(1) Name: **THE CJ CPA GROUP, PLLC**

(2) EIN: **27-4461251**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

Report of Independent Auditors

To the Plan Administrator and Participants of
the Catalyze, LLC 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Catalyze, LLC 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Catalyze, LLC 401(k) Retirement Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Catalyze, LLC 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Catalyze, LLC 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Catalyze, LLC 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Catalyze, LLC 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, including the Schedule H, Line 4i— Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year ended December 31, 2024

1. Description of Plan

The following description of the Catalyze, LLC 401(k) Retirement Plan (“the Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that has been established to provide retirement benefits to eligible employees of Catalyze, LLC (“the Company” or “Plan Sponsor”). The Plan was established January 1, 2022, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

SECURE 2.0 Act

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023, which included the Setting Every Community Up Retirement Act (“SECURE”) 2.0 Act. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2033. Since the provisions of SECURE Act 2.0 include both required and optional elements, applicable provisions will be evaluated and implemented in accordance with accompanying regulations and guidance prior to the deadline, December 31, 2026. Effective January 1, 2023, the age requirement for minimum distributions was raised to 73 from 72 for any participant who turns 72 on or after January 1, 2023. Certain provisions became effective for 2024, including changes to long-term part-time eligibility. These changes had no material impact on the Plan’s 2024 financial statements.

Amendment No. 1

Effective January 1, 2023, the Plan was amended to modify the determination period for purposes of employer safe-harbor matching contributions from each payroll period to the plan year.

Amendment No. 2

On April 18, 2023, the Plan was amended to exclude certain types of earnings from the definition of plan compensation, including signing bonuses, relocation bonuses, referral bonuses, and imputed income, including imputed income for group term life insurance, benefits waiver, fringe benefits, and third party sick pay. In addition, the definition of post-severance compensation was amended to include earnings for services performed during regular working hours, or for services outside regular working hours (i.e. overtime or shift differential) that would have been made to a participant had he or she continued employment. The amendment became effective January 1, 2024.

Amendment No. 3

Effective April 1, 2024, the Plan was amended and restated to adopt a non-standardized pre-approved profit sharing plan sponsored by Empower Retirement, LLC. In conjunction with the amendment and restatement, a number of provision modifications were made:

- The exclusion of residents of Puerto Rico and interns from eligibility for all contribution types
- The election of an additional employer discretionary match up to 6% of a participant’s eligible compensation, as defined
- The inclusion of partial distributions as a benefit payment option
- Effective January 1, 2025, the exclusion of fringe benefits from the definition of compensation

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2024 and 2023, and for the Year ended December 31, 2024

1. Description of Plan (continued)

Eligibility

Employees who have attained the age of 21 are eligible to participate in the Plan. Union employees, leased employees, individuals not treated as common law employees of the Plan Sponsor and not on the Plan Sponsor's payroll, contract individuals not classified as employees, and employees of non-adopting employers of the Plan are not eligible to participate in the Plan. Effective April 1, 2024, residents of Puerto Rico and interns are also excluded from participation in the Plan. Employees are enrolled in the Plan on the first day of the month coinciding with or next following the date upon meeting the eligibility.

Contributions

Participant Contributions

Each year, participants may contribute up to 100% of their eligible compensation, as defined by the Plan, subject to Internal Revenue Service ("IRS") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants have the option of designating a portion of their elective deferral contributions as pre-tax or after-tax "Roth" contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Safe-Harbor Matching Contributions

The Company makes safe-harbor matching contributions equal to 100% of each participant's elective deferrals that do not exceed 4% of the participant's compensation.

Discretionary Additional Matching Contribution

Effective April 1, 2024, at the discretion of the Company, the Company may contribute and credit employer matching contributions to eligible participant accounts up to a maximum of 6% of plan year compensation. For the year ended December 31, 2024, the Company authorized no such contribution.

Contributions from Plan participants and the associated matching contributions from the Company are recorded in the year in which the employees' contributions are withheld from compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's safe-harbor and additional matching contributions plus actual earnings thereon.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year ended December 31, 2024

1. Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance in their account during the immediate preceding 12 month period. The loans are secured by the balance in the participant's account. The loan interest rate, adjusted monthly, is set at 1% above the prime rate, as defined. Participants may have a maximum of one loans outstanding at one time. Loan terms may not exceed five years, unless for the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. A participant may withdraw part of the vested interest in his or her account upon attainment of age 59 1/2, subject to Plan provisions. The Plan also permits hardship distributions to participants that can demonstrate an immediate and heavy financial need. Upon separation with the Company, participants with account balances less than \$5,000, a single lump sum payment will be made automatically into an individual retirement account of the plan administrator's choosing. The Plan document further stipulates that account balances less than \$1,000 are to be automatically paid to the participant, without consent.

Forfeited and Unallocated Accounts

As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$681 and \$670, respectively. For the year ended December 31, 2024, participants did not forfeit any previously contributed nonvested amounts. During the year ended December 31, 2024, no amounts were used to reduce Plan expenses or Company contributions.

Partial Plan Termination

During the year ended December 31, 2023, the Company experienced sustained declines in its operating results. As a result, employees were terminated at various times throughout the year. In total, the participants who were terminated amounted to more than 20% of plan participants; accordingly, the Company determined that a partial plan termination had occurred. There were no unvested balances in participant accounts and as such, the partial plan termination had no material impact on the participant's or the financial statements.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year ended December 31, 2024

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). The common collective trust funds are stated at net asset value (“NAV”) as determined by the trustee at the end of the plan year. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee, custodian, and insurance company. Refer to Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when paid.

Expenses

The Company pays certain administrative expenses incurred by the Plan. Certain investment and administration fees are deducted directly from participant's investment returns. Transaction costs borne by the Plan are charged to the individual participant who initiated the transaction to which the charge relates by reducing the participant's account balance.

Recently Adopted and New Accounting Principles

In June 2016, the FASB issued ASU No. 2016-13, *Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, and subsequent amendments to the initial guidance, ASU 2019-10. This accounting standard changes the methodology for measuring credit losses on financial instruments and the timing of when such losses are recorded. ASU No. 2016-13 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2022. The Plan adopted the provisions of ASU 2016-13 for the year ended December 31, 2023. The adoption of this standard did not have a material impact on the Plan's financial statements.

Subsequent Events

Subsequent events have been evaluated through the date of the report of independent auditors, which is the date the financial statements were available to be issued. There were no items that would require recognition in the financial statements or disclosure in the notes to the financial statements.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2024 and 2023, and for the Year ended December 31, 2024

3. Information Certified by the Custodian and Trustee (unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively, “Empower”), the custodian and trustee of the Plan.

4. Fair Value Measurements

The framework for measuring fair value hierarchy provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB accounting guidance are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2024 and 2023, and for the Year ended December 31, 2024

4. Fair Value Measurements (continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (“SEC”). These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,249,572	\$ -	\$ -	\$ 6,249,572
Total assets in fair value hierarchy	\$ 6,249,572	\$ -	\$ -	\$ 6,249,572
Investments measured at NAV (a)				94,602
Total investments, at fair value				<u>\$ 6,344,174</u>

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,776,792	\$ -	\$ -	\$ 4,776,792
Total assets in fair value hierarchy	\$ 4,776,792	\$ -	\$ -	\$ 4,776,792
Investments measured at NAV (a)				34,091
Total investments, at fair value				<u>\$ 4,810,883</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2024 and 2023, and for the Year ended December 31, 2024

4. Fair Value Measurements (continued)

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient. There are no participant redemption restrictions for these investments. The redemption notice applies only to the Plan.

As of December 31, 2024:

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Common Collective Trust Fund	\$ 94,602	None	Daily	None

As of December 31, 2023:

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Common Collective Trust Fund	\$ 34,091	None	Daily	None

5. Group Annuity Contract with Empower Annuity Insurance Company of America

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Empower. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified guaranteed minimum interest rate that is guaranteed to the Plan. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The guaranteed investment contract may be terminated by their Empower or the Plan Sponsor with advance written notice.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2024 and 2023, and for the Year ended December 31, 2024

5. Group Annuity Contract with Empower Annuity Insurance Company of America (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. The Plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

As of December 31,	2024	2023
Traditional investment contract	\$ 57,522	\$ 36,141
Total	\$ 57,522	\$ 36,141

6. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds, common collective trust funds, and guaranteed income account provided through or managed by Empower. Empower is the record-keeper, custodian, and trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. During the year ended December 31, 2024, the Plan also made direct payments to the record-keeper, custodian, trustee, and third-party administrator totaling \$24,160. These costs incurred by the Plan are included in administrative expenses on the statement of changes in net assets available for benefits. The Company pays directly any other fees related to the Plan's operations.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2024 and 2023, and for the Year ended December 31, 2024

8. Income Tax Status

The IRS has determined and informed the Company by a letter dated November 14, 2022, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan remains subject to income tax examinations for years since inception.

9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

As of December 31,	2024	2023
Net assets per financial statements	\$ 6,489,136	\$ 4,936,938
Less: employee contributions receivable	-	(16)
Less: employer contributions receivable	(41,830)	(89,898)
Net assets per the Form 5500	\$ 6,447,306	\$ 4,847,024

The following is a reconciliation of the net change per the financial statements to the Form 5500:

For the Year Ended December 31,	2024
Net change per financial statements	\$ 1,552,198
Less: current year employer contribution receivable	(41,830)
Add: prior year employer contribution receivable	89,898
Add: prior year employee contribution receivable	16
Net change per the Form 5500	\$ 1,600,282

Report of Independent Auditors

To the Plan Administrator and Participants of
the Catalyze, LLC 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Catalyze, LLC 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Catalyze, LLC 401(k) Retirement Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Catalyze, LLC 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Catalyze, LLC 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Catalyze, LLC 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Catalyze, LLC 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, including the Schedule H, Line 4i— Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year ended December 31, 2024

1. Description of Plan

The following description of the Catalyze, LLC 401(k) Retirement Plan (“the Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that has been established to provide retirement benefits to eligible employees of Catalyze, LLC (“the Company” or “Plan Sponsor”). The Plan was established January 1, 2022, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

SECURE 2.0 Act

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023, which included the Setting Every Community Up Retirement Act (“SECURE”) 2.0 Act. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2033. Since the provisions of SECURE Act 2.0 include both required and optional elements, applicable provisions will be evaluated and implemented in accordance with accompanying regulations and guidance prior to the deadline, December 31, 2026. Effective January 1, 2023, the age requirement for minimum distributions was raised to 73 from 72 for any participant who turns 72 on or after January 1, 2023. Certain provisions became effective for 2024, including changes to long-term part-time eligibility. These changes had no material impact on the Plan’s 2024 financial statements.

Amendment No. 1

Effective January 1, 2023, the Plan was amended to modify the determination period for purposes of employer safe-harbor matching contributions from each payroll period to the plan year.

Amendment No. 2

On April 18, 2023, the Plan was amended to exclude certain types of earnings from the definition of plan compensation, including signing bonuses, relocation bonuses, referral bonuses, and imputed income, including imputed income for group term life insurance, benefits waiver, fringe benefits, and third party sick pay. In addition, the definition of post-severance compensation was amended to include earnings for services performed during regular working hours, or for services outside regular working hours (i.e. overtime or shift differential) that would have been made to a participant had he or she continued employment. The amendment became effective January 1, 2024.

Amendment No. 3

Effective April 1, 2024, the Plan was amended and restated to adopt a non-standardized pre-approved profit sharing plan sponsored by Empower Retirement, LLC. In conjunction with the amendment and restatement, a number of provision modifications were made:

- The exclusion of residents of Puerto Rico and interns from eligibility for all contribution types
- The election of an additional employer discretionary match up to 6% of a participant’s eligible compensation, as defined
- The inclusion of partial distributions as a benefit payment option
- Effective January 1, 2025, the exclusion of fringe benefits from the definition of compensation

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2024 and 2023, and for the Year ended December 31, 2024

1. Description of Plan (continued)

Eligibility

Employees who have attained the age of 21 are eligible to participate in the Plan. Union employees, leased employees, individuals not treated as common law employees of the Plan Sponsor and not on the Plan Sponsor's payroll, contract individuals not classified as employees, and employees of non-adopting employers of the Plan are not eligible to participate in the Plan. Effective April 1, 2024, residents of Puerto Rico and interns are also excluded from participation in the Plan. Employees are enrolled in the Plan on the first day of the month coinciding with or next following the date upon meeting the eligibility.

Contributions

Participant Contributions

Each year, participants may contribute up to 100% of their eligible compensation, as defined by the Plan, subject to Internal Revenue Service ("IRS") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants have the option of designating a portion of their elective deferral contributions as pre-tax or after-tax "Roth" contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Safe-Harbor Matching Contributions

The Company makes safe-harbor matching contributions equal to 100% of each participant's elective deferrals that do not exceed 4% of the participant's compensation.

Discretionary Additional Matching Contribution

Effective April 1, 2024, at the discretion of the Company, the Company may contribute and credit employer matching contributions to eligible participant accounts up to a maximum of 6% of plan year compensation. For the year ended December 31, 2024, the Company authorized no such contribution.

Contributions from Plan participants and the associated matching contributions from the Company are recorded in the year in which the employees' contributions are withheld from compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's safe-harbor and additional matching contributions plus actual earnings thereon.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2024 and 2023, and for the Year ended December 31, 2024

1. Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance in their account during the immediate preceding 12 month period. The loans are secured by the balance in the participant's account. The loan interest rate, adjusted monthly, is set at 1% above the prime rate, as defined. Participants may have a maximum of one loans outstanding at one time. Loan terms may not exceed five years, unless for the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. A participant may withdraw part of the vested interest in his or her account upon attainment of age 59 1/2, subject to Plan provisions. The Plan also permits hardship distributions to participants that can demonstrate an immediate and heavy financial need. Upon separation with the Company, participants with account balances less than \$5,000, a single lump sum payment will be made automatically into an individual retirement account of the plan administrator's choosing. The Plan document further stipulates that account balances less than \$1,000 are to be automatically paid to the participant, without consent.

Forfeited and Unallocated Accounts

As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$681 and \$670, respectively. For the year ended December 31, 2024, participants did not forfeit any previously contributed nonvested amounts. During the year ended December 31, 2024, no amounts were used to reduce Plan expenses or Company contributions.

Partial Plan Termination

During the year ended December 31, 2023, the Company experienced sustained declines in its operating results. As a result, employees were terminated at various times throughout the year. In total, the participants who were terminated amounted to more than 20% of plan participants; accordingly, the Company determined that a partial plan termination had occurred. There were no unvested balances in participant accounts and as such, the partial plan termination had no material impact on the participant's or the financial statements.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2024 and 2023, and for the Year ended December 31, 2024

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). The common collective trust funds are stated at net asset value (“NAV”) as determined by the trustee at the end of the plan year. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee, custodian, and insurance company. Refer to Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when paid.

Expenses

The Company pays certain administrative expenses incurred by the Plan. Certain investment and administration fees are deducted directly from participant's investment returns. Transaction costs borne by the Plan are charged to the individual participant who initiated the transaction to which the charge relates by reducing the participant's account balance.

Recently Adopted and New Accounting Principles

In June 2016, the FASB issued ASU No. 2016-13, *Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, and subsequent amendments to the initial guidance, ASU 2019-10. This accounting standard changes the methodology for measuring credit losses on financial instruments and the timing of when such losses are recorded. ASU No. 2016-13 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2022. The Plan adopted the provisions of ASU 2016-13 for the year ended December 31, 2023. The adoption of this standard did not have a material impact on the Plan's financial statements.

Subsequent Events

Subsequent events have been evaluated through the date of the report of independent auditors, which is the date the financial statements were available to be issued. There were no items that would require recognition in the financial statements or disclosure in the notes to the financial statements.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2024 and 2023, and for the Year ended December 31, 2024

3. Information Certified by the Custodian and Trustee (unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively, “Empower”), the custodian and trustee of the Plan.

4. Fair Value Measurements

The framework for measuring fair value hierarchy provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB accounting guidance are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year ended December 31, 2024

4. Fair Value Measurements (continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (“SEC”). These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,249,572	\$ -	\$ -	\$ 6,249,572
Total assets in fair value hierarchy	\$ 6,249,572	\$ -	\$ -	\$ 6,249,572
Investments measured at NAV (a)				94,602
Total investments, at fair value				\$ 6,344,174

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,776,792	\$ -	\$ -	\$ 4,776,792
Total assets in fair value hierarchy	\$ 4,776,792	\$ -	\$ -	\$ 4,776,792
Investments measured at NAV (a)				34,091
Total investments, at fair value				\$ 4,810,883

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation.

4. Fair Value Measurements (continued)

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient. There are no participant redemption restrictions for these investments. The redemption notice applies only to the Plan.

As of December 31, 2024:

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Common Collective Trust Fund	\$ 94,602	None	Daily	None

As of December 31, 2023:

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Common Collective Trust Fund	\$ 34,091	None	Daily	None

5. Group Annuity Contract with Empower Annuity Insurance Company of America

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Empower. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified guaranteed minimum interest rate that is guaranteed to the Plan. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The guaranteed investment contract may be terminated by their Empower or the Plan Sponsor with advance written notice.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

5. Group Annuity Contract with Empower Annuity Insurance Company of America (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. The Plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

As of December 31,	2024	2023
Traditional investment contract	\$ 57,522	\$ 36,141
Total	\$ 57,522	\$ 36,141

6. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds, common collective trust funds, and guaranteed income account provided through or managed by Empower. Empower is the record-keeper, custodian, and trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. During the year ended December 31, 2024, the Plan also made direct payments to the record-keeper, custodian, trustee, and third-party administrator totaling \$24,160. These costs incurred by the Plan are included in administrative expenses on the statement of changes in net assets available for benefits. The Company pays directly any other fees related to the Plan's operations.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2024 and 2023, and for the Year ended December 31, 2024

8. Income Tax Status

The IRS has determined and informed the Company by a letter dated November 14, 2022, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan remains subject to income tax examinations for years since inception.

9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

As of December 31,	2024	2023
Net assets per financial statements	\$ 6,489,136	\$ 4,936,938
