INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Blue Cross Blue Shield of Wyoming
Tax-Favored Savings Program
Cheyenne, Wyoming

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Blue Cross Blue Shield of Wyoming Tax-Favored Savings Program (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to, or derived from, the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal-control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TAX-FAVORED SAVINGS PROGRAM**

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Blue Cross Blue Shield of Wyoming Tax-Favored Savings Program (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a tax-favored savings plan covering all full-time employees of Blue Cross Blue Shield of Wyoming (the Plan Sponsor) who have completed 30 days of service. Part-time employees become eligible after completing one year of service. A year of service is defined as completing 1,000 hours of service in a 12-month period. Effective January 1, 2024, the original SECURE Act (SECURE 1.0), which was signed into law by President Trump in late 2019, required that for purposes of participant contributions only, part-time employees are eligible after the completion of three consecutive 12-month periods during which the employee completes at least 500 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for oversight of the Plan. The National Employee Benefits Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions: Participants can contribute up to 50% of their eligible earnings, as defined by the Plan. Contributions can be made on a pretax basis, an after-tax basis using the Plan's Roth 401(k) feature, or a combination of pretax and after-tax contributions. The Plan provides for automatic enrollment for eligible participants. Unless participants elect otherwise, 5% of their eligible earnings each pay period will be deducted and invested in the default investment fund. Participants may contribute more or less than 5% to the Plan by contacting the Plan's record-keeper, Fidelity Workplace Services, LLC. Participants' contributions automatically increase 1% each January if their contribution rate is between 1% and 10% as of December 1 of the previous year. Participants who have reached age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan Sponsor makes a qualified automatic contribution arrangement safe harbor matching contribution up to 5% of a participant's contribution, and contributions are made each pay period. For participants hired on or after January 1, 2023, the Plan Sponsor also makes a non-elective employer contribution equal to 3% of Plan-eligible earnings. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participants' investment options: The Plan is a participant-directed plan. Upon enrollment in the Plan, a participant may direct contributions in 1% increments in any of the investment options, as made available and determined by the Plan Administrator. Participants may change their investment options at any time, unless restricted by the mutual fund companies or fund managers. Restrictions imposed are due to activities considered to be disruptive, such as frequent short-term trading. The Plan currently offers mutual funds and common/collective trusts as investment options.

Participant accounts: Each participant's account is credited with the participant's contributions and the Plan Sponsor's matching and non-elective contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

TAX-FAVORED SAVINGS PROGRAM**

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan, *Continued*

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contributions is based on years of continuous service. For employees terminated before November 1, 2015, a participant is vested according to a graded six-year vesting schedule and is 100% vested after six years of credited service or upon death or disability prior to the termination of service. For active employees on or after November 1, 2015, a participant is 100% vested after two or more years of credited service or upon death or disability prior to the termination of service.

The better of these two vesting schedules applies to employees who terminated employment prior to November 1, 2015 and are rehired after this date. In addition, participants are automatically vested upon reaching age 65 if they are still employed by the Plan Sponsor at that time. Participants who were hired before November 1, 2015 are also fully vested if they terminate employment at age 55 or later with five or more years of service.

Notes receivable from participants: Participants can borrow against their balance. The minimum loan amount is \$1,000, and the maximum loan amount is the lesser of one-half of a participant's vested account balance less the current outstanding loan balance or \$50,000, reduced by the highest outstanding loan balance during the prior 12-month period. Loans may be taken out every 12 months, with a maximum of two loans per participant allowed to be outstanding at any time and a 15-day waiting period between paying off a participant loan and requesting or initiating a new participant loan.

Loan terms range from one to five years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The interest rate charged for new loans initiated during the month will be equal to the prime rate, as published by Reuters, on the last business day of the previous month plus 1%. Principal and interest are paid ratably through after-tax payroll deductions. The principal and interest are reinvested according to the investment elections of the participant.

Payment of benefits: Upon the termination of service due to death, disability, or retirement, a participant is entitled to 100% of his/her account on his/her severance from the service date. A participant who terminates employment for any other reason is entitled only to the vested portion of his/her account. Upon the termination of service, if a participant's vested account balance is \$7,000 or less, the participant will receive a mandatory distribution. Special rules apply depending on the amount of the participant's vested balance and whether the participant affirmatively elected a distribution from the program. Regardless of the type, a participant will receive his/her benefit payment in a lump-sum payment equal to the value of the participant's vested interest in his/her account. If the balance is more than \$7,000, a participant can also elect to have his/her benefit payment in a lump sum, installment payments, or as a partial distribution. If the participant does not make an election, the participant will be paid a lump sum. In addition, any participant who has reached age 59½ may, while employed, withdraw any portion of the remaining amount in the participant's account.

Forfeited accounts: At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$11,283 and \$10,852, respectively. These accounts will be used to reduce future employer contributions or offset Plan administrative expenses. During the year ended December 31, 2024, employer contributions were reduced by \$35,394 from forfeited nonvested accounts.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The National Employee Benefits Committee determines the Plan's valuation policies utilizing information provided by the Plan's trustee, Fidelity Management Trust Company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. The notes are secured by the balance in the participant's account. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions: The Plan recognizes participant and employer matching contributions in the period in which the participant contributions are withheld.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the origination and administration of notes receivable from participants and benefit processing fees associated with benefits paid to participants are charged directly to each participant's account and included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: Events occurring subsequent to the Statement of Net Assets Available for Benefits date have been evaluated for financial statement impact or disclosure through September 5, 2025, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

Note 3. Information Certified and Provided by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and supplemental schedule, that was prepared by, or derived from information provided by, Fidelity Management Trust Company, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Notes 4 and 5 and the supplemental schedule related to the following assets at December 31:

	<u>2024</u>	<u>2023</u>
Investments at fair value:		
Mutual funds	\$ 712,998	\$ 729,779
Common/collective trusts	<u>38,915,413</u>	<u>35,090,666</u>
Total investments at fair value	<u>\$ 39,628,411</u>	<u>\$ 35,820,445</u>
Notes receivable from participants	<u>\$ 816,843</u>	<u>\$ 673,582</u>

Fidelity Management Trust Company also certified to the completeness and accuracy of \$5,221,001 of net appreciation in fair value of investments, \$29,825 of interest and dividends on investments, and \$52,502 of interest income on notes receivable from participants related to the aforementioned Plan assets for the year ended December 31, 2024.

Note 4. Fair Value Measurements

The Plan's investments are carried at fair value and have been classified, for disclosure purposes, based on a hierarchy defined by Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*. The hierarchy gives the highest ranking to fair values determined using unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest ranking to fair values determined using methodologies and models with unobservable inputs (Level 3). An asset's or a liability's classification is based on the lowest-level input that is significant to its measurement. For example, a Level 3 fair value measurement may include inputs that are both observable (Levels 1 and 2) and unobservable (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Where the Plan's trustee provided fair values, the Plan has obtained an understanding of the methods, models, and inputs used in pricing.

**BLUE CROSS BLUE SHIELD OF WYOMING
TAX-FAVORED SAVINGS PROGRAM**

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements, *Continued*

The levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: Values are unadjusted quoted prices for identical assets and liabilities in active markets accessible at the measurement date. These assets include the mutual funds.

Level 2: Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves. The Plan currently has no Level 2 investments.

Level 3: Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Plan's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date. The Plan currently has no Level 3 investments.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 or 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued based on the NAV of units of the common/collective trusts held by the Plan at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments composing the trust less its liabilities, based upon audited financial statements. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	<u>Level 1 Assets at Fair Value</u>	
	<u>2024</u>	<u>2023</u>
Mutual funds	<u>\$ 712,998</u>	<u>\$ 729,779</u>
Total assets in the fair value hierarchy	712,998	729,779
Common/collective trusts measured at NAV (a)	<u>38,915,413</u>	<u>35,090,666</u>
Investments at fair value	<u>\$ 39,628,411</u>	<u>\$ 35,820,445</u>

**BLUE CROSS BLUE SHIELD OF WYOMING
TAX-FAVORED SAVINGS PROGRAM**

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements, *Continued*

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at the NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits. See a further discussion of these investments in Note 5.

Note 5. Fair Value Measurements of Investments That are Measured at the NAV per Share (or its Equivalent) as a Practical Expedient

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using the NAV per share (or its equivalent) as of December 31:

Investment Asset Class	Fair Value		2024/2023	Redemption	Redemption
	2024	2023	Unfunded Commitment	Frequency	Notice Period
Common/collective trusts:					
Balanced/Hybrid	\$ 7,609	\$ 6,867	\$ -	Immediate	None
Bond	229,896	249,925	-	Immediate	None
Domestic Equities	11,587,828	9,421,554	-	Immediate	None
International/Global	1,011,574	926,524	-	Immediate	None
Stable Value	1,017,782	1,024,153	-	(a)	(a)
Target Date	25,060,724	23,461,643	-	Immediate	None
	<u>\$ 38,915,413</u>	<u>\$ 35,090,666</u>	<u>\$ -</u>		

(a) Certain funds offered by the Plan may be deemed to "compete" with this fund (e.g., money market funds, short-term bond funds, and certain asset allocation/lifecycle funds). Direct exchanges from this fund to a competing fund are not permitted. Exchanges must first be made to a noncompeting fund for 90 days.

Note 6. Related-Party and Party-in-Interest Transactions

The Plan Sponsor provides to the Plan certain accounting and administrative services for which no fees are charged.

Certain Plan investments are managed by Fidelity Management Trust Company, the trustee for the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments.

The Plan issues loans to participants that are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

**BLUE CROSS BLUE SHIELD OF WYOMING
TAX-FAVORED SAVINGS PROGRAM**

NOTES TO FINANCIAL STATEMENTS

Note 7. Tax Status

The IRS has determined and informed the Plan Sponsor, by a letter dated March 9, 2018, that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations except for the last three years filed.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 10. Plan Amendments and Subsequent Events

On December 29, 2022, President Biden signed into law the SECURE 2.0 Act of 2022 (SECURE 2.0) as part of the larger Federal funding omnibus bill. This legislation builds upon SECURE 1.0. Both acts aim to further strengthen the U.S. retirement system. There are both mandatory and optional changes; however, only the mandatory changes are discussed below.

Mandatory SECURE 1.0 and SECURE 2.0 changes include the following:

- For Plan years beginning on or after January 1, 2023, SECURE 2.0 raised the required minimum distribution commencement age to age 73 for participants who reach age 72 after December 31, 2022. The required minimum distribution commencement age will increase to age 75 for participants who reach age 74 after December 31, 2032.

**BLUE CROSS BLUE SHIELD OF WYOMING
TAX-FAVORED SAVINGS PROGRAM**

NOTES TO FINANCIAL STATEMENTS

Note 10. Plan Amendments and Subsequent Events, *Continued*

- SECURE 1.0 and SECURE 2.0 broaden eligibility requirements for long-term part-time employees for purposes of participant contributions. For Plan years beginning on or after January 1, 2024, SECURE 1.0 will require that long-term part-time employees who worked at least 500 hours in the preceding three consecutive years (i.e., 2021 to 2023) must be allowed to participate in the Plan. For Plan years beginning on or after January 1, 2025, long-term part-time employees who worked at least 500 hours in the preceding two consecutive years must be allowed to participate in the 401(k) program.
- Effective January 1, 2024, the Plan's mandatory cash-out threshold for small balances increased from \$5,000 to \$7,000, as provided by SECURE 2.0.
- For Plan years beginning on or after January 1, 2026, SECURE 2.0 will require that catch-up contributions for a participant with prior-year compensation of more than \$145,000 (indexed for inflation) be treated as Roth contributions.

Fidelity Workplace Services, LLC will implement these changes operationally, and the National Employee Benefits Committee will prepare Plan amendments prior to the SECURE 2.0 amendment deadline (December 31, 2026). No employer action is currently required.

Subsequent to year-end, the Plan was amended as follows:

- Effective January 1, 2025, participants will only be allowed to have one outstanding loan at a time. Participants will have to pay off their current outstanding loan before being able to request a new loan.

Schedule H, Line 4(l) – Has the plan failed to provide any benefit when due under the plan?

No. For administrative purposes, we do not consider delays in payment of a participant's benefit (including administrative mistakes and delayed payments, which happen infrequently) as a failure to pay a benefit when due. Further, in reliance on an IRS clarification of the intent of this question, we do not consider benefits payable to missing participants to be a failure to pay a benefit when due because of the diligence of our efforts to locate missing participants.
