INDEPENDENT AUDITORS' REPORT

To the Retirement Plans Committee
of the Schiff Hardin LLP Incentive Savings 401(k) Plan
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of Schiff Hardin LLP Incentive Savings 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2024 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2024 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditors’ Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 9, 2024, indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103 (a)(3)(C).

SCHIFF HARDIN LLP INCENTIVE SAVINGS 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF THE PLAN

The following description of the Schiff Hardin LLP Incentive Savings 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan's plan documents for a more complete description of the Plan's provisions.

General – The Plan is a Section 401(k) defined contribution plan with salary deferral provisions which was established on July 1, 1988 to cover staff employees, attorneys and partners of Schiff Hardin LLP who render personal services to the Firm and who have filed an Incentive Savings 401(k) Agreement, as defined by the Plan.

On March 1, 2022, Schiff Hardin LLP merged with Arent Fox LLP to form a combined firm called ArentFox Schiff LLP (the "merger"). The Plan was then frozen for all further contributions. All other terms of the plan remain the same. ArentFox Schiff LLP (together with Schiff Hardin LLP is referred to as the "Firm") became the sponsor of the Plan as of the date of the merger.

Prior to March 1, 2022, eligible partners and employees could enter the Plan on the first day of the month following their completion of 45 days of service with the Firm. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and the Internal Revenue Code (IRC).

An administrative committee of the Firm, as appointed by the Executive Committee of the Firm, is the Plan administrator. Empower Trust Company, LLC and Empower Annuity Insurance Company of America are the custodians of the Plan. Empower Retirement, LLC serves as the recordkeeper of the Plan.

The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions – Prior to the merger, pretax or post-tax deferred savings contributions in the form of salary reductions by participants were allowed and remitted at least monthly. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. The amount contributed was determined by the participant, subject to both statutory limitations and those defined in the Plan. The Firm made matching contributions equal to a percentage of the participant's tax deferred savings contributions, not to exceed 1.5% of eligible compensation as defined in the Plan. Matching contributions were made only for staff employees of the Firm. Additionally, the Firm made supplemental discretionary contributions payable to employees and partners.

Employees and partners were automatically enrolled in the Plan with a 3% pretax deferral, unless the newly eligible employee or partner contacted Empower to opt out of participation in the Plan or make a different deferral election. Participants who were enrolled automatically were also enrolled in an automatic increase program. On every January 1, the participant's deferral election increased automatically by 1% (up to a maximum of 10%). Participants could opt out of automatic enrollment or the automatic increase program at any time.

Participant Accounts – Each participant's savings account is credited with the participant's contribution and an allocation of the Firm's contribution, if any, and earnings, gains and losses from the investment funds elected. Investment of the participant's account is directed by the participant from the investment options offered in the Plan.

Post-tax contributions, and earnings, gains and losses thereon, are credited to a "Designated Roth Contribution Account."

Rollovers and transfers from other qualified plans are allowed to be made to the Plan. These amounts are placed in the participant's transfer account and share in the earnings and gains and losses of the investment funds elected by the participant in a manner similar to the participant's savings account.

Investment Options – A participant may direct contributions to any of the available mutual funds, a self-directed brokerage option, and/or a group annuity contract with MassMutual (see Note 5). The Plan administrator may add additional investment funds or make changes to the available investment options at any time, as deemed appropriate.

The Plan administrator has designated the Vanguard Balanced Index Fund as the Qualified Default Investment Alternative ("QDIA"). The participant shall be treated as exercising control over the assets in his or her account for purposes of Section 404(c)(1) of ERISA with respect to the amount of contributions and related earnings that, in the absence of an investment election by the participant, are invested in the QDIA.

Vesting – A participant is fully vested in participant and Firm contributions and any transfers, plus actual earnings, gains and losses thereon, at all times.

Payment of Benefits – A participant's account balance may be withdrawn upon retirement, death, disability, or termination of employment as defined by the Plan. Benefits are payable in either a single lump-sum amount equal to the value of the participant's account, or in monthly installments over a period no longer than that permitted under current law.

In-Service Distributions – Participants who have attained age 59 1/2, but who have not terminated employment, may elect to receive a distribution of all or any portion of their accounts.

CARES Act – On March 27, 2019, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which included several relief provisions available to tax qualified retirement plans and their participants. The provisions of the CARES Act could be effective and operationalized immediately, prior to amending the Plan document. The Plan has adopted a measure included in the CARES Act which allowed qualified participants to delay repayments of any new or outstanding loans through the end of the year, December 31, 2020. Required minimum distributions were suspended for 2020. The Plan will be amended for the adoption of these provisions by the required deadline.

Notes Receivable from Participants – Participants may, subject to certain conditions and limitations, borrow from the Plan an amount not exceeding 50% of the vested portion of the participant's account. The aggregate outstanding balance of all loans is limited to the lesser of $50,000 or 50% of the participant's account under the Plan. The current Plan provisions restrict a participant from initiating a new loan if they already have at least one outstanding loan from this Plan. Loan terms range from one to five years for a general-purpose loan or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Firm, and are excluded from these financial statements. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and are included in administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales are recorded on a trade-date basis. Dividends are recorded on the accrual basis. Interest income is recorded on the accrual basis.

Management fees and operating expenses charged to the Plan for investments in mutual funds, and money market funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, a portion of management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balances. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance is considered necessary.

Contributions – Contributions are reported in the year services are rendered to the Firm by the Plan participants.

Payment of Benefits – Benefit payments are reported in the year paid.

Date of Management's Review – Subsequent events have been evaluated through September 11, 2025, which is the date the financial statements were available to be issued.

3. RISKS AND UNCERTAINTIES

The Plan invests in investment securities, which hold securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

4. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

> Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.
>
> Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.
>
> Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

> Mutual Funds – The fair values of mutual funds are based on quoted market prices of the shares held by the Plan at year-end. Accordingly, these fair value measurements are classified as having used Level 1 inputs.
>
> Self-Directed Brokerage Accounts – The self-directed brokerage accounts consist of various investment options including money market funds, common stocks, and mutual funds. Money market funds are reported at carrying value, which approximates fair value. The fair values of common stocks and mutual funds are based on quoted market prices of shares held by the Plan at year-end.
>
> Self-directed brokerage accounts also include U.S. government agency bonds, U.S. Treasury securities, and corporate bonds that are valued using pricing models based on standard inputs, listed in the approximate order of priority, including benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers, and reference data, including market research publications. In addition to these standard inputs, TRACE reported trades are used for corporate bonds and vendor trading platform data is used for certain government securities. These assets are categorized in Level 2 of the fair value hierarchy.

The Plan's investments are reported at fair value as follows:

	Level 1	Level 2	Level 3	Fair Value
December 31, 2024:				
Mutual Funds	$ 188,032,008			$ 188,032,008
Self-Directed Brokerage Accounts	18,758,621	$ 2,099,023		20,857,644
Total investments in the fair value hierarchy	$ 206,790,629	$ 2,099,023	$ -	$ 208,889,652
December 31, 2023:				
Mutual Funds	$ 183,494,541			$ 183,494,541
Self-Directed Brokerage Accounts	16,758,808	$ 1,364,723		18,123,531
Total investments in the fair value hierarchy	$ 200,253,349	$ 1,364,723	$ -	$ 201,618,072

5. INFORMATION CERTIFIED BY THE CUSTODIANS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Empower Trust Company, LLC and Empower Annuity Insurance Company of America, the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2024 and 2023, and for the year ended December 31, 2024:

- Investments, at fair value
- Notes receivable from participants, and related interest income
- Net appreciation in fair value of investments
- Dividends and interest income
- Schedule of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. GROUP ANNUITY CONTRACT

In 2016, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Empower which totaled $9,141,443 as of December 31, 2024 and $10,056,352 as of December 31, 2023. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. MassMutual is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by MassMutual but may not be less than 0.0%. The crediting rate is reviewed on a semi-annual basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, but they may not transfer their investment directly into a competing fund.

The Plan's ability to receive amounts due is dependent on MassMutual's ability to meet its financial obligations. MassMutual's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with MassMutual. These events include: (1) the complete or partial termination of the Plan, (2) the establishment or activation of, or material change in, any Plan investment fund, or (3) an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of group layoffs or early retirement programs. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with MassMutual and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement with the consent of the issuer.

7. TAX STATUS

The Plan received a favorable Internal Revenue Service determination letter dated June 18, 2014. The Plan has been amended since the date of the letter; however, Plan management believes that the Plan Document, as amended, continues to be fully compliant with applicable law and that the Plan is being operated in accordance with the Plan Document. As such, no provision has been made in the financial statements for income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Firm has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan has an investment in a fully benefit-responsive guaranteed investment contract that is managed and guaranteed by MassMutual. In addition, the Plan has a money market fund that is managed by MassMutual, which is an affiliate of Empower. As Empower serves as the Plan's record keeper, these are party-in-interest transactions.

The self-directed brokerage accounts include investments in mutual funds managed by Schwab. As Schwab serves as the self-directed brokerage provider, these are party-in-interest transactions. Notes receivable from participants are party-in-interest transactions.

Empower receives revenue from mutual fund service providers for services Empower provides to the funds. This revenue is used to offset certain amounts owed to Empower for its administrative services to the Plan. There are certain investment options for which revenue credits are paid by Empower to the Plan and allocated to participants who are invested in these specific investment options. Revenue credits are allocated to participant accounts on a monthly basis.

The Plan may make direct payments to the third-party administrator for specific account transactions not covered by revenue sharing. Direct payments for administrative expenses in the amounts of $82,628 made to Empower during 2024, are party-in-interest transactions under ERISA.

9. SUBSEQUENT EVENTS

The Plan is expected to merge into the ArentFox Schiff 401(k) Plan effective October of 2025.

INDEPENDENT AUDITORS' REPORT

To the Retirement Plans Committee
of the Schiff Hardin LLP Incentive Savings 401(k) Plan
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of Schiff Hardin LLP Incentive Savings 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2024 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2024 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditors’ Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 9, 2024, indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103 (a)(3)(C).

SCHIFF HARDIN LLP INCENTIVE SAVINGS 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF THE PLAN

The following description of the Schiff Hardin LLP Incentive Savings 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan's plan documents for a more complete description of the Plan's provisions.

General – The Plan is a Section 401(k) defined contribution plan with salary deferral provisions which was established on July 1, 1988 to cover staff employees, attorneys and partners of Schiff Hardin LLP who render personal services to the Firm and who have filed an Incentive Savings 401(k) Agreement, as defined by the Plan.

On March 1, 2022, Schiff Hardin LLP merged with Arent Fox LLP to form a combined firm called ArentFox Schiff LLP (the "merger"). The Plan was then frozen for all further contributions. All other terms of the plan remain the same. ArentFox Schiff LLP (together with Schiff Hardin LLP is referred to as the "Firm") became the sponsor of the Plan as of the date of the merger.

Prior to March 1, 2022, eligible partners and employees could enter the Plan on the first day of the month following their completion of 45 days of service with the Firm. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and the Internal Revenue Code (IRC).

An administrative committee of the Firm, as appointed by the Executive Committee of the Firm, is the Plan administrator. Empower Trust Company, LLC and Empower Annuity Insurance Company of America are the custodians of the Plan. Empower Retirement, LLC serves as the recordkeeper of the Plan.

The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions – Prior to the merger, pretax or post-tax deferred savings contributions in the form of salary reductions by participants were allowed and remitted at least monthly. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. The amount contributed was determined by the participant, subject to both statutory limitations and those defined in the Plan. The Firm made matching contributions equal to a percentage of the participant's tax deferred savings contributions, not to exceed 1.5% of eligible compensation as defined in the Plan. Matching contributions were made only for staff employees of the Firm. Additionally, the Firm made supplemental discretionary contributions payable to employees and partners.

Employees and partners were automatically enrolled in the Plan with a 3% pretax deferral, unless the newly eligible employee or partner contacted Empower to opt out of participation in the Plan or make a different deferral election. Participants who were enrolled automatically were also enrolled in an automatic increase program. On every January 1, the participant's deferral election increased automatically by 1% (up to a maximum of 10%). Participants could opt out of automatic enrollment or the automatic increase program at any time.

Participant Accounts – Each participant's savings account is credited with the participant's contribution and an allocation of the Firm's contribution, if any, and earnings, gains and losses from the investment funds elected. Investment of the participant's account is directed by the participant from the investment options offered in the Plan.

Post-tax contributions, and earnings, gains and losses thereon, are credited to a "Designated Roth Contribution Account."

Rollovers and transfers from other qualified plans are allowed to be made to the Plan. These amounts are placed in the participant's transfer account and share in the earnings and gains and losses of the investment funds elected by the participant in a manner similar to the participant's savings account.

Investment Options – A participant may direct contributions to any of the available mutual funds, a self-directed brokerage option, and/or a group annuity contract with MassMutual (see Note 5). The Plan administrator may add additional investment funds or make changes to the available investment options at any time, as deemed appropriate.

The Plan administrator has designated the Vanguard Balanced Index Fund as the Qualified Default Investment Alternative ("QDIA"). The participant shall be treated as exercising control over the assets in his or her account for purposes of Section 404(c)(1) of ERISA with respect to the amount of contributions and related earnings that, in the absence of an investment election by the participant, are invested in the QDIA.

Vesting – A participant is fully vested in participant and Firm contributions and any transfers, plus actual earnings, gains and losses thereon, at all times.

Payment of Benefits – A participant's account balance may be withdrawn upon retirement, death, disability, or termination of employment as defined by the Plan. Benefits are payable in either a single lump-sum amount equal to the value of the participant's account, or in monthly installments over a period no longer than that permitted under current law.

In-Service Distributions – Participants who have attained age 59 1/2, but who have not terminated employment, may elect to receive a distribution of all or any portion of their accounts.

CARES Act – On March 27, 2019, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which included several relief provisions available to tax qualified retirement plans and their participants. The provisions of the CARES Act could be effective and operationalized immediately, prior to amending the Plan document. The Plan has adopted a measure included in the CARES Act which allowed qualified participants to delay repayments of any new or outstanding loans through the end of the year, December 31, 2020. Required minimum distributions were suspended for 2020. The Plan will be amended for the adoption of these provisions by the required deadline.

Notes Receivable from Participants – Participants may, subject to certain conditions and limitations, borrow from the Plan an amount not exceeding 50% of the vested portion of the participant's account. The aggregate outstanding balance of all loans is limited to the lesser of $50,000 or 50% of the participant's account under the Plan. The current Plan provisions restrict a participant from initiating a new loan if they already have at least one outstanding loan from this Plan. Loan terms range from one to five years for a general-purpose loan or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Firm, and are excluded from these financial statements. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and are included in administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales are recorded on a trade-date basis. Dividends are recorded on the accrual basis. Interest income is recorded on the accrual basis.

Management fees and operating expenses charged to the Plan for investments in mutual funds, and money market funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, a portion of management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balances. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance is considered necessary.

Contributions – Contributions are reported in the year services are rendered to the Firm by the Plan participants.

Payment of Benefits – Benefit payments are reported in the year paid.

Date of Management's Review – Subsequent events have been evaluated through September 11, 2025, which is the date the financial statements were available to be issued.

3. RISKS AND UNCERTAINTIES

The Plan invests in investment securities, which hold securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

4. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

> Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.
>
> Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.
>
> Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

> Mutual Funds – The fair values of mutual funds are based on quoted market prices of the shares held by the Plan at year-end. Accordingly, these fair value measurements are classified as having used Level 1 inputs.
>
> Self-Directed Brokerage Accounts – The self-directed brokerage accounts consist of various investment options including money market funds, common stocks, and mutual funds. Money market funds are reported at carrying value, which approximates fair value. The fair values of common stocks and mutual funds are based on quoted market prices of shares held by the Plan at year-end.
>
> Self-directed brokerage accounts also include U.S. government agency bonds, U.S. Treasury securities, and corporate bonds that are valued using pricing models based on standard inputs, listed in the approximate order of priority, including benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers, and reference data, including market research publications. In addition to these standard inputs, TRACE reported trades are used for corporate bonds and vendor trading platform data is used for certain government securities. These assets are categorized in Level 2 of the fair value hierarchy.

The Plan’s investments are reported at fair value as follows:

	Level 1	Level 2	Level 3	Fair Value
December 31, 2024:				
Mutual Funds	$ 188,032,008			$ 188,032,008
Self-Directed Brokerage Accounts	18,758,621	$ 2,099,023		20,857,644
Total investments in the fair value hierarchy	$ 206,790,629	$ 2,099,023	$ -	$ 208,889,652
December 31, 2023:				
Mutual Funds	$ 183,494,541			$ 183,494,541
Self-Directed Brokerage Accounts	16,758,808	$ 1,364,723		18,123,531
Total investments in the fair value hierarchy	$ 200,253,349	$ 1,364,723	$ -	$ 201,618,072

5. INFORMATION CERTIFIED BY THE CUSTODIANS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Empower Trust Company, LLC and Empower Annuity Insurance Company of America, the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2024 and 2023, and for the year ended December 31, 2024:

- Investments, at fair value
- Notes receivable from participants, and related interest income
- Net appreciation in fair value of investments
- Dividends and interest income
- Schedule of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. GROUP ANNUITY CONTRACT

In 2016, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Empower which totaled $9,141,443 as of December 31, 2024 and $10,056,352 as of December 31, 2023. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. MassMutual is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by MassMutual but may not be less than 0.0%. The crediting rate is reviewed on a semi-annual basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, but they may not transfer their investment directly into a competing fund.

The Plan's ability to receive amounts due is dependent on MassMutual's ability to meet its financial obligations. MassMutual's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with MassMutual. These events include: (1) the complete or partial termination of the Plan, (2) the establishment or activation of, or material change in, any Plan investment fund, or (3) an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of group layoffs or early retirement programs. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with MassMutual and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement with the consent of the issuer.

7. TAX STATUS

The Plan received a favorable Internal Revenue Service determination letter dated June 18, 2014. The Plan has been amended since the date of the letter; however, Plan management believes that the Plan Document, as amended, continues to be fully compliant with applicable law and that the Plan is being operated in accordance with the Plan Document. As such, no provision has been made in the financial statements for income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Firm has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan has an investment in a fully benefit-responsive guaranteed investment contract that is managed and guaranteed by MassMutual. In addition, the Plan has a money market fund that is managed by MassMutual, which is an affiliate of Empower. As Empower serves as the Plan's record keeper, these are party-in-interest transactions.

The self-directed brokerage accounts include investments in mutual funds managed by Schwab. As Schwab serves as the self-directed brokerage provider, these are party-in-interest transactions. Notes receivable from participants are party-in-interest transactions.

Empower receives revenue from mutual fund service providers for services Empower provides to the funds. This revenue is used to offset certain amounts owed to Empower for its administrative services to the Plan. There are certain investment options for which revenue credits are paid by Empower to the Plan and allocated to participants who are invested in these specific investment options. Revenue credits are allocated to participant accounts on a monthly basis.

The Plan may make direct payments to the third-party administrator for specific account transactions not covered by revenue sharing. Direct payments for administrative expenses in the amounts of $82,628 made to Empower during 2024, are party-in-interest transactions under ERISA.

9. SUBSEQUENT EVENTS

The Plan is expected to merge into the ArentFox Schiff 401(k) Plan effective October of 2025.
