Oklahoma City, Oklahoma

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Dale Rogers Training Center 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and 2023 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024, and 2023 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements

HSPG & ASSOCIATES, PC

relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2024, and the supplemental schedule of assets (held at end of year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DALE ROGERS TRAINING CENTER 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

1. PLAN DESCRIPTION

The following description of Dale Rogers Training Center 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering the employees of Dale Rogers Training Center (the “Company”). Employees must complete 2 months of service and must be 18 years of age before entering the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The plan administrator determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Participant contributions – Each year, participants may contribute up to 100% of their compensation, subject to certain limitations imposed by the Internal Revenue Service (“IRS”). Plan participants age 50 and older are eligible to make additional catch-up contributions. Participants may also rollover amounts distributed from other qualified plans.

During the year ended December 31, 2024, certain employee contributions to the Plan were not remitted to the plan on a timely basis as required by the Department of Labor. The total amount of delinquent contributions for the year ended December 31, 2024 was \$36,595. Late remittances were ultimately deposited into the Plan within 8 days of the required remittance date. Plan management has instituted additional procedures to ensure future contributions are remitted in a timely manner.

Employer contributions – At its discretion, the Company may provide matching contributions on behalf of each participant at a rate determined by the Company’s board of directors. In 2024, the Company made fixed matching contributions equal to 100 percent of the employee’s deferral, up to 4% percent of eligible employee compensation, as defined by the Plan. Company contributions are subject to Internal Revenue Code (“IRC”) limitations. Participants direct the investment of all participant and employer contributions.

Participant accounts – Each participant’s account is credited with the participant’s contributions and allocations of the Company’s contributions and plan earnings or losses and charged with applicable administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment options – Upon enrollment in the Plan, a participant directs contributions among the investment options provided by the Plan. Participants may change their investment options anytime throughout the year via internet or direct phone access to the Plan’s third-party administrator.

Vesting – Participants are immediately vested in their contributions as well as actual earnings or losses on those amounts. Vesting of all employer contributions is based on continuous years of service.

<u>Years of service</u>	<u>Vested percentage</u>
Less than 3	0%
3 years or more	100%

Any participant who attains normal retirement age, becomes disabled, or dies, becomes fully vested regardless of length of service and will receive all benefit payments in accordance with distribution provisions of the Plan.

Forfeited accounts – Forfeited non-vested accounts are used to reduce future employer contributions or pay plan expenses under the terms of the Plan. During 2024, no forfeitures were used to pay plan expenses or to reduce employer contributions. There was approximately \$1,000 in forfeited non-vested amounts held in the Plan for both years ended December 31, 2024, and 2023.

Payment of benefits – Upon death, permanent disability, retirement, or termination of service, participants whose total account balance does not exceed \$5,000 will automatically receive a distribution of all vested amounts in their participant account. Participants whose total account balance exceeds \$5,000 may receive all vested amounts immediately or as soon as administratively feasible. Beneficiaries of a deceased participant may elect to postpone payment to a later date within 5 years of the qualifying event. All non-vested amounts are forfeited.

Plan termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts, and the Trustee shall be directed to distribute all assets in the Plan to participants in the same manner as if each participant had then retired.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – The Plan’s investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan’s valuation policies utilizing information provided by investment advisors, the trustees and other third parties. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change includes the Plan’s gains and losses on investments bought and sold, as well as held, during the year.

Payment of benefits – Benefits are recorded when paid.

Administration – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to benefit payments are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included as an offset to net change in fair value of investments.

Subsequent events – The Plan Administrator has evaluated subsequent events through September 17, 2025, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED OR PREPARED BY TRUSTEE

The following is a summary of the Plan’s asset information as of December 31, 2024, and 2023, and for the year ended December 31, 2024, included throughout the Plan’s financial statements and supplemental schedules, which was prepared by or derived from information provided by Lincoln National Life Insurance Company. (the “Custodian” to the Plan) and furnished to the Plan administrator. The plan administrator has obtained certifications from the Custodian that the information provided to the plan administrator by the Custodian related to the following assets and earnings is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedules including Schedule H, line 4i, Schedule of Assets (held at year end) and the following:

	<u>2024</u>	<u>2023</u>
Pooled separate accounts	\$ 2,137,490	\$ 1,599,262
Guaranteed accounts	194,716	\$ 160,455
Investment activity:		
Net Change in fair value of investments	\$ 222,143	\$ 166,334
Interest and dividend Income	5,223	2,200

4. FAIR VALUE MEASUREMENTS

The Plan measures fair value in accordance with accounting standards that establish a fair value hierarchy based on the observability of inputs used to measure fair value. These inputs are summarized in the three broad levels listed below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value of measurement.

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The pooled separate accounts under the Lincoln Director Program contract offered through Lincoln National Life Insurance Company are valued at the net asset value (“NAV”) of units held by the Plan at year end as provided by Lincoln National Life Insurance Company. The NAV is based on the fair value of the underlying mutual funds owned by the fund which have publicly quoted pricing inputs adjusted for management fees prior to setting the daily unit value.

The unit value of the pooled separate account is based upon significant observable inputs, although it is not based upon quoted market prices in an active market. The observable inputs are unadjusted quoted prices for identical assets in an active market, which is defined as a market in which transactions take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The underlying investments of the pooled separate accounts consist solely of mutual funds, each of which follows a separate investment strategy.

In accordance with accounting standards, the pooled separate accounts held by the Plan are not classified in the fair value hierarchy table because they are measured at NAV per share.

The Plan’s guaranteed interest accounts are not considered fully benefit responsive. The fair value of the guaranteed interest accounts is measured by comparing the rates in effect on a specific date to the rates on which the actual interest is determined and adjusting the book value based on the difference. Daily rates are published and applied to both new deposits and to the calculation of fair value, constituting an active market (Level 1 inputs).

Furthermore, while the Plan’s management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the Plan’s investments measured at fair value on a recurring basis at December 31, 2024:

	Total Investments at Fair Value	Investments measured using NAV per share	Level 1	Level 2	Level 3
Pooled separate accounts	\$ 2,137,490	\$ 2,137,490	\$ -	\$ -	\$ -
Guaranteed accounts	194,716	-	194,716	-	-
Total investments at fair value	<u>\$ 2,332,206</u>	<u>\$ 2,137,490</u>	<u>\$ 194,716</u>	<u>\$ -</u>	<u>\$ -</u>

The following table presents the Plan’s investments measured at fair value on a recurring basis at December 31, 2023:

	Total Investments at Fair Value	Investments measured using NAV per share	Level 1	Level 2	Level 3
Pooled separate accounts	\$ 1,599,262	\$ 1,599,262	\$ -	\$ -	\$ -
Guaranteed accounts	160,455	-	160,455	-	-
Total investments at fair value	<u>\$ 1,759,717</u>	<u>\$ 1,599,262</u>	<u>\$ 160,455</u>	<u>\$ -</u>	<u>\$ -</u>

5. RISKS AND UNCERTAINTIES

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statement of net assets available for benefits.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investment funds are managed by Lincoln Financial Group. and therefore qualify as party-in-interest transactions.

7. TAX STATUS

The Plan uses a prototype plan document which received a determination letter from the IRS, dated June 30, 2020, stating that the prototype document satisfies the applicable provisions of the IRC. The prototype document and the Plan itself have since been amended, and no further determination letter from the IRS has been received. Plan management believes that these amendments have an insignificant impact to the IRS determination, and therefore, Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
