INDEPENDENT AUDITOR'S REPORT

X Corp. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of X Corp. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

X CORP. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the X Corp. 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document and amendments for more specific provisions of the Plan.

A. General

The Plan is a defined contribution plan established in 2007 by X Corp. (the “Company”) to provide benefits to eligible employees as defined in the Plan document. The Plan was amended and restated January 1, 2022. The plan administrator believes the Plan is designed and operated in compliance with applicable provisions of the Internal Revenue Code (the “Code”) and provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

B. Amendment

The Plan was amended effective as of August 1, 2024 to exclude fixed term contractors from being eligible to participate in the Plan.

C. Administration and Expenses

The Company has appointed the 401(k) Advisory Committee to manage the operation and administration of the Plan. The Vanguard Group and its affiliate Vanguard Fiduciary Trust Company (collectively, “Vanguard”) serve as trustee and third-party administrator responsible for maintaining participant records. Certain investment fund management fees and operating expenses are charged directly to Plan investment funds and are factored into each fund as a reduction in investment return. Certain fees including recordkeeping, withdrawal, and participant loan administration fees are charged directly to participants. The Company pays the majority of other costs of administering the Plan.

D. Eligibility

All employees are eligible to make an elective deferral contribution into the Plan and to receive the employer matching contribution. Excluded classes of employees are union employees, non-resident aliens, leased employees, residents of Puerto Rico, interns, employees incorrectly determined to be independent contractors, and fixed term contractors, effective August 1, 2024.

E. Participant Contributions

Participants may elect to make pre-tax 401(k) contributions and after-tax Roth 401(k) and /or after-tax contributions to the Plan up to the amount allowable under Code regulations. Participants age 50 and older may elect to make additional catch-up contributions as allowed under Code regulations. All newly eligible employees are automatically enrolled in the Plan on the first day of the month after satisfying eligibility requirements, at a deferral rate of 6% of eligible compensation. If newly eligible employees do not make an election to change their deferral percentage, this deferral rate will increase each year by 1% up to a maximum rate of 10%.

X CORP. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

E. Participant Contributions (Continued)

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with participant investment directions.

F. Employer Contributions

The Company matches 100% of each eligible participant's elective deferrals not in excess of 3% of a participant's compensation. The employer matching contribution is calculated and deposited on a payroll-period basis. The Company is allowed to make discretionary contributions to the Plan in the form of profit-sharing contributions, as defined in the Plan and as approved by the Board of Directors. No discretionary profit-sharing contribution was made for the year ended December 31, 2024.

G. Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, Company contributions, and the participant's share of investment earnings or losses and expenses. Participants may direct their investments among a core group of investment funds offered under the Plan, or they may elect to establish a self-directed brokerage account in which they may invest in any investment security approved by the Plan.

Contributions allocated to participants who decline to make an investment election are invested in the T. Rowe Price Retirement Fund appropriate for an individual's age and projected date of retirement.

H. Vesting and Forfeitures

Participants are immediately vested in their contributions, including employer matching contributions and employer discretionary profit-sharing contributions, and related earnings.

Forfeitures are created when a determination is made that the sum of a participant's contributions to a previous employer's plan and this Plan exceeded current income tax regulations during the same year. Reimbursements are paid to the participants by the Plan Sponsor for any amounts determined to exceed the threshold while the amounts in Plan assets are forfeited back into the Plan. Forfeitures are retained in the Plan and may be used to pay Plan administrative expenses or reduce future employer contributions. Forfeited nonvested accounts totaled approximately \$27,000 and \$26,000, respectively, as of December 31, 2024 and 2023.

I. Payment of Benefits

Normal retirement age is 65. Upon termination of service, death, disability, retirement, or attainment of age 59½, a participant or beneficiary may maintain his or her account in the Plan or choose to receive vested benefits in a lump sum or to the extent necessary to satisfy minimum distribution requirements, installments. Hardship distributions are permitted under limited circumstances as provided in the Plan if approved by the plan administrator.

X CORP. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

J. Notes Receivable from Participants

The Plan allows participants to borrow not less than \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. A loan is secured by the participant's account balance; bears interest at the available market financing rates at loan inception and must be repaid to the Plan within five years unless the loan is used for the purchase of a primary residence in which case the term may be extended. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants at December 31, 2024 carry interest rates ranging from 4.25% to 9.50% with various maturities through February 2032.

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Delinquent notes are recorded as a distribution based on the terms of the Plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect reported amounts and disclosures. Actual results may differ from these estimates.

C. Investment Valuation and Income Recognition

Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Mutual fund capital gains distributions are included in dividend income. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

D. Payments of Benefits

Benefits are recorded when paid.

E. Risks and Uncertainties

Plan investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with investments, it is at least reasonably possible that changes in value of investments will occur in the near term and such changes could materially affect participant accounts and amounts reported in the financial statements.

X CORP. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 3 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments and managed by affiliates of the trustee. Purchases and sales of these investments and payments of direct and indirect administrative fees to Plan service providers by the Plan are considered party-in-interest transactions under ERISA regulations. Such transactions are permitted under provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 4 - INCOME TAX STATUS

The Company adopted a prototype plan that has received a favorable opinion letter from the Internal Revenue Service stating that the form of the Plan qualifies under applicable provisions of the Code. The Company believes the Plan is operated in accordance with and qualifies under applicable requirements of the Code and related state statutes, and the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a tax position that more likely than not would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate or amend the Plan subject to provisions of ERISA. The accounts of participants affected by partial or complete termination of the Plan are nonforfeitable and will be determined as of the termination date.

NOTE 6 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year) including investments held at December 31, 2024 and 2023, and net appreciation of investments, interest and dividends for the year ended December 31, 2024, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Vanguard Fiduciary Trust Company, the trustee of the Plan.

NOTE 7 - FAIR VALUE MEASUREMENTS

Accounting guidance establishes a hierarchy that prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy Level 1 inputs are quoted prices for identical securities in an active market. Level 2 inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management estimates of assumptions market participants would use in pricing the asset or liability.

X CORP. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 7 - FAIR VALUE MEASUREMENTS (Continued)

Mutual funds are valued at the daily closing price reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded. Self-directed brokerage accounts consist primarily of mutual funds, common stocks, exchange-traded funds, and money market accounts that are valued on the basis of readily determinable market prices. Although the plan administrator believes this valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value could result in a different fair value measurement at the reporting date.

The following tables set forth Plan investments measured at fair value based on the inputs used to value them at December 31:

	2024			Total
	Level 1	Level 2	Level 3	
Mutual Funds	\$ 281,383,896	\$ -	\$ -	\$ 281,383,896
Self-Directed Brokerage Accounts	14,385,169	-	-	14,385,169
Total Assets in the Fair Value Hierarchy	<u>\$ 295,769,065</u>	<u>\$ -</u>	<u>\$ -</u>	295,769,065
Investments Measured at Net Asset Value ^A				<u>278,031,703</u>
				<u>\$ 573,800,768</u>

	2023			Total

Investments Measured at Net Asset Value ^A				<u>289,354,967</u>
				<u>\$ 572,009,058</u>

^A In accordance with ASC 820, the Plan investments in common/collective trusts which are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit a reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 8 - FAIR VALUE OF INVESTMENTS THAT CALCULATE NET ASSET VALUE

Units of investment in common/collective trusts are measured at fair value using net assets value per unit as a practical expedient. All common/collective trust investments held by the Plan are direct filing entities. The following table summarizes Plan investments in common/collective trusts at December 31:
