The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

September 12, 2025
DRH & Associates 401(k) Plan

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the Plan and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

September 12, 2025
DRH & Associates 401(k) Plan

In performing an audit in accordance with auditing standards generally accepted in the United States of America, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

My audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**DRH & ASSOCIATES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023**

Note 1 - Plan Description

The following brief description of the DRH & Associates 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan covering all eligible employees of DRH & Associates, Inc. (the Company and plan administrator). The Plan is subject to the provisions of the Employee Retirement Income Act of 1974, as amended (ERISA). The Plan was adopted by the Company on January 1, 2008 and has been amended and restated from time to time. Reliance Trust Company (Reliance) serves as the Plan's trustee.

Going Concern

As mentioned in Note 9, Plan management anticipates that the Plan will be terminated in 2025 due to the plan sponsor being acquired.

Eligibility

The Plan is a defined contribution plan, covering all eligible employees of the Company who have attained age twenty-one and completed the minimum requirement of three months of service. Eligible employees will become participants in the Plan on the first day of the month coinciding with or next following the date the eligibility requirements have been met.

Contributions

The Plan includes a savings feature designed to permit employees and the Company to contribute to the Plan, as allowable under Section 401(k) of the Internal Revenue Code (IRC). Each year, participants may elect to contribute a percentage or a set dollar amount of their annual compensation to the Plan, subject to certain limitations, up to the maximum allowed by the IRC. The Plan does not allow for Roth elective deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans (rollovers).

Employee contributions are made to the Plan by electing to defer from 1% to 85% of the employee's compensation and are fully vested at all times. In addition, eligible employees who have attained age 50 before the close of the plan year are eligible to make catch-up contributions subject to limitations of the IRC. The Company may also make additional discretionary matching contributions to the Plan, which are subject to certain limitations. There were no additional discretionary contributions made during 2024.

DRH & ASSOCIATES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023

Vesting

Participants are vested immediately in their salary deferral contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contributions is based on years of continuous service. Participants are 20% vested in discretionary matching contributions upon completion of one year of service, increased by 20% per year thereafter. Participants are 100% vested after five years of credited service. Regardless of service term, full and immediate vesting occurs for participants upon retirement, death or disability prior to termination of employment.

Forfeitures

Forfeitures attributable to the nonvested discretionary contributions made by the Company are to be used to reduce employer contributions or offset plan expenses. At each year-end December 31, 2024 and 2023, respectively, forfeited non-vested accounts totaled approximately \$100 and \$700. Approximately \$6,000 forfeitures were utilized to reduce employer contributions and pay plan expenses during the year ended December 31, 2024.

Participant Accounts

Separate accounts are maintained for each participant. Upon enrollment in the Plan, a participant may direct the investment of his or her account balance. Participants may change their investment options at any time.

Investment earnings and losses are allocated daily to participant accounts in the same ratio as the participant's investment in each fund bears to the total of all participants' investments in each fund.

Each participant's account is credited with the participant's voluntary deferral contribution, plan earnings and losses, and allocated administrative expenses for investment management fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Notes receivable from participants are loans to participants secured by the vested portion of their accounts as prescribed in the plan document. Participants may borrow up to 50% of their vested account balance, with a minimum loan amount equal to \$500 and the maximum loan amount not to exceed \$50,000. The loans are secured by the balance in the participant's vested account and bear an interest rate at the prime rate (7.50% at December 31, 2024) plus 2.00%. Principal and interest are paid ratably through semi-monthly payroll deductions. Loan terms are limited to five years unless for the purchase of a principal residence. Loans for the purchase of a principal residence are limited to terms of 30 years. Participants may only have one loan outstanding at a time.

See independent auditor's report.

DRH & ASSOCIATES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023

Benefit Payments

Distributions may be made to participants upon termination of employment, disability, retirement, or death. In-service distributions are allowed for participants who have reached the age of 59½ as well as for other permitted reasons. Additionally, hardship withdrawals may be made to active participants who have demonstrated financial need, subject to the provisions of the Plan. Upon termination, participants with an account balance of \$5,000 or less shall receive an automatic lump-sum distribution from the Plan. Upon withdrawal from the Plan or termination of employment, participants may be subject to tax on contributions and income earned.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Accounting principles followed by the Plan and methods of applying those principles are summarized below:

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes realized gains or losses on investments sold during the year as well as unrealized gains or losses on the investments held at the end of the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as the notes are collateralized by the participants' account balances. Interest income is recorded on the accrual basis. In general, notes receivable from participants are considered in default in the calendar quarter following the quarter in which no payment is made. Defaulted loans are accounted for as distributions based upon the terms of the plan document when a distributable event has occurred.

Benefit Payments

Benefits paid to participants or their beneficiaries are recorded when paid.

See independent auditor's report.

DRH & ASSOCIATES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023

Administrative Expenses

Administrative expenses are paid by the Plan unless paid by the Company at its discretion.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and may impact participant account balances and the amounts reported in the financial statements.

Note 3 - Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained a certification from Reliance Trust Company as of December 31, 2024 and 2023, and for the year ended December 31, 2024 that all of the information provided is complete and accurate. Information included in the accompanying financial statements, the notes to the financial statements and the supplemental schedule regarding investments, notes receivable from participants, investment income/loss and interest income on notes receivable from participants is presented solely in reliance upon this certification.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements, the accompanying notes to the financial statements, and the supplemental schedule.

See independent auditor's report.

DRH & ASSOCIATES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023

Note 4 - Fair Value Measurements

GAAP provides a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money Market Fund and Mutual Funds – These funds are valued at their quoted market prices.

Common/Collective Trust Funds – The State Street Global Advisor (SSgA) common/collective trust funds are valued at their net asset value (NAV) as determined by the issuer based on quoted market prices of the underlying investments, when available. These common/collective trust funds are comprised primarily of publicly traded assets. The NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the investment will be sold for an amount different than reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

See independent auditor's report.

NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023

Note 5 - Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a complete termination of the Plan, participants shall be fully vested in all amounts allocated to their accounts, and such amounts will be distributed. See Note 9.

Note 6 - Federal Income Tax

The pre-approved prototype plan adopted by the Plan received an opinion letter from the IRS dated October 6, 2020, stating that the pre-approved prototype plan was in compliance with the applicable requirements of the IRC. The pre-approved plan has since been amended; however, the plan administrator, through its adoption of the pre-approved plan document, believes that the Plan continues to be designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Note 7 - Party-in-Interest Transactions

Certain investments of the Plan are issued by Reliance Trust Company or an affiliate, and therefore, these transactions qualify as party-in-interest transactions. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC.

Note 8 - Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the net assets per the Form 5500 at December 31, 2023:

Net assets available for benefits per the financial statements	\$ 1,664,092	
Excess contributions payable	1,733	
Net assets per the Form 5500		\$ 1,665,825

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the net income per the Form 5500 for the year ended December 31, 2024:

Net increase in net assets available for benefits per the financial statements	\$ 150,403	
Excess contributions refunded in 2024, accrued as of December 31, 2023	(1,733)	
Net income per the Form 5500		\$ 148,670

See independent auditor's report.

NOTES TO FINANCIAL STATEMENTS (Continued)

Note 9 - Subsequent Events

Effective January 2025, the plan sponsor was acquired by Capitol Imaging Services, Inc. Also in that month, plan management made the determination to wind down the plan in 2025. All participants with an account balance on or after January 1, 2025 became 100% vested in their entire account balance. The Company is currently in the process of liquidating the Plan. In accordance with GAAP, the Plan will change from the ongoing basis of accounting to the liquidating basis of accounting in 2025.

The plan administrator evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 12, 2025, which is the date the financial statements were available to be issued.
