INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
University Corporation for Advanced Internet Development TDA Plan
Ann Arbor, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of University Corporation for Advanced Internet Development TDA Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of University Corporation for Advanced Internet Development TDA Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the University Corporation for Advanced Internet Development TDA Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about University Corporation for Advanced Internet Development TDA Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of University Corporation for Advanced Internet Development TDA Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about University Corporation for Advanced Internet Development TDA Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held At End of Year) and Schedule of Reportable Transactions as of or for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Respectfully,

NOTE A - DESCRIPTION OF THE PLAN

The following description of *University Corporation for Advanced Internet Development TDA Plan* (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of *University Corporation for Advanced Internet Development* (the “Organization”). Employees are eligible to join the Plan upon date of hire. The Plan is qualified under IRS section 403(b) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

University Corporation for Advanced Internet Development is the plan administrator and the Plan’s trustee. Teachers Insurance and Annuity Association – College Retirement Equities Fund (“TIAA-CREF”) is the Plan’s custodian. The Plan’s custodian is responsible for providing both plan administrative services and investment vehicles for the Plan’s assets.

Contributions

The Plan is funded entirely by participant contributions. Each year participants may contribute annual compensation, as defined in the Plan agreement, up to the maximum allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from certain other qualified defined contribution or individual retirement plans (rollovers). Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, allocations of Plan earnings, and is charged with an allocation of administrative expenses, if any. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their 403(b) voluntary contributions plus actual earnings thereon.

Investments and Investment Options

Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers registered investment company (mutual fund) options, a pooled separate account, and investment contracts with an insurance company as investment options.

Notes Receivable from Participants

Participants may borrow from their accounts. The loans are secured by the balance in the participant’s account. The loan interest rate, determined quarterly, is set at one percent above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions. Maximum retirement plan loan limits are \$50,000 or 50% of vested account balances.

Collateralization of Participant Accounts

Prior to January 1, 2022, participants could use their accounts as collateral to borrow funds directly from Teachers Insurance and Annuity Association – College Retirement Equities Fund (“TIAA-CREF”). These loans are referred to as plan loans and are not assets of the Plan. Plan loans are secured by the balance in the participant’s account. TIAA-CREF stopped issuing plan loans as of January 1, 2022.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant’s vested interest in his or her account or partial payments, annual installment payments, or annuity contracts, as defined by the Plan agreement. For termination of service for other reasons, as well as for any individual account balances of \$5,000 or less, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution. In-service withdrawals of vested balances may be elected by participants who have reached 59 ½ years of age.

Administrative Expenses

Certain expenses for maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Some expenses are included in the Plan's net appreciation (depreciation) in fair value of investments, and a plan servicing fee is assessed quarterly by the custodian and deducted from participant account balances.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit responsive guaranteed investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note D for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's aggregate gains and losses on investments bought and sold as well as those held during the year.

Contributions

Participant contributions are recorded when withheld from compensation.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2024, the most recent statement of net assets available for benefits presented herein, through September 17, 2025, the date these financial statements were available to be issued. No such significant events or transactions were identified.

NOTE C - INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The plan administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA-CREF as custodian, has certified that the following investment information included in the accompanying financial statements and ERISA required supplemental schedules is complete and accurate:

- (1) All investment and participant note receivable balances in the statements of net assets available for benefits as of December 31, 2024 and 2023
- (2) All income and gains or losses from investments and participant notes receivable reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024
- (3) Changes in fair value of the Plan's Level 3 assets in Note D
- (4) Investments reflected on the ERISA required Schedule of Assets (Held at End of Year) as of December 31, 2024

NOTES TO FINANCIAL STATEMENTS**

NOTE D - FAIR VALUE MEASUREMENTS

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for investments of the Plan measured at fair value:

Registered investment companies: Shares held in registered investment companies are funds which are based on market quotations or prices from independent pricing services and are classified as Level 1 inputs.

Pooled separate account: The TIAA Real Estate Account's value is principally derived from the market value appraisals of the underlying real estate holdings or other real estate-related investments. The fund's NAV is a readily determinable fair value and is the basis for current transactions.

Guaranteed investment contracts – non benefit responsive (NBR): The TIAA Traditional Annuity account balances are reported at contract value that approximate fair value. Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate which correlates closely with TIAA Traditional Annuity's historical crediting rates.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value at December 31, 2024			
	Level 1	Level 2	Level 3	Total

NOTES TO FINANCIAL STATEMENTS**

The following table sets forth the Plan’s Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs at:

December 31, 2024				Weighted Average and/or Range of Significant Input Values
Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	
TIAA Traditional Annuity	\$ -	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	3.0% - 6.75%
December 31, 2023				Weighted Average and/or Range of Significant Input Values
Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	
TIAA Traditional Annuity	\$ 2,303	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	3.5% - 7.0%

The following table sets forth a summary of changes in the fair value of the Plan’s Level 3 assets for the year ended December 31, 2024:

Balance, beginning of year	\$ 2,303
Interest income	-
Realized and Unrealized Gains	20
Purchases	-
Sales	<u>(2,323)</u>
Balance, end of year	<u>\$ -</u>

NOTE E - GUARANTEED INVESTMENT CONTRACTS – BENEFIT RESPONSIVE

TIAA Traditional Annuity is an unallocated fixed-annuity contract that is fully and unconditionally guaranteed by TIAA-CREF. TIAA Traditional Annuity provides a guarantee of principal, a guaranteed minimum rate of interest (generally 3%, but in some recent contracts between 1% and 3%) and the potential for additional interest if declared by TIAA-CREF. Additional interest, when declared, remains in effect for the “declaration year,” which begins each March 1. Additional interest is not guaranteed for future years. Contributions to a participant’s account purchases a guaranteed amount of lifetime annuity income. When a participant’s account in the TIAA Traditional Annuity is annuitized based on available options, the present value of the stream of payments is equal to the account balance. The subsequent stream of annuity payments occurs outside of the Plan and does not represent an obligation of the Plan. These guarantees of principal and minimum interest rates ensure that each participant’s accumulation is protected from loss and will always increase in value.

NOTE F - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

All Plan investments are managed by TIAA-CREF. TIAA-CREF is the custodian and record keeper of the Plan and, therefore, transactions related to these investments qualify as party-in-interest transactions. Fees paid to TIAA-CREF and its bundled service providers by the Plan, including amounts paid directly from plan assets and indirectly through a reduction in net appreciation in fair value of investments totaled \$68,640 in 2024.

NOTE G - TAX STATUS

There is currently no Internal Revenue Service determination letter program for 403(b) plan documents. However, the plan administrator believes the Plan is qualified, and the Plan has no income subject to unrelated business income tax.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Organization may determine.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investments, including an investment contract with an insurance company, various registered investment companies, and a pooled separate account, which have underlying assets consisting of any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
