INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Freightliner of Hartford Inc. 401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of the Freightliner of Hartford Inc. 401(k) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section,

- the amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

- the information in the 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, line 4i – Schedule of Assets (Held at End of Year) at December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor’s Report on the 2023 Financial Statements

The financial statements of the Plan as of December 31, 2023, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 10, 2024 indicated that in their opinion (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan:

The following description of the Freightliner of Hartford Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan in accordance with the appropriate provisions of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers substantially all employees of Freightliner of Hartford Inc. (the "Company"). Mid Atlantic Trust Company (the "Custodian") has custodial responsibility for the Plan's assets on behalf of the Plan.

Eligibility – Employees are eligible to participate in the Plan after attending the age of 18 and upon completion of two consecutive months of service for elective deferrals and matching contributions, and after completing one year of eligibility service for employer profit sharing contributions.

Contributions – Participants may elect to make pre-tax and/or Roth 401(k) contributions (subject to annual limitations) up to 90% of annual compensation, as defined in the Plan, up to a maximum pre-tax limit of $23,000 in 2024 subject to limitations imposed by the Internal Revenue Code. The Plan provides that participants who are projected to be age 50 or older by the end of a calendar year and who are making deferral contributions of the Plan may also make a catch-up contribution of up to $7,500 in 2024. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Company will match 10% of employee elective deferrals, not to include nondeductible employee contributions.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Employees immediately vest in their elective deferral contributions plus actual earnings thereon. Vesting in the employer match account and discretionary profit-sharing contributions is based on the following schedule:

Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 or more years	100%

Forfeitures – At December 31, 2024 and 2023, the balance of forfeited non-vested accounts was approximately $6,300 and $10,200, respectively. During 2024, approximately $10,200 from forfeited non-vested accounts was distributed to participants as profit sharing contributions.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 95% of one-half the vested account balance or 95% of the total vested account balance excluding the Roth Elective Deferral balance, and cannot exceed $50,000. All loans are secured by the balance in the participant's account. Loan terms cannot exceed 54 months unless for the purchase of a primary residence. The loans must be adequately secured and bear interest at the prime rate as published in The Wall Street Journal, plus one percent. Principal and interest will be paid ratably through monthly payroll deductions.

Payment of Benefits – Benefits are payable to the participant after they leave the Company for any reason (retirement, termination, disability or death). Participants receive their benefits in the form of a lump sum distribution. Should a participant terminate due to becoming disabled while employed, that participant is entitled to 100% of the value of his or her account as determined on the actual date of distribution. The death benefit of a participant shall be equal to 100% of the value of the participant's account, as determined on the actual date of distribution. If a participant terminates employment for reason other than retirement, disability or death, he or she is entitled to receive a distribution of the vested portion of his or her account. Participants who are still employed may withdraw all or part of his or her vested account balance once they reach age 59 ½ to the extent of the amount otherwise distributable.

Participant's Investment Options – Participants must direct their salary deferral contributions to selected investments as made available and determined by the plan administrator. Participants may change their options at any time throughout the year.

Administrative Expenses – Substantially all Plan expenses are paid by the Company.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements have been prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of the Plan's financial statements in conformity with U.S. GAAP requires that the Plan administrator make estimates and use assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates. The Plan administrator is not aware of any condition or event that is likely to materially affect its estimates in the near-term. The most significant estimate impacting the financial statements is the fair value of investments.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Notes Receivable from Participants – The notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received.

Payment of Benefits – Benefit payments to participants are recorded upon distribution.

Note 3. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- investments as shown in the statement of net assets available for benefits as of December 31, 2024;

- Net appreciation in fair value of investments and dividends as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024; and

- investment information included in the schedule H, part IV, line 4i – schedule of assets (held at end of year) as of December 31, 2024, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4. Fair Value Measurements

During the year ended December 31, 2024, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated by approximately $902,000. Gains and losses (realized and unrealized) included in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024 are reported in net appreciation in fair value of investments, and changes in fair value as reported in the accompanying statement of changes in net assets available for benefits primarily relate to mutual fund activity.

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by the observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust: Collective trusts are investment units representing an undivided interest in the underlying assets of the trust. The purchase or redemption price of the units is determined periodically by the Custodian based on the current market values of the underlying assets of the fund. Collective trusts are often valued at the NAV of shares of a bank collective trust held by the plan at year end. The NAV is typically based on the fair value of the underlying investments held by the fund.

Fair value of investments in entities that use NAV per share: The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023.

2024:	Fair value	Unfunded commitment	Redemption frequency (if currently eligible)	Redemption notice period
MetLife Stable Value Fund Series 25053, Class 0	$ 790,367	$ -	Daily	1 Day

2023:	Fair value	Unfunded commitment	Redemption frequency (if currently eligible)	Redemption notice period
MetLife Stable Value Fund Series 25053, Class 0	$ 707,456	$ -	Daily	1 Day

The following tables presents by level, within the fair value hierarchy, the Plan investment assets at fair value on a recurring basis. As required by generally accepted accounting principles, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,619,932	$ -	$ -	$ 11,619,932
Collective trust(*)	-	-	-	790,367
Total investment at fair value	$ 11,619,932	$ -	$ -	$ 12,410,299

Assets at Fair Value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,627,162	$ -	$ -	$ 9,627,162
Collective trust(*)	-	-	-	707,456
Total investment at fair value	$ 9,627,162	$ -	$ -	$ 10,334,618

(*) – Investments measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

Note 5. Related Party and Party-In-Interest Transactions

The Plan has notes receivable from participants which qualify as party-in-interest transactions.

Note 6. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

Note 7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 8. Tax Status

The Plan is a pre-approved plan created by Paychex, Inc. The Internal Revenue Service has determined and informed Paychex, Inc. by an opinion letter dated August 31, 2020, that the pre-approved plan is designed in accordance with applicable sections of the IRC. Although the Plan has not obtained an individual determination letter and has been amended since receiving the Paychex Inc opinion letter, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable provisions of the IRC and no provision for income taxes is necessary.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Note 9. Subsequent Events

The Plan has evaluated events and transactions occurring subsequent to the statement of net assets available for benefits date of December 31, 2024, for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through September 16, 2025, the date these financial statements were available to be issued, and there were no events that required disclosure in these financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Freightliner of Hartford Inc. 401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of the Freightliner of Hartford Inc. 401(k) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section,

- the amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

- the information in the 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, line 4i – Schedule of Assets (Held at End of Year) at December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

The financial statements of the Plan as of December 31, 2023, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 10, 2024 indicated that in their opinion (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan:

The following description of the Freightliner of Hartford Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan in accordance with the appropriate provisions of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers substantially all employees of Freightliner of Hartford Inc. (the "Company"). Mid Atlantic Trust Company (the "Custodian") has custodial responsibility for the Plan's assets on behalf of the Plan.

Eligibility – Employees are eligible to participate in the Plan after attending the age of 18 and upon completion of two consecutive months of service for elective deferrals and matching contributions, and after completing one year of eligibility service for employer profit sharing contributions.

Contributions – Participants may elect to make pre-tax and/or Roth 401(k) contributions (subject to annual limitations) up to 90% of annual compensation, as defined in the Plan, up to a maximum pre-tax limit of $23,000 in 2024 subject to limitations imposed by the Internal Revenue Code. The Plan provides that participants who are projected to be age 50 or older by the end of a calendar year and who are making deferral contributions of the Plan may also make a catch-up contribution of up to $7,500 in 2024. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Company will match 10% of employee elective deferrals, not to include nondeductible employee contributions.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Employees immediately vest in their elective deferral contributions plus actual earnings thereon. Vesting in the employer match account and discretionary profit-sharing contributions is based on the following schedule:

Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 or more years	100%

Forfeitures – At December 31, 2024 and 2023, the balance of forfeited non-vested accounts was approximately $6,300 and $10,200, respectively. During 2024, approximately $10,200 from forfeited non-vested accounts was distributed to participants as profit sharing contributions.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 95% of one-half the vested account balance or 95% of the total vested account balance excluding the Roth Elective Deferral balance, and cannot exceed $50,000. All loans are secured by the balance in the participant's account. Loan terms cannot exceed 54 months unless for the purchase of a primary residence. The loans must be adequately secured and bear interest at the prime rate as published in The Wall Street Journal, plus one percent. Principal and interest will be paid ratably through monthly payroll deductions.

Payment of Benefits – Benefits are payable to the participant after they leave the Company for any reason (retirement, termination, disability or death). Participants receive their benefits in the form of a lump sum distribution. Should a participant terminate due to becoming disabled while employed, that participant is entitled to 100% of the value of his or her account as determined on the actual date of distribution. The death benefit of a participant shall be equal to 100% of the value of the participant's account, as determined on the actual date of distribution. If a participant terminates employment for reason other than retirement, disability or death, he or she is entitled to receive a distribution of the vested portion of his or her account. Participants who are still employed may withdraw all or part of his or her vested account balance once they reach age 59 ½ to the extent of the amount otherwise distributable.

Participant's Investment Options – Participants must direct their salary deferral contributions to selected investments as made available and determined by the plan administrator. Participants may change their options at any time throughout the year.

Administrative Expenses – Substantially all Plan expenses are paid by the Company.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements have been prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of the Plan's financial statements in conformity with U.S. GAAP requires that the Plan administrator make estimates and use assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates. The Plan administrator is not aware of any condition or event that is likely to materially affect its estimates in the near-term. The most significant estimate impacting the financial statements is the fair value of investments.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Notes Receivable from Participants – The notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received.

Payment of Benefits – Benefit payments to participants are recorded upon distribution.

Note 3. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- investments as shown in the statement of net assets available for benefits as of December 31, 2024;

- Net appreciation in fair value of investments and dividends as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024; and

- investment information included in the schedule H, part IV, line 4i – schedule of assets (held at end of year) as of December 31, 2024, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4. Fair Value Measurements

During the year ended December 31, 2024, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated by approximately $902,000. Gains and losses (realized and unrealized) included in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024 are reported in net appreciation in fair value of investments, and changes in fair value as reported in the accompanying statement of changes in net assets available for benefits primarily relate to mutual fund activity.

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by the observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust: Collective trusts are investment units representing an undivided interest in the underlying assets of the trust. The purchase or redemption price of the units is determined periodically by the Custodian based on the current market values of the underlying assets of the fund. Collective trusts are often valued at the NAV of shares of a bank collective trust held by the plan at year end. The NAV is typically based on the fair value of the underlying investments held by the fund.

Fair value of investments in entities that use NAV per share: The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023.

2024:	Fair value	Unfunded commitment	Redemption frequency (if currently eligible)	Redemption notice period
MetLife Stable Value Fund Series 25053, Class 0	$ 790,367	$ -	Daily	1 Day

2023:	Fair value	Unfunded commitment	Redemption frequency (if currently eligible)	Redemption notice period
MetLife Stable Value Fund Series 25053, Class 0	$ 707,456	$ -	Daily	1 Day

The following tables presents by level, within the fair value hierarchy, the Plan investment assets at fair value on a recurring basis. As required by generally accepted accounting principles, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,619,932	$ -	$ -	$ 11,619,932
Collective trust(*)	-	-	-	790,367
Total investment at fair value	$ 11,619,932	$ -	$ -	$ 12,410,299

Assets at Fair Value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,627,162	$ -	$ -	$ 9,627,162
Collective trust(*)	-	-	-	707,456
Total investment at fair value	$ 9,627,162	$ -	$ -	$ 10,334,618

(*) – Investments measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

Note 5. Related Party and Party-In-Interest Transactions

The Plan has notes receivable from participants which qualify as party-in-interest transactions.

Note 6. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

Note 7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 8. Tax Status

The Plan is a pre-approved plan created by Paychex, Inc. The Internal Revenue Service has determined and informed Paychex, Inc. by an opinion letter dated August 31, 2020, that the pre-approved plan is designed in accordance with applicable sections of the IRC. Although the Plan has not obtained an individual determination letter and has been amended since receiving the Paychex Inc opinion letter, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable provisions of the IRC and no provision for income taxes is necessary.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Note 9. Subsequent Events

The Plan has evaluated events and transactions occurring subsequent to the statement of net assets available for benefits date of December 31, 2024, for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through September 16, 2025, the date these financial statements were available to be issued, and there were no events that required disclosure in these financial statements.
