## **INDEPENDENT AUDITORS' REPORT**

401(k) Investment Committee of  
Edwards Wood Products, Inc. 401(k) Retirement Plan  
Marshville, North Carolina

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of the Edwards Wood Products, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Edwards Wood Products, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Edwards Wood Products, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Edwards Wood Products, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Edwards Wood Products, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Edwards Wood Products, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of Assets Held at End of Year as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**EDWARDS WOOD PRODUCTS, INC. 401(k) RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**Note A**

**Description of Plan**

The following description of the Edwards Wood Products, Inc. 401(k) Retirement Plan, referred to as (the "Plan"), provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

**General**

The Plan is a defined contribution plan that provides retirement benefits for eligible employees of Edwards Wood Products, Inc., Edwards Wood Products, Inc./Transportation, and Edwards Timber Company, Inc. (collectively the "Company"). Participation in the Plan is voluntary and is offered to all eligible employees who have completed one (1) year of service as described in the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The 401(k) Investment Committee oversees governance of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan was amended and restated effective July 1, 2017, to adopt the Principal Financial Group's Prototype Basic Savings Plan and their latest Adoption Agreement. The Plan was amended in 2018 to comply with the Unilateral Interim Amendment to comply with the 2017 Final Regulations Under ERISA Section 503. The Plan was amended and restated effective April 6, 2022, to comply with the Internal Revenue Service's ("IRS") Cycle 3 restatement requirements.

**Contributions**

Each year, Participants may contribute from one percent (1%) up to seventy-five percent (75%) of pre-tax or after-tax annual compensation (Roth deferrals), as defined in the Plan. Participants who have attained age fifty (50) before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled Participants have their deferral rate set at three percent (3%) of eligible compensation and their contributions invested in a designated balanced fund until changed by the Participant. The Company offers a discretionary match and contributes fifty percent (50%) of the first six percent (6%) of the base compensation that a Participant contributes to the Plan. These contributions are maintained individually within each Participant's account in an Employee Account. Contributions are subject to certain IRS limitations.

An employee may roll over into this Plan, a distribution which qualifies as an "eligible rollover distribution" under IRC Section 402(c)(4). An "eligible rollover distribution" can be made from a 401(a) plan, 403(a) plan, 403(b) plan, 408(a) plan, 408(b) plan, 457(b) plan or a defined benefit plan.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**Note A**

**Description of Plan (Continued)**

Investment Options

Assets are held and invested by Principal Life Insurance Company, Principal Global Investors Trust Company, and Delaware Charter Guarantee and Trust Company (the trustees), as directed by the Participants. The Plan invests in mutual funds, pooled separate accounts and a common collective trust. Participants may change their investment options at any time.

Participant Accounts

Each Participant's account is credited with the Participant's contributions (rollovers, Roth or pre-tax deferrals) and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on Participant earnings, account balances or set fees as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Vesting

Participants are one hundred percent (100%) vested in their deferral contributions plus earnings thereon, at all times. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Payment of Benefits

Normal Retirement Date - The normal retirement date is the first day of the month coinciding with, or next following, the day the participant reaches age 65. At the direction of the plan administrator, a retiring or terminating participant is paid the value of his or her account in a lump sum, life annuities, a specified dollar amount each year, or fixed period and fixed payment installments.

Severance of Employment - If a participant ceases to be employed with the Sponsor for reasons other than death, disability, or early or normal retirement, the vested balance in the account will be distributed to the beneficiary as soon as administratively feasible in the form of a lump sum payment. However, if the value of the vested account balance does not exceed \$5,000, except in the case of rollovers, then a distribution will be made regardless of whether the participant consents to receive it. In all cases, the non-vested portion of a participant's account will be forfeited.

If a participant dies before he or she severs employment with the Sponsor, or after he or she severs employment but prior to the distribution of his or her benefits, 100% of the participant's vested benefits will be distributed to his or her designated beneficiary in a single lump sum payment. However, if the participant is married and their spouse is their beneficiary and they have been married for a full year before death, death benefits are paid to the participant's spouse monthly for as long as the spouse lives.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**Note A**

**Description of Plan (Continued)**

Other Withdrawals - A participant may withdraw all or part of the value of his or her rollover contributions account at any time. Additionally, a participant may make a hardship withdrawal in the event of severe financial need (as defined by Internal Revenue Service Regulations) for certain qualified expenditures. In-service distributions are also allowed upon attainment of the early retirement age, 55.

**Forfeitures**

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$- and \$4, respectively. The Plan uses forfeited non-vested accounts to reduce the Plan's administrative expenses and to reduce future employer contributions. During the year ended December 31, 2024, forfeited Participant accounts were used to pay administrative expenses and reduce employer contributions by \$14,555 and \$44,510, respectively.

**Note B**

**Summary of Significant Accounting Policies**

**Basis of Accounting**

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

**Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, Trustees and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of Benefits**

Benefits are recorded when paid.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**Note B**

**Summary of Significant Accounting Policies (Continued)**

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Contributions

Participant contributions and the related Company matching contributions are recognized in the period the participant contribution is withheld from compensation.

Excess Contributions Payable

At December 31, 2024, amounts payable to participants totaling \$22,347 for contributions in excess of amounts allowed by the IRS are recorded as accounts payable, with a corresponding reduction to 2024 contributions. The Plan distributed the excess contributions prior to March 15, 2025. There were no excess contributions for the year ended December 31, 2023.

Subsequent Events

The Plan has evaluated subsequent events through August 4, 2025, the date the financial statements were available to be issued.

**Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three Levels of the fair value hierarchy under FASB ASC 820 are described as follows:

<b>Level 1</b>	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
<hr/>	
<b>Level 2</b>	<p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"> <li>– quoted prices for similar assets or liabilities in active markets;</li> <li>– quoted prices for identical or similar assets or liabilities in inactive markets;</li> <li>– inputs on other than quoted prices that are observable for the asset or liability;</li> <li>– inputs that are derived principally from or corroborated by observable market data by correlation or other means.</li> </ul> <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
<hr/>	
<b>Level 3</b>	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

**Pooled Separate Accounts:** Pooled separate accounts (PSAs) invest in mutual funds. The fair value of the mutual funds is a publicly quoted pricing input and is used in determining the net asset value (NAV) of the PSAs, which is not publicly quoted. These PSAs can be redeemed at NAV as of the measurement date.

**Fair Value Measurements (Continued)**

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Valued at the NAV of the units of a bank collective trust. NAV is used as a practical expedient to estimate fair value. The fair value of conventional investment contracts is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year end. Individual assets of the synthetic investment contract are generally valued at representative quoted market prices. Short-term securities, if any, are stated at amortized cost, which approximates market value. Debt securities are valued on the basis of valuations furnished by a pricing service approved by the Trustee, which determines valuations using methods based on market transactions for comparable securities and various relationships between securities which are generally recognized by institutional traders. Accrued interest, if any, on the underlying investments is added to the fair value of the investments for presentation purposes.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2024 and 2023:

<b>Assets at Fair Value as of December 31, 2024</b>

**Fair Value Measurements (Continued)**

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes investments at fair value based on NAV per share as of December 31, 2024 and 2023:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
December 31, 2024:				
Pooled separate accounts	\$ 11,639,242	None	Daily	None
Common collective trusts	2,748,891			
December 31, 2023:				
Pooled separate accounts	\$ 10,517,994	None	Daily	None
Common collective trusts	2,805,929

**Certification by Trustees**

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate Principal Life Insurance Company, Principal Global Investors Trust Company, and Delaware Charter Guarantee and Trust Company (the trustees of the Plan).

**Note E**

**Related-Party Transactions and Party-in-Interest Transactions**

Certain Plan investments are shares of pooled separate accounts managed by Principal Life Insurance Company and a collective investment in a stable value fund managed by Principal Global Investors Trust Company. These transactions qualify as party in interest transactions. Fees paid by the Plan to Principal for investment management services amounted to \$72,113 for the year ended December 31, 2024.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**Note F**  
**Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

**Note G**  
**Tax Status**

On June 30, 2020, the Internal Revenue Service ("IRS") stated that the non-standardized profit-sharing plan with CODA adopted by the Plan, as then designated, qualifies under Section 401(a) of the IRC. The Plan administrator timely adopted the approved Plan. The Plan administrator believes that the Plan is currently being operated in accordance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note H**  
**Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**Note I**  
**Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of net assets available for benefits per the accompanying 2024 and 2023 financial statements to Schedule H of Form 5500 as of December 31:
