To the Plan Administrator

The Big Easy 401(k) Plan

We have audited the financial statements of The Big Easy 401(k) Plan ("the Plan") for the year ended December 31, 2024, and have issued our report thereon dated September 15, 2025. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated December 16, 2024. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 3 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2024. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no sensitive estimates affecting the financial statements.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. There were no sensitive disclosures in the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements identified during the audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 4, 2025.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Supplementary Information Accompanying the Audited Financial Statements

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with U.S. generally accepted accounting principles, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Plan Administrator and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
The Big Easy 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of The Big Easy 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Big Easy 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report -

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Big Easy 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Big Easy 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Big Easy 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Big Easy 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) for December 31, 2024 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**THE BIG EASY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024**

Note 1 - Description of Plan

The following description of The Big Easy 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code and covers all eligible employees of Fontainebleau Florida Hotel, LLC (the "Employer"). Employees at least 21 years of age and who have 6 months of service are eligible to participate in the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is administered by a trustee appointed by the Managing Members of the Company. The Plan became effective May 1, 2018.

Contributions

Each year participants may contribute up to 90% of pretax annual compensation as defined in the Plan up to the IRS limit for 2024 of \$23,000 (\$30,500 for employees age 50 or older; which includes the permitted "catch-up contribution"). Participant contributions during 2024 totaled \$222,176.

Internal Revenue Code Section 415 (c)(1)(A) limits the 2024 sum of employee and employer contributions for each participant, to the lesser of 100% of annual compensation of \$69,000 or \$76,500 for those qualified for "catch-up contributions".

Participants may roll funds into the plan from another qualified plan. Rollover contributions during 2024 totaled \$0.

The Employer may make matching contributions, as defined in the Plan document. The Employer did not make any Employer matching contributions for the year ended December 31, 2024.

Participant Accounts

All investments in participants' accounts are participant-directed. Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, which currently there are no matches and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's matching contribution and Employer's nonelective contributions plus earnings thereon is based on years of continuous service as follows:

Years of Service	Percentage
Less than 1	0%
1 Year	25%
2 Years	50%
3 Years	75%
4 or more Years	100%

**THE BIG EASY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024**

Note 1 - Description of Plan (Continued)

Investment Options

Participants may direct the trustee to invest their elective contributions, rollovers, if any, as well as Employer matching contributions to the Plan in any of the available investment options. Participants can individually determine their investment options based on desired level of risk and return for all contributions to the Plan.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefit under the Plan. Forfeitures will first be utilized to pay administrative expenses and remaining amounts will be used to reduce future Employer contributions payable under the Plan. There were no forfeitures for the year ended December 31, 2024 and 2023.

Notes Receivable from Participants

A participant may borrow from the Plan an aggregate amount at a minimum of \$1,000 but not to exceed the lesser of: (a) \$50,000 or (b) 50% of the participant's vested account balance. Principal and interest is paid ratably through payroll deductions. Interest rates applicable on notes receivable as of December 31, 2024 and 2023 were 4.25%-9.5%. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

As of December 31, 2024 and 2023, the outstanding loan principals amounted to \$41,949 and \$33,008, respectively.

Distributions

On termination of service due to death, disability, or retirement, a participant or his or her beneficiary may elect to receive the vested portion in the participant's account in a lump sum distribution or in installment payments. The normal retirement age under the Plan is the later of age 60 or the 5th anniversary of the participant's employment commencement date. Further, the early retirement age is the date the participant attains age 55 and completes 5 years of vesting service. Vested benefits in amounts greater than \$1,000 that are made to a participant without the participant's consent before the participant's normal retirement age or age 62, if later, will be rolled over to an individual retirement plan designated by the Plan Administrator. A participant who becomes disabled is eligible for disability retirement.

In-service withdrawals are also permitted when a participant attains age 59 ½. Benefits are payable in lump-sum payments with certain exceptions allowed as defined in the Plan document.

Benefits paid to participants in 2024 totaled \$130,155.

Plan Expenses

Participants are charged an annual recordkeeping and trustee fee, as designated in the Plan Documents. In addition, expenses related to transactions attributed to the individual accounts, such as a loan processing fees, as defined in the Plan Documents, are paid by the Company.

For the year ended December 31, 2024, administration expenses totaled \$4,538.

**THE BIG EASY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024**

Note 2 – Date of Management’s Review

In preparing the financial statements, the Association has evaluated events and transactions for potential recognition or disclosure through September 15, 2025, the date that the financial statements were available to be issued.

Note 3 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with the United States generally accepted accounting principles.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits, Cost and Expenses

Benefits are recorded when paid. Cost and expenses for administering the plan are deducted from participant account balances.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Note 4 – Fair Value Measurements

FASB ASC No. 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

**THE BIG EASY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024**

Note 4 – Fair Value Measurements (Continued)

The three levels of the fair value hierarchy under FASB ASC No. 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- a) quoted prices for similar assets or liabilities in active markets;
- b) quoted prices for identical or similar assets or liabilities in inactive markets;
- c) inputs other than quoted prices that are observable for the asset or liability;
- d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's total investments at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 11,778	\$ -	\$ -	\$ 11,778

**THE BIG EASY 401(K) PLAN

Note 4 – Fair Value Measurements (Continued)

The following table set forth by level, within the fair value hierarchy, the Plan's total investments at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 17,295	\$ -	\$ -	\$ 17,295
Mutual funds	865,173	-	-	865,173
Total investments at fair value	<u>\$ 882,468</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 882,468</u>

Note 5 – Information Prepared and Certified by Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023 and net appreciation (depreciation) in fair value of collective investment funds, and interest and dividends for the year ended December 31, 2024 was obtained or derived from information supplied to the plan administrator. Accordingly, the trustee has certified to the plan administrator that the data included in the accompanying financial statements and supplemental schedule is complete and accurate.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 – Reconciliation of Financial Statements to Schedule H of Form 5500

All amounts on the financial statements agree with the Schedule H of the 2024 Form 5500.

Note 8 – Tax Status

The Plan received its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended and restated since receiving the determination letter. However, the plan administrator and the trustee believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

**THE BIG EASY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024**

Note 8 – Tax Status (Continued)

U.S. generally accepted accounting principles require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for tax years prior to 2021.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 – Party-In-Interest Transactions

Party-in-interest is defined under Department of Labor regulations as any fiduciary of the Plan. Certain plan investments are shares of mutual funds managed by Fidelity Management and Trust Company. Fidelity Management and Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Participant loans held by Plan also reflect party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.
