represents the change in fair value during the year, including realized and unrealized gains and losses.

Risks and Uncertainties

The Plan's invested assets are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when earned. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits

Benefit payments are recorded when paid by the Plan.

Administrative Expenses

Administrative expenses of the Plan are liabilities of the Plan but may be paid by the Plan Sponsor. These expenses include, but are not limited to, legal, accounting and recordkeeping fees, and investment expenses. For administrative expenses not paid by the Plan Sponsor, a proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Note 3: Information Certified by Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance, except for comparing such information certified by Reliance to information included in the Plan's financial statements and supplemental information:

	2024	2023
Statements of net assets available for benefits:		
Cash and cash equivalents	\$ 29,176	\$ 32,601
Investments, at fair value	8,227,718	7,057,590
Notes receivable from plan participants	242,261	228,955
Statement of changes in net assets available for benefits:		
Net appreciation in fair value of investments	\$ 731,483	
Interest and dividends	192,145	
Interest on notes receivable from participants	19,887	

Note 4: Fair Value Measurements

The accounting standard for fair value measurements provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in non-active markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Mutual funds are valued at quoted market prices as provided by the Trustee. Net appreciation/depreciation in the fair value of the mutual funds represents the change in fair value during the year, including realized and unrealized gains and losses. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Collective investment trust: The collective investment fund represents a stable value fund that invests in a variety of investment contracts including traditional guaranteed investment contracts (GIC's), security backed investment contracts, and separate account GIC's. The collective trust is valued at the net asset value (NAV) of the fund, which is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund, minus any liabilities. The practical expedient would not be used if it is determined to be probable the fund would sell the investment for an amount different from the reported NAV. There are currently no redemption restrictions or unfunded commitments on these investments.

Net appreciation/depreciation in the fair value of the investments represents the change in fair value during the year, including realized and unrealized gains and losses.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Assets at Fair Value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 7,506,673	\$ -	\$ -	\$ 7,506,673
Collective investment trust	<u>-</u>	<u>721,045</u>	<u>-</u>	<u>721,045</u>
Total assets at fair value	<u>\$ 7,506,673</u>	<u>\$ 721,045</u>	<u>\$ -</u>	<u>\$ 8,227,718</u>

Assets at Fair Value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total assets at fair value	<u>\$ 6,468,903</u>	<u>\$ 588,687</u>	<u>\$ -</u>	<u>\$ 7,057,590</u>

Note 5: Income Tax Status

The Plan Sponsor entered into a standard adoption agreement with Retirement Strategies, Inc. for a Volume Submitter Profit Sharing Plan with CODA (the Prototype Plan). The Prototype Plan received a favorable opinion letter from the IRS dated June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC.

The Plan has not received an individual determination letter. However, the Plan Administrator believes the Plan is designed and currently operating in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust was tax exempt as of December 31, 2024.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2021.

Note 6: Party-in-Interest Transactions

The Trustee and Transamerica perform services for, sell products to, and manage and maintain certain investments of the Plan for which fees are charged to the Plan. Transactions with these providers qualify as party-in-interest transactions. Fees paid by the Plan for these services amounted to \$10,881 for the year ended December 31, 2024, which are included in the statement of changes in net assets available for benefits as administrative expenses. In addition, notes receivable from participants also qualify as party-in-interest transactions.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subjected to the provisions of ERISA. In event of partial or full termination of the Plan, affected participants will become 100% vested in their accounts.

Note 8: Subsequent Events

The Plan Sponsor has evaluated subsequent events between December 31, 2024, the date of the statements of net assets available for benefits, and the report date, which is the date these financial statements were available for issuance and has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements.
