## Independent Auditor's Report

To the Plan Administrator of **Ecology Services, Inc. (Non-Union) 401(k) Plan**:

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of **Ecology Services, Inc. (Non-Union) 401(k) Plan** an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of **Ecology Services, Inc. (Non-Union) 401(k) Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit needs not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024 stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ecology Services, Inc. (Non-Union) 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Ecology Services, Inc. (Non-Union) 401(k) Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Ecology Services, Inc. (Non-Union) 401(k) Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Ecology Services, Inc. (Non-Union) 401(k) Plan's** ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment

information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental schedule of assets (held at end of year) as of or for the period January 1, 2024 through December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The following description of Ecology Services, Inc. (Non-Union) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Document or the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering non-union employees of a controlled group of six entities, Ecology Services, Inc., Ecology Services Refuse & Recycle, LLC, Ecology Service Municipal Operations, LLC, Ecology Services Anne Arundel County Cartage, LLC, Ecology Services Curbside Collection Services, LLC and Cordoba Enterprises, LLC, collectively referred to as the "Company", who are age twenty-one or older and have three months service with the Company. Any employees covered by a collective bargaining agreement are exempt from participation. Employees may enter the Plan quarterly. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make before-tax contributions up to 100% of compensation not to exceed the maximum salary deferral limit and other limitations established by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan permits rollover contributions from other qualified retirement plans and certain individual retirement accounts.

The Company makes a matching contribution of 20% of an employee's elective deferrals on the first 10% of employee compensation, as defined by the Plan. The Company may elect, at its sole discretion, to make additional profit sharing contributions. No discretionary profit sharing contributions were made for the years ended December 31, 2024 and 2023.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and employer matching contributions. Participants direct the investment of their contributions, matching contributions and any profit sharing contributions into various investment options offered by the Plan. Investment earnings, losses, and changes in market value are allocated based upon the investment experience of each holding in a participant's account. Certain transactional costs and service charges are allocated to the specific accounts involved in the transaction or receiving the service. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms require amortization of principal and interest over a period not to exceed five years, with certain exceptions. Participants may have only one outstanding loan at a time. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1 percent above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payments of Benefits

Plan participants are eligible to receive benefit payments from the Plan at retirement, prior to retirement under certain circumstances, upon termination of employment with the Company, upon disability and at death. Benefit payments are limited to the value of the participant's vested interest in his or her account. The normal form of benefit payment is an annuity but also may be elected as a lump-sum payment or partial withdrawal. In-service and hardship withdrawals are allowed, subject to Plan provisions and applicable laws.

Vesting

Participants are immediately vested in their own deferral contributions, rollover contributions and earnings thereon. Vesting in the Company's matching contribution and any profit sharing contribution is based on years of continuous service, according to a six year vesting schedule. A participant is 100% vested after six years of credited service. Participants also become fully vested upon reaching early or normal retirement age, disability, death, or termination of the Plan. Non-vested balances are subject to forfeiture upon termination of employment, as follows:

<u>Vesting Service (Years)</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeited Accounts

The balance of forfeited non-vested funds in the forfeitures account was \$3,824 and \$882 at December 31, 2024 and 2023, respectively. Forfeited amounts may be used to pay Plan expenses or to reduce Company matching contributions. During 2024, \$5,128 of amounts from forfeited non-vested accounts were used to cover Plan expenses and reduce Company contributions.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Company. In addition, the Company provides services to the Plan without charge.

**B. Summary of Accounting Policies**

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

Preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect

**Ecology Services, Inc. (Non-Union) 401(k) Plan**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Except for the Stable Value Fund, investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The insurance company of the Plan certifies the fair market value of the Plan investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. The loans are secured by vested participant account balances. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain administrative expenses of the Plan are paid by the Company and are excluded from these financial statements. Per-use transaction fees are charged directly to specific participant accounts for certain services, such as processing loans, in-service withdrawals, distributions, and other transactions. In addition to per-use transaction fees, participants with account balances share in the operational expense of the Plan. Investment related expenses are included in net appreciation or depreciation in the fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events for disclosure in these financial statements through August 27, 2025, the date the financial statements were available to be issued.

**C. Information Prepared and Certified by the Plan Insurance Company**

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Transamerica Financial Life Insurance Company, the insurance company of the Plan, has certified as to the completeness and accuracy of investment and participant loan balances and related investment and loan activity in these financial statements and supplemental schedule, summarized as follows:

**D. Fair Value Measurements**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Pooled separate accounts: Pooled separate accounts are valued at the net asset value (NAV) of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**E. Transamerica Stable Value Core Account**

The Transamerica Stable Value Core Account is an interest-bearing deposit account with Transamerica Financial Life Insurance Company ("Transamerica"). Transamerica maintains the contributions in a general company account and is contractually obligated to repay principal and a specified interest rate to the Plan. Interest rates are reset semi-annually on January 1 and July 1. There is no stated minimum or maximum interest rate. The crediting interest rate was 1.65% and 1.25% at December 31, 2024 and 2023, respectively.

The contract value of the Stable Value Core Account was \$293,133 and \$265,133 at December 31, 2024 and 2023, respectively. There are no unfunded commitments for the Stable Value Core Account. The redemption frequency and the redemption notice period are daily.

The Stable Value Core Account complies with fully benefit responsive investment criteria and therefore is presented at contract value on the statements of net assets available for benefits. Contract value is the relevant measure for this investment because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus interest credited, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, certain events, such as a full contract discontinuance or a partial contract discontinuance, may result in a contract level hold period. Such events are not deemed probably of occurring by Plan management.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its financial obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

**F. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment

**Ecology Services, Inc. (Non-Union) 401(k) Plan  
Notes to Financial Statements

securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported on the statements of net assets available for benefits.

**G. Party-In-Interest Transactions**

Transamerica Financial Life Insurance Company (“Transamerica”) is the recordkeeper and insurance company of the Plan and receives fees for recordkeeping services and per-use transactions, including loan setup, distribution and other administrative services that are included in fees and other expenses. Certain Plan investments are managed by Transamerica, for which Transamerica receives fees that are included in net appreciation or depreciation in the fair value of investments. A financial advisor receives fees for services and commissions that are included in fees and other expenses. The Company provides the Plan with accounting and administrative services, for which no fees are charged to the Plan. The Plan allows loans to participants. These transactions qualify as exempt party-in-interest transactions. In addition, other administrative fees may have been paid indirectly through revenue sharing and included in the change in fair value of investments.

**H. Tax Status**

The Internal Revenue Service has determined and reported in its opinion letter dated June 30, 2020, that the form of the adopted pre-approved plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan administrator believes the Plan is currently being operated in compliance with applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management believes that no uncertain tax positions have been taken or are expected to be taken that would require recognition or disclosure in the financial statements.

**I. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100 percent vested in their accounts and the Company will arrange for distributions as soon as administratively feasible.
