INDEPENDENT AUDITORS' REPORT

September 15, 2025

Plan Trustee of
ND Industries, Inc. 401(k) Profit Sharing Plan and Trust
1000 North Crooks Rd.
Clawson, Michigan 48017

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of ***ND Industries, Inc. 401(k) Profit Sharing Plan and Trust*** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of November 20, 2024 (in liquidation) and December 31, 2023 (ongoing), and the related statement of changes in net assets available for benefits for the period from January 1, 2024 to November 20, 2024 (in liquidation), and the related notes to the financial statements (the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of November 20, 2024 and December 31, 2023 and for the period January 1, 2024 to November 20, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Independent Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Independent Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the governing body of ND Industries, Inc., the Plan Sponsor, approved a plan of liquidation on June 1, 2024, which was completed on November 20, 2024. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2023 financial statements to the liquidation basis used in presenting the 2024 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN

The following description of *ND Industries, Inc. 401(k) Profit Sharing Plan and Trust* (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution safe harbor plan covering all nonexcluded employees of *ND Industries, Inc.* (the "Company") who had completed 6 months of service and have attained age 18. Employees became a participant in the Plan on the first day of the calendar quarter following completion of the eligibility requirements. During 2024, all employees of the Company were terminated in conjunction with the sale of the Company's assets. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Subsequent to the sale and termination of employees described above, the Company approved liquidation of the Plan on June 1, 2024. As of June 1, 2024, all participants of the Plan became 100% vested, with the Plan to distribute all benefits held under the Plan to participants as soon as administratively feasible pursuant to the terms of the Plan. The final and full liquidation of the Plan occurred on November 20, 2024.

John Hancock Life Insurance Company ("John Hancock"), (the "Trustee") was the trustee and recordkeeper of the Plan. The Company was the administrator of the Plan (the "Plan Administrator"). The Trustee held all assets of the Plan in accordance with the service provider contract with the Company. The Plan was governed and operated by Plan Trustees and a Plan administrator, respectively, appointed by the Board of Directors of the Company.

Contributions

Each year participants were able to defer up to 100% of compensation, as defined in the Plan agreement subject to certain IRS limitations. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company was able to make safe harbor matching contribution equal to 100% of the first 3% and 50% of the next 2% of participants' compensation deferred to the Plan. The Company, at its discretion, was able to make additional profit sharing and matching contributions. No such discretionary profit sharing or matching contributions were made in the period January 1, 2024 to November 20, 2024. Participants directed the investment of contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account was credited with the participant's contributions and the Company's safe harbor matching contributions and discretionary matching contributions (when made) and an allocation of (a) the Company's discretionary profit sharing contributions (when made), and (b) Plan earnings, and charged with an allocation of administrative expenses. Participants who initiated a benefit payment were charged a fee for that transaction. Allocations were based on participant compensation, account balances or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants were 100% vested at all times in employee contributions and all Company contributions, plus actual earnings thereon.

Payment of Benefits

Upon termination of service due to death, disability, financial hardship, retirement or any other distributive event, as defined in the Plan agreement, participants or their beneficiaries would receive an amount equal to the value of the participant's vested interest in their account in a lump-sum payment or in various installment annuities. The Plan also allowed distributions on attainment of 59 1/2 years of age equal to the value of the participant's vested interest in their account. All benefits accumulated were distributed from the Plan on or before November 20, 2024.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

As a result of the Company's decision to terminate the Plan, the Plan's statement of net assets available for benefits as of November 20, 2024, and statement of changes in net assets available for benefits for the period January 1, 2024 to November 20, 2024 are prepared using the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP"). The Plan's statement of net assets available for benefit as of December 31, 2023 was prepared on the ongoing basis of accounting in accordance with GAAP.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determined the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. The change in fair value of investments included the Plan's aggregate gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant contributions were recorded when withheld from compensation. Employer contributions were recorded in the period in which they become obligations of the Company.

Benefits Paid to Participants

Benefit payments to participants were recorded when paid.

Administrative Expenses

The Plan's administrative expenses were paid either by the Plan or the Company, as provided by the Plan document. Certain administrative expenses, including an allocation of salaries related to Plan administration, and audit and legal costs, were paid by the Company and qualified as party-in-interest transactions which were exempt from prohibited transaction rules. Expenses that were paid directly by the Company are excluded from these financial statements. Fees for custodial and record keeping services were paid by the Plan. Participants were charged directly for loan fees and fees related to certain distribution types.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent the most recent statement of net assets available for benefits presented herein, through the date these financial statements were available to be issued.

3. CERTIFIED INVESTMENTS

Certain information related to investments disclosed in these financial statements, including investments held at December 31, 2023, and net change in fair value of investments, interest and dividends for the period January 1, 2024 to November 20, 2024, was obtained by management and agreed to and derived from information certified as complete and accurate by John Hancock.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets were classified.

Mutual funds: Shares held in mutual funds were valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that were registered with the Securities and Exchange Commission ("SEC"). These funds were required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

Stable value common collective trust: A stable value fund that was composed primarily of fully benefit-responsive investment contracts was valued at the NAV of units of the bank collective trust, was classified as "other" and was not assigned a level in the fair value hierarchy. The NAV was used as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that the fund would sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) have occurred occur daily. The issuer reserved the right to require a 12 month notification in order to ensure that securities liquidations were carried out in an orderly business manner.

ND INDUSTRIES, INC. 401(k) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

Collective investment trust ("CIT"): Valued at the NAV of units of a collective trust fund, were classified as "other" and not assigned a level in the fair value hierarchy. The NAV was as provided by the trustee of the CIT, used as the practical expedient to estimate fair value. The NAV was based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it was determined to be probable that the fund would sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may have occurred daily.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments measured at fair value at December 31, 2023:

| | Level 1 | Level 2 | Level 3 | Other (1) | Total |
|--------------------------------------------|----------------------|-------------|-------------|---------------------|----------------------|
| Mutual funds | \$ 18,445,358 | \$ - | \$ - | \$ - | \$ 18,445,358 |
| Stable value common collective trust | - | - | - | 1,791,493 | 1,791,493 |
| Collective investment trust | - | - | - | 588,426 | 588,426 |
| Total investments at fair value | \$ 18,445,358 | \$ - | \$ - | \$ 2,379,919 | \$ 20,825,277 |

(1) Certain investments were measured at NAV per share (or its equivalent) on a non-active market and were not classified in the fair value hierarchy and were presented in the column titled "Other" above. The fair value amounts presented in this table is intended to permit reconciliation of the fair value hierarchy to the line items presented in the 2023 statement of net assets available for benefits.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate NAV per share (or its equivalent) as of December 31, 2023:

| Investment Type | Fair Value | Unfunded Commitments | Redemption Frequency | Redemption Notice Period |
|-----------------------------------------|--------------|----------------------|----------------------|--------------------------|
| Stable value common collective trust | \$ 1,791,493 | \$ - | Daily | None |
| Collective investment trusts | \$ 588,426 | \$ - | Daily | None |

The following was a description of the investment strategy for investments in certain entities that calculate NAV per share (or its equivalent) at December 31, 2023:

Stable value common collective trust/Collective investment trusts: These funds included investments that sought capital appreciation to provide a fixed income.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were managed by John Hancock. John Hancock was the trustee of the Plan and, therefore transactions with John Hancock qualified as party-in-interest transaction. Fees paid by the Plan for investment management, custodial, record keeping, and investment advisory services were included in net change in fair value of investments, as they are paid through revenue sharing, rather than direct payment. Participants were charged directly for loan fees and fees related to certain distribution types.

6. TAX STATUS

The Plan used a prototype plan document sponsored by John Hancock retirement Plan Services LLC. The prototype plan document received an opinion letter from the IRS dated June 30, 2020, stating that the written form of the underlying prototype plan document was qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the plan would be considered to have a plan qualified under Section 401(a) of the Code. The Plan was required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan was operating in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt.

GAAP requires Plan management to evaluate and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. While the Plan may be subject to routine audits by taxing jurisdictions, there are currently no audits for any tax periods in progress.
