Plan Governance and Management
Fundrise 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Fundrise 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the December 31, 2024 year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Fundrise 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fundrise 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fundrise 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fundrise 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fundrise 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes at end of year (attachment for Schedule H Line 4i) as of December 31, 2024 and supplemental schedule of delinquent participant contributions (attachment for Schedule H Line 4a) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplemental Schedules Required by ERISA (Continued)

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**FUNDRISE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Note 1: Description of Plan

General

The following brief description of the Fundrise 401(k) Plan (the "Plan") is provided for general informational purposes only. Participants should refer to the Plan document, summary plan description and other materials distributed to Plan participants for a complete description of the Plan's provisions. In case of any discrepancy between the summary plan document and the Plan document, the Plan document will govern.

The Plan is a defined contribution plan which is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. All U.S. salaried and hourly employees of the participating companies of Rise Companies Corp. and its subsidiaries ("Rise" or the "Company" or "Plan Administrator") are eligible to participate in the Plan immediately upon employment. The Plan was effective as of January 1, 2020.

Contributions

Each participant may make contributions from 1% to 100% of his/her eligible W-2 compensation through payroll deductions on a pre-tax and/or Roth after-tax basis, subject to certain Internal Revenue Code ("IRC") limits. A newly-hired employee is automatically enrolled in the Plan at a 3% pre-tax contribution level unless the employee elects otherwise.

In addition, participants who are eligible to make contributions under the Plan and who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, as defined, subject to certain limits. These contributions are not eligible for employer matching contributions.

The Company makes safe-harbor contributions to the Plan in the amount of 3% of participants' eligible compensation. The Plan is intended to be a safe-harbor plan. At the discretion of the Company, the Company may make a matching contribution, profit sharing contribution, or additional qualified non-elective contribution, of which no amount was made during the year ending in 2024.

Participant contributions, non-elective contributions, and discretionary matching contributions are invested according to participant investment elections. If no investment elections are made by the participant, contributions are invested into a target date fund based on their birthdate. Contributions to a participant's account for a Plan year cannot exceed certain Internal Revenue Service ("IRS") limits.

Vesting

Participant contributions, rollover contributions, qualified non-elective contributions, and discretionary matching contributions are at all times fully vested.

Administration

The trustee of the Plan is Fidelity Management Trust Company (the "Trust" or "FMTC"). FMTC holds the Plan's assets and manages the assets under a participant-directed investment arrangement. Fidelity Workplace Services LLC ("Fidelity") is the recordkeeper.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023
(CONTINUED)**

Note 1: Description of Plan (Continued)

Investment Options

Participants may direct their individual and Company contributions in and among various investment options. Participants may change their investment elections and transfer money between investment options on a daily basis. The investment options consist of publicly-traded mutual funds.

Benefits

Prior to a participant attaining age 65, in-service withdrawals from the pre-tax and Roth contribution portion of a participant's account are permitted only on the basis of financial hardship. Once participants attain age 65, they may withdraw up to 100% of their vested account in one or more withdrawals. Once a participant's employment with the Company ceases due to termination of employment, retirement, death or a participant's total disability, the participant can elect a distribution of 100% of the participant's vested account balance. This lump-sum distribution is payable in cash.

If a participant's account balance is less than \$1,000 upon retirement or termination, a distribution of the participant's account will be made automatically.

Participant Accounts

Individual accounts are maintained for each Plan participant to reflect the participant's share of the Plan's net earnings or losses, Company contributions, and the participant's contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations of earnings or losses are based on the investments in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

The Plan permits loans to be made to participants identified by the Plan Administrator as having the ability to repay the loan. The maximum amount of such loans is the lesser of \$50,000 minus the highest outstanding balance of loans in the past 12 months or one-half the present value of the participant's vested account balance. The term of general purpose loans may not exceed five years. Home loans for purchasing participants' primary residence are permitted with a term of up to ten years. Loans are issued at the Federal Prime Rate plus 1.0%.

The Plan Administrator will determine whether an employee may receive a loan from the participant's Roth Contribution Account. If the Plan Administrator allows loans from the participant's Roth Contribution Account, the Plan Administrator may specify an ordering rule for loans. The ordering rule will determine whether loans will be made first or last from the participant's Roth Contribution Account or in any combination of the participant's Roth Contribution Account and any other Account.

Participants must repay a loan in accordance with the repayment schedule or may make a full or partial prepayment. Loans cannot be refinanced. The loan will become payable in full on termination of employment. The maximum number of loans outstanding at any one time is one. The minimum loan amount is \$1,000. Payments will be made through payroll deduction from each regular paycheck.

Loan fees may be charged against the account of the participant to whom the loan is granted, and the Plan Administrator may adopt any administrative rules or procedures that it deems necessary or appropriate with respect to the granting and administering of loans.

Plan Termination

Although the Company intends to maintain the Plan indefinitely, the Company may amend or terminate the Plan at any time in its sole discretion. If any of these actions is taken, the participant will be notified. However, no such action may permit any part of Plan assets to be used for any purpose other than the exclusive benefit of participants and beneficiaries or cause any reduction in participants' vested account balance as of the date of the amendment or termination.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$1 and \$2, respectively. These accounts will be used to pay administrative expenses and reduce future employer contributions. In 2024, \$359 in forfeitures were used by the Company to reduce employer contributions.

Secure Act and Secure Act 2.0

The Plan is currently working with their third party administrator to ensure compliance and any required plan changes are made to comply with the Secure Act and the Secure Act 2.0.

Note 2: Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a

participant ceases to make loan repayments, and the Plan Administrator deems the participant loan to be in default, the participant's loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments made to participants are recorded when paid. There were no significant benefit payments outstanding at the end of the Plan year.

Use of Estimates and Assumptions

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses

In general, all expenses for the administration of the Plan are paid by the Plan. Certain recordkeeping and administrative expenses are paid by Rise (the "Plan Sponsor"). Expenses that are paid by the Plan Sponsor are excluded from these financial statements. The expenses for administration include the fees and expenses of the Plan's recordkeeper and Trustee.

Subsequent Events

The Plan has evaluated subsequent events through July 14, 2025, the date the financial statements were available to be issued.

Note 3: Information Certified by Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held and notes receivable from participants at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by FMTC (the Trustee of the Plan).

A summary of the Plan's financial information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, which has been certified by FMTC, is presented as follows:

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1

Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2

Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3

Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Plan's policy is to recognize transfer of investments into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2024 and 2023, there were no transfers of investments into or out of Level 3.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value ("NAV") as of December 31, 2024 and 2023. It is not probable that the mutual funds will be sold at amounts that differ materially from the NAV of shares held.

	<u>\$18,766,340</u>	-	-	<u>\$18,766,340</u>

Note 5: Risks and Uncertainties

The Plan provides for various investment options which include investments in any combination of equities, fixed income securities and money market funds. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

Note 6: Federal Income Tax Status

Effective November 17, 2021, the Plan transferred to a FMTC pre-approved profit-sharing plan with CODA, which also received an advisory opinion letter in which the IRS stated that the form of the plan was in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan continues to be designed and operated in material respects in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a

liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

Note 7: Related Party Transactions and Party-in-Interest Transactions

Certain investment funds are managed by the Trustee and its affiliates, therefore these transactions qualify as party- in-interest transactions.

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. The Plan paid \$163,766 of administrative expenses.

The Plan issues loans to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

Note 8: Separated Participants

Amounts allocated to withdrawing participants are recorded on the Schedule H of Form 5500 for benefit claims that have been processed and approved for payment prior to December 31 but not yet paid as of that date.

Note 9: Fidelity Bonding

The Plan maintains a fidelity bond for its operations.

Note 10: Delinquent Contributions

In 2021, the Company did not timely remit a total of \$280,047 of contributions during the February 15, 2021, September 15, 2021, October 15, 2021, and October 30, 2021, pay periods. The Company remitted \$278,719 of the delinquent contributions in 2021, and \$1,328 in 2022. There were total lost earnings of \$377. The Company reimbursed the Plan for the lost earnings in 2022.

In 2020, the Company did not timely remit \$52,640 of participant contributions during the October 15, 2020, pay period. The Company remitted \$52,640 of delinquent contributions in 2021. There were total lost earnings of \$9. The Company reimbursed the Plan for the lost earnings in 2021.
