INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Generations, LLC 401(k) Profit Sharing Plan & Trust
Clackamas, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Generations, LLC 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Generations, LLC 401(k) Profit Sharing Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023; and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HANSEN HUNTER & CO. P.C.
Certified Public Accountants

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Generations, LLC 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Generations, LLC 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

HANSEN HUNTER & CO. P.C.
Certified Public Accountants

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Generations, LLC 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Generations, LLC 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Delinquent Contributions and Assets Held at End of Year as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

HANSEN HUNTER & CO. P.C.
Certified Public Accountants

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The following description of the Generations, LLC 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a 401(k) defined contribution plan formed on January 1, 2019, and amended and restated as of June 1, 2022, covering substantially all employees of WWGHR, LLC, FVL Employees, LLC, PAR, LLC, PVHR, LLC, PVHR2, LLC, GenClovis, LLC, GenDenver, LLC, GenGreenMountain, LLC, GenHighLine, LLC, GenSanDimas, LLC, GenSunRiseCreek, LLC, GenYorbaLinda, LLC, Generations Construction, and Generations, LLC (the Companies). During the year ended December 31, 2024, GenDenver, LLC, GenGreenMountain, LLC, GenSanDimas, LLC and GenYorbaLinda, LLC closed and related plan assets were distributed to participants. All participants in the Plan are fully vested. Employees of covered employers will be eligible to become a participant with the exception of union employees governed by a collective bargaining agreement, non-resident aliens, and merger and acquisition employees. Employees become eligible to participate in the Plan and are eligible for elective deferrals, matching contributions and Employer Profit-Sharing Contributions on the first day of the Plan month following the completion of three consecutive months of service, and attaining 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions – Each year participants may contribute a portion of their total earnings up to the maximum allowable by law, as defined by the Plan. The Plan allows both pre-tax elective deferral contributions and Roth elective deferral contributions. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Annual contributions were limited to a maximum permissible amount, as set forth in Internal Revenue Code Section 415.

The Companies have elected the Plan to be a safe harbor plan. Under safe harbor provisions, the Companies are required to provide a matching contribution and participants are immediately 100% vested in the Companies' Safe Harbor Matching Contributions. Under the safe harbor provisions, the Companies will match 100% of participant deferral contributions up to 4% of the participant's compensation per pay period, as defined by the Plan.

The Companies may also make a discretionary Profit-Sharing Contribution on an annual basis. In order for a participant to qualify for discretionary Profit-Sharing Contributions they must have completed 500 hours of service during the plan year unless they are still employed on the last day of the Plan Year. During the year ended December 31, 2024, \$11,000 in Employer Profit-Sharing Contributions were made.

Investment Options – Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers registered investment companies securities and money market funds.

NOTE 1 – Description of Plan (continued)

Participant Accounts – Each participant's account is credited with the participant's elective deferral contributions, the Companies' Safe Harbor Matching Contributions, the Companies' Profit-Sharing Contribution, if any, and an allocation of Plan earnings, and charged with an allocation of administrative expenses paid by the Plan. Plan earnings and administrative expenses are allocated based on a ratio of the participant's account balance to the total of the investment balance. The benefit to which a participant is entitled is equal to his or her vested account balance.

Vesting – Participants are immediately vested in their elective deferral contributions and employer Safe Harbor Matching Contributions plus actual earnings thereon. Effective January 1, 2024, participants are immediately vested in Employer Profit-Sharing Contributions.

Payment of Benefits – Upon disability, normal retirement or termination of service, a participant can elect to receive the vested interest in his or her account as a lump-sum distribution, partial payments, installment payments, annuity contracts or rollover. Upon death, the participant's beneficiaries may receive distributions in installment payments. Participant accounts less than or equal to \$5,000 are automatically disbursed as lump-sum distributions as soon as administratively feasible following termination. Benefits are recorded when paid.

Hardship Withdrawals – The Plan allows for hardship withdrawals, from pretax elective deferral, Roth elective deferral and safe harbor matching account balances in addition to the vested account balance from Profit-Sharing Contribution.

Administration of Plan Assets – The Plan administrator is the Companies. The administrator has entered into a contract with Mid Atlantic Trust Company (MATC), the Custodian of the Plan. Under the terms of the contract, MATC holds the Plan's investment assets and executes investment transactions and functions as the Custodian of the Plan. As permitted by Department of Labor regulations, MATC has certified certain financial information contained in the statements of net assets available for benefits and the statement of changes in net assets available for benefits to be complete and accurate.

Forfeited Accounts – A forfeiture is the non-vested portion of a participant's account that the participant loses upon termination of employment. Forfeitures can be used to pay administrative expenses or to restore Participant's Individual Accounts. As of December 31, 2024 and 2023, there were \$439 and \$448 available in forfeitures. During the Plan year ended December 31, 2024, no forfeitures were used to pay administrative expenses or reduce Safe Harbor Matching or employer Profit-Sharing Contributions.

NOTE 1 – Description of Plan (continued)

Amendment – Effective January 1, 2024, there was an amendment made to the Plan resulting in participants being immediately vested in Employer Profit-Sharing Contribution account balances. In addition, hardship withdrawals are allowable from Employer Profit-Sharing Contribution account balances.

NOTE 2 – Summary of Significant Accounting Policies

Basis of Accounting – The financial statements and supplemental schedules have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments – Investments are maintained in registered investment companies. Investments are reported at fair value. MATC certifies the fair value of the investments. If available, quoted market prices are used to value investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment appreciation includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. In the event of default, foreclosure on the note and attachment of security will not occur until a distribution eligibility requirement is met under the Plan.

Operating Expenses – Certain administrative fees are collected from participant accounts and paid to the Custodian. Certain administrative expenses such as audit and legal fees are paid by the Companies and are not included in the accompanying financial statements. Expenses related to specific participant transactions are charged to the respective participant's account.

NOTE 3 – Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

NOTE 4 – Information Certified by the Custodian of the Plan

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, MATC has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments as shown on the statements of net assets available for benefits as of December 31, 2024 and 2023;
- Net investment activity as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024;
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2024 and 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 5 – Notes Receivable from Participants

The Plan allows loans to participants secured by their account balances. Participants may borrow a minimum of \$1,000 up to a maximum of \$50,000 or fifty percent of their account balance, whichever is less. Loans must be repaid within five years, unless used to purchase a principal residence in which the loan term is determined at the time the loan is made. The interest rates on the loans outstanding at December 31, 2024, range from 4.25% – 9.50%. Repayment must be made through employer payroll deductions, consisting of principal and interest made each pay period.

NOTE 6 – Fair Value of Financial Instruments

The Plan has adopted the requirements of the Fair Value Measurements and Disclosure Topic of the FASB Accounting Standards Codification. This Topic defines fair value and requires enhanced disclosure about assets and liabilities carried at fair value. These additional disclosures are required only for financial assets and liabilities measured at fair value and for nonfinancial assets and liabilities measured at fair value on a recurring basis. The Defined Contribution Pension Plans Topic of the FASB Accounting Standards Codification exempts defined contribution pension plans from other requirements of this Topic.

This Topic requires that a fair value measurement reflect the assumptions market participants would use in pricing an asset or liability based on the best available information. These assumptions include risks inherent in a particular valuation technique (such as a pricing model) and the risks inherent in the inputs to the model. It also specifies that transaction costs should not be considered in the determination of fair value. According to this Topic, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price).

This Topic establishes a fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy defined by the Topic are as follows:

Level 1 – Quoted prices are available in active markets for identical assets or liabilities as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 – Pricing inputs are observable, either directly or indirectly, but are not quoted prices included within Level 1. Level 2 includes those financial instruments that are valued using external inputs with models or other valuation methodologies.

Level 3 – Pricing inputs include significant inputs that are generally less observable from objective sources. These inputs may be used with internally developed methodologies that result in management's best estimate of fair value. Level 3 instruments include those that may be more structured or otherwise tailored to customers' needs.

As required by this Topic, financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

In general, and where applicable, the Plan uses quoted prices in active markets for identical assets to determine fair value. This pricing methodology applies to the Plan's Level 1 assets which include registered investment company accounts and interest bearing cash.

NOTE 8 – Income Tax Status

The Plan adopted a Prototype Non-standardized Profit-Sharing Plan sponsored by Paychex, Inc. The Plan obtained a determination letter on April 10, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

In accordance with the guidance on accounting for uncertainty in income taxes, the Plan administrator evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure in or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – Separated Participants with Deferred Vested Benefits

Included in net assets available for benefits are amounts due to participants who have withdrawn from the Plan but still have a vested benefit in the Plan's net assets. As of December 31, 2024 and 2023, these benefits totaled \$499,966 and \$2,107,025, respectively.

NOTE 10 – Related Party Transactions and Party-in-Interest Transactions

Certain investment advisory fees were paid out of the Plan to the Plan's investment advisor for fiduciary services. Fees paid to the Plan's investment advisor amounted to \$27,359 for the year ended December 31, 2024. Certain administrative fees are collected from participant accounts and paid to the record keeper and the Custodian. Administrative fees paid by the Plan amounted to \$23,525 for the Plan year ended December 31, 2024. Other administrative costs were paid by the Companies and are not reported in the financial statements. Certain Plan investments are held in investment vehicles managed by MATC, the Custodian of the Plan. These transactions qualify as party-in-interest transactions.

NOTE 11 – Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 – Risk and Uncertainties (continued)

The Plan has a concentration of investments in multiple BlackRock LifePath Index Funds. A change in the value of the BlackRock LifePath Index Funds could cause the value of the Plan’s net assets available for benefits to change due to this concentration. In addition, as a result of funds being selected by participants, certain other funds may individually represent a concentration of greater than 10% of Plan’s investments, at fair value in the statements of net assets available for benefits. Although these individual funds maintain a level of diversification by investing in multiple equity, debt or other instruments, there may be a concentration of risk because the funds are invested at the direction of a single fund manager. At December 31, 2024, five BlackRock LifePath Index Funds individually represented greater than 10% of the Plan’s investments, at fair value.

NOTE 12 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	2024		2023
Net assets available for benefits per the financial statements	\$ 9,190,497	\$	8,411,554

The following is a reconciliation of net increase per the financial statements to Schedule H of Form 5500:

	2024
Net increase per the financial statements	\$ 778,943

NOTE 13 – Delinquent Participant Deferral Transmittals

During the year ended December 31, 2023, the Companies inadvertently failed to deposit \$259,493 of participant contributions within the required timeframe stated by the DOL. The DOL considers late deposits to be nonexempt prohibited transactions. The Companies calculated the foregone earnings that would have been credited to participants’ accounts if the late remittances had been made on a timely basis for the late remittances. The Companies and record keeper contributed those amounts to the Plan during the year ended December 31, 2024.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Generations, LLC 401(k) Profit Sharing Plan & Trust
Clackamas, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Generations, LLC 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Generations, LLC 401(k) Profit Sharing Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023; and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HANSEN HUNTER & CO. P.C.
Certified Public Accountants

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Generations, LLC 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Generations, LLC 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

HANSEN HUNTER & CO. P.C.
Certified Public Accountants

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Generations, LLC 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Generations, LLC 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Delinquent Contributions and Assets Held at End of Year as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – Description of Plan

The following description of the Generations, LLC 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a 401(k) defined contribution plan formed on January 1, 2019, and amended and restated as of June 1, 2022, covering substantially all employees of WWGHR, LLC, FVL Employees, LLC, PAR, LLC, PVHR, LLC, PVHR2, LLC, GenClovis, LLC, GenDenver, LLC, GenGreenMountain, LLC, GenHighLine, LLC, GenSanDimas, LLC, GenSunRiseCreek, LLC, GenYorbaLinda, LLC, Generations Construction, and Generations, LLC (the Companies). During the year ended December 31, 2024, GenDenver, LLC, GenGreenMountain, LLC, GenSanDimas, LLC and GenYorbaLinda, LLC closed and related plan assets were distributed to participants. All participants in the Plan are fully vested. Employees of covered employers will be eligible to become a participant with the exception of union employees governed by a collective bargaining agreement, non-resident aliens, and merger and acquisition employees. Employees become eligible to participate in the Plan and are eligible for elective deferrals, matching contributions and Employer Profit-Sharing Contributions on the first day of the Plan month following the completion of three consecutive months of service, and attaining 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions – Each year participants may contribute a portion of their total earnings up to the maximum allowable by law, as defined by the Plan. The Plan allows both pre-tax elective deferral contributions and Roth elective deferral contributions. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Annual contributions were limited to a maximum permissible amount, as set forth in Internal Revenue Code Section 415.

The Companies have elected the Plan to be a safe harbor plan. Under safe harbor provisions, the Companies are required to provide a matching contribution and participants are immediately 100% vested in the Companies' Safe Harbor Matching Contributions. Under the safe harbor provisions, the Companies will match 100% of participant deferral contributions up to 4% of the participant's compensation per pay period, as defined by the Plan.

The Companies may also make a discretionary Profit-Sharing Contribution on an annual basis. In order for a participant to qualify for discretionary Profit-Sharing Contributions they must have completed 500 hours of service during the plan year unless they are still employed on the last day of the Plan Year. During the year ended December 31, 2024, \$11,000 in Employer Profit-Sharing Contributions were made.

Investment Options – Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers registered investment companies securities and money market funds.

NOTE 1 – Description of Plan (continued)

Participant Accounts – Each participant's account is credited with the participant's elective deferral contributions, the Companies' Safe Harbor Matching Contributions, the Companies' Profit-Sharing Contribution, if any, and an allocation of Plan earnings, and charged with an allocation of administrative expenses paid by the Plan. Plan earnings and administrative expenses are allocated based on a ratio of the participant's account balance to the total of the investment balance. The benefit to which a participant is entitled is equal to his or her vested account balance.

Vesting – Participants are immediately vested in their elective deferral contributions and employer Safe Harbor Matching Contributions plus actual earnings thereon. Effective January 1, 2024, participants are immediately vested in Employer Profit-Sharing Contributions.

Payment of Benefits – Upon disability, normal retirement or termination of service, a participant can elect to receive the vested interest in his or her account as a lump-sum distribution, partial payments, installment payments, annuity contracts or rollover. Upon death, the participant's beneficiaries may receive distributions in installment payments. Participant accounts less than or equal to \$5,000 are automatically disbursed as lump-sum distributions as soon as administratively feasible following termination. Benefits are recorded when paid.

Hardship Withdrawals – The Plan allows for hardship withdrawals, from pretax elective deferral, Roth elective deferral and safe harbor matching account balances in addition to the vested account balance from Profit-Sharing Contribution.

Administration of Plan Assets – The Plan administrator is the Companies. The administrator has entered into a contract with Mid Atlantic Trust Company (MATC), the Custodian of the Plan. Under the terms of the contract, MATC holds the Plan's investment assets and executes investment transactions and functions as the Custodian of the Plan. As permitted by Department of Labor regulations, MATC has certified certain financial information contained in the statements of net assets available for benefits and the statement of changes in net assets available for benefits to be complete and accurate.

Forfeited Accounts – A forfeiture is the non-vested portion of a participant's account that the participant loses upon termination of employment. Forfeitures can be used to pay administrative expenses or to restore Participant's Individual Accounts. As of December 31, 2024 and 2023, there were \$439 and \$448 available in forfeitures. During the Plan year ended December 31, 2024, no forfeitures were used to pay administrative expenses or reduce Safe Harbor Matching or employer Profit-Sharing Contributions.

NOTE 1 – Description of Plan (continued)

Amendment – Effective January 1, 2024, there was an amendment made to the Plan resulting in participants being immediately vested in Employer Profit-Sharing Contribution account balances. In addition, hardship withdrawals are allowable from Employer Profit-Sharing Contribution account balances.

NOTE 2 – Summary of Significant Accounting Policies

Basis of Accounting – The financial statements and supplemental schedules have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments – Investments are maintained in registered investment companies. Investments are reported at fair value. MATC certifies the fair value of the investments. If available, quoted market prices are used to value investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment appreciation includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. In the event of default, foreclosure on the note and attachment of security will not occur until a distribution eligibility requirement is met under the Plan.

Operating Expenses – Certain administrative fees are collected from participant accounts and paid to the Custodian. Certain administrative expenses such as audit and legal fees are paid by the Companies and are not included in the accompanying financial statements. Expenses related to specific participant transactions are charged to the respective participant's account.

NOTE 3 – Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

NOTE 4 – Information Certified by the Custodian of the Plan

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, MATC has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments as shown on the statements of net assets available for benefits as of December 31, 2024 and 2023;
- Net investment activity as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024;
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2024 and 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 5 – Notes Receivable from Participants

The Plan allows loans to participants secured by their account balances. Participants may borrow a minimum of \$1,000 up to a maximum of \$50,000 or fifty percent of their account balance, whichever is less. Loans must be repaid within five years, unless used to purchase a principal residence in which the loan term is determined at the time the loan is made. The interest rates on the loans outstanding at December 31, 2024, range from 4.25% – 9.50%. Repayment must be made through employer payroll deductions, consisting of principal and interest made each pay period.

NOTE 6 – Fair Value of Financial Instruments

The Plan has adopted the requirements of the Fair Value Measurements and Disclosure Topic of the FASB Accounting Standards Codification. This Topic defines fair value and requires enhanced disclosure about assets and liabilities carried at fair value. These additional disclosures are required only for financial assets and liabilities measured at fair value and for nonfinancial assets and liabilities measured at fair value on a recurring basis. The Defined Contribution Pension Plans Topic of the FASB Accounting Standards Codification exempts defined contribution pension plans from other requirements of this Topic.

This Topic requires that a fair value measurement reflect the assumptions market participants would use in pricing an asset or liability based on the best available information. These assumptions include risks inherent in a particular valuation technique (such as a pricing model) and the risks inherent in the inputs to the model. It also specifies that transaction costs should not be considered in the determination of fair value. According to this Topic, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price).

This Topic establishes a fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy defined by the Topic are as follows:

Level 1 – Quoted prices are available in active markets for identical assets or liabilities as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 – Pricing inputs are observable, either directly or indirectly, but are not quoted prices included within Level 1. Level 2 includes those financial instruments that are valued using external inputs with models or other valuation methodologies.

Level 3 – Pricing inputs include significant inputs that are generally less observable from objective sources. These inputs may be used with internally developed methodologies that result in management's best estimate of fair value. Level 3 instruments include those that may be more structured or otherwise tailored to customers' needs.

As required by this Topic, financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

In general, and where applicable, the Plan uses quoted prices in active markets for identical assets to determine fair value. This pricing methodology applies to the Plan's Level 1 assets which include registered investment company accounts and interest bearing cash.

NOTE 8 – Income Tax Status

The Plan adopted a Prototype Non-standardized Profit-Sharing Plan sponsored by Paychex, Inc. The Plan obtained a determination letter on April 10, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

In accordance with the guidance on accounting for uncertainty in income taxes, the Plan administrator evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure in or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – Separated Participants with Deferred Vested Benefits

Included in net assets available for benefits are amounts due to participants who have withdrawn from the Plan but still have a vested benefit in the Plan's net assets. As of December 31, 2024 and 2023, these benefits totaled \$499,966 and \$2,107,025, respectively.

NOTE 10 – Related Party Transactions and Party-in-Interest Transactions

Certain investment advisory fees were paid out of the Plan to the Plan's investment advisor for fiduciary services. Fees paid to the Plan's investment advisor amounted to \$27,359 for the year ended December 31, 2024. Certain administrative fees are collected from participant accounts and paid to the record keeper and the Custodian. Administrative fees paid by the Plan amounted to \$23,525 for the Plan year ended December 31, 2024. Other administrative costs were paid by the Companies and are not reported in the financial statements. Certain Plan investments are held in investment vehicles managed by MATC, the Custodian of the Plan. These transactions qualify as party-in-interest transactions.

NOTE 11 – Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2024

(Continued)

NOTE 11 – Risk and Uncertainties (continued)

The Plan has a concentration of investments in multiple BlackRock LifePath Index Funds. A change in the value of the BlackRock LifePath Index Funds could cause the value of the Plan’s net assets available for benefits to change due to this concentration. In addition, as a result of funds being selected by participants, certain other funds may individually represent a concentration of greater than 10% of Plan’s investments, at fair value in the statements of net assets available for benefits. Although these individual funds maintain a level of diversification by investing in multiple equity, debt or other instruments, there may be a concentration of risk because the funds are invested at the direction of a single fund manager. At December 31, 2024, five BlackRock LifePath Index Funds individually represented greater than 10% of the Plan’s investments, at fair value.

NOTE 12 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	2024		2023
Net assets available for benefits per the financial statements	\$ 9,190,497	\$	8,411,554
Deemed loans	<u>-</u>		<u>2,355</u>
 Net assets available for benefits per Schedule H of the Form 5500	 \$ <u>9,190,497</u>	 \$	 <u>8,413,909</u>

The following is a reconciliation of net increase per the financial statements to Schedule H of Form 5500:

	2024
Net increase per the financial statements	\$ <u>778,943</u>
Certain deemed distributions	<u>(2,355)</u>
Net increase per Schedule H of the Form 5500	\$ <u><u>776,588</u></u>

NOTE 13 – Delinquent Participant Deferral Transmittals

During the year ended December 31, 2023, the Companies inadvertently failed to deposit \$259,493 of participant contributions within the required timeframe stated by the DOL. The DOL considers late deposits to be nonexempt prohibited transactions. The Companies calculated the foregone earnings that would have been credited to participants’ accounts if the late remittances had been made on a timely basis for the late remittances. The Companies and record keeper contributed those amounts to the Plan during the year ended December 31, 2024.
