## Independent Auditor's Report

Retirement Plan Committee and Participants  
C1 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of C1 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

**Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## C1 401(k) Plan

### Notes to Financial Statements

---

#### Note 1. Description of the Plan

The following description of C1 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Effective January 1, 2024, the name of the Plan was changed from ConvergeOne 401(k) Plan to C1 401(k) Plan.

**General:** The Plan is a defined contribution plan covering substantially all employees of ConvergeOne Holdings, Inc. (the Plan Administrator) and its wholly owned subsidiaries (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company has appointed Empower Trust Company, LLC as trustee of the Plan. The trustee is responsible for maintaining custody of the Plan's assets, processing contributions and distributions, and executing transactions to appropriate investment options.

**Eligibility:** An employee is eligible to participate in the Plan, and for receiving company matching contributions, on the first day of the month after reaching 18 years of age. Employees must be employed by the Company as of the plan year-end and have completed at least 500 hours of service during the plan year to receive additional company discretionary contributions.

**Contributions and investment options:** Participants may make pretax or Roth contributions to the Plan up to 75% of annual eligible compensation, as defined in the Plan and as limited by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e., rollovers). The Company may make matching contributions equal to a discretionary percentage. For the year ended December 31, 2024, the Company made matching contributions of 35% of the first 10% of eligible compensation that participants elected to contribute to the Plan, not including catch-up contributions. The Company may also make additional discretionary contributions to the Plan. The Company did not elect to make any additional discretionary contributions to the Plan for the year ended December 31, 2024. The Company may also make true-up matching contributions on an annual basis to participants. For the year ended December 31, 2024, the Company made true-up matching contributions to participants totaling approximately \$421,000. Participants direct the investment of contributions into various investment options offered by the Plan. Participants may elect to have all or part of their account balances and future contributions transferred from one investment option to another in any combination. A participant, at his or her discretion, may develop his or her own investment portfolio for which Charles Schwab provides brokerage services.

**Participant accounts:** Individual accounts are maintained for each participant of the Plan. Each participant's account is credited or charged with the participant's contributions and an allocation of the Company's contributions, if any, Plan investment results, and expenses that are paid by the Plan. Allocations are based on participant contributions, eligible participant compensation or account balances, or specific transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## C1 401(k) Plan

### Notes to Financial Statements

---

#### Note 1. Description of the Plan (Continued)

**Vesting:** Participants are immediately vested in their contributions including actual investment earnings or losses thereon. Participant vesting in the Company's contribution portion of their accounts is based on years of service. A participant's service with prior employers that have been acquired by the Company is also credited when determining vesting. Participants are vested according to the following schedule for the Company's contribution portion of their accounts:

Years of Vesting Service	Percentage
Less than 1	0
1	20
2	40
3	60
4	80
5 or more	100

A participant is also 100% vested upon attainment of retirement age, total disability or death during the term of employment or termination of the Plan.

**Notes receivable from participants:** Participants may borrow from their vested fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms cannot be greater than five years; however, they may exceed this term under certain limited circumstances. The notes must be adequately secured. The notes bear interest at the prime rate plus 1%, and interest rates ranged from 4.25% to 9.50% at December 31, 2024. Principal and interest payments are made ratably through payroll deductions, and notes are due in various amounts through September 2038.

**Payment of benefits:** On termination of service, a participant may elect to receive the value of the participant's vested account balance in the form of a lump-sum payment or installment payments over a specified period of time in accordance with plan provisions. Participants with an account balance that does not exceed \$7,000 may only receive a single lump-sum payment. Upon termination of employment, participants may elect to hold their investments in the Plan, unless their account balance is less than \$7,000, in which case the account balance is distributed to the participant without the need of the participant's consent. If the participant's account balance is between \$1,000 and \$7,000, and the participant does not elect a distribution, the participant's account will be directly rolled over into an individual retirement account for the benefit of the participant. The Plan also allows for in-service distributions to participants, under certain circumstances. Participants may also choose to receive an in-service hardship withdrawal, as defined by the Plan.

**Forfeited accounts:** Amounts not vested upon termination of employment are forfeited by participants and may be used to fund a portion of the Company's contributions to the Plan or to pay plan expenses. At December 31, 2024 and 2023, forfeited nonvested accounts totaled approximately \$57,000 and \$4,000, respectively. During 2024, Company contributions were funded by approximately \$626,000 from forfeited nonvested accounts.

#### Note 2. Summary of Significant Accounting Policies

**Basis of accounting:** The Plan's financial statements are prepared on the accrual basis of accounting.

**Contributions:** Contributions from plan participants and the related matching contributions from the Company are recognized in the year in which the employee contributions are withheld from compensation.

**Use of estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment valuation and income recognition:** The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by investment advisors, the trustee and other third parties. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

**Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Delinquent participant notes are recorded as distributions based on the terms of the Plan.

Notes receivable from participants are classified as an investment asset for Form 5500 reporting purposes and, accordingly, are included as an investment in the supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

**Payment of benefits:** Benefit payments are recorded when paid.

**Administrative expenses:** Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included as a component of net appreciation in fair value of investments.

**Subsequent events:** The Plan Administrator has evaluated subsequent events for potential recognition or disclosure through September 12, 2025, the date these financial statements were available to be issued.

#### Note 3. Information Certified or Provided by Empower Trust Company, LLC

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year), obtained by management and agreed to or derived from information provided by Empower Trust Company, LLC, the trustee, to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2024	2023
Investments, at fair value:		
Shares of registered investment companies	\$ 125,090,195	\$ 117,687,467
Collective trust funds	217,032,617	209,864,815
Self-directed brokerage accounts	2,454,030	2,292,679
Notes receivable from participants	3,450,662	3,874,780

Empower Trust Company, LLC also certified to the completeness and accuracy of \$35,917,683 of net appreciation in fair value of investments, \$6,546,877 of interest and dividends from the aforementioned investments and \$257,758 of interest income on notes receivable from participants for the year ended December 31, 2024.

#### Note 4. Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

## C1 401(k) Plan

### Notes to Financial Statements

---

#### Note 4. Fair Value Measurements (Continued)

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

**Shares of registered investment companies:** Shares of registered investment companies, which consist of mutual funds, are valued at unadjusted quoted market prices for identical assets in active markets for the shares held by the Plan at year-end.

**Collective trust funds:** Collective trust funds are valued at the net asset value (NAV) of the shares of the funds held by the Plan at year-end, as reported by the funds' investment managers. The NAVs are used as a practical expedient to estimate fair value. The NAVs are based on the fair value of the underlying investments held by the funds less liabilities. The practical expedient would not be used if it is determined to be probable that the Plan will sell the fund for an amount different from the reported NAV. The underlying assets of the collective trust funds vary by type and include primarily investment contracts and mutual funds.

**Self-directed brokerage accounts:** The self-directed brokerage accounts includes shares of registered investment companies and interest-bearing cash. The carrying amount of the interest-bearing cash approximates fair value because of the short maturity of the instrument.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets carried at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
Shares of registered investment companies	\$ 125,090,195	\$ -	\$ -	\$ 125,090,195

(a) Certain investments that are measured at NAV per share (or its equivalent as a practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

**Investments measured using the NAV per share practical expedient:** The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

#### Note 5. Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to change or discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

## C1 401(k) Plan

### Notes to Financial Statements

---

#### Note 6. Tax Status

The Plan adopted a nonstandardized preapproved plan sponsored by Empower Trust Company, LLC. The preapproved plan provider has received an opinion letter, dated November 14, 2022, from the Internal Revenue Service as to the preapproved plan's qualified status. The preapproved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan. The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain income tax positions that require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### Note 7. Risks and Uncertainties

Participants are allowed to invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities have occurred since December 31, 2024, or will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2024 statement of net assets available for benefits.

#### Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2024 and 2023:

	2024	2023
Net assets available for benefits per the financial statements	\$ 348,448,860	\$ 334,153,051
Deemed distributions of notes receivable from participants	(333,169)	(363,836)
Net assets available for benefits per the Form 5500	<u>\$ 348,115,691</u>	<u>\$ 333,789,215</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statement to the Form 5500 for the year ended December 31, 2024:

Net increase in net assets available for benefits per the financial statement	\$ 14,295,809
Deemed distributions of notes receivable from participants	(70,241)
Net deemed distribution activity	111,336
Interest on deemed distributions of notes receivable from participants	(10,428)
Net increase in net assets available for benefits per the Form 5500	<u>\$ 14,326,476</u>

#### Note 9. Related-Party Transactions and Party-in-Interest Transactions

Transactions with the trustee, Empower Trust Company, LLC, as well as other service providers, qualify as party-in-interest transactions. Fees paid by the Plan to the trustee, and other service providers are included in administrative expenses in the statement of changes in net assets available for benefits. Notes receivable from participants are also considered exempt party-in-interest transactions.
