## Report of Independent Auditors

To the Retirement Committee of the  
Kamehameha Schools 401(k) Retirement Savings Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of the Kamehameha Schools 401(k) Retirement Savings Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements (modified cash basis).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Basis of Accounting**

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that audits conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- 
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
  - Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
  - Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

#### **Supplemental Schedule Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements

### (Modified Cash Basis)

#### December 31, 2024 and 2023

---

#### 1. Description of the Plan

The following description of the Kamehameha Schools 401(k) Retirement Savings Plan (the “Plan”) provides general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

##### **General**

The Plan is a defined contribution plan adopted by the Kamehameha Schools (the “Schools”), the plan sponsor, effective July 1, 2002. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

##### **Participation**

All eligible employees of the Schools, Pauahi Management Corporation, and Kamehameha Investment Corporation (wholly-owned subsidiaries of Bishop Holdings Corporation, which is a subsidiary of the Schools) (collectively referred to as the “Participating Employers”) are allowed to participate in the Plan. Regular employees are eligible to make voluntary pre-tax or after-tax salary reduction or any after-tax contributions upon the employee’s date of hire. Temporary and casual employees are eligible upon earning 1,000 hours of service during a period of 12 consecutive months. Limited term employees (project-related employees employed for no longer than three years) are eligible to participate in the Plan on the employee’s date of hire.

Regular and grandfathered limited term employees who were in service on June 30, 2014 and regular employees hired after June 30, 2014 are eligible to participate in non-elective employer contributions.

##### **Administration of Plan Assets**

The Retirement Committee is appointed by the Schools’ board of trustees and is responsible for management and administration of the Plan. Under the provisions of a contractual agreement, plan assets are held by Fidelity Management Trust Company, (the “Trustee”), whose primary functions are to hold the Plan’s assets and execute investment transactions.

##### **Contributions**

Each year, participants may elect to defer up to 75% (12% for highly compensated employees effective April 1, 2022) of pre-tax or after-tax annual compensation, as defined in the plan document, up to the maximum amount allowed by the Internal Revenue Code (“IRC”). Effective April 1, 2022, participants may also make voluntary after-tax contributions up to 75% of their annual compensation. The sum of a participant’s deferral and voluntary after-tax contributions may not exceed 75% of their annual compensation. Participants who do not make a deferral election within the election period are subject to an automatic pre-tax deferral election of 6%. Deferral elections for participants on December 31 of the prior plan year automatically increase by 1% every first payroll period in February during the plan year until a 10% deferral rate is reached. The increase does not apply to those participants making affirmative deferral elections within a 35-day lookback period or an automatic deferral election for the same plan year.

The Participating Employers provide a matching contribution of 100% of the participant’s contribution, with a maximum matching contribution equal to 6% of the participant’s eligible compensation. Matching contributions are reviewed at the end of the plan year and adjusted to ensure that each eligible participant received the lesser of 1) a stated percentage of their elective deferral or 2) a stated percentage of their eligible compensation.

# **Kamehameha Schools 401(k) Retirement Savings Plan**

## **Notes to Financial Statements**

### **(Modified Cash Basis)**

#### **December 31, 2024 and 2023**

---

Eligible participants receive non-elective employer contributions of 4% of their eligible compensation. The Schools have the discretion of adjusting the percentage annually.

Participants may contribute amounts representing rollover distributions from other qualified retirement plans.

Participants may also make in-plan Roth rollover contributions or in-plan Roth conversions.

#### **Participant Accounts**

Each participant's account is credited with participant and employer contributions and an allocation of net earnings. Allocations of net earnings are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investment accounts are participant directed.

#### **Vesting**

Participants are vested immediately in participant and employer matching contributions plus actual earnings thereon.

Eligible participants on June 30, 2014 were vested immediately in non-elective employer contributions. Eligible participants hired after June 30, 2014 are vested upon completing two years of service, attaining the normal retirement age, death, disability, the complete or partial termination of the Plan, or the discontinuance of employer contributions.

#### **Notes Receivable from Participants**

Participants may borrow from their fund account up to 50% of their vested account balance associated with participant contributions or up to a maximum of \$50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. The loan is to be repaid with interest within five years (or longer if the loan is used for the purchase or construction of a personal residence). The loans are collateralized by the balance in the participant's account and bear interest at prevailing rates. Principal and interest are paid ratably through payroll deductions. At December 31, 2024, participant loans bear interest at various rates ranging from 4.25% to 9.50% and mature in years beginning in 2025 through 2039.

#### **Hardship Distributions**

Participants may make withdrawals from their deferred income account to satisfy a financial hardship, as described in the plan document.

#### **Payment of Benefits**

Upon a participant's death, disability, retirement or other termination of employment with the Schools, the participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or partial distributions, as defined by the plan document. However, if a participant's vested interest in his or her account was less than the cash-out limit of \$7,000, the participant's vested interest shall be distributed in a lump sum as soon as practicable.

#### **Forfeitures**

Forfeited unvested non-elective employer contributions are typically first used to pay the administrative costs of the Plan, and then may be added to the non-elective employer contributions for the plan year.

## Notes to Financial Statements

### (Modified Cash Basis)

#### December 31, 2024 and 2023

---

#### **Revenue Credits and Administrative Expenses**

Certain mutual funds provide revenue credits to the Plan and its participants which are used to pay for certain administrative expenses or allocated to participant accounts. Administrative expenses that are not paid with revenue credits or allocated to participant accounts are paid by the Schools. Any leftover revenue credits not used to pay administrative expenses are allocated back to participants.

#### **Plan Termination**

Although they have not expressed any intent to do so, the Participating Employers have the right to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA.

## **2. Summary of Significant Accounting Policies**

#### **Basis of Accounting**

The accompanying financial statements have been prepared on a modified cash basis of accounting. Under this method, additions to net assets available for benefits, except for net appreciation in fair value of investments, are recognized when received rather than when earned, and deductions from net assets available for benefits, except for net depreciation in fair value of investments, are recognized when paid rather than when the obligation is incurred.

Accordingly, the financial statements are intended to present net assets available for benefits and changes in net assets available for benefits in conformity with a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

#### **Use of Estimates**

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### **Risks and Uncertainties**

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits (modified cash basis) and the statements of changes in net assets available for benefits (modified cash basis).

#### **Fair Value Measurements**

For financial and nonfinancial assets reported at fair value, the Plan defines fair value as the price that would be received to sell an asset in the principal or most advantageous market in an orderly transaction between market participants. The Plan measures fair value using observable and unobservable inputs based on the following hierarchy:

- **Level 1** – Quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access at the measurement date.
- **Level 2** – Inputs other than quoted market prices included within Level 1 that are observable for an asset, either directly or indirectly.

# Kamehameha Schools 401(k) Retirement Savings Plan

## Notes to Financial Statements

### (Modified Cash Basis)

#### December 31, 2024 and 2023

---

- **Level 3** – Unobservable inputs for an asset reflecting the Plan’s own assumptions. Level 3 inputs should be used to measure fair value to the extent that observable Level 1 or Level 2 inputs are not available.

The asset’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following methods and assumptions were used by the Plan in estimating the fair value of its investments:

- **Mutual funds** – The fair value of mutual funds was estimated using the participation units owned by the Plan based on quoted market prices, which represent the net asset value of units held by the Plan at year-end. These mutual funds are generally categorized in Level 1 of the fair value hierarchy.
- **Common collective trust funds** – The Plan invests in the T. Rowe Price Stable Value Fund (“SV Fund”) which is a common collective trust fund that is composed of fully benefit responsive investment contracts including guaranteed investment contracts issued by insurance companies; investment contracts issued by banks; synthetic investment contracts (“SICs”) issued by banks, insurance companies, and other issuers (collectively, “investment contracts”) and securities supporting such SICs; and other similar instruments which are intended to maintain a constant net asset value while permitting participant-initiated benefit responsive withdrawals for certain events. Fair value was estimated using the cost method based on the net asset value of units of the SV Fund. The SV Fund is categorized as Level 2 in the fair value hierarchy.

The Plan also invests in the Vanguard Target Retirement Trust II series, which consists of common collective trust funds (“CCT funds”) managed by Vanguard Fiduciary Trust Company. The underlying holdings of these CCT funds are invested in a separate master trust. The Plan’s investments in the CCT funds are valued using a cost approach at the unit share value as determined by the CCT funds. The unit share value is determined by dividing the net assets of the CCT funds by the number of unit shares. The CCT funds are categorized in Level 2 of the fair value hierarchy.

- **Self-directed brokerage** – Investments in the self-directed brokerage account consist of common stock, mutual funds, exchange traded funds, preferred stock, options, certificates of deposit, and interest bearing cash. Common stock, mutual funds, exchange traded funds, preferred stock, and options are based on quoted market prices on the last trading day of the plan year or the net asset value of units held by the Plan. Interest bearing cash is estimated based on a cost approach with cost approximating fair value. Common stock, mutual funds, exchange traded funds, preferred stock, options, and interest bearing cash are categorized as Level 1 in the fair value hierarchy. Certificates of deposit are estimated based on a cost approach using inputs observable in active markets for similar securities. Certificates of deposit are categorized as Level 2 in the fair value hierarchy.

#### **Income Recognition**

The Plan’s investments are stated at fair value. The Plan presents in the statements of changes in net assets available for benefits (modified cash basis), the net appreciation in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Purchases and sales of investments are recorded on a settlement date basis. Dividend income is recorded when received.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. Related fees are recorded as benefit payments when paid. Delinquent participant loans are classified as benefit payments paid to participants based upon the terms of the plan document.

**Payments of Benefits**

Benefits are recorded when paid. There were no participant elections to withdraw funds, which remained unexecuted at December 31, 2024 or 2023.

**Income Taxes**

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

**Subsequent Events**

The Plan has reviewed all events that have occurred from January 1, 2025 through September 4, 2025, the date that the financial statements were available for issuance, for proper accounting and disclosure in the financial statements.

**3. Investments**

The Plan's investments reported at fair value on a recurring basis have been categorized based on the fair value hierarchy in Note 2 as of December 31, 2024 and 2023 as follows:

	Level 1	Level 2	Level 3	Total
<b>2024</b>				
Mutual funds	\$ 233,991,841	\$ -	\$ -	\$ 233,991,841
Common collective trust funds	-	402,526,632	-	402,526,632
Self-directed brokerage	8,796,036	-	-	8,796,036
Total investments, at fair value	\$ 242,787,877	\$ 402,526,632	\$ -	\$ 645,314,509
<b>2023</b>				
Mutual funds	\$ 532,396,674	\$ -	\$ -	\$ 532,396,674
Common collective trust fund	-	12,550,261	-	12,550,261
Self-directed brokerage	5,378,446	77,695	-	5,456,141
Total investments, at fair value	\$ 537,775,120	\$ 12,627,956	\$ -	\$ 550,403,076

The following information has been certified as complete and accurate by the Trustee of the Plan:

- All information in the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023.
- Investment income, including net appreciation in the fair value of investments, dividend income, and interest income on notes receivable from participants presented in the statements of changes in net assets available for benefits (modified cash basis) for the years ended December 31, 2024 and 2023.
- All information presented in the supplemental Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2024.

**Notes to Financial Statements**  
**(Modified Cash Basis)**  
**December 31, 2024 and 2023**

---

**4. Tax Status**

The Plan is relying upon an advisory letter issued by the Internal Revenue Service (“IRS”) to Fidelity Management and Research Company under the IRS’s pre-approved plan program that the Plan constituted a qualified trust under Section 401(a) of the IRC and is therefore exempt from federal income taxes under provisions of Section 501(a). The Plan has been amended since receiving the advisory letter. However, the Schools and plan management believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

**5. Exempt Party-In-Interest Transactions**

Certain investments represent units of investment funds managed by the Trustee, therefore, transactions with these investment funds qualify as exempt party-in-interest transactions.

Certain administrative expenses incurred by the Plan are included as administrative expenses in the statements of changes in net assets available for benefits (modified cash basis) as they are paid through the revenue credit program managed by the Trustee. Revenue credits used to pay expenses amounted to \$26,597 and \$19,938 in 2024 and 2023, respectively.

Participants are required to pay certain fees to the Trustee in conjunction with benefit payments or loan withdrawals. These exempt party-in-interest transactions were not significant in 2024 or 2023 and are included in administrative fees in the financial statements.

**6. Reconciliation of Financial Statement to Form 5500**

In 2024 and 2023, certain notes receivable from participants became delinquent. The points in time which delinquent notes receivable from participants are deemed to be distributions are different under the provisions of the plan document and the IRC. As a result, net assets available for benefits and the net increase in net assets available for benefits as of and for the years ended December 31, 2024 and 2023, respectively, differ between the financial statements and Form 5500 due to these deemed distributions:

	<b>Per Audited Financial Statements</b>	<b>Differences</b>	<b>Per Schedule H of Form 5500</b>
<b>2024</b>			
Net assets available for benefits	\$ 653,737,279	\$ (245,217)	\$ 653,492,062
Net increase in net assets available for benefits	95,710,849	(26,820)	95,684,029
<b>2023</b>			
Net assets available for benefits	\$ 558,026,430	\$ (218,397)	\$ 557,808,033

## Report of Independent Auditors

To the Retirement Committee of the  
Kamehameha Schools 401(k) Retirement Savings Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of the Kamehameha Schools 401(k) Retirement Savings Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements (modified cash basis).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Honolulu, HI 96813

**OFFICE** 808.531.3400  
**FAX** 808.531.3433

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Basis of Accounting**

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that audits conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- 
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
  - Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
  - Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

#### **Supplemental Schedule Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements

### (Modified Cash Basis)

#### December 31, 2024 and 2023

---

#### 1. Description of the Plan

The following description of the Kamehameha Schools 401(k) Retirement Savings Plan (the “Plan”) provides general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

##### **General**

The Plan is a defined contribution plan adopted by the Kamehameha Schools (the “Schools”), the plan sponsor, effective July 1, 2002. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

##### **Participation**

All eligible employees of the Schools, Pauahi Management Corporation, and Kamehameha Investment Corporation (wholly-owned subsidiaries of Bishop Holdings Corporation, which is a subsidiary of the Schools) (collectively referred to as the “Participating Employers”) are allowed to participate in the Plan. Regular employees are eligible to make voluntary pre-tax or after-tax salary reduction or any after-tax contributions upon the employee’s date of hire. Temporary and casual employees are eligible upon earning 1,000 hours of service during a period of 12 consecutive months. Limited term employees (project-related employees employed for no longer than three years) are eligible to participate in the Plan on the employee’s date of hire.

Regular and grandfathered limited term employees who were in service on June 30, 2014 and regular employees hired after June 30, 2014 are eligible to participate in non-elective employer contributions.

##### **Administration of Plan Assets**

The Retirement Committee is appointed by the Schools’ board of trustees and is responsible for management and administration of the Plan. Under the provisions of a contractual agreement, plan assets are held by Fidelity Management Trust Company, (the “Trustee”), whose primary functions are to hold the Plan’s assets and execute investment transactions.

##### **Contributions**

Each year, participants may elect to defer up to 75% (12% for highly compensated employees effective April 1, 2022) of pre-tax or after-tax annual compensation, as defined in the plan document, up to the maximum amount allowed by the Internal Revenue Code (“IRC”). Effective April 1, 2022, participants may also make voluntary after-tax contributions up to 75% of their annual compensation. The sum of a participant’s deferral and voluntary after-tax contributions may not exceed 75% of their annual compensation. Participants who do not make a deferral election within the election period are subject to an automatic pre-tax deferral election of 6%. Deferral elections for participants on December 31 of the prior plan year automatically increase by 1% every first payroll period in February during the plan year until a 10% deferral rate is reached. The increase does not apply to those participants making affirmative deferral elections within a 35-day lookback period or an automatic deferral election for the same plan year.

The Participating Employers provide a matching contribution of 100% of the participant’s contribution, with a maximum matching contribution equal to 6% of the participant’s eligible compensation. Matching contributions are reviewed at the end of the plan year and adjusted to ensure that each eligible participant received the lesser of 1) a stated percentage of their elective deferral or 2) a stated percentage of their eligible compensation.

# **Kamehameha Schools 401(k) Retirement Savings Plan**

## **Notes to Financial Statements**

### **(Modified Cash Basis)**

#### **December 31, 2024 and 2023**

---

Eligible participants receive non-elective employer contributions of 4% of their eligible compensation. The Schools have the discretion of adjusting the percentage annually.

Participants may contribute amounts representing rollover distributions from other qualified retirement plans.

Participants may also make in-plan Roth rollover contributions or in-plan Roth conversions.

#### **Participant Accounts**

Each participant's account is credited with participant and employer contributions and an allocation of net earnings. Allocations of net earnings are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investment accounts are participant directed.

#### **Vesting**

Participants are vested immediately in participant and employer matching contributions plus actual earnings thereon.

Eligible participants on June 30, 2014 were vested immediately in non-elective employer contributions. Eligible participants hired after June 30, 2014 are vested upon completing two years of service, attaining the normal retirement age, death, disability, the complete or partial termination of the Plan, or the discontinuance of employer contributions.

#### **Notes Receivable from Participants**

Participants may borrow from their fund account up to 50% of their vested account balance associated with participant contributions or up to a maximum of \$50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. The loan is to be repaid with interest within five years (or longer if the loan is used for the purchase or construction of a personal residence). The loans are collateralized by the balance in the participant's account and bear interest at prevailing rates. Principal and interest are paid ratably through payroll deductions. At December 31, 2024, participant loans bear interest at various rates ranging from 4.25% to 9.50% and mature in years beginning in 2025 through 2039.

#### **Hardship Distributions**

Participants may make withdrawals from their deferred income account to satisfy a financial hardship, as described in the plan document.

#### **Payment of Benefits**

Upon a participant's death, disability, retirement or other termination of employment with the Schools, the participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or partial distributions, as defined by the plan document. However, if a participant's vested interest in his or her account was less than the cash-out limit of \$7,000, the participant's vested interest shall be distributed in a lump sum as soon as practicable.

#### **Forfeitures**

Forfeited unvested non-elective employer contributions are typically first used to pay the administrative costs of the Plan, and then may be added to the non-elective employer contributions for the plan year.

## Notes to Financial Statements

### (Modified Cash Basis)

#### December 31, 2024 and 2023

---

#### **Revenue Credits and Administrative Expenses**

Certain mutual funds provide revenue credits to the Plan and its participants which are used to pay for certain administrative expenses or allocated to participant accounts. Administrative expenses that are not paid with revenue credits or allocated to participant accounts are paid by the Schools. Any leftover revenue credits not used to pay administrative expenses are allocated back to participants.

#### **Plan Termination**

Although they have not expressed any intent to do so, the Participating Employers have the right to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA.

## **2. Summary of Significant Accounting Policies**

#### **Basis of Accounting**

The accompanying financial statements have been prepared on a modified cash basis of accounting. Under this method, additions to net assets available for benefits, except for net appreciation in fair value of investments, are recognized when received rather than when earned, and deductions from net assets available for benefits, except for net depreciation in fair value of investments, are recognized when paid rather than when the obligation is incurred.

Accordingly, the financial statements are intended to present net assets available for benefits and changes in net assets available for benefits in conformity with a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

#### **Use of Estimates**

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### **Risks and Uncertainties**

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits (modified cash basis) and the statements of changes in net assets available for benefits (modified cash basis).

#### **Fair Value Measurements**

For financial and nonfinancial assets reported at fair value, the Plan defines fair value as the price that would be received to sell an asset in the principal or most advantageous market in an orderly transaction between market participants. The Plan measures fair value using observable and unobservable inputs based on the following hierarchy:

- **Level 1** – Quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access at the measurement date.
- **Level 2** – Inputs other than quoted market prices included within Level 1 that are observable for an asset, either directly or indirectly.

# Kamehameha Schools 401(k) Retirement Savings Plan

## Notes to Financial Statements

### (Modified Cash Basis)

#### December 31, 2024 and 2023

---

- **Level 3** – Unobservable inputs for an asset reflecting the Plan’s own assumptions. Level 3 inputs should be used to measure fair value to the extent that observable Level 1 or Level 2 inputs are not available.

The asset’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following methods and assumptions were used by the Plan in estimating the fair value of its investments:

- **Mutual funds** – The fair value of mutual funds was estimated using the participation units owned by the Plan based on quoted market prices, which represent the net asset value of units held by the Plan at year-end. These mutual funds are generally categorized in Level 1 of the fair value hierarchy.
- **Common collective trust funds** – The Plan invests in the T. Rowe Price Stable Value Fund (“SV Fund”) which is a common collective trust fund that is composed of fully benefit responsive investment contracts including guaranteed investment contracts issued by insurance companies; investment contracts issued by banks; synthetic investment contracts (“SICs”) issued by banks, insurance companies, and other issuers (collectively, “investment contracts”) and securities supporting such SICs; and other similar instruments which are intended to maintain a constant net asset value while permitting participant-initiated benefit responsive withdrawals for certain events. Fair value was estimated using the cost method based on the net asset value of units of the SV Fund. The SV Fund is categorized as Level 2 in the fair value hierarchy.

The Plan also invests in the Vanguard Target Retirement Trust II series, which consists of common collective trust funds (“CCT funds”) managed by Vanguard Fiduciary Trust Company. The underlying holdings of these CCT funds are invested in a separate master trust. The Plan’s investments in the CCT funds are valued using a cost approach at the unit share value as determined by the CCT funds. The unit share value is determined by dividing the net assets of the CCT funds by the number of unit shares. The CCT funds are categorized in Level 2 of the fair value hierarchy.

- **Self-directed brokerage** – Investments in the self-directed brokerage account consist of common stock, mutual funds, exchange traded funds, preferred stock, options, certificates of deposit, and interest bearing cash. Common stock, mutual funds, exchange traded funds, preferred stock, and options are based on quoted market prices on the last trading day of the plan year or the net asset value of units held by the Plan. Interest bearing cash is estimated based on a cost approach with cost approximating fair value. Common stock, mutual funds, exchange traded funds, preferred stock, options, and interest bearing cash are categorized as Level 1 in the fair value hierarchy. Certificates of deposit are estimated based on a cost approach using inputs observable in active markets for similar securities. Certificates of deposit are categorized as Level 2 in the fair value hierarchy.

#### **Income Recognition**

The Plan’s investments are stated at fair value. The Plan presents in the statements of changes in net assets available for benefits (modified cash basis), the net appreciation in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Purchases and sales of investments are recorded on a settlement date basis. Dividend income is recorded when received.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. Related fees are recorded as benefit payments when paid. Delinquent participant loans are classified as benefit payments paid to participants based upon the terms of the plan document.

**Payments of Benefits**

Benefits are recorded when paid. There were no participant elections to withdraw funds, which remained unexecuted at December 31, 2024 or 2023.

**Income Taxes**

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

**Subsequent Events**

The Plan has reviewed all events that have occurred from January 1, 2025 through September 4, 2025, the date that the financial statements were available for issuance, for proper accounting and disclosure in the financial statements.

**3. Investments**

The Plan's investments reported at fair value on a recurring basis have been categorized based on the fair value hierarchy in Note 2 as of December 31, 2024 and 2023 as follows:

	Level 1	Level 2	Level 3	Total
<b>2024</b>				
Mutual funds	\$ 233,991,841	\$ -	\$ -	\$ 233,991,841
Common collective trust funds	-	402,526,632	-	402,526,632
Self-directed brokerage	8,796,036	-	-	8,796,036
Total investments, at fair value	<u>\$ 242,787,877</u>	<u>\$ 402,526,632</u>	<u>\$ -</u>	<u>\$ 645,314,509</u>
<b>2023</b>				
Mutual funds	\$ 532,396,674	\$ -	\$ -	\$ 532,396,674

Self-directed brokerage	5,378,446	77,695	-	5,456,141
Total investments, at fair value	<u>\$ 537,775,120</u>	<u>\$ 12,627,956</u>	<u>\$ -</u>	<u>\$ 550,403,076</u>

The following information has been certified as complete and accurate by the Trustee of the Plan:

- All information in the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023.
- Investment income, including net appreciation in the fair value of investments, dividend income, and interest income on notes receivable from participants presented in the statements of changes in net assets available for benefits (modified cash basis) for the years ended December 31, 2024 and 2023.
- All information presented in the supplemental Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2024.

---

**4. Tax Status**

The Plan is relying upon an advisory letter issued by the Internal Revenue Service (“IRS”) to Fidelity Management and Research Company under the IRS’s pre-approved plan program that the Plan constituted a qualified trust under Section 401(a) of the IRC and is therefore exempt from federal income taxes under provisions of Section 501(a). The Plan has been amended since receiving the advisory letter. However, the Schools and plan management believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

**5. Exempt Party-In-Interest Transactions**

Certain investments represent units of investment funds managed by the Trustee, therefore, transactions with these investment funds qualify as exempt party-in-interest transactions.

Certain administrative expenses incurred by the Plan are included as administrative expenses in the statements of changes in net assets available for benefits (modified cash basis) as they are paid through the revenue credit program managed by the Trustee. Revenue credits used to pay expenses amounted to \$26,597 and \$19,938 in 2024 and 2023, respectively.

Participants are required to pay certain fees to the Trustee in conjunction with benefit payments or loan withdrawals. These exempt party-in-interest transactions were not significant in 2024 or 2023 and are included in administrative fees in the financial statements.

**6. Reconciliation of Financial Statement to Form 5500**

In 2024 and 2023, certain notes receivable from participants became delinquent. The points in time which delinquent notes receivable from participants are deemed to be distributions are different under the provisions of the plan document and the IRC. As a result, net assets available for benefits and the net increase in net assets available for benefits as of and for the years ended December 31, 2024 and 2023, respectively, differ between the financial statements and Form 5500 due to these deemed distributions:

	<b>Per Audited Financial Statements</b>	<b>Differences</b>	<b>Per Schedule H of Form 5500</b>
<b>2024</b>			
Net assets available for benefits	\$ 653,737,279	\$ (245,217)	\$ 653,492,062
Net increase in net assets available for benefits	95,710,849	(26,820)	95,684,029
<b>2023</b>			
Net assets available for benefits	\$ 558,026,430	\$ (218,397)	\$ 557,808,033
