Report of Independent Auditors

To the Participants and Plan Administrator of
Apple 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Apple 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to

A member firm of Ernst & Young Global Limited

those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Shape the future with confidence

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General – The following description of the Apple 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established on March 31, 1984 by Apple Inc. (the Company) to provide benefits to eligible employees, as defined in the plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code of 1986, as amended (the Code), and the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Administration – Effective January 1, 2024, the Plan's trustee changed from Empower Trust Company, LLC (ETC) to Fidelity Management Trust Company (FMTC) and the recordkeeper changed from Empower Retirement, LLC to Fidelity Workplace Services, LLC (Fidelity). As part of this transition, the Plan's Net Assets available for Benefits of $19.7 billion were transferred to Fidelity. Participant account balances were mapped from existing investment options in accordance with the transition plan that was communicated to Plan participants. The change in service providers initiated a transition blackout period, within the meaning of Section 101(i) of ERISA, from December 22, 2023 to the week of January 7, 2024, during which time participant accounts were not available for exchanges between investment options, loans, distribution requests, or certain other transactions.

The Company (the Plan Sponsor) has appointed the Benefits Administrative Committee (the Plan Administrator) to be responsible for the operation and administration of the Plan, and the 401(k) Plan Investment Committee (the Committee) to manage the selection and monitoring of the Plan's designated investment options. The Plan Sponsor has contracted with FMTC to act as the trustee of the Plan, and with Fidelity to act as the record keeper for the Plan. All Plan administrative expenses, including trustee fees, are paid by the Plan, except to the extent paid by the Company in its discretion. Fees may be allocated to individual participant accounts.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States.

Forfeitures – Forfeitures may be used to pay certain Plan administrative expenses or, to the extent remaining, reduce future employer contributions.

Investment valuation and income recognition – The Plan's investments, excluding the Stable Value Fund, are reported at fair value. The Plan's trustee, FMTC , certifies the fair market value of all investments held at FMTC. If available, quoted market prices are used to value investments. Certain nominal assets within the Self Directed Brokerage Account remained at Charles Schwab & Co. due to applicable legal restrictions. The Plan has investments in separately managed accounts with William Blair (WB) and Barrow Hanley Mewhinney & Strauss, LLC (BHMS) that are comprised of common stock and money market funds. Additionally, the Plan's Stable Value Fund, a separately managed account managed by Galliard Capital Management, is a synthetic investment contract stable value fund comprised of common collective trust funds and wrapper contracts (refer to Note 5).

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants (notes receivable) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivables are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

Payment of benefits – Benefits are recorded when paid.

Income taxes – The Plan has received a favorable determination letter dated April 6, 2017, from the Internal Revenue Service (the IRS), stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes that the Plan, as amended, is designed and operated in accordance with, and qualifies under, the applicable requirements of the Code and that the trust, which forms a part of the Plan, is tax-exempt. To the extent the Plan Administrator, or its authorized delegates, becomes aware of any administrative error that does not comply with the Plan's terms or any applicable tax qualification requirements under the Code, appropriate action will be taken to correct such error.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

Risks and uncertainties – The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent events – The Plan has evaluated subsequent events through September 15, 2025, which is the date the financial statements were available to be issued.

The Plan has implemented applicable provisions from the Setting Every Community Up for Retirement Enhancement (SECURE) Act and SECURE 2.0 Act, and the Plan Sponsor intends to amend the Plan document to incorporate such provisions by the last day of the plan year beginning on or after January 1, 2026, in accordance to current Internal Revenue Service (IRS) guidance. In connection with such amendment of the Plan document, the Plan Sponsor may also further amend and/or amend and restate the Plan document to incorporate such other updates as it deems appropriate.

NOTE 2 – FAIR VALUE MEASUREMENT

The fair value measurement standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are quoted prices in active markets for identical assets and liabilities.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money Market and Mutual Funds: Valued at the daily closing price as reported by the fund. Money market and mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price and are considered to be actively traded.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Common/collective trusts: Units held in common/collective trusts (CCT) are valued using the NAV practical expedient of the CCT as reported by the issuer of the CCT. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The CCT may be redeemed at NAV daily without restrictions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	2024			
	Level 1	Level 2	Level 3	Total
Money market and mutual funds	$ 17,624,026	$ -	$ -	$ 17,624,026

NOTE 3 – PARTICIPATION AND BENEFITS

Participant contributions – The Plan allows for participating employees to make regular elective salary deferral contributions on a pre-tax basis and/or Roth after-tax basis of up to 75% of biweekly eligible pay and sales commissions, up to a maximum amount of $23,000 during 2024. The Plan also allows for eligible participants to make additional elective catch up contributions up to 75% of eligible compensation up to a maximum of $7,500. Participants are allowed to direct the allocation of such contributions and fund balances in their entirety or in 1% increments to any of the investment funds offered by the Plan. The Plan also allows participating employees to make elective salary deferral contributions on an after-tax basis of up to 20% of eligible compensation.

Furthermore, the Plan allows for automatic enrollment into the Plan at a contribution rate of 3% of eligible compensation (such percentage will be increased incrementally by 1% on each annual anniversary of the date of eligible participation to a maximum of 6% of eligible compensation), unless the employee affirmatively elects otherwise. These contributions are invested in the Plan's qualified default investment alternative, which is the BlackRock Global LifePath fund that most closely matches the date when the participant would reach their target retirement age.

Participants are also allowed to make rollover contributions of eligible amounts received from other tax-qualified employer-sponsored retirement plans and Individual Retirement Accounts. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions – The Company makes matching contributions to the Plan, as defined in the plan document. The matching rate is based on the participant's length of service determined as of the payroll date for the pay period with respect to which the contribution is made. In 2024, the Company matched as follows: participants with less than two years of service are matched at 50%, two but less than five years of service at 75%, and five or more years of service at 100% of each eligible participant's aggregate regular pre-tax 401(k) and/or Roth 401(k) contributions up to a maximum of 6% of the participant's eligible compensation.

Vesting – Participants are immediately vested in their entire account, including employer contributions.

Participant accounts – Each participant's account is credited with the participant's contribution, related Plan earnings or losses, and an allocation of the Company's contribution, if any. Allocation of the Company's contribution is based on participant eligible contributions and eligible employee compensation, as defined in the Plan.

Payment of benefits – Upon termination, subject to the Plan's minimum required distribution provisions, the participants or beneficiaries may elect to leave their account balance in the Plan or receive their total benefits in a partial distribution (no less than $1,000) or lump sum amount equal to the value of the participant's interest in their account. The Plan allows for the automatic lump sum distribution of participant account balances that do not exceed $1,000.

Notes receivable from participants – The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their account balance. The notes receivable are secured by the participant's account balance. Such notes receivable bear interest equal to the prime rate as reported by the Federal Reserve as of the last business day of the prior month plus 1%, and must generally be repaid to the Plan within a five-year period, unless the proceeds are used for the purchase of a principal residence in which case the maximum repayment period may not exceed 15 years.

The specific terms and conditions of such notes receivable are established by the Plan's Loan Policy.

NOTE 4 – CERTIFIED INFORMATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ETC (for 2023) and FMTC (for 2024), the trustees of the Plan, as applicable, have certified to the completeness and accuracy of:

- Investments and notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023;
- Net appreciation (depreciation) in fair value of investments, dividends and interest (which includes interest income from notes receivable) reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024;
- Investments reflected on the schedule of assets (held at end of year).

NOTE 5 – INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Stable Value Fund, managed by Galliard Capital Management, includes synthetic guaranteed investment contracts (GICs) as of December 31, 2024 and 2023. The contracts meet the fully benefit-responsive investment contract (FBRIC) criteria and therefore are reported at contract value. Contract value is the relevant measure for FBRICs because it is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the investment manager, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Generally, fixed income synthetic GICs consists of an asset or collection of assets that are owned by the Plan, and a benefit-responsive, book-value wrap contract purchased for the portfolio. The wrap contract provides book-value accounting for the assets and assures that benefit-responsive payments will be made at book value for participant-directed withdrawals.

Certain events could limit the ability of the Stable Value Fund to transact withdrawals and transfers at contract value. Such events include the following:

- Company-initiated events, including events within the control of the Plan or Plan Sponsor that would have a material and adverse effect on the Stable Value Fund
- Company communications designed to induce participants to transfer from the Stable Value Fund
- Competing fund transfer or violation of equity wash or equivalent rules in place
- Changes of qualification status of the Company or the Plan

The Committee does not believe that the occurrence of any of the above events, which would limit the Stable Value Fund's ability to transact at contract value with participants, is probable. If the Plan initiates a full redemption, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

In general, issuers may terminate the contract and settle at other than contract value if the qualification status of the employer or Plan changes, a breach of material obligations under the contract and misrepresentations by the contract holder occur, or if there is a failure of the underlying portfolio to conform to the pre-established investment guidelines.

NOTE 6 – PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Certain investments available through the Plan are shares of funds managed by Fidelity Investments or an affiliate thereof. FMTC, an affiliate of Fidelity Investments, is the Plan's trustee. Therefore, transactions in these investments qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. Fees have been paid to Fidelity by the Plan for recordkeeping services.

NOTE 7 – PLAN TERMINATION

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors or authorized delegates and subject to the provisions of ERISA.
