Plan Administrator
Sentinel Benefits Group, Inc. Profit Sharing & 401(K) Trust
Wakefield, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sentinel Benefits Group, Inc. Profit Sharing & 401(K) Trust (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 Code of Federal Regulations 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of the Sentinel Benefits Group, Inc. Profit Sharing & 401(k) Trust (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide employees of Sentinel Benefits Group, Inc. (the Company) with retirement benefits in accordance with Sections 401(a) and 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Effective January 1, 2021, the Plan was amended and restated to bring the Plan into compliance with the legislative and regulatory changes set forth in the 6-year pre-approved plan restatement cycle. Effective March 1, 2023, the Plan was amended to add the employees in to the Plan and recognize the service with Alliance Benefit Group Southwest, LLC. Employees of Alliance Benefit Southwest will be credited with service prior to acquisition on March 1, 2023.

Eligibility

All Company employees that are not governed by a collective bargaining agreement, nonresident aliens, residents of Puerto Rico, leased employees, or temporary employees are eligible to participate in the Plan if they have attained the age of 20.

The Plan allows for an automatic enrollment provision. Therefore, when an employee becomes eligible to participate in the Plan, the Company will automatically, on behalf of those participants, defer 5%. These deferrals will be allocated to a default fund as defined in the Plan Document. The Plan provides for an auto escalation of 1% annually, up to a maximum of 10% of compensation, the increase will be effective on the first day of each plan year and will apply to any participant who has not made an affirmative deferral election. Participants may cancel, modify or otherwise change any of the automatic elections.

Effective April 1, 2024, all the participants are automatically enrolled into the Plan at 10% of the eligible compensation (as defined) with an auto escalation of 1% per annum up to a maximum of 15%.

Participant Contributions

Eligible participants may make voluntary contributions through salary reductions up to 100% of their eligible annual pre-tax compensation, as defined by the Plan, limited to the maximum amount allowable under the provisions of the IRC (\$23,000 in 2024). Further, participants who are 50 years of age or older as of December 31, 2024, may contribute an additional "catch-up" contribution (\$7,500 in 2024). Participants direct the investment of their contributions into certain investment options offered by the Plan, including various mutual funds, common collective trust funds, money market funds and self-directed brokerage accounts.

The Plan also allows for participants to defer funds into a "Roth 401(k) deferral." These deferrals are subject to federal and state income taxes, and the maximum allowable combined contributions of the Roth 401(k) and pre-tax deferrals is \$23,000.

Employer Contributions

The Company may elect to make a discretionary matching contribution on behalf of participants. During the year ended December 31, 2024, the Company made matching contributions of 50% of participant contributions up to the first 5% of the participant's compensation. Further, the Company matched an additional 25% of each participant's contribution from 5% to 10% of the participant's compensation. During the plan year ended December 31, 2024, the Company made total matching contributions of \$918,487.

Sentinel Benefits Group, Inc. Profit Sharing & 401(K) Trust
Notes to Financial Statements
December 31, 2024

The Company may elect to make an additional discretionary contribution on behalf of participants employed on December 31, who have completed one year of service. For the year ended December 31, 2024, the Company did not make any additional discretionary contributions to the Plan.

Participants' Accounts

Each participant's account is credited with its respective contribution and its allocation of (a) employer contributions, and (b) Plan earnings or losses.

Cash Reserves and Other Income

Certain mutual fund expenses, that are charged by the mutual fund companies to the individual participants (e.g., 12b-1, sub transfer agent), are recaptured by the Plan and held in a cash reserve account. These funds are then used to pay for expenses of the Plan that benefit the plan participants, approved by the Internal Revenue Service (IRS), Department of Labor (DOL), and ERISA, such as administration and auditing fees. During the year ended December 31, 2024, these funds amounted to \$3,662, and are included in other income in the accompanying statement of changes in net assets available for benefits. As of December 31, 2024, there was no balance in the cash reserve account. As of December 31, 2023, the balance in the cash reserve account was \$58.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is based on the number of years of continuous service, as defined. Vesting occurs at the rate of 25% per year after one year of service, with full vesting after completing four years of credited service. In the event of death, disability or attainment of age 55, participants' accounts become fully vested.

Payment of Benefits

Upon termination of employment, retirement, death, or disability, the participant or the participant's beneficiary is entitled to receive the vested portion of the participant's account in a single lump sum or partial withdrawals for participants after attainment of normal retirement age, as defined. Further, withdrawals from the Plan before leaving the company are available for special "hardship" reasons or after attaining the age of 59½. Distributions to participants are recorded when paid.

Forfeitures

The Plan provides that forfeitures, the unvested portion of employer contributions for terminated participants, will serve to reduce future Company contributions and reduce expenses related to the administration of the Plan. During the year ended December 31, 2024, \$4,291 of forfeitures were used to reduce other expenses of the Plan. At December 31, 2024 and 2023, the forfeited non-vested accounts totaled \$58,284 and \$44,770, respectively.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Participants may borrow up to 50% of their vested account balance with a minimum of \$1,000 and a maximum of \$50,000. Participant loans are subject to approval by the plan administrator and bear interest at a rate set by the plan administrator to be in line with current market rates for similar types of loans. The terms range from one to five years and are secured by the balance in the participant's account. However, if the loan is to acquire the principal residence of the participant, the term may be extended. Principal and interest is paid ratably through payroll deductions.

Note 2. Summary of Significant Accounting Policies

The following is a summary of significant accounting policies followed by the Plan.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's sponsor and investment committee determine the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 8 for a discussion of fair value measurements.

Realized gains and losses on investments sold and the unrealized appreciation and depreciation of investments held are reported on an average current cost basis, based on fair market value of the investments at the beginning of the plan year or at the time of purchase during the plan year.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Administrative Expenses

The Company may, at its discretion, pay the expenses incident to administering the Plan. In the event that the Company does not pay the Plan expenses, the expenses shall be paid by the Plan.

Fair Value

Accounting standards provide a common definition of fair value and establish a framework to make the measurement of fair value in generally accepted accounting principles more consistent and comparable. Accounting standards also require expanded disclosures to provide information about the extent to which fair value is used to measure certain financial and non-financial assets and liabilities, the methods and assumptions used to measure fair value, and the effect of fair value measurements on earnings. The Plan's financial assets reflected in the financial statements at fair value include its investments (see Note 8).

Subsequent Events

The Company has evaluated subsequent events through September 15, 2025, which is the date the financial statements were available to be issued.

Effective January 1, 2025, the plan document was amended to change the name of the Plan to Sentinel Group Retirement Plan and to revise the formula for the employer match to 50% of the first 6% of eligible compensation and 25% of the next 2% of compensation, for a total maximum match amount of 4%.

Sentinel Benefits Group, Inc. Profit Sharing & 401(K) Trust
Notes to Financial Statements
December 31, 2024

Note 3. Investments

The financial statements of the Plan present certain components of the net assets available for benefits separately as the General Fund and Participants Fund.

General Fund

The General Fund represents participant elective deferrals and employer matching contributions to the Plan. The General Fund is participant-directed and allows participants to invest in a wide range of stocks, bonds, money market accounts, and mutual funds.

Participants Fund

The Participants Fund has investment options with various mutual funds and common collective trusts. The investments offer a wide range of risk and return options. Participants may direct the investment of their elective deferrals, rollover contributions and employer matching contributions among any of the investments offered in the Participants Fund.

Note 4. Information Certified by The Plan's Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company (Matrix), a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023
- Investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2024

Note 5. Tax Status

The Plan operates under a pre-approved plan which has received a favorable opinion letter from the IRS, dated November 30, 2020, indicating that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Further, the plan administrator believes and represents that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Financial Accounting Standards Board has issued a standard regarding the accounting and recognition of income tax positions taken or expected to be taken by the Plan. The plan administrator assesses the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2020.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Risks and Uncertainties

The Plan provides for various investment options in accounts which invest in investment securities. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that these changes could, in the near term, materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 8. Fair Value Measurements

Accounting standards require that financial and non-financial assets and liabilities, recognized or disclosed in financial statements on a recurring basis (at least annually), be measured at fair value. These standards define fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

These standards also establish a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. These standards describe three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.
- Level 2** Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets; quoted prices for similar assets or liabilities in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for the assets or liabilities.
- Level 3** Unobservable inputs for the asset or liability that are significant to the fair value measurement. These inputs reflect the Plan's assumptions about the assumptions a market participant would use in pricing the asset or liability.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and Level 3 inputs are only used when higher level inputs are not available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements.

Sentinel Benefits Group, Inc. Profit Sharing & 401(K) Trust
Notes to Financial Statements
December 31, 2024

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued based on the underlying unit value of the assets held. The underlying funds invest in mutual funds, equity securities, debt securities, group annuity contracts, and synthetic wrap contracts. The NAV of the units of the accounts is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

Money market fund: Valued at the closing price reported by the fund sponsor from an actively traded exchange.

Brokerage accounts: Consists of mutual funds, money market funds, and equities that are valued on the basis of readily determinable market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 9. Related-Party Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Sentinel Benefits Group, Inc. (Sentinel) is the record keeper for the Plan. Sentinel is the plan sponsor, as defined by the Plan and, therefore, qualifies as a party-in-interest. The Plan offers certain investment options that are sub-advised by Sentinel Pension Advisors, Inc., an affiliate of Sentinel, therefore these transactions qualify as party in interest transactions that are exempt from the prohibited transaction rules, as defined by ERISA. The amounts paid to Sentinel during the year ended December 31, 2024 for the above services amounted to \$6,923. Individually nonmaterial expenses paid to parties in interest totaled \$12,565 during the year ended December 31, 2024.

The Company provides certain administrative services at no cost to the Plan.
