## INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of and Participants in the  
Sabrosura Foods, LLC Retirement Savings Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Sabrosura Foods, LLC Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion on the Financial Statements**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audits of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control-related matters that we identified during the audits.

### **Other Matters**

#### *Supplemental Schedule Required by ERISA*

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**1. DESCRIPTION OF THE PLAN**

The following description of the Sabrosura Foods, LLC Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan sponsored by Sabrosura Foods, LLC (the Company or Plan Sponsor). Effective January 1, 2021, the Plan was restated and renamed from the Wisconsin Cheese Group Savings Plan (Wisconsin Cheese Plan). Also, effective January 1, 2021, the Reynaldo's Mexican Food Company LLC Savings Plan (the Reynaldo's Plan), was merged into the Plan.

The Plan covers all employees of the Company with the exception of employees covered by a collective bargaining agreement, nonresident aliens and leased employees. Each employee becomes a participant on the first day of the month coinciding with or next following the attainment of age 21 and the completion of a minimum service requirement. All eligible full-time employees must complete 30 days of service and eligible part-time employees must complete one year of service, as defined in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

**Contributions**

Each year, participants may contribute 100% of their annual compensation as pre-tax or Roth after-tax contributions, as defined in the plan document, subject to certain limitations under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). In addition, the Company may make discretionary matching contributions to the Plan. During 2024 and 2023, the Company made a discretionary matching contribution equal to 50% of the first 6% of eligible compensation contributed by each participant. All contributions during the plan year are subject to maximum dollar limitations established by the IRC. Participants direct the investment of their contributions into various investment options offered by the Plan.

Any employee hired who has completed the eligibility requirements of the Plan and who fails to make an affirmative election to participate in the Plan will be automatically enrolled in the Plan, and an election of 3% of the employee's annual compensation will be contributed to the Plan. Each year the automatic deferral amount will increase by 1%, not to exceed 6% of the employee's annual compensation.

**Participant Accounts**

Each participant's account is credited with the participant's contributions, Company discretionary matching contributions and an allocation of the Plan's net investment earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from a participant's vested balance.

**Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. Participants hired prior to January 1, 2021, under the Wisconsin Cheese Plan or the Reynaldo's Plan, are vested in Company matching contributions plus actual earnings thereon as follows: 20% vested after one year of credited service, 20% after two years of credited service and 100% vested after three years of credited service.

Participants hired after January 1, 2021, are vested in Company matching contributions plus actual earnings thereon as follows:

<u>Years of Continuous Service</u>	<u>Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

**Notes Receivable from Participants**

A participant may borrow from their account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the date of issuance. Principal and interest are paid ratably through payroll deductions. Participants are allowed to have two outstanding loans at any time. The maximum term of repayment for a loan is five years, except if the loan is used for the purchase of a principal residence, then the term may be extended to 30 years.

**Payment of Benefits**

Upon termination of service, as defined, or upon attaining age 59½ while still employed (in-service), a participant may elect to distribute an amount equal to the value of the participant's vested interest in their account as a lump-sum payment or rollover payment into another qualified plan or account.

A participant may also withdraw money from their account in the event of financial hardship. Hardship withdrawals may not exceed the amount of the participant's cumulative deferrals.

A participant with an account balance less than or equal to \$5,000 will receive a rollover payment into an individual retirement account, unless the participant otherwise instructs the third-party administrator and receives a lump-sum payment, as soon as practicable following termination.

**Forfeitures**

The unvested portion of Company matching contributions in a terminated participant's account may be subject to forfeiture. Any accumulated benefits forfeited during a plan year due to a

participant withdrawal prior to full vesting will be used to reduce future Company contributions or pay administrative expenses, as specified by the Plan. As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$23,986 and \$26,269, respectively. During 2024 and 2023, forfeitures totaling approximately \$91,000 and \$45,000 were used to reduce Company matching contributions, respectively.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

### **Use of Estimates**

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### **Risks and Uncertainties**

The Plan provides for investment options in a variety of investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

### **Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value, except for the fully benefit-responsive group annuity contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments represents realized and unrealized gains and losses on investments bought and sold as well as held during the year.

### **Excess Contributions Payable**

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding increase to benefits paid and are distributed to the applicable participants prior to March 31 of the following year.

### **Payment of Benefits**

Benefits are recorded when paid.

**SABROSURA FOODS, LLC  
RETIREMENT SAVINGS PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

---

**Administrative Expenses**

Administrative expenses are paid by the Plan as permitted by the Plan's provisions. Fees related to the administration of distributions and notes receivable from participants are charged directly to the corresponding participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

**3. INFORMATION CERTIFIED BY PLAN TRUSTEE**

Certain information related to investments from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments held as of December 31, 2024 and 2023, and net appreciation in fair value of investments for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Lincoln Financial Group Trust Company, Inc., the trustee of the Plan, and furnished to the plan administrator.

**4. FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**SABROSURA FOODS, LLC  
RETIREMENT SAVINGS PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

The following is a description of the valuation methodology used for assets measured at fair value:

*Mutual funds:* Valued at quoted market prices at year-end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Mutual funds	\$ 12,821,629	\$ -	\$ -	\$ 12,821,629

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	<b>Level 1</b>	<b>Level 2</b>		<b>Total</b>
Mutual funds	\$ 10,378,864	\$ -	\$ -	\$ 10,378,864

## **5. LINCOLN STABLE VALUE FUND**

The Plan invests in the Lincoln Stable Value Fund which is a group annuity product issued by The Lincoln National Life Insurance Company (Lincoln). Under the group annuity contract, participants may ordinarily permit withdrawals or transfers of all or a portion of their account balance at contract value. This contract is fully benefit-responsive and is therefore reported at contract value. The Plan owns a promise from Lincoln to pay interest at crediting rates which are guaranteed for a specified period of time, as outlined within the group annuity contract. The contract value of the investment is based upon contributions made to the fund, plus earnings at guaranteed crediting rates, less participant withdrawals. Upon discontinuance of the contract, contract value would be paid no later than 90 days from the date the Company provides notice to discontinue.

When establishing interest crediting rates for this product, Lincoln considers many factors including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. These rates are established without the use of a specific formula. The minimum crediting rate under the contract is 1.00%.

RETIREMENT SAVINGS PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

---

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

## **6. PARTY-IN-INTEREST TRANSACTIONS**

The Plan invests in a stable value fund managed by Lincoln, the custodian of the group annuity contract; therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to Lincoln Financial Group Trust Company, Inc., the trustee of the Plan, are included in administrative expenses in the statements of changes in net assets available for benefits.

## **7. PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company matching contributions, if any.

## **8. TAX STATUS**

The Company adopted a nonstandardized pre-approved basic plan document that received an opinion letter from the IRS dated June 30, 2020, indicating that the prototype plan and related trust are designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the

related trust is tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>

Net income per Form 5500	<u>\$ 2,514,575</u>	<u>\$ 1,693,922</u>

**10. SUBSEQUENT EVENTS**

Management has evaluated subsequent events through August 19, 2025, which is the date the financial statements were available to be issued and has determined there are no subsequent events which require disclosure under FASB ASC Topic 855, *Subsequent Events*.
