## **INDEPENDENT AUDITOR'S REPORT**

To the Board of Trustees of the Bishop's School 403(b) Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We were engaged to perform audits of the financial statements of The Bishop's School 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Bishop's School 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

### **Disclaimer of Opinion**

We do not express an opinion on the financial statements of The Bishop's School 403(b) Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

### **Basis for Disclaimer of Opinion**

The Bishop's School 403(b) Plan does not have sufficient accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Bishop's School 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

#### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our responsibility is to conduct an audit of The Bishop's School 403(b) Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of The Bishop's School 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedule of assets held for investment purposes is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

### Note 1. Description of the Plan and Significant Accounting Policies

#### Description of the Plan

The following description of The Bishop's School 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan agreement is available to all participants upon request at the Plan's administrative office.

**General** – The Plan was established on May 30, 1976 to help its employees meet their long range financial goals through the accumulation of funds during their career with The Bishop's School (the School). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions** – The Plan provides for three different types of contributions: voluntary employee contributions, employer nonelective contributions and employer matching contributions.

*Voluntary employee contributions* – All employees are eligible to contribute voluntary employee contributions to the Plan. The employee may elect to make voluntary contributions to the Plan at any time after employment commences.

*Employer contributions* – Full-time employees (employees regularly scheduled to work at least 30-hours per week) are eligible for employer contributions (nonelective and matching) on their first day of employment.

Part-time employees' eligibility is based on the eligibility condition of one year of service. As such, the employee must work at least 1,000 hours in their first 12 consecutive months of employment. If a part-time employee meets the 1,000 hour threshold in their first 12 consecutive month of employment or in a calendar year thereafter, the employee will be eligible for employer contributions (nonelective and matching).

For eligible employees, the School will contribute a minimum of 3% of total compensation (as defined by the Plan) and will match up to 5% of voluntary contributions made by the employee.

Employees who work on an as-needed, ad hoc or seasonal basis may be excluded from participation in the employer contributions part of the plan. Please refer to Summary Plan Description for specific details on excluded positions and classifications.

Contributions are made to Teacher's Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF) and Fidelity Management Trust Company (FMTC). Effective September 1, 2007, new employees may only make contributions to TIAA and CREF. Employees who made contributions to FMTC prior to September 1, 2007 were grandfathered in and may continue to make contributions to FMTC unless there is a break in service.

All contributions to the Plan are subject to certain limitations as established by the Internal Revenue Service and Department of Labor codes, laws and regulations.

**Participant Accounts** – Each participant's account is credited with its contributions and earnings/(losses) on its investments. Participants direct their own investments within limitations established by the Plan and made available by the funding vehicles. The benefits to which a participant is entitled are the benefits that can be provided from his/her account.

## THE BISHOP'S SCHOOL 403(b) PLAN

### Notes to Financial Statements

---

**Vesting** – Participants are vested immediately in both the employee and employer contributions plus actual earnings thereon.

**Plan Loans** – Loans issued prior to January 1, 2018 (“Plan Loans”) were issued from the general account of Teachers Insurance and Annuity Association (TIAA) and made with the participant directly. These loans are collateralized by the balance in the participant's account. Loan payments are made directly to TIAA. As loan payments are received, the appropriate amount of collateral is released by TIAA. The loans bear interest at a rate commensurate with prevailing interest rates. The loan and applicable interest must be repaid ratably, with payments due no less frequently than quarterly.

The outstanding balance of plan loans made to participants as of December 31, 2024 and 2023 was \$55,099 and \$83,390, respectively. The interest rates related to these loans range from 4.38% to 5.28%. The outstanding balance includes loans with maturity dates through March 2026. Since the loans are made directly to the participants by TIAA and CREF, they are not recorded separately on the accompanying financial statements.

**Notes Receivable from Participants** – FMTC participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account, are considered assets of the plan and are included in the Statements of Net Assets Available for Benefits as “Notes receivable from participants”. Loan payments are made directly to FMTC. The notes bear interest of 9.0%, which is commensurate with local prevailing rates as determined by the Plan administrator. The outstanding balance includes loans with maturity dates through June 2028. The outstanding notes receivable for December 31, 2024 and 2023 was \$37,275 and \$45,947, respectively.

Effective January 1, 2018, any loans issued to participants from TIAA and CREF are issued from the sale of investments held in the participant's account (“Participant Loans”) and are considered assets of the plan. The Participant Loan payments are used to replenish the participant's account including interest.

TIAA and CREF participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account, are considered assets of the plan and are included in the Statements of Net Assets Available for Benefits as “Notes receivable from participants”. Loan payments are made directly to TIAA and CREF. The notes bear interest of 5.0% to 9.5%, which is commensurate with local prevailing rates as determined by the Plan administrator. The outstanding balance includes loans with maturity dates through November 2029. The outstanding notes receivable for December 31, 2024 and 2023 was \$184,584 and \$64,385, respectively.

Total notes receivable from participants from FMTC and TIAA and CREF at December 31, 2024 and 2023 was \$221,859 and \$110,332, respectively.

**Payments of Benefits** – Benefits are payable upon a participant's termination from employment at the School, after reaching age 65, or after they have reached the normal retirement age (age 59½). Distribution is also made upon a participant's death or permanent disability. Benefit payments must begin no later than April 1<sup>st</sup> of the calendar year following the year of retirement or the participant reaching age 73 or as then defined by applicable regulations. Benefits paid will be equal to the balance in the participant's account and may be paid as a lump sum or as an annuity. In addition, a participant who demonstrates an immediate and heavy financial need as defined by the Internal Revenue Service and/or permitted by the Plan can obtain a hardship withdrawal.

## THE BISHOP'S SCHOOL 403(b) PLAN

### Notes to Financial Statements

---

**Forfeitures** – The Plan does not have any forfeited balances as participants are immediately vested in their voluntary employee contributions, participant rollover contributions, employer basic contributions and employer voluntary matching contributions.

#### **Significant Accounting Policies**

**Basis of Accounting** – The accounting records of the Plan are maintained using the accrual basis of accounting.

**Use of Estimates** – The preparation of financial statements, in conformity with generally accepted accounting principles, requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Investment Valuation and Income Recognition** – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fixed annuity insurance contracts are presented at contract value which represents a reasonable estimate of fair value as determined by a person or persons believed by the plan administrator to be competent to make such valuation. See Note 3 for discussion of fair value measurements.

The net appreciation in fair value of investments presented in the statement of changes in net assets includes the Plan's gains and losses on investments bought and sold during the year as well as the change in value of investments held during the year.

**Notes Receivable from Participants** – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024, and 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments and plan administrator considers the participant to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. At December 31, 2024 and 2023, notes receivables outstanding from participants totaled \$221,859 and \$110,332, respectively.

**Assets Held in Trust and Plan Servicing Credit** – The Plan negotiated a plan servicing credit from TIAA and CREF. This credit represents a return of fees by TIAA and CREF that were above what was needed to cover TIAA and CREF's administrative and record-keeping expenses. The credit could either be kept by the Plan for administrative costs or returned to participants. The Plan has elected to pay various administrative costs with the credit.

The plan servicing credit earned during the year ended December 31, 2024 totaled \$55,572 and is included on the Statement of Changes in Net Assets Available for Benefits as "Plan servicing credit." During the year ended December 31, 2024, the Plan earned investment income of \$1,141 and incurred fees of \$46,510 and a fee leveling adjustment of \$54,562. The plan servicing credit balance remaining at December 31, 2024 is \$1,839 which appears on the Statement of Net Assets Available for Benefits as "Assets held in trust".

**Payment of Benefits** – Benefits are recorded when paid.

# THE BISHOP'S SCHOOL 403(b) PLAN

## Notes to Financial Statements

---

**Operating Expenses** – The School pays all costs and expenses incurred in connection with the operations of the Plan, except for those fees deducted by the plan custodians, those expenses paid for with the Plan servicing credit and direct fees paid to the custodians. Direct fees consisted of \$25,150 paid to TIAA and CREF and \$290 paid to Fidelity for the year ended December 31, 2024. Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements.

**Subsequent Events** – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at that date, including the estimates inherent in the process of preparing financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits, but arose after that date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through September 9, 2025, which is the date the financial statements are available for issuance, and concluded that there are no events that need to be disclosed.

### Note 2. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, dividends and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF and FMTC (the custodians of the Plan). Investment and notes receivable from participants information is summarized as follows:

	<u>2024</u>	<u>2023</u>
Total investments	\$ 78,838,854	\$ 68,558,373
Notes receivable from participants	<u>\$ 221,859</u>	<u>\$ 110,332</u>

Changes in net assets certified by the custodians and not audited for the year ended December 31, 2024, include the following:

Net appreciation in fair value of investments	<u>\$ 7,309,626</u>
Interest and dividend income	<u>\$ 1,379,838</u>
Participant loan interest	<u>\$ 12,351</u>

### Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

### Notes to Financial Statements

**Level 2:** Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Variable annuities held by the Traditional Annuity and Fidelity Management Trust Company are valued at amortized cost.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest and are therefore not measured at fair value in accordance with FASB ASC 820. Accordingly, they are excluded from the fair value hierarchy table.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Pooled separate accounts:* Valued at the net asset value of shares held by the plan on a daily basis.

*Registered investment company shares (Mutual funds):* Valued at the daily price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, with the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total

### Note 4. Insurance Company General Contracts (Investments at Contract Value)

**TIAA Traditional Annuity** – The TIAA Traditional Annuity is a fixed annuity contract that is fully and unconditionally guaranteed by TIAA, a New York domiciled non-profit legal reserve life insurance company. During the accumulation phase, the TIAA Traditional Annuity provides a guarantee of principal, a guaranteed minimum rate of interest, (generally 3%) and the potential of additional interest if declared by TIAA. Additional interest is not guaranteed. When the accumulation in TIAA Traditional is converted to an annuity based on life expectancy, the present value of the stream of payments is equal to the accumulation.

The TIAA Traditional Annuity is reported at contract value, which approximates fair value. The value of the investment contract at December 31, 2024 and 2023, was \$14,743,051 and \$15,037,791, respectively. When a participant dies, or selects an income or lump-sum benefit, the transaction occurs at the accumulated balance. This would suggest that the value of an accumulation in a TIAA Traditional Annuity contract is equal to no more than the participant's fund balance.

### Note 5. Party-In-Interest Transactions

**Fees** – Certain plan investments are units of variable annuity accounts and units of pooled separate accounts managed by TIAA and CREF and FMTC. TIAA and CREF and FMTC are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2024, indirect fees paid by the Plan for investment management and recordkeeping services were \$229,909 for TIAA and CREF, which is netted in net appreciation in fair value of investments. Direct fees paid by the Plan include \$25,150 for TIAA and CREF and \$290 for FMTC which is included in miscellaneous fees in the Statement of Net Assets Available for Benefit.

Certain plan administrative expenses have been paid from the plan servicing credit from TIAA and CREF to Morgan Stanley Domestic Holdings and West Rhode & Roberts and, therefore, these transactions qualify as party-in-interest transactions. Direct fees of \$57,926 were paid to Morgan Stanley Domestic Holdings, Inc. and West Rhode & Roberts during the year ended December 31, 2024 and are included in the miscellaneous fees in the Statement of Net Assets Available for Benefits.

**Plan Loans and Notes Receivable from Participants** – As of December 31, 2024 and 2023, participants had outstanding loans payable to TIAA and CREF of \$55,099 and \$83,390, respectively, ("Plan Loans"). As of December 31, 2024 and 2023, participants had outstanding loans payable to the TIAA and CREF plan of \$184,584 and \$64,385, respectively ("Participant Loans"). As of December 31, 2024 and 2023, participants had outstanding loans payable to the FMTC plan \$37,275 and \$45,947, respectively.

### Note 6. Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the Code). The plan administrator and the plan's tax counsel believe the terms of the Plan have been prepared to conform with the written plan requirements of Regulation 1.403(b)-3 of the Code. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **Note 7. Plan Termination**

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

### **Note 8. Risks and Uncertainties**

Concentration of credit risk - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

### **Note 9. Reconciliation of Financial Statements to Form 5500**

There were no differences in amounts reported in the Plan's financial statements and the Form 5500 as of and for the year ended December 31, 2024.
