As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

### **Disclaimer of Opinion**

We do not express an opinion on the financial statements of Northeast Kingdom Human Services, Inc. Tax Deferred Annuity Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

### **Basis for Disclaimer of Opinion**

As described in Note 2 to the financial statements, Northeast Kingdom Human Services, Inc. The investment income and distributions related to such accounts have also been excluded in the accompanying statements of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonable determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Northeast Kingdom Human Services, Inc. Tax Deferred Annuity Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Our responsibility is to conduct an audit of Northeast Kingdom Human Services, Inc. Tax Deferred Annuity Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Northeast Kingdom Human Services, Inc. Tax Deferred Annuity Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

**Supplemental Schedules Required by ERISA**

The supplemental schedule of assets held for investment purposes at end of year is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Northeast Kingdom Human Services, Inc. Tax Deferred Annuity Plan  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2024

NOTE 1 DESCRIPTION OF PLAN

The following description of Northeast Kingdom Human Services, Inc. Tax Deferred Annuity Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all full-time employees of the Agency. Persons employed on December 31<sup>st</sup> (waived if 59 years of age or older) become eligible for employer contributions upon completion of one year of service during which they have worked at least 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

Employees may elect to contribute 100% of compensation subject to annual IRS dollar limits (\$22,500 and \$20,500) for the years December 31, 2024 and 2022, respectively. In addition, "catch-up" contributions up to \$7,500 and \$6,500, respectively for participants reaching age 50 by December 31, 2024 and 2022.

3. Employer Match

Northeast Kingdom Human Services, Inc. contributes 5% of the participant's eligible compensation exclusive of employee salary reduction. In addition, Northeast Kingdom Human Services, Inc. will match 50% of up to 5% of an employee's elected salary reduction. The company match is remitted annually within 2½ months following the end of the Plan year.

4. Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Vesting

Under the current plan, participants are always 100% vested in their account plus earnings.

6. Payment of Benefits

On termination of service due to death, disability or retirement, the participant or their beneficiary will be eligible for 100% of their account balance. If the participant is married on the date benefits are to begin, he/she will automatically receive a joint and 50% survivor annuity. If the participant is not married on the date benefits are to begin, they will automatically receive a life annuity. A participant may elect an alternative form of payment in either a lump sum, purchase of a different form of annuity or installments over a period of not more than their assumed life expectancy.

NOTE 2      SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments

The Plan's investments are stated at fair value, except for group annuity contracts which are stated at contract value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the plan at year-end. The Plan's Trustees are designated to hold and invest Plan assets for the benefit of the Plan's participants. The Plan's Trustees have selected several TIAA-CREF Mutual Funds for Plan participants to invest their Plan contributions. The mutual funds are invested in various types of investments such as money market investments, stocks, bonds and other governmental obligations.

Plan Termination

Although it has not expressed any intent to do so, the employer has the right to terminate the Plan at any time.

Administration of Plan Assets

Contributions made to the Northeast Kingdom Human Services, Inc. Tax Deferred Annuity Plan are held and invested by the Trustee of the Plan. The Trust Fund established by the Plan's Trustee will be the funding medium used for the accumulation of assets from which benefits will be distributed.

The Plan's administrator keeps the records for the Plan and is responsible for the administration of the Plan.

Use of Estimates

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for group annuity contracts which are valued at contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment contracts held by a defined contribution plan are required to be reported at contract value.

Adoption of FASB ASU 2016-13 and Related Standards

At the beginning of 2023 the Company adopted FASB ASU 2016-13, *Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, as amended, which modifies the measurement of expected credit losses on certain financial instruments. The Company adopted this new guidance utilizing the modified retrospective transition method. The adoption of this Standard did not have a material impact on the Company's financial statements but did change how the allowance for doubtful accounts is determined.

TABLE OF CONTENTS  
December 31, 2024

NOTE 2 SUMMARY OF ACCOUNTING POLICIES (continued)

Excluded Contracts and Accounts

The plan administrator has elected to exclude certain contracts and accounts from plan assets in accordance with DOL FAB 2009-02 due to the fact that:

- The contract or account was issued to a current or former employee before January 1, 2009;
- The employer ceased to have any obligation to make contributions (including employee salary reduction contributions), and in fact stopped making contributions to the contract or account before January 1, 2009;
- All the rights under the contract or account are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the employer; and
- The individual owner of the contract is fully vested in the contract or account.

NOTE 3 RELATED PARTY TRANSACTIONS/PARTIES IN INTEREST

The employer, Northeast Kingdom Human Services, Inc. provides administrative services to the plan at no charge and absorbs significant costs associated with administration of the plan. The plan invests in allocated insurance contracts and annuities sponsored by the plan's custodian, as defined by the plan, and therefore, these transactions qualify as party in interest transactions. The plan paid \$49,833 and \$41,621 to the custodian for administrative fees during the years ended December 31, 2024, and 2023 respectively.

NOTE 4 TAX STATUS

The Plan record keeper obtained its latest opinion letter as a volume submitter on August 7, 2017, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan record keeper and the Plan's sponsor believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and accordingly is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or derecognize an asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRC. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or de-recognition of an asset) or disclosure in the financial statements. The Plan is subject to routine audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The federal tax returns for the years ended after December 31, 2018, remain open for potential examination by the Department of Labor. The plan administrator believes it is no longer subject to income tax examination for years prior to 2018.

NOTE 6 FAIR VALUE MEASUREMENTS

As of the beginning of the plan year, the Plan implemented *Fair Value Measurements*. Fair Value Measurement establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

*Pooled separate accounts:* Valued at the net asset value (NAV) of units of a pooled separate account. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Northeast Kingdom Human Services, Inc. Tax Deferred Annuity Plan  
 NOTES TO FINANCIAL STATEMENTS  
 December 31, 2024

NOTE 6 FAIR VALUE MEASUREMENTS (continued)

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded

The following table presents by level, within the fair value hierarchy, the Plan investment assets at fair value as of December 31, 2024 and 2022. Investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

\* In accordance with Subtopic 820-10 (under ASU 2015-07), certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 7 FAIR VALUE OF INVESTMENTS IN ENTITIES THAT USE NET ASSET VALUE

The following table summarizes investments measured at fair value based on Net Asset Value (NAV) per share as of December 31, 2024 and 2023, respectively.

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
TIAA-CREF Real Estate Fund	\$ 397,300	N/A	Daily	30 days

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
TIAA-CREF Real Estate Fund	\$ 645,269	N/A	Daily	30 days

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

NOTE 9 INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has benefit responsive investment contracts with TIAA. TIAA maintains the contributions in general accounts. TIAA provides a guarantee of principal, a guaranteed minimum rate of interest between 1% and 3% and is adjusted annually. Transfers may only be from the account to non-competing funds within the plan where they must remain for 90 days before being transferred to a competing fund. The value of these contracts at December 31, 2024 and 2023 was \$2,998,255 and \$3,268,681, respectively.

The plan also has a fixed annuity structured as a separate account. The minimum guaranteed interest rate is between 1% and 3% and changes every six months. Transfers may only be from the account to non-competing funds within the plan where they must remain for 90 days before being transferred to a competing fund. Transfers into the account may not be made for 30 days following a transfer out. Contract withdrawals of the entire contract by the plan sponsor may be paid within 90 days or two years. The value of this annuity at December 31, 2024 and 2023 was \$215,660 and \$205,817, respectively.

Northeast Kingdom Human Services, Inc. Tax Deferred Annuity Plan  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2024

NOTE 9 INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

As described in Note 2, because the group annuity contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported by the Plan, represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibitions on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974.

The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The group annuity contract and guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

TIAA-CREF determined that the financial activity related to certain deemed distributions were reported in advance of the participant meeting a triggering event. As a result, reported plan assets in the investment collateralizing the loan (TIAA Traditional Annuity) were understated. In these specific situations the associated investment activity and balances are reportable.

TIAA-CREF tracked the balances associated with these situations on their recordkeeping system. TIAA Traditional Annuity (the investment used to collateralize plan loans) was not considered a plan asset. In March 2010 the DOL issued an Advisory Opinion and concluded that TIAA Traditional Annuity should be reported as an asset in the Plans Form 5500 beginning in 2009. As a result, a Supplemental Investment Report was provided to properly report these plan investments and related activity, summarizing the financial activity at a participant level.

The funds are credited with interest in an amount equivalent to the loan interest being accumulated on the defaulted loan. The investment is fully benefit responsive and upon the employee reaching a triggering event will be distributed and remitted to TIAA in repayment of the defaulted Plan Loan.

NOTE 10 ANNUITY SETTLEMENTS – ALLOCATED CONTRACTS

Upon employment termination, participants may elect to purchase individual annuity contracts. These allocated contracts are fully guaranteed by TIAA CREF and pursuant to generally accepted accounting principles and Form 5500 reporting requirements, are excluded from the plan's financial statements because the purchase of the contract transfers the obligation to pay the benefits and the related risks to the insurance contract. The subsequent stream of annuity payments occurs outside of the plan and does not represent an obligation of the plan.
