INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Avelo Airlines 401(K) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of Avelo Airlines 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits – modified cash basis as of December 31, 2024 and 2023, and the related statement of changes in net assets available for plan benefits – modified cash basis for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Avelo Airlines 401(K) Plan's (the Plan) financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note A of the financial statements, which describes the basis of accounting. The financial statements were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

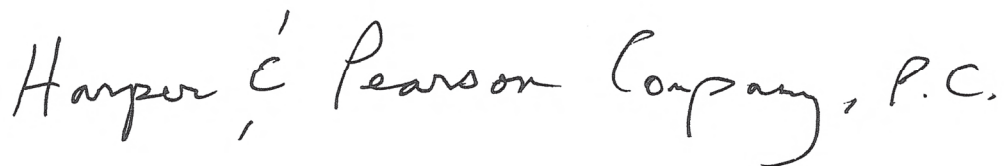

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General - The Avelo Airlines 401(K) Plan (the Plan) was adopted effective October 1, 2005 to establish a retirement plan for the exclusive benefit of the employees of Avelo Airlines, Inc. (the Company, Plan Sponsor and Plan Administrator) and their beneficiaries. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Presentation - The financial statements of the Plan are prepared under the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States (GAAP). Contributions, interest and dividend income are recognized when received. Benefit payments, corrective distributions and administrative expenses are recorded when paid. Purchases and sales of securities are recorded on a trade date basis. Modification to the cash basis method has been made with respect to the valuation of investments at fair value.

Estimates - The preparation of financial statements in conformity with GAAP and in accordance with the modified cash basis of accounting requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for several investment options, which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits – modified cash basis and the statement of changes in net assets available for plan benefits – modified cash basis.

Valuation of Investments - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets available for plan benefits – modified cash basis and the changes in the net investment gain or loss are reflected in the statement of changes in net assets available for plan benefits – modified cash basis. (See Note D for discussion of fair value measurements.)

Benefit-Responsive Fund - The unallocated annuity contracts invest primarily in asset-backed contracts that are fully benefit-responsive and are reported at contract value. The assets of the investment are backed by Principal Life Insurance Company (Principal) through an annuity contract. The amounts allocated to the Principal Fixed Income Guaranteed Option are held in Principal's general account which supports insurance and annuity obligations. The investment guarantees a minimum rate of interest for the life of the contract, and may credit a higher interest rate, from time to time. The rate that is credit becomes part of the principal and the investment increases through compounding interest. The current rate is subject to change but will never fall below the guaranteed minimum. Principal may impose restrictions on the ability to move funds into and out of this investment in order to maintain the stability of principal. The investment has two declared interest rates: a current rate, determined at least monthly, and a guaranteed minimum floor rate declared for a defined period which currently is one calendar year. Interest rate changed is a key factor that can influence future crediting rates because it impacts the value, yield and duration of the underlying securities.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)

All the asset-backed contracts held by the Principal Fixed Income Guaranteed Option are fully participating contracts. In a fully participating contract, the asset and liability risks may be transferred from Principal to the Principal Fixed Income Guaranteed Option in the event of a termination or non-participant directed withdrawal, transfer or loan. The risk of this event happening is not probable. Principal may terminate the fully benefit-responsive contract and settle at an amount different from the contract value if Principal is unable to meet the terms of the contract.

Participant Loans - Loans to participants are reported as a receivable from participants at the unpaid principal balance plus any accrued but unpaid interest.

Federal Income Tax - The Company adopted a Prototype Non-Standardized Profit Sharing Plan (Prototype Plan) with CODA. The Prototype Plan received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the Prototype Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (Code). The Prototype Plan has been amended since the favorable opinion letter was received. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and therefore, believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

The Plan believes all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2024, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2021 forward (with limited exceptions). Tax penalties and interest, if any, would be recorded when paid and would be classified as tax expense in the statement of changes in net assets available for plan benefits – modified cash basis.

Subsequent Events - The Plan has evaluated subsequent events through September 16, 2025, the date the financial statements were available to be issued. No subsequent events occurred which require adjustment or disclosure to the financial statements at December 31, 2024.

NOTE B PLAN DESCRIPTION

The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participation - The entry date for this Plan is the date of hire and there are no age or service requirements.

Contributions - Participants may elect to make contributions to the Plan in an annual amount up to 100% of their eligible compensation. Eligible compensation in 2024 is limited to \$345,000. Contributions are made through authorized payroll reductions. These contributions by individual employees were limited to \$23,000 (participants under 50 years of age) and \$30,500 (participants 50 years of age or older) in 2024. This limitation is adjusted periodically to reflect cost-of-living increases.

NOTE B PLAN DESCRIPTION (CONTINUED)

Participants may elect to have any portion of their contributions designated Roth contributions, subject to the same restrictions and limitations under the Plan as pre-tax contributions.

For the 2024 Plan year, the Company made a safe harbor matching contribution equal to 100% of participant salary deferrals that do not exceed 3% of eligible compensation plus 50% of participant salary deferrals which are greater than 3% but not greater than 5% of eligible compensation. To be eligible for the safe harbor matching contribution, an employee must be an active participant at any time during the period in which the matching contribution is calculated.

At its discretion, the Company may also make profit-sharing discretionary contributions to the Plan. Such profit-sharing discretionary contributions, if any, are allocated pro rata to all eligible participants employed at year end based upon the proportion of the participant's compensation to the total compensation of all eligible participants. There were no discretionary profit-sharing contributions for the year ended December 31, 2024.

Vesting - Participants are immediately vested in their salary reduction, rollover contributions, safe harbor matching contributions, plus actual earnings thereon.

Forfeitures - Forfeitures of account balances not fully vested are used to reduce future employer contributions or Plan expenses. Forfeitures available to reduce future employer matching contributions or Plan expenses at December 31, 2024 amounted to \$7,787. No forfeitures were used to reduce employer contributions or Plan expenses during 2024.

Form of Benefits - Benefits are recorded when paid. Benefits are paid in lump sum payments or substantially equal payments. For participants having attained the minimum distribution, requirements apply. Terminated participant accounts will be distributed as soon as administratively feasible. Participant consent is required for benefits over \$5,000.

Participant Loans - Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to their vested account balance. Loan transactions are treated as a transfer between the investment fund and participant loans receivable. Loan terms range from 1 to 5 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. The interest rates on loans outstanding at December 31, 2024 range from 5.25% to 10.5%.

Investments - Each participant directs the investment of their account into any of the investment options designated by the Plan Administrator.

Administration - An officer of the Company serves as Trustee of the Plan and, at its discretion, may pay the Plan's administrative expenses. The Company pays for legal and audit expenses with the remainder of administrative expenses paid by the Plan.

NOTE B PLAN DESCRIPTION (CONTINUED)

Plan Termination - Although the Company has not made a determination to terminate the Plan, the Company has the right under the Plan to terminate the Plan subject to provisions set forth in ERISA. Upon termination, all participants would become fully vested in their accrued benefits as of the date of termination.

NOTE C INVESTMENTS AND CERTIFIED INFORMATION

Investments at December 31, 2024 and 2023 are recorded at fair value as certified by Fidelity Management Trust Company (Fidelity) and Principal Life Insurance Company (Principal) as follows:

	2024	2023
Investments at Fair Value:		
Self-directed brokerage accounts	\$ 2,122,842	\$ 75,230
Registered investment companies	16,976,428	8,971,143
Interest bearing cash	349,001	47,661
Investments at Contract Value:		
Annuity contract with insurance company	-	176,884
Total Investments	\$ 19,448,271	\$ 9,270,918

Income, as certified by Fidelity for the year ended December 31, 2024, is as follows:

Net investment gain in registered investment companies	\$ 1,370,056
Net investment gain in self-directed brokerage accounts	\$ 212,839
Dividend income from registered investment companies	\$ 405,271
Interest income from interest bearing cash	\$ 8,274

Fidelity certified the participant loans receivable balance at December 31, 2024 and the information contained in the supplemental schedule of assets (held at end of year).

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D FAIR VALUE DISCLOSURES

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 – Unadjusted quoted prices for identical financial instruments in active markets that the Plan has the ability to access. All registered investment companies and interest bearing cash are valued using level 1 inputs.

Level 2 – Other significant observable inputs (including quoted prices in active or inactive markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instruments.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the financial instruments. The fair value of Level 3 financial instruments is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation techniques used for investments measured at fair value. There have been no changes in the technique used during 2024 and 2023.

Registered investment companies are valued at the market value of shares held by the Plan at year end.

Interest bearing cash consists of cash deposits and money market accounts. These investments are valued at cost, which approximates fair value.

Self-directed brokerage accounts include corporate bonds, common and preferred stocks, registered investment companies, and non-interest bearing cash. Corporate bonds are valued by the asset manager. Observable inputs used to value these securities can also include, but are not limited to, reported trades, benchmark yields, issuer spreads, and non-binding broker quotes. Common and preferred stocks are valued at the closing price reported by the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation techniques are appropriate and consistent with other market participants, the use of different techniques or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total Investments at Fair Value	<u>\$ 9,094,034</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,094,034</u>

There were no significant transfers in and/or out of the fair value categories during 2024 and 2023.

NOTE E PARTY-IN-INTEREST

The Plan invests in various funds offered by Fidelity. These investments are considered party-in-interest transactions because Fidelity serves as the Trustee of the Plan. The Plan Administrator has approved of these investment options. For the year ended December 31, 2023, the Plan was invested in an annuity contract with Principal, who also served as a Trustee of the Plan and was considered a party-in-interest.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Avelo Airlines 401(K) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of Avelo Airlines 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits – modified cash basis as of December 31, 2024 and 2023, and the related statement of changes in net assets available for plan benefits – modified cash basis for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Avelo Airlines 401(K) Plan's (the Plan) financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note A of the financial statements, which describes the basis of accounting. The financial statements were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

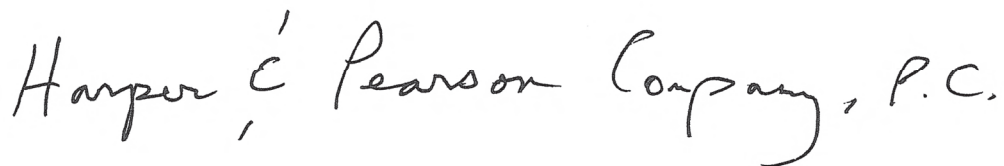

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General - The Avelo Airlines 401(K) Plan (the Plan) was adopted effective October 1, 2005 to establish a retirement plan for the exclusive benefit of the employees of Avelo Airlines, Inc. (the Company, Plan Sponsor and Plan Administrator) and their beneficiaries. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Presentation - The financial statements of the Plan are prepared under the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States (GAAP). Contributions, interest and dividend income are recognized when received. Benefit payments, corrective distributions and administrative expenses are recorded when paid. Purchases and sales of securities are recorded on a trade date basis. Modification to the cash basis method has been made with respect to the valuation of investments at fair value.

Estimates - The preparation of financial statements in conformity with GAAP and in accordance with the modified cash basis of accounting requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for several investment options, which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits – modified cash basis and the statement of changes in net assets available for plan benefits – modified cash basis.

Valuation of Investments - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets available for plan benefits – modified cash basis and the changes in the net investment gain or loss are reflected in the statement of changes in net assets available for plan benefits – modified cash basis. (See Note D for discussion of fair value measurements.)

Benefit-Responsive Fund - The unallocated annuity contracts invest primarily in asset-backed contracts that are fully benefit-responsive and are reported at contract value. The assets of the investment are backed by Principal Life Insurance Company (Principal) through an annuity contract. The amounts allocated to the Principal Fixed Income Guaranteed Option are held in Principal's general account which supports insurance and annuity obligations. The investment guarantees a minimum rate of interest for the life of the contract, and may credit a higher interest rate, from time to time. The rate that is credit becomes part of the principal and the investment increases through compounding interest. The current rate is subject to change but will never fall below the guaranteed minimum. Principal may impose restrictions on the ability to move funds into and out of this investment in order to maintain the stability of principal. The investment has two declared interest rates: a current rate, determined at least monthly, and a guaranteed minimum floor rate declared for a defined period which currently is one calendar year. Interest rate changed is a key factor that can influence future crediting rates because it impacts the value, yield and duration of the underlying securities.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)

All the asset-backed contracts held by the Principal Fixed Income Guaranteed Option are fully participating contracts. In a fully participating contract, the asset and liability risks may be transferred from Principal to the Principal Fixed Income Guaranteed Option in the event of a termination or non-participant directed withdrawal, transfer or loan. The risk of this event happening is not probable. Principal may terminate the fully benefit-responsive contract and settle at an amount different from the contract value if Principal is unable to meet the terms of the contract.

Participant Loans - Loans to participants are reported as a receivable from participants at the unpaid principal balance plus any accrued but unpaid interest.

Federal Income Tax - The Company adopted a Prototype Non-Standardized Profit Sharing Plan (Prototype Plan) with CODA. The Prototype Plan received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the Prototype Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (Code). The Prototype Plan has been amended since the favorable opinion letter was received. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and therefore, believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

The Plan believes all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2024, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2021 forward (with limited exceptions). Tax penalties and interest, if any, would be recorded when paid and would be classified as tax expense in the statement of changes in net assets available for plan benefits – modified cash basis.

Subsequent Events - The Plan has evaluated subsequent events through September 16, 2025, the date the financial statements were available to be issued. No subsequent events occurred which require adjustment or disclosure to the financial statements at December 31, 2024.

NOTE B PLAN DESCRIPTION

The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participation - The entry date for this Plan is the date of hire and there are no age or service requirements.

Contributions - Participants may elect to make contributions to the Plan in an annual amount up to 100% of their eligible compensation. Eligible compensation in 2024 is limited to \$345,000. Contributions are made through authorized payroll reductions. These contributions by individual employees were limited to \$23,000 (participants under 50 years of age) and \$30,500 (participants 50 years of age or older) in 2024. This limitation is adjusted periodically to reflect cost-of-living increases.

NOTE B PLAN DESCRIPTION (CONTINUED)

Participants may elect to have any portion of their contributions designated Roth contributions, subject to the same restrictions and limitations under the Plan as pre-tax contributions.

For the 2024 Plan year, the Company made a safe harbor matching contribution equal to 100% of participant salary deferrals that do not exceed 3% of eligible compensation plus 50% of participant salary deferrals which are greater than 3% but not greater than 5% of eligible compensation. To be eligible for the safe harbor matching contribution, an employee must be an active participant at any time during the period in which the matching contribution is calculated.

At its discretion, the Company may also make profit-sharing discretionary contributions to the Plan. Such profit-sharing discretionary contributions, if any, are allocated pro rata to all eligible participants employed at year end based upon the proportion of the participant's compensation to the total compensation of all eligible participants. There were no discretionary profit-sharing contributions for the year ended December 31, 2024.

Vesting - Participants are immediately vested in their salary reduction, rollover contributions, safe harbor matching contributions, plus actual earnings thereon.

Forfeitures - Forfeitures of account balances not fully vested are used to reduce future employer contributions or Plan expenses. Forfeitures available to reduce future employer matching contributions or Plan expenses at December 31, 2024 amounted to \$7,787. No forfeitures were used to reduce employer contributions or Plan expenses during 2024.

Form of Benefits - Benefits are recorded when paid. Benefits are paid in lump sum payments or substantially equal payments. For participants having attained the minimum distribution, requirements apply. Terminated participant accounts will be distributed as soon as administratively feasible. Participant consent is required for benefits over \$5,000.

Participant Loans - Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to their vested account balance. Loan transactions are treated as a transfer between the investment fund and participant loans receivable. Loan terms range from 1 to 5 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. The interest rates on loans outstanding at December 31, 2024 range from 5.25% to 10.5%.

Investments - Each participant directs the investment of their account into any of the investment options designated by the Plan Administrator.

Administration - An officer of the Company serves as Trustee of the Plan and, at its discretion, may pay the Plan's administrative expenses. The Company pays for legal and audit expenses with the remainder of administrative expenses paid by the Plan.

NOTE B PLAN DESCRIPTION (CONTINUED)

Plan Termination - Although the Company has not made a determination to terminate the Plan, the Company has the right under the Plan to terminate the Plan subject to provisions set forth in ERISA. Upon termination, all participants would become fully vested in their accrued benefits as of the date of termination.

NOTE C INVESTMENTS AND CERTIFIED INFORMATION

Investments at December 31, 2024 and 2023 are recorded at fair value as certified by Fidelity Management Trust Company (Fidelity) and Principal Life Insurance Company (Principal) as follows:

	2024	2023
Investments at Fair Value:		
Self-directed brokerage accounts	\$ 2,122,842	\$ 75,230
Registered investment companies	16,976,428	8,971,143
Interest bearing cash	349,001	47,661
Investments at Contract Value:		
Annuity contract with insurance company	-	176,884
Total Investments	\$ 19,448,271	\$ 9,270,918

Income, as certified by Fidelity for the year ended December 31, 2024, is as follows:

Net investment gain in registered investment companies	\$ 1,370,056
Net investment gain in self-directed brokerage accounts	\$ 212,839
Dividend income from registered investment companies	\$ 405,271
Interest income from interest bearing cash	\$ 8,274

Fidelity certified the participant loans receivable balance at December 31, 2024 and the information contained in the supplemental schedule of assets (held at end of year).

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D FAIR VALUE DISCLOSURES

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 – Unadjusted quoted prices for identical financial instruments in active markets that the Plan has the ability to access. All registered investment companies and interest bearing cash are valued using level 1 inputs.

Level 2 – Other significant observable inputs (including quoted prices in active or inactive markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instruments.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the financial instruments. The fair value of Level 3 financial instruments is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation techniques used for investments measured at fair value. There have been no changes in the technique used during 2024 and 2023.

Registered investment companies are valued at the market value of shares held by the Plan at year end.

Interest bearing cash consists of cash deposits and money market accounts. These investments are valued at cost, which approximates fair value.

Self-directed brokerage accounts include corporate bonds, common and preferred stocks, registered investment companies, and non-interest bearing cash. Corporate bonds are valued by the asset manager. Observable inputs used to value these securities can also include, but are not limited to, reported trades, benchmark yields, issuer spreads, and non-binding broker quotes. Common and preferred stocks are valued at the closing price reported by the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation techniques are appropriate and consistent with other market participants, the use of different techniques or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D FAIR VALUE DISCLOSURES (CONTINUED)

The fair values of investments are categorized as follows at December 31, 2024 and 2023:

	2024			
	Level 1	Level 2	Level 3	Total
Self-directed brokerage accounts	\$ 2,122,842	\$ -	\$ -	\$ 2,122,842
Interest bearing cash	349,001	-	-	349,001
Registered investment companies	<u>16,976,428</u>	<u>-</u>	<u>-</u>	<u>16,976,428</u>
Total Investments at Fair Value	<u>\$ 19,448,271</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 19,448,271</u>
	2023			
	Level 1	Level 2	Level 3	Total
Self-directed brokerage accounts	\$ 75,230	\$ -	\$ -	\$ 75,230
Interest bearing cash	47,661	-	-	47,661
Registered investment companies	<u>8,971,143</u>	<u>-</u>	<u>-</u>	<u>8,971,143</u>
Total Investments at Fair Value	<u>\$ 9,094,034</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,094,034</u>

There were no significant transfers in and/or out of the fair value categories during 2024 and 2023.

NOTE E PARTY-IN-INTEREST

The Plan invests in various funds offered by Fidelity. These investments are considered party-in-interest transactions because Fidelity serves as the Trustee of the Plan. The Plan Administrator has approved of these investment options. For the year ended December 31, 2023, the Plan was invested in an annuity contract with Principal, who also served as a Trustee of the Plan and was considered a party-in-interest.
