INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Millstone Weber, LLC Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Millstone Weber, LLC Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Millstone Weber, LLC Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Millstone Weber, LLC Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in aggregate, that raise substantial doubt about the Millstone Weber, LLC Retirement Saving Plan's ability to continue as a going concern for one year after the date of the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Plan Administrator
Millstone Weber, LLC Retirement Savings Plan

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Millstone Weber, LLC Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Millstone Weber, LLC Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan Administrator
Millstone Weber, LLC Retirement Savings Plan

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MILLSTONE WEBER, LLC RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2024 and 2023

NOTE A – DESCRIPTION OF PLAN

The following description of the Millstone Weber, LLC Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan sponsored by Millstone Weber, LLC (Company), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers employees of the Company who have met the Plan's age (21 or older) and service (1,000 hours of service for part-time employees) eligibility requirements. Effective January 1, 2024, long-term part-time employees who are credited with at least 500 hours of service for three consecutive years may also be eligible to participate (see Note J). Certain employee classes are excluded from the Plan, including union employees subject to a collective bargaining agreement, interns, and St. Louis Lambert Airport security employees.

The Plan was established January 1, 1987. It was most recently restated effective October 30, 2022 and amended effective January 1, 2024 (See Note J). Great-West Trust Company, LLC is the Plan's Trustee under the Plan's trust agreement effective December 2021.

2. Contributions

Each year, participants may contribute up to the maximum amount of pretax (or after-tax 'Roth' effective January 1, 2024 Plan amendment) annual compensation permitted under Internal Revenue Service (IRS) regulations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Safe harbor contributions may be made at the Company's discretion. For 2024, the Company made safe harbor matching contributions equal to 100% of participant's elective deferrals, up to 5% of compensation, which amounted to approximately \$680,000.

Contributions are subject to certain IRS limitations.

3. Participant Accounts

Each participant's account is credited with the participant's contributions, Company safe harbor matching contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

4. Vesting

Participants are vested immediately in their contributions and employer safe harbor contributions plus actual earnings thereon.

Notes to Financial Statements

December 31, 2024 and 2023

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

5. Notes Receivable from Participants

Participants may borrow from their account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at 2% above the prime rate, as defined. Principal and interest is paid ratably through weekly payroll deductions.

6. Payment of Benefits

In the case of normal retirement, retirement due to permanent disability, or termination of employment, participants may elect to receive the value of their plan benefits, in accordance with the provisions of the Plan, in a lump-sum distribution or in an alternative manner mutually agreed upon by the participant and the Plan administrator. In the event that a participant dies before retirement, the beneficiary will receive the value of the participant's plan benefits in a lump-sum distribution or in an alternative manner mutually agreed upon by the beneficiary and the Plan administrator.

A participant may withdraw from the Plan that portion of their account resulting from their elective deferral in the event of undue financial hardship, as defined in the Plan.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements follows.

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

MILLSTONE WEBER, LLC RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2024 and 2023

NOTE B – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

4. Contributions

Contributions from Plan participants and Company safe harbor matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

5. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Origination fees are deducted from the loan proceeds paid to participants. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

6. Excess Contributions Payable

Amounts paid to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions for the year ended December 31, 2024.

7. Payment of Benefits

Benefits are recorded when paid.

8. Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Recordkeeping fees, net of service revenue credits (see Note F), are included in administrative expenses. Investment advisory fees are included in administrative expenses. Other investment fund fees are included in net appreciation of fair value of investments.

9. Subsequent Events

The Plan Sponsor has evaluated subsequent events through July 2, 2025, the date the financial statements were available to be issued.

NOTE C – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

MILLSTONE WEBER, LLC RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2024 and 2023

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Mutual funds: Valued at the quoted net asset value of shares held by the Plan at year end. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at an "accounting unit value" determined in a manner similar to mutual fund NAV noted above. The value of an accounting unit of any investment account is determined daily and is directly related to the net asset value of the shares of the underlying investment adjusted to apply the expense factor charged pursuant to the contract.

Collective trust funds: The Plan held investments in funds under a common collective trust managed by Wilmington Trust, N.A. (Wilmington). As trustee, Wilmington collectively invested participating entities in securities authorized under the Trust. Wilmington assigned the assets of the common collective trust agreement to Great Gray Trust Company, LLC in April 2023. Each fund under the common collective trust is comprised of units to which the trustee assigns a value. Unit values are based upon the change in net asset values of the underlying mutual fund investments, dividends, capital gain distributions, and expense charges. Net asset value is used as a practical expedient to estimate fair value of the funds. This practical expedient would not be used if it is determined to be probable that the trust will sell the funds for amounts different from the reported net asset value. Investments that are measured at net asset value per share are not classified in the fair value hierarchy.

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Excluded from Fair Value Hierarchy	Total
Mutual funds	\$ 370,804	\$ -	\$ -	\$ 370,804

Collective trust funds	-	-	5,573,870	5,573,870
Total assets at fair value	\$ 370,804	\$ 20,959,430	\$ 5,573,870	\$ 26,904,104

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Excluded from Fair Value Hierarchy	Total
Mutual funds	\$ 286,922	\$ -	\$ -	\$ 286,922
Pooled separate accounts	-	17,995,861	-	17,995,861
Collective trust funds	-	-	3,853,407	3,853,407
Total assets at fair value	\$ 286,922	\$ 17,995,861	\$ 3,853,407	\$ 22,136,190

NOTE D – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into an investment contract with Mass Mutual Life Insurance Company (MassMutual), utilizing the MassMutual Guaranteed Interest Account (Account). Amounts allocated to the Account are backed by the general account assets of Empower Annuity Insurance Company of America (EAIC) (MassMutual's business is reinsured by EAIC). Mass Mutual is contractually obligated to repay the principal and interest at specified interest rates that are guaranteed to the Account (3%). The Account is credited with declared rates of interest and are subject to minimum rates described in the contract (3.38% for 2024 and 2023). The investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract at December 31, 2024 and 2023 was \$2,721,898 and \$2,962,069, respectively.

MILLSTONE WEBER, LLC RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2024 and 2023

NOTE D – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

The Plan's ability to receive amounts due is dependent on MassMutual's ability to meet its financial obligations. MassMutual's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Withdrawals from the contract for other than the payment of benefits may be subject to a market value adjustment. Certain restrictions may apply with respect to transfers from the Account. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with participants.

NOTE E – INFORMATION CERTIFIED BY THE PLAN'S QUALIFIED INSTITUTION

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, Plan management has accepted the certification of Empower (including Empower Annuity Insurance Company of America, Empower Life & Annuity Insurance Company of New York, and Empower Trust Company, LLC) as to the accuracy and completeness of the investment information included in the accompanying financial statements and supplemental schedule; and has instructed the Plan's independent accountants not to perform any auditing procedures with respect to such information. Accordingly, the following information was certified by Empower as of December 31, 2024 and 2023 and for the year ended December 31, 2024 and was not subject to any auditing procedures, except for comparing such information with the related information contained in the accompanying financial statements and schedule:

- Investments at fair value and contract value and notes receivable from participants as of December 31, 2024 and 2023, which are included in the statement of net assets available for benefits.
- Dividends, interest, net appreciation in fair value of investments and interest income on notes receivable from participants for the year ended December 31, 2024, which are included in the statement of changes in net assets available for benefits.
- Party-in-interest transactions for the year ended December 31, 2024, which are described in Note F.
- All information regarding assets held by the Plan at December 31, 2024, included in the Schedule of Assets (Held at End of Year).

NOTE F – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by MassMutual. MassMutual is an affiliated company of the Plan's investment asset custodian and recordkeeper, Empower. At December 31, 2024 and 2023, these investments had a total aggregate value of \$13,557,666 and \$11,880,515, respectively. These transactions are allowable party-in-interest transactions under Section 408(b)(8) of the ERISA regulations.

Empower provides certain administrative services to the Plan pursuant to a service agreement between the Company and Empower. Empower receives revenue from certain investment fund service providers for services Empower provides to the funds. This revenue is used to offset amounts owed to Empower for its administrative services to the Plan. Such amounts are paid by Empower to the Plan and allocated to participants who are invested in these specific investment options (as a reduction in Plan expenses).

Notes to Financial Statements

December 31, 2024 and 2023

NOTE G – TAX STATUS

The Plan, which is a Great-West Trust Company, LLC non-standardized pre-approved plan document, has not been submitted to the Internal Revenue Service for an individual determination; however, the non-standardized pre-approved plan document has received the favorable opinion of the Internal Revenue Service dated June 30, 2021. The Plan administrator believes the Plan is designed and operates in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not, would not be sustained upon examination by the Internal Revenue Service. The Plan is currently not under audit by any taxing jurisdiction for any tax period.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J – PLAN AMENDMENTS AND RECENT LEGISLATION

The Plan was amended effective January 1, 2024 to clarify the Plan's definition of compensation. There were no significant operational changes as a result of the amendment.

In compliance with the SECURE Act of 2019, the Plan was amended to allow certain long-term part-time employees who are credited with at least 500 services hours three consecutive years to participate in the Plan effective January 1, 2024.

The SECURE 2.0 Act of 2022 was signed into law in December 2022 to increase retirement savings and improve retirement rules, among other provisions. As part of these provisions, the Plan added Roth contributions effective January 1, 2024. Formal Plan amendments required by the Act are generally not required to be made until the end of the first plan year beginning on or after January 1, 2026.
