## INDEPENDENT AUDITOR'S REPORT

The Plan Administrator and Participants  
Montgomery Automotive Dealerships Inc. 401(k)  
Profit Sharing Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Montgomery Automotive Dealerships Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to the Plan's assets held for investment (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in

all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Management's Responsibilities for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audits of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the

override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

### **Supplemental Schedules Required by ERISA**

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions as of December 31, 2024, and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying

accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# MONTGOMERY AUTOMOTIVE DEALERSHIPS, INC. 401(k) PROFIT SHARING PLAN

## NOTES TO FINANCIAL STATEMENTS

Years ended December 31, 2024 and 2023

---

### 1. Plan description

The following brief description of the Montgomery Automotive Dealerships, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan's provisions. Copies of the Plan Agreement are available at the corporate office.

**General** – The Plan is a contributory defined contribution profit sharing plan covering all employees of Montgomery Automotive Dealerships, Inc.; Two M. Company, Inc.; J.H.S. First, Inc.; Montgomery Imports, LLC; Montgomery Automotive Outlet of Indiana, LLC; Snead Chevrolet, Inc.; Big M on Dixie, LLC; Montgomery Eastside, LLC; Crestmont Automotive, Inc.; Montgomery CDJR, LLC (through December 18, 2024); HMA 812, LLC (through November 30, 2024); and HMA 502, LLC (the Companies) who are age 21 or older and have completed 1,000 hours of service and one year of service as defined in the Plan Agreement. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

**Contributions** – Participants may contribute up to the maximum salary deferral set by law. Participants may also contribute amounts representing rollover distributions from other qualified plans. The Companies may make discretionary matching and profit-sharing contributions which are determined by the Companies' management. For the year ended December 31, 2024, the Companies matched 50% of each participant's contribution up to 5% of each participant's annual compensation, as defined in the Plan Agreement. For the year ended December 31, 2023, the Companies matched 50% of each participant's contribution up to 3% of each participant's annual compensation, as defined in the Plan Agreement. Generally, a participant must have 500 hours of service in the plan year, and be employed by the Companies on the last day of the plan year to share in the allocation of any profit-sharing contributions. No profit-sharing contributions were made to the Plan for the years ended December 31, 2024 and 2023.

**Participant accounts** – All contributions are allocated at the discretion of the participant among selected investments. Each participant's interest in each of the investment accounts is accounted for in three separate accounts: one each relating to the participant's pre-tax contributions and rollover contributions, and the Companies' contributions. Each participant's account is credited with the participant's contributions and allocations of the Companies' contributions and plan earnings, and charged with allocations of investment-related fees and administration expenses. Those allocations are based on participant earnings, specific participant contributions, or participant account balances. Allocations of profit-sharing contributions are based on the ratio each participant's compensation bears to the total of all participants' compensation for the plan year. The benefit to which a

participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting** – Participants are immediately vested in their contributions and related earnings. Vesting in the Companies' discretionary matching and profit-sharing contribution portions of their accounts and the related earnings is based on years of credited service. A participant is fully vested with regard to the Companies' contributions and related earnings after six years of credited service, as defined in the Plan Agreement. Participant rollover contributions from previous plans are fully vested. A participant becomes fully vested in the event of death, disability, or retirement as defined in the Plan Agreement.

**Payment of benefits** – In the event of death, disability, retirement, or termination, a participant's benefit will be distributed in accordance with specific provisions of the Plan Agreement. In-service distributions and hardship withdrawals are also permitted upon meeting certain requirements, as defined in the Plan Agreement.

**Forfeitures** – Forfeited nonvested accounts total \$27,194 and \$50,345 as of December 31, 2024 and 2023, respectively. Nonvested portions of the Companies' discretionary matching accounts are applied to reduce the Companies' future contributions. Forfeitures totaling \$54,171 were applied to reduce the Companies' matching contributions for the year ended December 31, 2024. No forfeitures were applied to reduce the Companies matching contributions for the year ended December 31, 2023.

**Administration** – Certain administrative functions are performed by the Companies' officers and employees. No such officers or employees receive compensation from the Plan. Certain accounting, legal, and other expenses to maintain the Plan's records are paid by the Companies and are therefore not reported as expenses on the accompanying statements of changes in net assets available for benefits. Administration expenses reported on the accompanying statements of changes in net assets available for benefits represent certain investment advisory fees charged to the Plan by the Plan's investment advisors, and recordkeeping fees charged to the Plan by the Plan's third-party administrator.

## 2. Summary of significant accounting policies

**Basis of accounting** – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

**Estimates** – The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Contributions and credit losses** – Participant contributions are recorded when the Companies compute payroll deductions. The Companies' contributions are recorded based

on amounts actually received or committed to be paid for the year. Contributions to the Plan are recorded net of any credit losses provided for on the basis of anticipated collection losses. Estimated losses are determined from historical collection experience, review of current period outstanding receivables, and projection of future activity in the allowance for credit losses. The Plan's management has determined that the Plan is not exposed to significant credit loss risk as the Plan's contributions represent only amounts from the Plan's participants and the Companies' contributions. Accordingly, there is no provision for credit losses, no write-offs, or recoveries collected during the years ended December 31, 2024 and 2023.

***Investment valuation and income recognition*** – As more fully described in Note 4, the Plan's investments in mutual funds are valued at fair value based on quoted market prices on the measurement date.

The Plan's investment in the common/collective trust through a stable value option is considered a fully benefit-responsive investment contract under GAAP. Accordingly, the common/collective trust investment is reported at contract value as more fully described in Note 4. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the contract's terms.

Realized gains and losses on the Plan's investments are recognized upon the sale of the related investments, and unrealized appreciation or depreciation is recognized at period end when the carrying values of the related investments are adjusted to their estimated fair values. Net realized and unrealized appreciation or depreciation in fair values of the Plan's investments includes gains and losses on investments bought and sold, as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Certain investment-related fees charged to the Plan are deducted from income earned on investments and are not separately reflected on the accompanying statements of changes in net assets available for benefits. Consequently, investment return is reflected net of those investment-related fees on the accompanying statements of changes in net assets available for benefits.

***Benefit and withdrawal payments*** – Benefit and withdrawal payments are recorded when paid.

***Fair value measurements*** – The Plan applies the *Fair Value Measurement* topic of the Accounting Standards Codification (ASC) which requires determination of fair value based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. The *Fair Value Measurement* topic emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and it applies in conjunction with other ASC topics that require or permit fair value measurements and disclosures. Impacted assets and liabilities are measured and disclosed in one of three categories based on the significance and source of the inputs to their valuation. The hierarchy consists of three broad levels: Level 1, Level 2,

and Level 3. Level 1 inputs have the highest priority and consist of observable unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Level 2 inputs include: a) quoted prices for similar assets or liabilities in active markets; b) quoted prices for identical or similar assets or liabilities in inactive markets; c) inputs other than quoted prices that are observable for the asset or liability; and d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs have the lowest priority, are unobservable, and include judgments about the assumptions that market participants would use in pricing the asset or liability.

An asset's or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to its fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan's management uses specific valuation techniques based on the available inputs to measure the fair values of the Plan's impacted assets and liabilities. When available, the Plan's management measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

These methods may produce fair value calculations that may not be indicative of net realizable values, or reflective of future fair values. Furthermore, while the Plan's management believes the valuation methods utilized are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair values of certain assets and liabilities could result in different fair value measurements as of December 31, 2024 and 2023.

***Subsequent events*** – The Plan's management has evaluated subsequent events through September 4, 2025, the date the financial statements were available for issue.

### **3. Information certified by plan investment trustee**

The Plan's administrator has elected the method of annual reporting as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held as of December 31, 2024 and 2023, and net realized and unrealized appreciation in fair value of investments, dividend income, and other income for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company (Reliance), the Plan's investment trustee. This information has not been audited by the Plan's independent auditors.

### **4. Investments and fair value measurements**

The Plan's investments are credited with earnings on the underlying investments, and charged for plan withdrawals, investments-related fees, and administration expenses.

The Plan's shares in mutual funds are publicly traded and are valued at the measurement date of the security reported on the principal exchange on which traded (Level 1 input). The mutual funds may be redeemed on a daily basis. Unfunded commitments are not applicable to mutual funds.

The Plan has a stable value investment option (the Fund) issued by Metropolitan Life Insurance Company (MetLife) through a common/collective trust. The Fund invests in fully benefit-responsive investment contracts and its primary investment objective is to provide safety of principal, adequate liquidity, and a competitive yield with low return volatility. To achieve this investment objective, the Fund typically simulates the performance of a guaranteed investment contract through the guarantee of a specific interest rate and a portfolio of financial instruments that are owned by MetLife. The Plan's assets are the unit ownership interests in the contract and are valued daily by the Fund's trustee by dividing the total contract value of the Fund's assets, less its liabilities, by the total member units outstanding. Investment income earned is reinvested in the Fund and is included in the determination of unit values. The separate account investments are owned by MetLife. The contract provides that the Fund execute transactions at contract value. MetLife guarantees the contract value, which represents contributions, plus interest, less participants-initiated withdrawals or transfers. This is the contract's guaranteed value. The contract provides a fixed interest rate for a fixed period that will apply to the entire guaranteed value. The interest rate is reset every quarter as determined by MetLife with consideration of the market value of the underlying investments, the anticipated market yields-to-maturity of benchmark indices of underlying investments, expected payments into and out of the contract, amortization of the difference, if any, between the market value of underlying investments and the guaranteed value of the contract, and the fees allowed under the contract. MetLife guarantees that the rate will never be less than zero. Certain events may limit the Plan's ability to transact at contract value. Such events not considered probable of occurring include but are not limited to, a full or partial surrender of the contract at the plan sponsor's request. The Fund may be redeemed on a daily basis. There are no unfunded commitments related to the Fund.

There have been no changes in the valuation methodologies used to value the Plan's investments in mutual funds as of December 31, 2024 and 2023.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
	<b><u>2024</u></b>			
<b>Mutual funds</b>	<b><u>\$ 9,797,968</u></b>	<b><u>\$ -</u></b>	<b><u>\$ -</u></b>	<b><u>\$ 9,797,968</u></b>
<b>Total investments, at fair value</b>	<b><u>\$ 9,797,968</u></b>	<b><u>\$ -</u></b>	<b><u>\$ -</u></b>	<b><u>\$ 9,797,968</u></b>

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
	<u>2023</u>			
Mutual funds	<u>\$ 9,022,812</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,022,812</u>
Total investments, at fair value	<u>\$ 9,022,812</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,022,812</u>

## 5. Corrective distributions

For the year ended December 31, 2023, payments totaling \$15,567 were made to certain participants to return excess deferral contributions required to satisfy the Plan's relevant nondiscrimination provisions.

## 6. Plan termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions, and at any time to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

## 7. Income tax status

The Plan operates under a non-standardized pre-approved profit sharing/money purchase plan sponsored by ADP, LLC. The Internal Revenue Service (IRS) ruled in an opinion letter dated October 6, 2020 that the non-standardized plan was qualified under applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the date of the IRS opinion letter. However, the Plan's trustees, sponsors, and administrator are not aware of any occurrences that would adversely affect the Plan's qualified status, and believe the Plan is currently designed and operating in compliance with the applicable IRC requirements, is qualified, and the related trust is tax-exempt.

GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a tax liability, or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan's administrator believes the Plan is no longer subject to income tax examinations for years prior to the year ended December 31, 2021.

## **8. Party-in-interest assets and transactions**

The Plan's investments are held and managed by Reliance, the Plan's investment trustee. Therefore, the Plan's investments qualify as party-in-interest assets. In addition, transactions conducted by Reliance, and the Companies' contributions qualify as party-in-interest transactions. Also, certain fees paid to Financial Strategies Group for investment management and advisory services qualify as party-in-interest transactions. These transactions are permitted under the plan provisions and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

## **9. Delinquent participant contributions**

The Companies failed to remit certain participant contributions to the Plan on a timely basis totaling \$177,674 and \$226,766 during the years ended December 31, 2024 and 2023, respectively. In addition, the Companies failed to remit certain participant contributions to the Plan on a timely basis totaling \$102,705 for certain years ended prior to December 31, 2023. As a result, the Companies engaged in prohibited transactions as defined by DOL Reg. 2510.3-102. All such contributions have been remitted to the Plan. These transactions did not have a significant impact on the Plan's net assets available for benefits as of December 31, 2024 and 2023, or changes thereto for the years then ended.

## **10. Risks and uncertainties**

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate and credit risks, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that reductions in the values of the Plan's investment securities reported as of December 31, 2024 will occur in the near term and that such reductions would materially affect participant account balances and amounts reported on the accompanying December 31, 2024 statement of net assets available for benefits.

The Plan's exposure to concentrations risk is limited by diversification of investments across all investment elections. In addition, the investments within each investment election are further diversified into various financial investments.
