Independent Auditor's Report

To the Plan Administrator
AngMar Medical Holdings, Inc 401(k) Plan
Mansfield, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of AngMar Medical Holdings, Inc 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following brief description of the AngMar Medical Holdings, Inc 401(k) Plan (the Plan) is provided for general information purposes only. The Plan is sponsored by AngMar Medical Holdings, Inc. (AngMar). Participants should refer to the Plan document for more complete information.

General

The Plan was adopted effective January 1, 2002, and most recently restated effective January 1, 2022, and is a defined contribution plan available to all eligible employees of AngMar, as well as certain related employers of AngMar's controlled group of employers (collectively, the Company or Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee and Administration of the Plan

The trustee and recordkeeper of the Plan is Lincoln Financial Group Trust Company, Inc. (the Trustee or Lincoln). The administrator of the Plan is the Company. The Trustee holds all assets of the Plan in accordance with the service provider contract with the Company.

Eligibility

Employees may enter the Plan on the first day of the month upon completing one hour of service and without having to attain a minimum age, except for (1) nonresident aliens with no U.S. source of income; and (2) employees covered by a collective bargaining agreement. Additionally, employees are automatically enrolled at 3% on the first day of the month following meeting the eligibility requirements unless they affirmatively elect otherwise. The Plan was amended effective January 1, 2022, to automatically enroll participants at 3% immediately upon completion of one hour of service. Participants of the Plan with a deferral percentage greater than zero will have their deferral percentage increased annually by 1% as a pre-tax deferral contribution up to a maximum percentage of 10% effective on the first day of each plan year unless opted out.

Contributions

Participants may contribute up to 90% of their pre-tax or post-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the Code or IRC) as defined in the Plan document. Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to, the limitations imposed by the Code. Eligible participants may make rollover contributions to the Plan.

Effective February 1, 2022, the Plan Sponsor elected to make a discretionary matching contribution of 25% of each participant's elective deferrals each pay period up to 3% of eligible compensation.

Additionally, effective February 1, 2022, the Plan was amended for the following:

- Participants hired after February 1, 2022, are required to complete a 90-day period of service to be eligible for Employer matching contributions.

The Company may make discretionary matching contributions as a percentage of the eligible contributions made by each eligible participant during the Plan year. The Company may also make a non-elective discretionary employer contribution and participants must be: (1) employed on the last day of the year and complete 1,000 hours of service during the year; or (2) have died, retired, or suffered disability during such year to be eligible to receive a non-elective discretionary matching contribution. The Company made a discretionary matching contribution of $565,662 and a non-elective discretionary employer contribution of $26,982 during 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution; and (b) net Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in any discretionary matching or non-elective discretionary employer contributions of the participants' accounts plus actual earnings thereon is as follows:

Years of Service	Vesting Percentage (%)
Less than 2 years	-
2 years	25
3 years	50
4 years	75
5 years	100

Participants also become fully vested in their accounts if they reach normal retirement age (age 65), death, or terminate employment due to becoming disabled.

Notes Receivable from Participants

Participants may borrow from their account balances a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balances. Loan terms range up to five years or less, unless used for the purchase of a primary residence up to ten years. The loans are secured by the balance in the participant's account and bear interest at a fixed rate of 1% above the prime interest rate. Principal and interest are paid ratably through payroll deductions or ACH payments made directly to the Plan. Also, each participant may not have more than two outstanding loans at any time.

Effective April 1, 2020, certain provisions within the Plan's loan policy were updated to reflect recent regulatory updates related to the Disaster Tax Relief and Airport and Airway Extension Act of 2017, the Tax Cuts and Jobs Act of 2017, and the Bipartisan Budget Act of 2018. These regulatory updates relate to certain qualifying loans and provide that: (1) the maximum amount allowed by Code regulations is increased to the lesser of $100,000 or 100% of the participant's vested account balance, (2) the maximum loan term is increased to up to six years, or longer for the purchase of a primary residence, (3) no payments may be required for up to twelve months, and (4) all

accumulated interest during the participant's non-repayment period be re-amortized over the remaining term of the loan.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balances. Benefits are distributed in the form of rollovers or lump-sum payments. If withdrawing participants are not entitled to their entire account balances, the amounts not received are forfeited. Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of his or her vested account balance while employed after reaching age 59½. The Plan allows for automatic distributions of a participant's account upon termination if the vested account balance is $5,000 or less.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are to be used if available to offset discretionary matching or non-elective discretionary employer contributions and reduce administrative expenses for the year. During the year ended December 31, 2024, forfeitures of approximately $168,101 were used to reduce administrative expenses. There were unallocated forfeitures at December 31, 2024 and 2023, of approximately $700 and $11,800, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her salary deferrals in 1% increments into any of the Plan's investment options.

Administrative Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Plan pays substantially all costs relating to asset charges and recordkeeping.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions and Contributions Receivable

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the plan administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value, see Note 4) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note 3 for information related to the Plan's valuation methodologies.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance. Any accrued but unpaid interest is de minimis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

Level 1 - This level consists of observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

Level 2 - This level consists of observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

Level 3 - This level consists of inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. Described below are the methodologies used to measure each major category of investments. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds - Mutual funds are valued at the published per share net asset values (NAV) of the

shares held by the Plan at year-end and are classified within Level 1 of the valuation hierarchy.

The Lincoln YourPath Target Date Mutual Funds - The Lincoln YourPath Target Date mutual funds held by Lincoln National Corporation are registered with the Securities and Exchange Commission and are carried at the NAV. Inputs used for valuing securities are not an indication of the risk associated with investing in those securities. These mutual funds are not publicly traded. The mutual funds are within an insurance contract and are privately held but operate like publicly traded funds. All of the mutual funds are contained in a separate account. As such, management has categorized the investments as Level 2 within the fair value hierarchy. There are no significant redemption restrictions on these investments at NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,888,453	$ 18,015,332	$ -	$ 19,903,785
Total Investments, at fair value	$ 1,888,453	$ 18,015,332	$ -	$ 19,903,785

December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,308,293	$ 14,392,977	$ -	$ 15,701,270
Total Investments, at fair value	$ 1,308,293	$ 14,392,977	$ -	$ 15,701,270

4. Fully Benefit-Responsive Investment Contracts

The Plan holds a portfolio of fixed annuity contracts with Lincoln that guarantees a fixed rate of interest. Lincoln maintains the contributions in a general account. The credited interest rate may be based on an index rate specified in the contract or a declared date, either of which may be changed quarterly and will never be below the guaranteed rate. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The Plan has $1,312,288 and $1,083,009 in contract value as of December 31, 2024 and 2023, respectively.

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrap contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrap contract typically includes certain conditions and limitations on the underlying assets owed by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The Plan holds fixed annuity contracts that are similar to traditional and synthetic investment contracts with the primary distinguishing factor that fixed annuity contracts do not have termination dates, while both traditional and synthetic contracts have termination dates. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The minimum guaranteed crediting rate is 1.70% for these contracts.

Certain events can limit the ability of the Plan to transact at contract value. Such events can include, but are not limited to, the following: (i) complete or partial Plan termination or merger with another plan; (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of AngMar; or (iv) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Investment contracts generally impose conditions on the Plan. If an event of default occurs and is not cured, the issuer may terminate the contract. These events may include: (i) a breach of material obligation under the contract; (ii) a material misrepresentation; (iii) a material amendment to the Plan agreement that is not approved and accepted by the issuer; or (iv) an uncured violation of the Plan's investment guidelines. The Plan may terminate wrap contracts at any time with notice, subject to certain conditions. Other than for reasons of Plan default, wrap contract issuers may generally only terminate contracts upon the completion of certain contract requirements, such as completion of a specified period of time.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants.

5. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Lincoln, a qualified institution.

6. Tax Status

The Plan uses a pre-approved plan document sponsored by Lincoln. Lincoln received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, all amounts credited to participants' accounts would become 100% vested.

8. Related Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

Transactions, including shares in investments, conducted by Lincoln Financial Group and its affiliates, as well as notes receivable from participants qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

9. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.
