Anuvu Retirement Plan
Santa Ana, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Anuvu Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (*2021 Financial Statements*).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Anuvu Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Anuvu Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Anuvu Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Anuvu Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Anuvu Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets (held at end of year) of Anuvu Retirement Plan are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

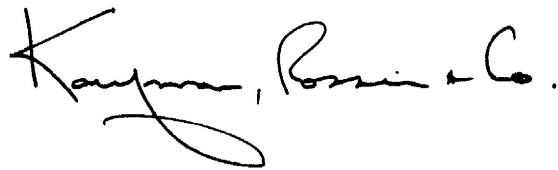

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Anuvu Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated April 30, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ANUVU RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Anuvu Retirement Plan (f/k/a Global Eagle Entertainment Retirement Plan) (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Anuvu Operations LLC is the sponsor of the Plan and is referred to as the "Company", "Employer" or "Sponsor".

General

The Plan is a defined contribution plan covering all employees of the Company who are at least twenty-one years of age and have completed 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Beginning in April 2020, the Plan enacted several provisions from the CARES Act, specifically, allowing CARES Act distributions and loan deferments throughout the remainder of 2020. The CARES Act distribution allowed Plan participants to withdraw up to \$100,000 due to adverse financial consequences from COVID-19. CARES Act loan deferments allowed impacted participants to freeze their 401(k) loan repayments through the remainder of 2020, with loans being re-amortized, and loan repayments restarting in 2021. Also, the processing of minimum required distributions was suspended for 2020, except upon participant request. All provisions were effective between January 1, 2020 and December 31, 2020, and all were expired as of December 31, 2021.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan, up to the statutory maximum. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company made matching contributions equal to 50% of the participant's deferral, up to the first 6% of compensation that a participant contributed to the Plan. The Company may also make a discretionary contribution in an amount to be determined annually. During the year ended December 31, 2021, the Company made no discretionary contribution. In order to share in the discretionary contribution, participants must be actively employed on the last day of the plan year and have worked 1,000 hours.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution and earnings from participant directed investments, net of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Employees hired on or before January 31, 2016 are immediately 100% vested in the Company's discretionary matching and profit sharing contributions plus actual earnings thereon.

Vesting in the Company's matching and profit sharing contributions plus actual earnings thereon for employees hired on or after February 1, 2016, is based on years of continuous service with the Company. A participant is fully vested after two years of continuous service.

Forfeitures

Forfeitures are those amounts of the Company's matching contributions in which a participant is not fully vested at the time of termination. These accounts are used to reduce future employer contributions or plan expenses. During 2021, \$88,865 of non-vested accounts were used to reduce employer contribution or pay expenses. There were \$115,694 and \$164,042, respectively, of forfeited non-vested accounts at December 31, 2021 and 2020.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions to various investment options offered by the Plan. The Plan allows participants to change their investment options daily.

Notes Receivable from Participants

A participant may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of 50% of a participant's vested account balance or \$50,000. Participants may only have up to one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at the prime rate, plus one percent, based on the loan application date. Principal and interest is paid ratably through payroll deductions.

Plan Administration

The Plan is administered by the Company. The Plan assets were maintained by its custodian, Voya Institutional Trust Company ("Voya") (the "Custodian").

Payment of Benefits

On termination of service due to death, disability or retirement, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their allocation of employer contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments in units of pooled separate accounts are stated at the net asset value as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments less its liabilities. Each pooled separate account provides for redemptions by the Plan at reported net asset values per share, with little to no advance notice requirement. Investments in fully benefit-responsive guaranteed investment contracts are reported at contract value. Security transactions are recorded on a trade date basis, which is the date the order to buy or sell is executed. Interest income is accrued on a daily basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. During 2021 and 2020, the interest rate on participant loans ranged from 4.25% to 6.50%.

Benefit Payments

Benefit payments to participants are recorded when paid.

Plan Expenses

Certain administrative functions are performed by employees of the Company. No such employees receive compensation from the Plan. Plan expenses are recorded when incurred.

Party-In-Interest Transactions

The Plan's investments in the guaranteed investment contract is an investment managed by Voya Retirement, who is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan also has notes receivable from participants that qualify as party-in-interest transactions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has led to extreme volatility in financial markets and has affected, and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

Concentrations

All of the Plan's investment assets are held by its Custodian, located in Windsor, Connecticut.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared by and certified to as complete and accurate by the custodian, Voya Retirement.

	2021	2020
Pooled separate accounts	\$ 43,933,014	\$ 37,214,137
Guaranteed investment contract	1,089,418	1,229,529
	\$ 45,022,432	\$ 38,443,666

For the year ended December 31, 2021, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the Plan year) appreciated in value by \$5,774,924. Interest and dividends, and other income relating to the Plan's investments amounted to \$12,434 and \$17,774, respectively.

NOTE 4. FAIR VALUE MEASUREMENTS

A description of the valuation methodologies the Plan uses for assets measured at fair value is included in Note 2.

The methodologies may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about the Plan's assets measured at fair value based on net asset value per share as of December 31, 2021 and 2020:

ASSETS, at fair value as of December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

	\$ 37,214,137			

NOTE 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

As of December 31, 2021 and 2020, the Plan held assets at contract value of \$1,089,418 and \$1,229,529, respectively, in a benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the Custodians, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA.

NOTE 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

In addition, certain events allow the contract issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the contract issuer.

NOTE 6. REPORTABLE TRANSACTIONS

Late Remittances

Sponsors of defined-contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. Failure to remit employee contributions into the Plan on a timely basis is considered a nonexempt prohibited transaction with a party-in-interest. During 2021 and 2020, contributions and certain loan payments aggregating \$530,233 and \$757,197, respectively, were not remitted timely. Lost earnings related to these remittances were not significant to these financials. These late remittances are reported in Form 5500 as nonexempt prohibited transactions.

Corrective Contributions

Certain computational and processing errors were identified related to participant deferrals and match contribution calculations during the Plan year ended December 31, 2020. Corrective contributions to participant accounts, including lost earnings, had been identified and quantified by the Plan Sponsor. The estimate for the corrective contributions was based on the Plan provisions and was limited by various IRS regulations. The aggregate amount of these corrections, including lost earnings, was funded by the Plan Sponsor in February 2022, amounting to \$132,424 and recorded as other receivables in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.

NOTE 7. INCOME TAX STATUS

The Sponsor has adopted the Voya Prototype Plan and Trust for which obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 7. INCOME TAX STATUS (Continued)

The Plan assesses its tax positions in accordance with “Accounting for Uncertainties in Income Taxes” as prescribed by the Accounting Standards Codification, which provides guidance for financial statement recognition and measurement of uncertain tax positions taken or expected to be taken in a tax return for open tax years (generally a period of three years from the later of each return’s due date or the date filed) that remain subject to examination by the Plan’s major tax jurisdictions.

The Plan assesses its tax positions and determines whether it has any material unrecognized liabilities for uncertain tax positions. The Plan records these liabilities to the extent it deems them more likely than not to be incurred. Interest and penalties related to uncertain tax positions, if any, would be classified as a component of income tax expense.

The Plan believes that it does not have any significant uncertain tax positions requiring recognition or measurement in the accompanying financial statements.

NOTE 8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to Schedule H of the Form 5500:

Anuvu Retirement Plan
Santa Ana, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Anuvu Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (*2021 Financial Statements*).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Anuvu Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Anuvu Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Anuvu Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Anuvu Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Anuvu Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets (held at end of year) of Anuvu Retirement Plan are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

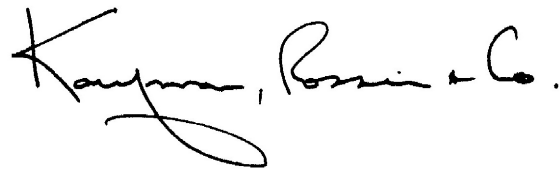

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Anuvu Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated April 30, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ANUVU RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Anuvu Retirement Plan (f/k/a Global Eagle Entertainment Retirement Plan) (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Anuvu Operations LLC is the sponsor of the Plan and is referred to as the "Company", "Employer" or "Sponsor".

General

The Plan is a defined contribution plan covering all employees of the Company who are at least twenty-one years of age and have completed 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Beginning in April 2020, the Plan enacted several provisions from the CARES Act, specifically, allowing CARES Act distributions and loan deferments throughout the remainder of 2020. The CARES Act distribution allowed Plan participants to withdraw up to \$100,000 due to adverse financial consequences from COVID-19. CARES Act loan deferments allowed impacted participants to freeze their 401(k) loan repayments through the remainder of 2020, with loans being re-amortized, and loan repayments restarting in 2021. Also, the processing of minimum required distributions was suspended for 2020, except upon participant request. All provisions were effective between January 1, 2020 and December 31, 2020, and all were expired as of December 31, 2021.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan, up to the statutory maximum. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company made matching contributions equal to 50% of the participant's deferral, up to the first 6% of compensation that a participant contributed to the Plan. The Company may also make a discretionary contribution in an amount to be determined annually. During the year ended December 31, 2021, the Company made no discretionary contribution. In order to share in the discretionary contribution, participants must be actively employed on the last day of the plan year and have worked 1,000 hours.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution and earnings from participant directed investments, net of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Employees hired on or before January 31, 2016 are immediately 100% vested in the Company's discretionary matching and profit sharing contributions plus actual earnings thereon.

Vesting in the Company's matching and profit sharing contributions plus actual earnings thereon for employees hired on or after February 1, 2016, is based on years of continuous service with the Company. A participant is fully vested after two years of continuous service.

Forfeitures

Forfeitures are those amounts of the Company's matching contributions in which a participant is not fully vested at the time of termination. These accounts are used to reduce future employer contributions or plan expenses. During 2021, \$88,865 of non-vested accounts were used to reduce employer contribution or pay expenses. There were \$115,694 and \$164,042, respectively, of forfeited non-vested accounts at December 31, 2021 and 2020.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions to various investment options offered by the Plan. The Plan allows participants to change their investment options daily.

Notes Receivable from Participants

A participant may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of 50% of a participant's vested account balance or \$50,000. Participants may only have up to one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at the prime rate, plus one percent, based on the loan application date. Principal and interest is paid ratably through payroll deductions.

Plan Administration

The Plan is administered by the Company. The Plan assets were maintained by its custodian, Voya Institutional Trust Company ("Voya") (the "Custodian").

Payment of Benefits

On termination of service due to death, disability or retirement, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their allocation of employer contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments in units of pooled separate accounts are stated at the net asset value as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments less its liabilities. Each pooled separate account provides for redemptions by the Plan at reported net asset values per share, with little to no advance notice requirement. Investments in fully benefit-responsive guaranteed investment contracts are reported at contract value. Security transactions are recorded on a trade date basis, which is the date the order to buy or sell is executed. Interest income is accrued on a daily basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. During 2021 and 2020, the interest rate on participant loans ranged from 4.25% to 6.50%.

Benefit Payments

Benefit payments to participants are recorded when paid.

Plan Expenses

Certain administrative functions are performed by employees of the Company. No such employees receive compensation from the Plan. Plan expenses are recorded when incurred.

Party-In-Interest Transactions

The Plan's investments in the guaranteed investment contract is an investment managed by Voya Retirement, who is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan also has notes receivable from participants that qualify as party-in-interest transactions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has led to extreme volatility in financial markets and has affected, and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

Concentrations

All of the Plan's investment assets are held by its Custodian, located in Windsor, Connecticut.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared by and certified to as complete and accurate by the custodian, Voya Retirement.

	2021	2020
Pooled separate accounts	\$ 43,933,014	\$ 37,214,137
Guaranteed investment contract	1,089,418	1,229,529
	\$ 45,022,432	\$ 38,443,666

For the year ended December 31, 2021, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the Plan year) appreciated in value by \$5,774,924. Interest and dividends, and other income relating to the Plan's investments amounted to \$12,434 and \$17,774, respectively.

NOTE 4. FAIR VALUE MEASUREMENTS

A description of the valuation methodologies the Plan uses for assets measured at fair value is included in Note 2.

The methodologies may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about the Plan's assets measured at fair value based on net asset value per share as of December 31, 2021 and 2020:

ASSETS, at fair value as of December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

NOTE 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

As of December 31, 2021 and 2020, the Plan held assets at contract value of \$1,089,418 and \$1,229,529, respectively, in a benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the Custodians, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA.

NOTE 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

In addition, certain events allow the contract issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the contract issuer.

NOTE 6. REPORTABLE TRANSACTIONS

Late Remittances

Sponsors of defined-contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. Failure to remit employee contributions into the Plan on a timely basis is considered a nonexempt prohibited transaction with a party-in-interest. During 2021 and 2020, contributions and certain loan payments aggregating \$530,233 and \$757,197, respectively, were not remitted timely. Lost earnings related to these remittances were not significant to these financials. These late remittances are reported in Form 5500 as nonexempt prohibited transactions.

Corrective Contributions

Certain computational and processing errors were identified related to participant deferrals and match contribution calculations during the Plan year ended December 31, 2020. Corrective contributions to participant accounts, including lost earnings, had been identified and quantified by the Plan Sponsor. The estimate for the corrective contributions was based on the Plan provisions and was limited by various IRS regulations. The aggregate amount of these corrections, including lost earnings, was funded by the Plan Sponsor in February 2022, amounting to \$132,424 and recorded as other receivables in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.

NOTE 7. INCOME TAX STATUS

The Sponsor has adopted the Voya Prototype Plan and Trust for which obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 7. INCOME TAX STATUS (Continued)

The Plan assesses its tax positions in accordance with “Accounting for Uncertainties in Income Taxes” as prescribed by the Accounting Standards Codification, which provides guidance for financial statement recognition and measurement of uncertain tax positions taken or expected to be taken in a tax return for open tax years (generally a period of three years from the later of each return’s due date or the date filed) that remain subject to examination by the Plan’s major tax jurisdictions.

The Plan assesses its tax positions and determines whether it has any material unrecognized liabilities for uncertain tax positions. The Plan records these liabilities to the extent it deems them more likely than not to be incurred. Interest and penalties related to uncertain tax positions, if any, would be classified as a component of income tax expense.

The Plan believes that it does not have any significant uncertain tax positions requiring recognition or measurement in the accompanying financial statements.

NOTE 8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to Schedule H of the Form 5500:
