Independent Auditor's Report

The Plan Administrator
Neuromonitoring Associates, Inc. 401(k) Plan
Las Vegas, Nevada

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Neuromonitoring Associates, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Neuromonitoring Associates, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Neuromonitoring Associates, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive Plan document for a more complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution plan established on January 1, 2015, covering all employees of Neuromonitoring Associates, Inc. (the Company, Plan Administrator, or Employer) who have met the eligibility requirements defined below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee and Administration of the Plan

The Plan's investments are held and managed by Fidelity Management Trust Company (the Trustee) and its recordkeeper, Fidelity Workplace Services LLC (the Recordkeeper) (collectively, Fidelity).

Eligibility

The Plan allows employees who worked for at least three months beginning on the date of hire and attaining age of 21 to participate in the Plan. Unionized employees, nonresident aliens, and independent contractors are excluded from the Plan. Upon reaching eligibility, the employee can immediately enter the Plan.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, up to the maximum allowable under the Internal Revenue Code (IRC or the Code). Participants may allocate their contributions on a pre-tax basis or on an after-tax basis, including Roth elective contributions. The participant's maximum pre-tax and after-tax contributions are listed as defined by the Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other defined contribution plans (rollovers). Participants are eligible to designate some or all of their deferral contribution as a Roth deferral contribution at the time of making their deferral election.

The Employer makes a safe harbor matching contribution equal to 100% of participant's contributions up to the first 3% of participant's compensation plus 50% of the amount of the participant's contributions that exceed 3% of the participant's compensation not to exceed 5% of the participant's eligible compensation.

The Company may make a discretionary employer matching contribution. During 2024, the Company did not make a discretionary matching contribution.

The Company may also make a non-elective discretionary contribution (profit-sharing contributions) to the Plan as a supplemental contribution for participants who are employed by the Company at the end of the Plan year for which the contribution is made, or experienced one of the following events during the Plan year: death, disability, or normal retirement age. No non-elective discretionary contribution was made for the year ended December 31, 2024.

Neuromonitoring Associates, Inc. 401(k) Plan

Notes to Financial Statements

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover) once they satisfied the age and service eligibility requirement.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of net Plan earnings or losses. Participants direct the investment of their contributions into various investment options offered by the Plan. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are 100% vested in their individual deferral, safe harbor matching, and rollover contributions and the allocated earnings thereon.

A participant's vested interest in the discretionary employer matching contributions and non-elective discretionary contributions (profit-sharing contributions) are based upon the participant's years of continuous service and are subject to the following vesting schedule as provided below:

| Vesting Service (in years) | Vesting (%) |
|----------------------------|-------------|
| Less than 2 | - |
| 2, but less than 3 | 20 |
| 3, but less than 4 | 40 |
| 4, but less than 5 | 60 |
| 5, but less than 6 | 80 |
| 6 years or more | 100 |

Participants become fully vested in the event of retirement, death, total disability, and Plan termination.

Payment of Benefits

Upon termination or separation of service, death, disability, retirement, or age 59½, a participant may elect to receive a lump sum or partial withdrawal amount equal to the vested portion of the participant's account, leave the account in the Plan, or roll over the vested balance to another qualified retirement plan or Individual Retirement Account (IRA). Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Neuromonitoring Associates, Inc. 401(k) Plan

Notes to Financial Statements

Immediate lump-sum distributions are to be made to terminated participants if the participant's vested account balance is \$5,000 or less, excluding participant amounts, which are due from rollover contributions. Vested account balances greater than \$5,000 may remain in the Plan unless otherwise required by the Plan's minimum distribution requirements.

Forfeitures

Forfeitures of non-vested participants' account balances are generally used to reduce certain future employer contributions. As of December 31, 2024 and 2023, there were no forfeited non-vested accounts balances. For the year ended December 31, 2024, there were no forfeitures applied to reduce employer contributions.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of \$1,000 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Each participant may not have more than one loan outstanding at any time. Loans are secured by the participant's account and bear an interest rate at prime rate plus 1%, which would be made under similar circumstances and is fixed for the term of the loan. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence. In the event of a separation of service, loan balances are due and payable in their entirety unless directly rolled over to another employer's plan. These loans are subject to certain restrictions as defined by the Plan document and applicable restrictions under the IRC.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other participant-requested transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Neuromonitoring Associates, Inc. 401(k) Plan

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Contributions and Contributions Receivable

Contributions are recorded on the accrual method of accounting. Contributions receivable are obligations arising from amounts owed to the Plan from the participant or the Employer that have not been included in the Plan's investments at year end. There were no employer contribution receivable balances as of December 31, 2024 and 2023.

Payment of Benefits

Benefit payments to participants are recorded when paid.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.

Neuromonitoring Associates, Inc. 401(k) Plan

Notes to Financial Statements

- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

Mutual Funds - These funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage (SDB) - The account consists primarily of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The preceding method described may produce a fair value calculation, which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2024

| | Level 1 | Level 2 | Level 3 | Total |
|---|---------------------|-------------|-------------|---------------------|
| Mutual funds | \$ 9,625,010 | \$ - | \$ - | \$ 9,625,010 |
| SDB | 118,683 | - | - | 118,683 |
| Total Investments, in fair value hierarchy | \$ 9,743,693 | \$ - | \$ - | \$ 9,743,693 |

December 31, 2023

Neuromonitoring Associates, Inc. 401(k) Plan

Notes to Financial Statements

5. Related Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Fidelity. Participant loan and distribution processing fees are paid to Fidelity by participants. The Plan paid for third-party administrator fees and investment advisory, which qualify as party-in-interest transactions. The Plan also issues loans to participants, which are secured by the vested balance of the participants' accounts. Certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

6. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

8. Tax Status of Plan

The IRS issued an opinion letter dated June 30, 2020, indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the IRC. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

The financial statements and related disclosures include an evaluation of events up through and including September 15, 2025, which is the date the financial statements were available to be issued.

Audit Results

Overview & Status of Our Audit

We have completed our audit of the financial statements, including procedures applied to the supplemental schedule, of Neuromonitoring Associates, Inc. 401(k) plan (the Plan) as of and for the year ended December 31, 2024. Our audit was conducted in accordance with auditing standards generally accepted in the United States of America.

- ▶ The objective of our audit was to obtain reasonable - not absolute - assurance about whether the financial statements are free from material misstatements.
- ▶ The scope of the work performed was substantially the same as that described to you in our earlier Audit Plan communications.
- ▶ As permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we have conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and have obtained sufficient and appropriate audit evidence to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion. The audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America ("GAAP"). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.
- ▶ In accordance with professional standards, we have obtained a substantially complete Form 5500 and considered whether such information, or the manner of its presentation, was materially inconsistent with its presentation in the financial statements. Our responsibility also includes calling to management's attention any information that we believe is a material misstatement of fact. We have not identified any material inconsistencies or concluded there are any material misstatements of facts in the other information. As we are performing only limited procedures on this other information, we cannot and do not offer an opinion or any other form of assurance on such information.
- ▶ All records and information requested by BDO were freely available for our inspection.

Quality of the Plan's Financial Reporting

A discussion was held regarding the quality of the Plan's financial reporting, which included the following:

- ▶ Qualitative aspects of significant accounting policies and practices
- ▶ Our assessment of critical accounting estimates, accounting policies and practices
- ▶ Significant unusual transactions
- ▶ Financial statement presentation
- ▶ New accounting pronouncements
- ▶ Alternative accounting treatments

Corrected and Uncorrected Misstatements

CORRECTED AND UNCORRECTED MISSTATEMENTS

- ▶ There were no corrected misstatements, other than those that were clearly trivial, related to accounts and/or disclosures that we brought to the attention of management.
- ▶ There were no uncorrected misstatements, other than those that were clearly trivial, related to accounts and/or disclosures that we presented to management.

Internal Control Over Financial Reporting

Reportable Findings and Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Plan’s internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan’s internal control.

Our consideration of internal control was for the limited purpose described above and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and/or all reportable findings.

We are required to communicate, in writing and in a timely manner, to those charge with governance all reportable findings and significant deficiencies that have been identified in the Plan’s internal control over financial reporting. The definitions of a material weakness, significant deficiency, control deficiency, and reportable finding are as follows:

| Category | Definition |
|-------------------------------|--|
| Material Weakness | A deficiency or a combination of deficiencies in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented or detected on a timely basis. |
| Significant Deficiency | A deficiency or a combination of deficiencies in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those responsible for oversight of the Plan’s financial reporting. |
| Control Deficiency | A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. |
| Reportable Finding | <p>Matters that are one or more of the following:</p> <ul style="list-style-type: none"> a. An identified instance of noncompliance or suspected noncompliance with laws or regulations b. A finding arising from the audit that is, in the auditor’s professional judgment, significant and relevant to those charged with governance regarding their responsibility to oversee the financial reporting process c. An indication of deficiencies in internal control identified during the audit that have not been communicated to management by other parties and that, in the auditor’s professional judgment, are of sufficient importance to merit management’s attention |

In connection with our audit, we noted no material weaknesses.

Detail of Significant Accounting Practices, Policies, Estimates and Disclosures

Significant Accounting Practices (including Policies, Estimates, and Disclosures)

ACCOUNTING PRACTICES, POLICIES, ESTIMATES, AND DISCLOSURES

The following summarizes the more significant required communications related to our audit concerning the Plan's accounting practices, policies, and estimates :

The Plan's significant accounting practices and policies are those included in the notes to the financial statements. These accounting practices and policies are appropriate, comply with the applicable financial reporting framework and industry practice, were consistently applied, and are adequately described within the notes to the financial statements.

- ▶ There were no changes in significant accounting policies and practices during 2024.

We have completed our audit of the financial statements , including procedures applied to the supplemental schedule, of Neuromonitoring Associates, Inc. 401(k) plan (the Plan) as of and for the year ended December 31, 2024. Our audit was conducted in accordance with auditing standards generally accepted in the United States of America.

- ▶ Plan management did not make any significant changes to the processes or significant assumptions used to develop the critical accounting estimates 2024.

Additional Required Communications

Other Required Communications

Following is a summary of other required items, along with specific discussion points as they pertain to the Company:

| Requirement | Discussion Point |
|---|--|
| Significant changes to planned audit strategy or significant risks initially identified | There were no significant changes to the planned audit strategy or significant risks initially identified and previously communicated to those charged with governance as part of our Audit Plan communications. |
| Obtain information from those charged with governance relevant to the audit | There were no matters noted relevant to the audit, including, but not limited to: violations or possible violations of laws or regulations; risk of material misstatements, including fraud risks; or tips or complaints regarding the Plan's financial reporting that we were made aware of as a result of our inquiry of those charged with governance. |
| Independence | Our engagement letter to you dated June 16, 2025 describes our responsibilities in accordance with professional standards and certain regulatory authorities with regard to independence and the performance of our services. This letter also stipulates the responsibilities of the Plan with respect to independence as agreed to by the Plan. Please refer to that letter for further information. |
| Nature and extent of specialized skills or knowledge needed related to significant risks | There were no specialized skills or knowledge needed, outside of the core engagement team, to perform the planned audit procedures or evaluate audit results related to significant risks. |
| Consultations with other accountants | We are not aware of any consultations about accounting or auditing matters between management and other independent public accountants. Nor are we aware of opinions obtained by management from other independent public accountants on the application of generally accepted accounting principles. |
| Significant findings and issues arising during the audit in connection with the Plan's related parties* | We have evaluated whether the identified related party relationships and transactions have been appropriately identified, accounted for, and disclosed and whether the effects of the related party relationships and transactions, based on the audit evidence obtained, prevent the financial statements from achieving fair presentation. |

** Under ERISA requirements, the plan audit must also consider relationships and transactions with "parties in interest." By definition, "parties in interest" encompasses a broader population than "related parties." As such, all references to "related parties" herein are deemed also to refer to "parties in interest."*

Other Required Communications (cont.)

Following is a summary of other required items, along with specific discussion points as they pertain to the Company:

| Requirement | Discussion Point |
|---|---|
| Disagreements with Plan management | There were no disagreements with Plan management about matters, whether or not satisfactorily resolved, that individually or in aggregate could be significant to the Plan's financial statements or to our auditor's report. |
| Significant difficulties encountered during the audit | There were no significant difficulties encountered during the audit. |
| Other matters significant to the oversight of the Plan's financial reporting process, including complaints or concerns regarding accounting or auditing matters | There are no other matters that we consider significant to the oversight of the Plan's financial reporting process that have not been previously communicated. |
| Representations requested from management | Please refer to the management representation letter. |

Independence

Our engagement letter to you dated June 16, 2025 describes our responsibilities in accordance with professional standards and certain regulatory authorities regarding independence and the performance of our services. This letter also stipulates the responsibilities of the Company with respect to independence as agreed to by the Plan. Please refer to that letter for further information.

BDO's System of Quality Management

An audit firm's effective system of quality management ("SoQM") is crucial for supporting the consistent performance of high-quality audits and reviews of financial statements, or other assurance or related services engagements under professional standards, and applicable legal and regulatory requirements.

Accordingly, BDO has implemented a SoQM designed to provide reasonable assurance that its professionals fulfill their responsibilities and conduct engagements in accordance with those standards and requirements. The firm's SoQM supports the consistent performance of quality audits through many ongoing activities including, at least annually, certification by leaders with responsibility for key controls and related processes. Our Assurance Quality Management team performs regular reviews and testing of key controls and processes throughout the SoQM and identifies and communicates areas for improvement. In addition, our Audit Quality Advisory Council supports our SoQM by providing guidance and input on audit quality initiatives.

As required by International Standard on Quality Management 1 (ISQM 1) under the International Auditing and Assurance Standards Board (IAASB), BDO has conducted an evaluation of the effectiveness of its system of quality management and concluded, as of July 31, 2024, that, except for certain deficiencies related to the execution of its issuer audits, that system provides the reasonable assurance that our professionals will perform audits and reviews of financial statements or related assurance services engagements in accordance with professional standards, and applicable legal and regulatory requirements. BDO has either implemented or is designing remedial actions to address those deficiencies prior to our next evaluation.

We will continue to provide you with updates on our progress. Currently, you may find discussion of BDO's system of quality management within our annual [Audit Quality Reports](#), the most recent of which is accessible [here](#).
