Independent Auditor's Report

To the St. Charles Retirement Plan Committee
And the Audit and Compliance Committee of the Board of the Directors
St. Charles Health System, Inc.:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of St. Charles Health System, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of St. Charles Health System, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of St. Charles Health System, Inc. Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about St. Charles Health System, Inc. Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the St. Charles Health System, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about St. Charles Health System, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information,

including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ST. CHARLES HEALTH SYSTEM, INC. RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

(1) Description of The Plan

The following description of the St. Charles Health System, Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined-contribution plan established by St. Charles Health System, Inc. (the Company, the Plan Sponsor, or the Employer) under the provisions of Section 403(b) of the Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(b) Eligibility

All employees who are employed by the Company are eligible to participate in the Plan. Full and part-time (over 20 hours per week) employees who are at least 18 years in age and have completed one eligibility year of service, defined as a consecutive 12-month period, are eligible to receive employer-matching contributions.

(c) Plan Administration

The Plan is administered by the St. Charles Retirement Plan Committee (the Committee or the Plan Administrator), which consists of certain employees of the Company, with oversight from the chief executive officer and the board of directors of the Company.

(d) Contributions

Participants may elect to contribute up to 100% of pretax eligible compensation, as defined by the Plan, subject to certain limitations under the IRC. Eligible participants who have attained age 50 may elect an additional catch-up contribution, subject to certain limitations under the IRC. The Company provides a matching contribution equal to 100% of each participant's contribution up to a maximum of 6% of compensation. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans, which are presented as rollover contributions in the statements of changes in net assets available for benefits. All plan contributions are made to Fidelity Management Trust Company.

(e) Vesting and Forfeitures

Participants are fully vested in their contributions and earnings thereon. Vesting in the Company contributions and earnings thereon is based on vesting years of service, defined as any plan year during which the employee completes at least 1,000 hours of service, according to the following schedule:

Vesting years of service	Percentage vested
Less than 2	0%
2	25%
3	50%
4	75%
5	100%

ST. CHARLES HEALTH SYSTEM, INC. RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Participants who have attained age 65, died or became disabled while employed automatically become fully vested in the Company contributions.

Forfeitures are used to reduce future company-matching contributions. Forfeitures of \$1,035,259 and \$650,059 were used to offset the Company's 2024 and 2023 contributions, respectively. At December 31, 2024 and 2023, there were \$310,050 and \$122,779, respectively, of unallocated forfeitures.

(f) Participant Accounts

Individual accounts are valued daily and maintained for each of the Plan's participants to reflect the participant's contributions, the related Company contributions, and the participant's share of the Plan's income and any related administrative expenses. Allocations of income are based on the proportion of each participant's account balance to the total of all participants' account balances.

(g) Benefits

Participants may receive all or a portion of their vested account balance upon reaching 59 ½ years of age. Upon termination of service due to death, disability, retirement, or other reasons, a participant or beneficiary may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account; or installment payments or an annuity to be paid in monthly installments over a fixed period of time, not exceeding the life expectancy of the participant or designated beneficiary.

(h) Notes Receivable from Participants

A participant may borrow 50% of his or her vested account balance up to a maximum of \$50,000. The minimum loan amount is \$1,000. Loans are repaid by direct payment to the custodian on a monthly basis. New loans are repayable over periods ranging up to 5 years, unless the loan is used to acquire a principal residence, in which case the loan repayment term may not exceed 15 years. Loans are secured by the balance of the participant's account. The interest rate is determined by the Plan Administrator based on prime plus 1.00% and is fixed over the life of the note. The interest rates on outstanding loans ranged from 4.25% to 9.50% at December 31, 2024, and the loans mature through December 2039. Notes receivable from participants are valued at cost plus accrued interest. Section 2202 of the CARES Act expanded permissible loans from certain retirement plans. The Plan increased the permissible loan limit to \$100,000 for loans requested by September 23, 2020. The Plan also adopted the loan payment deferment, allowing qualified individuals to defer loans for up to an additional year. Deferred loans started amortizing on January 1, 2021. As of December 31, 2024, the outstanding loans related to the exemption amounted to approximately \$19,000.

(i) Administrative Expenses

Administrative expenses of the Plan are allocated to participants based upon a quarterly fee per participant. Certain expenses, based on being specifically related to activity of an individual participant, are allocated directly to the participant's account. Certain administrative expenses including but not limited to audit fees, recordkeeping fees, and investment manager fees, are generally charged to the Plan. The Plan Sponsor, at its sole discretion, pays for other expenses.

Notes to Financial Statements

December 31, 2024 and 2023

(j) *Investment Options*

Participants may direct their account balance into investment options offered under the Plan in 1% increments. Investment options are shares of registered investment company funds, self-directed brokerage accounts, and an unallocated insurance contract held and managed by The Lincoln National Life Insurance Company. Participants may change their investment elections and make transfers between investment options daily. If a participant has not made investment elections, new contributions default to a target date fund based on the participants' age.

(k) *Investment Contract with Insurance Company*

The unallocated insurance contract between The Lincoln National Life Insurance Company and the Plan provides for a stated return on principal invested over a specified period and permits withdrawals at contract value for benefit payments, loans, or transfers to other investment options offered to the participant by the Plan, subject to certain limitations. The contract is fully benefit responsive. Contract value is equal to principal balance plus accrued interest.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions and bankruptcy of the Plan Sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring as of December 31, 2024.

(2) Summary of Significant Accounting Policies

(a) *Basis of Accounting*

The accompanying financial statements are prepared using the accrual basis of accounting. Benefits are recorded when paid.

(b) *Use of Estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

(c) *Income Recognition*

Interest income is recorded when earned on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis.

(d) *Investment Valuation*

The Plan's investments in shares of registered investment company funds and self-directed brokerage accounts are stated at fair value, as determined by quoted market prices. The Plan's investment in an unallocated insurance contract is stated at contract value.

(e) *Net Appreciation in Fair Value of Investments*

Net appreciation in fair value of investments represents the change in unrealized appreciation of investments from one period to the next and realized gains and losses.

Notes to Financial Statements

December 31, 2024 and 2023

(f) Contribution Receivables

Contribution receivables are contributions earned during the year but not received until the subsequent period due to the timing of the deposit and can be from either the Company or the participants. Contribution receivables are recorded at amortized cost and due to its nature, the Plan does not establish an allowance for credit losses for contribution receivables.

(g) Notes Receivable from Participants

Notes receivable from participants are carried at amortized cost plus accrued interest. The Plan does not establish an allowance for credit losses on notes receivables since the receivables are fully secured by the participants' contributions to the Plan.

(3) Risk and Uncertainties

The Plan provides for various investment fund options, which in turn invest in a combination of stocks, bonds, and other investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

ST. CHARLES HEALTH SYSTEM, INC. RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2024 and 2023:

Registered investment company funds – Valued at quoted market prices.

Self-directed brokerage accounts – Valued at quoted market prices of the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Investments at estimated fair value			2024 Total
	Level 1	Level 2	Level 3

(5) Tax Status

The Plan is intended to comply with the applicable requirements of Section 403(b) of the IRC. A tax determination letter program is not available for IRC Section 403(b) plans through the Internal Revenue

Service (IRS). The Plan Administrator believes that the Plan is currently designed and operated in compliance with applicable requirements of the IRC and as such is exempt from federal income taxes.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their account balances.

(7) Information Certified by Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Fidelity Management Trust Company, the custodian of the Plan, has certified as being complete and accurate the following information contained in the accompanying financial statements as of December 31, 2024 and 2023 and for the years then ended, and in the accompanying supplemental schedule as of December 31, 2024:

- Investments, at fair value
- Unallocated insurance contracts, at contract value
- Notes receivable from participants
- Interest income related to notes receivable from participants
- Dividends and interest income
- Net appreciation in fair value of investments
- Investment information included in note 4, except for the fair value hierarchy level determinations
- Schedule of assets (held at end of year)

As permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified as complete and accurate by the Plan's custodian.

(8) Party-in-Interest Transactions

Fidelity Workplace Services LLC is the recordkeeper and is, therefore, considered a party in interest. Additionally, certain plan investments are managed by Fidelity Management Trust Company, the custodian of the Plan, who is also considered a party in interest.

The Plan sponsor, St. Charles Health System, Inc. is a party-in-interest. However, there were no transactions with the Plan sponsor other than funding of contributions and payment of certain Plan expenses.

Notes to Financial Statements

December 31, 2024 and 2023

(9) Subsequent Events

Subsequent events have been evaluated through September 11, 2025, the date the financial statements were available to be issued.

In March 2025, the Plan was amended to include a provision to automatically enroll participants to the Plan at a 6% deferral rate which automatically increases by 1% every plan year, up to a maximum of 10%.

Independent Auditor's Report

To the St. Charles Retirement Plan Committee
And the Audit and Compliance Committee of the Board of the Directors
St. Charles Health System, Inc.:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of St. Charles Health System, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of St. Charles Health System, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of St. Charles Health System, Inc. Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about St. Charles Health System, Inc. Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the St. Charles Health System, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about St. Charles Health System, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information,

including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ST. CHARLES HEALTH SYSTEM, INC. RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

(1) Description of The Plan

The following description of the St. Charles Health System, Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined-contribution plan established by St. Charles Health System, Inc. (the Company, the Plan Sponsor, or the Employer) under the provisions of Section 403(b) of the Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(b) Eligibility

All employees who are employed by the Company are eligible to participate in the Plan. Full and part-time (over 20 hours per week) employees who are at least 18 years in age and have completed one eligibility year of service, defined as a consecutive 12-month period, are eligible to receive employer-matching contributions.

(c) Plan Administration

The Plan is administered by the St. Charles Retirement Plan Committee (the Committee or the Plan Administrator), which consists of certain employees of the Company, with oversight from the chief executive officer and the board of directors of the Company.

(d) Contributions

Participants may elect to contribute up to 100% of pretax eligible compensation, as defined by the Plan, subject to certain limitations under the IRC. Eligible participants who have attained age 50 may elect an additional catch-up contribution, subject to certain limitations under the IRC. The Company provides a matching contribution equal to 100% of each participant's contribution up to a maximum of 6% of compensation. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans, which are presented as rollover contributions in the statements of changes in net assets available for benefits. All plan contributions are made to Fidelity Management Trust Company.

(e) Vesting and Forfeitures

Participants are fully vested in their contributions and earnings thereon. Vesting in the Company contributions and earnings thereon is based on vesting years of service, defined as any plan year during which the employee completes at least 1,000 hours of service, according to the following schedule:

Vesting years of service	Percentage vested
Less than 2	0%
2	25%
3	50%
4	75%
5	100%

ST. CHARLES HEALTH SYSTEM, INC. RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Participants who have attained age 65, died or became disabled while employed automatically become fully vested in the Company contributions.

Forfeitures are used to reduce future company-matching contributions. Forfeitures of \$1,035,259 and \$650,059 were used to offset the Company's 2024 and 2023 contributions, respectively. At December 31, 2024 and 2023, there were \$310,050 and \$122,779, respectively, of unallocated forfeitures.

(f) Participant Accounts

Individual accounts are valued daily and maintained for each of the Plan's participants to reflect the participant's contributions, the related Company contributions, and the participant's share of the Plan's income and any related administrative expenses. Allocations of income are based on the proportion of each participant's account balance to the total of all participants' account balances.

(g) Benefits

Participants may receive all or a portion of their vested account balance upon reaching 59 ½ years of age. Upon termination of service due to death, disability, retirement, or other reasons, a participant or beneficiary may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account; or installment payments or an annuity to be paid in monthly installments over a fixed period of time, not exceeding the life expectancy of the participant or designated beneficiary.

(h) Notes Receivable from Participants

A participant may borrow 50% of his or her vested account balance up to a maximum of \$50,000. The minimum loan amount is \$1,000. Loans are repaid by direct payment to the custodian on a monthly basis. New loans are repayable over periods ranging up to 5 years, unless the loan is used to acquire a principal residence, in which case the loan repayment term may not exceed 15 years. Loans are secured by the balance of the participant's account. The interest rate is determined by the Plan Administrator based on prime plus 1.00% and is fixed over the life of the note. The interest rates on outstanding loans ranged from 4.25% to 9.50% at December 31, 2024, and the loans mature through December 2039. Notes receivable from participants are valued at cost plus accrued interest. Section 2202 of the CARES Act expanded permissible loans from certain retirement plans. The Plan increased the permissible loan limit to \$100,000 for loans requested by September 23, 2020. The Plan also adopted the loan payment deferment, allowing qualified individuals to defer loans for up to an additional year. Deferred loans started amortizing on January 1, 2021. As of December 31, 2024, the outstanding loans related to the exemption amounted to approximately \$19,000.

(i) Administrative Expenses

Administrative expenses of the Plan are allocated to participants based upon a quarterly fee per participant. Certain expenses, based on being specifically related to activity of an individual participant, are allocated directly to the participant's account. Certain administrative expenses including but not limited to audit fees, recordkeeping fees, and investment manager fees, are generally charged to the Plan. The Plan Sponsor, at its sole discretion, pays for other expenses.

(j) *Investment Options*

Participants may direct their account balance into investment options offered under the Plan in 1% increments. Investment options are shares of registered investment company funds, self-directed brokerage accounts, and an unallocated insurance contract held and managed by The Lincoln National Life Insurance Company. Participants may change their investment elections and make transfers between investment options daily. If a participant has not made investment elections, new contributions default to a target date fund based on the participants' age.

(k) *Investment Contract with Insurance Company*

The unallocated insurance contract between The Lincoln National Life Insurance Company and the Plan provides for a stated return on principal invested over a specified period and permits withdrawals at contract value for benefit payments, loans, or transfers to other investment options offered to the participant by the Plan, subject to certain limitations. The contract is fully benefit responsive. Contract value is equal to principal balance plus accrued interest.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions and bankruptcy of the Plan Sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring as of December 31, 2024.

(2) Summary of Significant Accounting Policies

(a) *Basis of Accounting*

The accompanying financial statements are prepared using the accrual basis of accounting. Benefits are recorded when paid.

(b) *Use of Estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

(c) *Income Recognition*

Interest income is recorded when earned on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis.

(d) *Investment Valuation*

The Plan's investments in shares of registered investment company funds and self-directed brokerage accounts are stated at fair value, as determined by quoted market prices. The Plan's investment in an unallocated insurance contract is stated at contract value.

(e) *Net Appreciation in Fair Value of Investments*

Net appreciation in fair value of investments represents the change in unrealized appreciation of investments from one period to the next and realized gains and losses.

(f) Contribution Receivables

Contribution receivables are contributions earned during the year but not received until the subsequent period due to the timing of the deposit and can be from either the Company or the participants. Contribution receivables are recorded at amortized cost and due to its nature, the Plan does not establish an allowance for credit losses for contribution receivables.

(g) Notes Receivable from Participants

Notes receivable from participants are carried at amortized cost plus accrued interest. The Plan does not establish an allowance for credit losses on notes receivables since the receivables are fully secured by the participants' contributions to the Plan.

(3) Risk and Uncertainties

The Plan provides for various investment fund options, which in turn invest in a combination of stocks, bonds, and other investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

December 31, 2024 and 2023

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2024 and 2023:

Registered investment company funds – Valued at quoted market prices.

Self-directed brokerage accounts – Valued at quoted market prices of the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Investments at estimated fair value			2024 Total
	Level 1	Level 2	Level 3

(5) Tax Status

The Plan is intended to comply with the applicable requirements of Section 403(b) of the IRC. A tax determination letter program is not available for IRC Section 403(b) plans through the Internal Revenue

Service (IRS). The Plan Administrator believes that the Plan is currently designed and operated in compliance with applicable requirements of the IRC and as such is exempt from federal income taxes.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their account balances.

(7) Information Certified by Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Fidelity Management Trust Company, the custodian of the Plan, has certified as being complete and accurate the following information contained in the accompanying financial statements as of December 31, 2024 and 2023 and for the years then ended, and in the accompanying supplemental schedule as of December 31, 2024:

- Investments, at fair value
- Unallocated insurance contracts, at contract value
- Notes receivable from participants
- Interest income related to notes receivable from participants
- Dividends and interest income
- Net appreciation in fair value of investments
- Investment information included in note 4, except for the fair value hierarchy level determinations
- Schedule of assets (held at end of year)

As permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified as complete and accurate by the Plan's custodian.

(8) Party-in-Interest Transactions

Fidelity Workplace Services LLC is the recordkeeper and is, therefore, considered a party in interest. Additionally, certain plan investments are managed by Fidelity Management Trust Company, the custodian of the Plan, who is also considered a party in interest.

The Plan sponsor, St. Charles Health System, Inc. is a party-in-interest. However, there were no transactions with the Plan sponsor other than funding of contributions and payment of certain Plan expenses.

(9) Subsequent Events

Subsequent events have been evaluated through September 11, 2025, the date the financial statements were available to be issued.

In March 2025, the Plan was amended to include a provision to automatically enroll participants to the Plan at a 6% deferral rate which automatically increases by 1% every plan year, up to a maximum of 10%.
