Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: JAMES M. WOOD CPA

(2) EIN: 22-3604710

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X

**CENTRAL JERSEY FAMILY HEALTH CONSORTIUM
403(B) PENSION PLAN
FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
Central Jersey Family Health Consortium 403(b) Pension Plan

Scope and Nature of the Erisa Section 103(a)(3)(C) Audit

I have performed audits of the accompanying financial statements of the Central Jersey Family Health Consortium 403(b) Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the Plan and meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

I draw attention to Note 2 of the financial statements which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America. My opinion is not modified with respect to that matter.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve conclusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

My audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosures requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion on whether the financial statements as a whole are presented fairly, in all material respects, in accordance with modified cash basis of accounting.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The Supplemental Schedules of Assets (Held at End of Year) as of December 31, 2024 and of Assets (Acquired and Disposed of Within Year), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming my opinion on the supplemental schedules, I evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of Plan

The following description of Central Jersey Family Health Consortium 403(b) Pension Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees. Employees are eligible to participate in the plan through salary reduction elective deferrals upon completing 100 hours of service, and are eligible to receive employer contributions upon completing one year of service and 1,000 hours with Central Jersey Family Health Consortium (the Organization). The Plan has an effective date of January 1, 1997. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendment

Effective January 1, 2016, the Plan was amended and restated to change the rate of employer contributions. The Plan was most recently restated on March 25, 2022 with no substantial changes.

Contributions

Participants are permitted to make elective pre-tax deferrals and/or Roth deferrals of their compensation. For the year ended December 31, 2024, participants may contribute up to 100% of pretax annual compensation, not to exceed \$23,000 annually subject to certain Internal Revenue Code limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of an additional \$7,500 for the year ended December 31, 2024.

The Organization makes basic contributions each year equal to 3% of each eligible participant's compensation for those with 1-4 years of service, 6% of each eligible participant's compensation for those with 5-9 years of service, 8% of each eligible participant's compensation for those with 10-14 years of service, and 10% of each eligible participant's compensation for those with 15 or more years of service. The Organization may also make additional discretionary contributions annually wherein 50% is allocated in the same dollar amount to participants employed on the last day of the Plan year and 50% is allocated in the same ratio that each participant's share of the nonelective contribution, excluding the discretionary amount, bears to the total nonelective contribution, excluding the discretionary amount, for all participants employed on the last day of the Plan year.

Rollovers

Rollovers are permitted from a qualified plan.

DECEMBER 31, 2024 AND 2023**

Investment options

For the years ended December 31, 2024, participants direct the investment of their contributions into various mutual funds and a fixed annuity, all offered by Empower.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Organization's contribution and, (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Organization's contribution portion of their accounts is also immediate plus earnings thereon; accordingly, the Plan has no forfeitures.

Plan loans

Participants may borrow directly from the funds held by Empower, a minimum of \$1,000 up to a maximum of 50% of the participant's vested account balance, reduced by any outstanding loan balance, or \$50,000 reduced by the highest outstanding loan balance during the one year period ending on the day before the loan is made. The loans are funded with Plan assets and bear interest rates ranging from 3% to 9.5% with maturities to May 2028. Loan terms are limited to a maximum of 5 years or a maximum of 15 years if the loan proceeds are used for the purchase of a principal residence.

Plan loans outstanding total \$29,773 and \$60,374 as of December 31, 2024 and 2023, respectively.

Payment of benefits

On termination of service due to death, disability, attainment of retirement age, retirement or termination of employment, a participant may elect to receive a lump-sum amount equal to the value of the participant's account. The Plan also permits pre-termination (in-service) distributions upon reaching age 59½, becoming disabled, or for a hardship as defined by the Plan.

Expenses

Certain expenses of maintaining the Plan are paid by the Organization and are therefore excluded from these financial statements. Fees for the administration and maintenance of participant account balances are included in administrative expenses and charged directly to the participants' accounts. Investment related expenses are included in net appreciation of fair value of investments.

(2) Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared in the modified cash basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, income is recorded when investment income and contributions are received, and deductions are recorded when paid. Further, investment securities are recorded at fair value with the unrealized gain or loss recording in the statement of changes in net assets available for benefits.

Use of estimates

The preparation of financial statements in conformity with modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

As of December 31, 2024 and 2023, the Plan's mutual funds are stated at fair value as determined by the Plan custodian (Empower Trust Company LLC) using the practical expedient of net asset value. The Plan's fixed annuities are valued at contract value, which approximates fair value. Fixed annuities are priced daily.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties

The Plan assets are invested in a variety of underlying investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Mutual fund fees

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. The 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and thus not separately identifiable as an expense.

**CENTRAL JERSEY FAMILY HEALTH CONSORTIUM
403(B) PENSION PLAN
NOTES TO THE FINANCIAL STATEMENTS -
MODIFIED CASH BASIS
DECEMBER 31, 2024 AND 2023**

Mutual funds at net asset value

The Plan invests in mutual funds. These assets may be redeemed on demand and there may be additional fees associated with the redemption. These assets are measured at net asset value (NAV). This is a valuation determined by the Administrator. The risk exists that units of these Trusts could be sold at a value different than the NAV.

(3) Investment Information Prepared and Certified by Custodian

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the Empower Trust Company, LLC.

	<u>2024</u>	<u>2023</u>
Mutual funds reported at net asset value (NAV)	\$10,937,273	\$8,175,983
Fixed annuities at contract value	922,945	789,802

Changes in net assets available for benefits for the year ended December 31, 2024:

Investment income	
Net appreciation (depreciation) in fair value	\$687,889
Interest & dividends	336,965

(4) Investment Contract with Insurance Company

The Plan entered into an annuity investment contract with Empower Annuity Insurance Company of America (Empower Annuity). Empower Annuity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract meets the fully benefit responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan, represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value. The Plan Administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value for the general account with Plan participants is not probable.

**CENTRAL JERSEY FAMILY HEALTH CONSORTIUM
403(B) PENSION PLAN
NOTES TO THE FINANCIAL STATEMENTS -
MODIFIED CASH BASIS
DECEMBER 31, 2024 AND 2023**

The contract value of the investment contracts as of December 31, 2024 and 2023 was \$922,945 and \$789,802, respectively. At December 31, 2024 and 2023, the average yield and crediting interest rate for the annuity contract ranged from 1.55% to 2.85%. The crediting interest rate is based on the earnings of the underlying assets compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly.

(5) Fair Value

The Plan's financial statements are presented on the modified cash basis of accounting. Plan assets are measured and stated at fair value in accordance with the Financial Accounting Standards Board's framework for measuring fair value.

The Financial Accounting Standards Board (FASB) in its Accounting Standards Codification (ASC) Topic 820, Fair Value Measurement, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets which the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:
-quoted prices for similar assets or liabilities in active markets;
-quoted prices for identical or similar assets in inactive markets;
-inputs other than quoted prices that are observable for the asset or liability;
-inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

	<u>\$8,175,983</u>	<u>\$8,175,983</u>	<u>\$ -</u>	<u>\$ -</u>

(6) Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. Participants are 100% vested in their employer contributions in the event of Plan Termination.

(7) Risks and Uncertainties

The Plan provides for various investment options in registered investment companies. Investment securities are exposed to various risks, such as interest rate, market and credit.

Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

(8) Party-In-Interest and Related Party Transactions

Certain Plan investments are units of pooled separate accounts and annuities managed by the Trustees. Therefore, these transactions qualify as party-in-interest transactions. Investment advisor fees are deducted from fund earnings prior to allocation of investment returns.

Certain administrative functions are performed by officers or employees of the Organization. No such officer or employee receives compensation from the Plan. The Organization pays for certain administrative fees on behalf of the Plan. The Organization does not expect reimbursement from the Plan for these expenses. These transactions are considered to be party-in-interest transactions exempt from the ERISA prohibited transaction rules.

(9) Tax Status

The Plan is intended to comply with the applicable requirements of Section 403(b) of the Internal Revenue Code (IRC). A tax determination letter program is not yet available for IRC Section 403(b) plans through the Internal Revenue Service (IRS). However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC and as such is exempt from federal income taxes.

The Organization is not aware of any events that have occurred that might adversely affect the Plan from obtaining a qualified status. The Plan is required to operate in conformity with Section 403(b) of the Internal Revenue Code to obtain its qualification.

Under the modified cash basis of accounting, the Plan follows US GAAP in requiring Plan management to evaluate tax positions taken by the Plan. A tax liability or asset is recognized if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

(10) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available according to the financial statements to Form 5500 as of December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$11,889,996	\$9,026,164

(11) Date of Management's Review

The Plan's management has determined that no material events or transactions occurred subsequent to December 31, 2024 and through September 4, 2025, the date of the Plan's financial statement issuance, which would require additional disclosure in the Plan's financial statements.
