LEWIS BOLT & NUT COMPANY 401(K) PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Lewis Bolt & Nut Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lewis Bolt & Nut Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lewis Bolt & Nut Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Respectfully submitted,

LEWIS BOLT & NUT COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 1 DESCRIPTION OF PLAN

The following description of the Lewis Bolt & Nut Company 401(k) Plan (the Plan) is intended to provide only general information. Participants should refer to the Summary Plan Description or the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) defined contribution plan covering substantially all employees of Lewis Bolt & Nut Company (the Company). The Plan became effective on July 1, 1996. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and all requirements of Sections 401(a) and 401(k) of the Internal Revenue Code.

Plan Administration

The Company is the Plan Sponsor and Plan Administrator and has appointed Fidelity Management Trust Company (Trustee/Custodian) as custodian and trustee of the Plan. The Custodian pays the distributions and retirement benefits at the direction of the Plan Administrator and provides custodial and investment management services with respect to the net assets of the Plan. The Custodian also advises the Plan Administrator of compliance with ERISA and other matters related to the operation of the Plan.

Eligibility

Each employee meeting minimum eligibility requirements is eligible to participate and can become a participant on January 1, April 1, July 1, or October 1 following their completion of one year of service.

Participant Wage Deferrals

Participants may elect to contribute between 0% to 60%, or a specified dollar amount, of their compensation to the Plan via wage deferrals subject to a calendar year dollar limit determined annually by the Internal Revenue Service. Participants may make two types of contributions to the Plan – a pre-tax 401(k) deferral or a Roth 401(k) deferral.

Employer Contributions

The Plan provides an employer safe harbor matching contribution equal to 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation. Employer safe harbor matching contributions of \$535,298 and \$520,787 were made for the years ended December 31, 2024 and 2023, respectively.

The Plan also provides for discretionary matching contributions up to 4% of eligible participant compensation. There were no discretionary matching contributions for the years ended December 31, 2024 and 2023.

Rollover Contributions

The Plan provides for participants and nonparticipants to rollover contributions from other qualified retirement or profit sharing plans.

LEWIS BOLT & NUT COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 1 **DESCRIPTION OF PLAN** – Continued

Participant Accounts

Each participant's account is credited with the participant's wage deferrals, allocations of the employer's contributions, and allocation of plan earnings (losses), and charged with plan withdrawals and an allocation of administrative expenses.

The allocation of the employer's matching contribution is based on each participant's ratio of their wage deferral percentage to the total deferral of all qualifying participants. Allocation of plan earnings (losses) is based on the share of each individual fund in a participant's account to the total of each fund in all participants' accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their contributions and all employer contributions into various investment options offered by the Plan. The Plan currently offers its participants 29 diversified funds as investment options.

Vesting

Participants are immediately 100% vested in their wage deferral and employer safe harbor matching contributions and earnings on these deferrals. The following schedule determines vesting for the employer discretionary matching contributions:

<u>Years of Vesting</u>	<u>Percentage Vested</u>
Less Than One Year	0%
One Year	20%
Two Years	40%
Three Years	60%
Four Years	80%
Five or More Years	100%

Forfeited Accounts

Forfeitures of nonvested amounts for terminated participants or forfeitures from excess employer contributions can be used to reduce plan administrative expenses or to reduce future employer contributions.

During 2024 and 2023 the Plan used forfeitures totaling \$5,903 and \$0, respectively, to pay for administrative expenses. At December 31, 2024 and 2023, there was \$10,991 and \$5,626 of forfeited nonvested account balances, respectively.

Notes Receivable from Participants

Participant loans are permitted in accordance with the Plan's written loan policy. Loans may not exceed 50% of the participant's vested account balance and may not exceed \$50,000 for any participant. Participants are limited to only one loan at any given time. Loans bear interest at 3%. Payments are made monthly through payroll deductions over the loan term, not to exceed five years. Primary residence loans are an exception where terms are not to exceed 15 years.

Payment of Benefits

Upon termination of employment, participants are entitled to receive an amount equal to their vested account balance, determined as of the valuation date. The participants may elect to receive their benefits in a lump sum payment or defer some or all of the distribution within the provisions set forth in the Plan Document.

NOTE 2 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting and Presentation

The financial statements of the Plan are prepared using the accrual method of accounting.

The financial statements and related notes are intended to conform with The Department of Labor's rules of Section 103(a)(3)(C) and regulations for reporting and disclosures under The Employee Retirement Income Security Act of 1974. All information required to comply with these laws has been included herein and is in conformity with those laws.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income (Loss) Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. The realized gain or loss on sales of investments is determined based upon the average cost of investments sold. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividend income is recorded on the ex-dividend date. Interest is recorded as earned.

Notes Receivable from Participants

Notes receivable from participants are measured at amortized cost which includes their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. The Plan estimates expected credit losses on Notes Receivable from Participants based on historical experience, current conditions, and reasonable and supportable forecasts. The Plan utilizes an aging analysis to determine the allowance for credit losses, considering the length of time the receivables have been outstanding and the likelihood of collection. The Plan's credit quality indicators include the participant's employment status and repayment history. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

NOTE 2 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued**

Notes Receivable from Participants – Continued

The estimate of expected credit losses reflects the Plan's assessment of future economic conditions and their potential impact on participants' ability to repay their loans. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were excess contributions of \$747 and \$0 as of December 31, 2024 and 2023, respectively.

Administrative Expenses

Personnel within the Plan Sponsor's organization perform various administrative services for the Plan. The payroll and related overhead costs associated with these services are not included as plan expenses. The Plan incurred administrative expenses during the 2024 and 2023 plan years consisting of custodian and other administrative fees to Fidelity Management Trust Company of \$15,028 and \$7,700 and investment advisory fees to Sheridan Road Financial of \$0 and \$12,296 and investment advisory fees to Global Retirement Partners LLC of \$30,510 and \$13,175, respectively. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and reported as administrative expenses on the statements of changes in net assets available for benefits. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Management has evaluated subsequent events, for transactions and events that would require recognition in the financial statements or disclosures, through August 11, 2025, which is the date the financial statements were available to be issued.

NOTE 3 **INFORMATION CERTIFIED BY THE PLAN TRUSTEE (UNAUDITED)**

In accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Sponsor has received certifications from the Trustee as to the accuracy and completeness of certain Plan financial information. The Independent Auditors have not audited the following information regarding investments and earnings (losses) on investments and notes receivable from participants and interest income from participant notes contained in the financial statements and supplemental schedule to the financial statements as it has been certified by the Trustee for the applicable periods:

- Investment balances
- Dividends and interest from investments
- Notes receivable from participants and interest income
- Net appreciation in fair value of investments
- Supplemental Schedule of Assets (Held at End of Year) – December 31, 2024

NOTE 4 FAIR VALUE MEASUREMENTS

The Fair Value Measurements Topic of the FASB Accounting Standards Codifications establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none">◆ Quoted prices for similar assets or liabilities in active markets;◆ Quoted prices for identical or similar assets or liabilities in inactive markets;◆ Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 FAIR VALUE MEASUREMENTS – Continued

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 10,440,002	\$ -	\$ -	\$ 10,440,002
Collective Trust at NAV (a)	-	-	-	581,472
Investments at Fair Value	\$ 10,440,002	\$ -	\$ -	\$ 11,021,474

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 8,661,720	\$ -	\$ -	\$ 8,661,720
Collective Trust at NAV (a)	-	-	-	568,290
Investments at Fair Value	\$ 8,661,720	\$ -	\$ -	\$ 9,230,010

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV or its equivalent have not been classified in the fair value hierarchy. The fair value amounts in the table above are intended to permit reconciliation of the fair value hierarchy to the items presented in the Statements of Net Assets Available for Benefits.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023:

Investment Type	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2024	2023			
Collective Trust	\$ 581,472	\$ 568,290	N/A	Daily	None

The Plan Administrator determines the fair value measurement policies and procedures. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted as necessary, based on current market conditions and other third-party information.

NOTE 5 ABILITY TO TERMINATE THE PLAN

The Plan Sponsor has the right to discontinue its contributions or terminate the Plan at any time subject to the provisions of ERISA. In the event the Plan is completely terminated, all amounts credited to the affected participants’ accounts shall become 100% vested and shall not be subject to forfeiture. All unallocated amounts shall be allocated to the accounts of all participants in accordance with the provisions of the Plan Document. Upon such termination, the Plan Sponsor will direct the Trustee and Plan Administrator either to completely distribute all assets in the trust fund to the participants or continue the trust and distribute benefits in such a manner as though the Plan had not been terminated.

NOTE 6 **FEDERAL INCOME TAX STATUS**

Fidelity Management Trust Company, the provider of the prototype Plan Document adopted by the Plan has received an opinion letter in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code. The Plan is relying on an opinion letter that the prototype plan received from the Internal Revenue Service, that the Plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The prototype plan has been amended since receiving the opinion letter. However, the Plan Administrator believes the prototype plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan Administrator believes the Plan meets the requirements of Section 401(a) of the IRC and is exempt from federal income tax under Section 401(a) of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 **PARTY-IN-INTEREST TRANSACTIONS**

Plan Trustee and Custodian

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions and are denoted as such on the Supplemental Schedule of Assets (Held at End of Year). The Trustee is not precluded under contract provisions or by ERISA, from executing investment transactions involving assets under the Trustee's control.

NOTE 8 **RISKS AND UNCERTAINTIES**

The Plan provides for investment in a variety of mutual and investment funds. These funds hold various securities including U.S. Government securities, corporate debt securities, and equities. Investments in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments could occur in the near term and that such changes could materially affect the value of investments.
