## INDEPENDENT AUDITORS' REPORT

The Plan Administrator  
OPPO 401(k) Plan & Trust  
Palo Alto, California

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the OPPO 401(k) Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the OPPO 401(k) Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the OPPO 401(k) Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the OPPO 401(k) Plan & Trust's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audits of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the OPPO 401(k) Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the OPPO 401(k) Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

### **Other Matter — Supplemental Schedules Required by ERISA**

The supplemental schedules of assets (held at end of year) and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### NOTE 1. DESCRIPTION OF PLAN

The following description of the OPPO 401(k) Plan & Trust (the “Plan”), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

#### General

The Plan is a defined contribution plan. Employees of InnoPeak Technology, Inc. (the “Company”) and its sister company OnePlus USA Corp. become eligible to participate in the Plan immediately following the date the employee is hired, providing they are at least eighteen years of age, and they are not self-employed or leased, part-time temporary or seasonal employee or members of collective bargaining agreement.

Employer matching contributions made at the discretion of the Company will be made in an amount and allocation formula determined each year. The matching contribution will be based on elective deferral and catch-up contributions and will have no maximum. Participants must receive, no later than 60 days after the discretionary employer matching contribution is made to the Plan, a summary detailing how the contribution was determined.

Years of service credited to participants for the plans sponsored by OnePlus USA Corp. will be treated as service with the Company for purposes of eligibility.

The vesting schedule for employer matching contributions made to merged employees in the Sequoia One 401(k) Plan will be based on a 1 to 5-year graded vesting using the elapsed time method.

A “One-Year Break in Service” means an eligibility computation period in which an employee is credited with 500 or fewer hours of service.

#### Contributions

Eligible employees (“participants”) may contribute up to 100% of their annual compensation subject to certain limitations as defined by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions.

The Company makes discretionary employer matching contributions on all employee elective deferral and catch-up contributions. The Company made matching contributions for the year ended December 31, 2024 of \$1,137,440.

The non-elective contribution is allocated to participants based on the participant’s compensation for the plan year in proportion to total compensation of all participants. A participant is not required to make contributions to the Plan to be eligible for an allocation of the non-elective contribution. The Company did not make a non-elective contribution for the year ended December 31, 2024.

#### Rollover contributions

The Plan provides for rollover contributions, which represents contributions by participants from other tax qualified retirement plans. The maximum amount of a participant’s rollover contribution is not affected by the limits otherwise applicable to participant contributions.

### **NOTE 1. DESCRIPTION OF PLAN (CONTINUED)**

#### **Voluntary after-tax employee contributions**

Participants may make voluntary after-tax contributions in excess of the pre-tax limit as defined by the Internal Revenue Code. The maximum amount allowed by the plan is \$20,000 and the plan does not provide a match of voluntary after-tax contributions.

#### **Participant accounts**

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. The contributions are allocated within each participant account based upon the participant's investment elections. All amounts in participant accounts are participant-directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### **Vesting**

Participants are immediately vested in their elective deferral contributions, employer matching and non-elective contribution portions plus actual earnings thereon. Employer matching contributions made to participants from the Sequoia One 401(k) Plan are subject to a 1 to 5-year graded vesting schedule using the Elapsed Time method.

#### **Notes receivable from participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may only have three loans outstanding from the Trust at a time. The notes are secured by the vested balance in the participant's account and bear a reasonable rate of interest, which is commensurate with local prevailing rates of commercial U.S. banks and are determined at the time the note is made. Note transactions are treated as transfers to (from) the investment funds from (to) a participant's note receivable. Note terms cannot exceed five years, unless the note qualifies as a residential mortgage in which case a note term may qualify for a period up to thirty years.

#### **Payment of benefits**

Benefits are payable to participants or designated beneficiaries upon retirement, termination, death, disability, hardship or in-service if the participant has attained age 59 ½. Distributions may be paid in a lump-sum amount equal to the value of the participant's vested interest in his or her account, payments over a fixed period, or they may be rolled over into another plan or an Individual Retirement Account.

#### **Hardship withdrawals**

Participants may withdraw their elective deferral contributions in the event of hardship as defined by the plan agreement.

#### **Administrative expenses**

The Plan's recordkeeper fees are paid directly by the Plan, and all other administration costs of the Plan are paid by the Company.

### **NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### **Basis of accounting**

The financial statements of the Plan are prepared using the accrual method of accounting which is in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

#### **Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **Notes receivable from participants**

Principal and interest are paid ratably through payroll deductions. Notes to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan document. Plan management has evaluated the collectability of notes receivable from participants and, because they are secured by the participants' accounts, an allowance has not been recorded.

#### **Investment valuation and income recognition**

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### **Payment of benefits**

Benefits payments are recorded when paid.

#### **Forfeitures**

Forfeitures of Company contributions are used to reduce Company contributions or pay plan expenses. For the year ended December 31, 2024, forfeitures of \$81,989 were used to fund Company contributions.

#### **Reclassification**

Certain investment information for the prior year has been modified to conform with current year presentation and disclosure.

#### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

##### Subsequent events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of events that affect the financial statements. Subsequent events were evaluated through September 3, 2025, which is the date the financial statements were available to be issued.

#### NOTE 3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the custodians of the Plan, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments, interest and dividends from investments, and interest on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investments reflected on the schedule of assets held at December 31, 2024.

#### NOTE 4. FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the standard are described below:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

## OPPO 401(k) Plan & Trust

Notes to Financial Statements

### NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price, as reported by the fund. Funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	2024			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 29,258,228	\$ -	\$ -	\$ 29,258,228
Investments at fair value	<u>\$ 29,258,228</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 29,258,228</u>
	2023			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 27,271,042	\$ -	\$ -	\$ 27,271,042
Investments at fair value	<u>\$ 27,271,042</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 27,271,042</u>

### NOTE 5. FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

The Plan has entered into a group annuity contract issued by Empower Annuity Insurance Company of America ("Empower") which is a fully benefit-responsive investment, also known as the Great-West Investments Fixed Account – Series Class IV ("Fixed Account"). Participants may ordinarily direct the withdrawal or transfer of all or a portion of their account balance at contract value. Due to the nature of the Fixed Account, fair value approximates contract value. The investment in the Fixed Account has no maturity date. Contract value is the relevant measurement attributable to fully benefit-responsive

Notes to Financial Statements

### **NOTE 5. FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT (CONTINUED)**

investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the Fixed Account represents contributions plus earnings, less participant withdrawals and administrative expenses and is presented on the face of the statement of net assets available for benefits in arriving at net assets available for benefits. The issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

Interest will be earned on the Fixed Account value and compounded daily to the effective annual interest rate. The interest rate to be credited to the entire value of the Great-West Fixed Account will be determined by Empower prior to the last day of each calendar quarter and will be in effect for the following calendar quarter. The effective annual interest rate will never be less than 0%.

The contract value of Empower Fixed Account at December 31, 2024 and 2023 was \$1,169,432 and \$1,866,045, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants is unlikely to occur.

### **NOTE 6. INCOME TAX STATUS**

The Plan document is a Nicholas Pension Consultants, Inc. Deferred Profit-Sharing Plan with CODA with an Internal Revenue Service (IRS) opinion letter dated June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax exempt.

The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan's annual return/report of employee benefit plan filings for the past three years are subject to examination by tax authorities, and may change upon examination.

### **NOTE 7. PLAN TERMINATION**

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contribution accounts.

## **OPPO 401(k) Plan & Trust**

### **NOTE 8. RISKS AND UNCERTAINTIES**

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

### **NOTE 9. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Plan investments are shares of mutual funds and interest-bearing cash accounts under the management and recordkeeping of Empower Trust Company, LLC and Empower Annuity Insurance Company of America. Fees paid by the Plan to these parties for investment management and recordkeeping services amounted to \$91,464. Additionally, administration services fees of \$17,704 were also paid to a third-party contract administrator. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA.

### **NOTE 10. PROHIBITED TRANSACTIONS**

Participant contributions of \$74,866 were withheld from participants' pay in September 2024 but were not remitted to the Plan's trust within the time required by the Department of Labor. The lost earnings on participant contributions were calculated based on interest rates determined by the Internal Revenue Code and were remitted to the Plan's trust in October 2024 in the amount of \$598. The lost earnings on notes receivable from participants were calculated based on interest rates determined by the Internal Revenue Code and are being remitted to the Plan's trust in September 2025 in the amount of \$21.
