Independent Auditor's Report

To the Plan Administrator
Gibbs & Soell, Inc. Employees' Profit Sharing Plan and Trust
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Gibbs & Soell, Inc. Employees' Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4i – schedule of assets (held at end of year), as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GIBBS & SOELL, INC. EMPLOYEES' PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Gibbs & Soell, Inc. Employees' Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on January 31, 1973 as a defined contribution plan. The Plan was restated January 1, 2021 to comply with certain tax legislation. The Plan is available to eligible employees of Gibbs & Soell, Inc. (the Company, Employer or Plan Sponsor). Eligible employees may enter the Plan immediately upon employment and are eligible for discretionary Employer contributions after meeting the service requirement of twelve (12) months of credited service and being employed on the last day of the Plan year. Participants are eligible for the Employer's non-elective safe harbor contribution after six (6) months of credited service. There is no age requirement to enter the Plan.

Vanguard Fiduciary Trust Company (Vanguard or the Trustee) serves as the Trustee of the Plan, maintains the records of participant accounts and holds the Plan's investment assets and executes investment transactions. The Company is the Plan Administrator.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendments

Effective August 1, 2024, the Plan was amended to include the period of service with Cooper, Katz & Co. and Morgan & Myers, Inc., predecessor employers, regarding the Plan's eligibility and vesting provisions. In addition, Morgan & Myers, Inc. 401(k) Plan was also named a participating employer and adopted the Plan document, effective August 1, 2024.

Contributions

Each year, participants in the Plan may voluntarily contribute up to 100% of their annual compensation, as defined by the Plan, within the limits prescribed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans (rollover). Participants may make Roth 401(k) elective deferrals in accordance with the Plan's provisions.

The Plan's provisions provide for Employer safe harbor contributions, whereby the Employer makes a safe harbor contribution equal to 3% of a participant's eligible compensation, as defined, that a participant contributes to the Plan. The Employer may make a discretionary contribution determined in the Plan Sponsor's sole discretion, how much, if any, it will make as a contribution. There were no discretionary contributions made for the year ended December 31, 2024.

Contributions are subject to certain IRS limitations.

Participant accounts

Each participant account is credited with the participant's contributions and an allocation of: (a) the Employer's contributions (if any), and (b) Plan earnings or losses. Participants are charged with his or her withdrawals and administrative expenses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options offered by the Plan.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 1 – Description of Plan, Continued

Vesting

Participants are immediately vested in their individual contributions and the Employer's safe harbor contributions, plus actual earnings or losses thereon. Vesting in the Employer's discretionary profit-sharing contributions (if any), plus earnings or losses thereon, is based on years of credited service in accordance with a six (6) year graded vesting schedule. Regardless of years of service, participants are 100% vested upon death, disability, normal retirement (age 65), or upon termination of the Plan.

Forfeitures

Forfeited nonvested accounts may be used to offset certain Plan administrative expenses or reduce Employer contributions. For the year ended December 31, 2024, \$212 was utilized to offset certain Plan administrative expenses. At December 31, 2024 and 2023, unallocated forfeitures available to be utilized amounted to \$618 and \$141, respectively.

Notes receivable from participants

Participant loans are prohibited under the Plan's provisions.

Payment of benefits

Under the Plan's provisions, participants are allowed in-service withdrawals of their participants' vested interest in his or her account upon attainment of retirement age or in the event of a financial hardship. Upon termination of employment, a participant is entitled to the vested portion of the participant's account balance, and all gains or losses attributable thereto. Participants should refer to the Plan document for a full description of the distribution methods offered by the Plan.

Plan administration

The Plan Sponsor is the Plan Administrator, and, as such, controls and manages the operations of the Plan. Substantially all administrative expenses of maintaining the Plan are paid by the Employer and are not reflected in these financial statements. Vanguard serves as the Plan's Trustee and recordkeeper. The Plan's investments are maintained by Vanguard who maintains records of participant data, invests cash received and makes distributions to participants (subject to the direction of the participants). Fees from covered service providers of the Plan are in compliance with the Department of Labor's regulations regarding ERISA Section 408(b)(2).

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and the Plan's Trustee.

GIBBS & SOELL, INC. EMPLOYEES' PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies, Continued

Investment valuation and income recognition, continued

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the high level of risk associated with certain investment securities, including the uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in such risks in the near-term would materially affect participant account balances and the amounts reported in the financial statements.

Payments of benefits

The Plan records benefits when paid.

Plan expenses

The Plan classifies certain administrative expenses as an expense rather than as a reduction of investment income. Substantially all administrative expenses for maintaining the Plan are paid by the Plan Sponsor and are not reflected in these financial statements. Certain expenses paid by the Plan consist of recordkeeping, trustee, and third-party administrator fees. Certain participant directed transactions are charged directly to participants' accounts.

Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan Administrator has determined it does not have any positions at December 31, 2024, that it would be unable to substantiate.

Note 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental information is complete and accurate:

- Investments as shown on the statements of net assets available for benefits as of December 31, 2024 and 2023;
- Net investment activity as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024; and

GIBBS & SOELL, INC. EMPLOYEES' PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 3 – Certified Investment Information, Continued

- Investment information included in the Schedule H, line 4i – Schedule of Assets (held at end of year) as of December 31, 2024, as shown on the ERISA-required supplemental schedule.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, including the disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental information, including assessing whether the supplemental information is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2024 and 2023. During the year ended December 31, 2024, there were no transfers of financial instruments into or out of Level 3.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds traded on national exchanges. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds are deemed to be actively traded.

Money market fund – institutional short-term investment vehicles valued daily with a NAV of \$1.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Fair Value Measurements, Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2024 and 2023:

	Fair Value Measurements as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 31,494,960	\$ -	\$ -	\$ 31,494,960

Investments, at fair value	<u>\$ 31,626,192</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 31,626,192</u>
	Fair Value Measurements as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 25,369,147	\$ -	\$ -	\$ 25,369,147
Money market fund	<u>91,638</u>	<u>-</u>	<u>-</u>	<u>91,638</u>
Investments, at fair value	<u>\$ 25,460,785</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 25,460,785</u>

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer's contribution portion of their account and earnings thereon.

Note 6 – Party-In-Interest Transactions

Parties-in-interest are defined under the Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. Certain of the Plan's mutual fund investments are issued by Vanguard, and further, Vanguard maintains and manages the Plan's investments. Vanguard serves as the Plan's trustee, and therefore, these transactions qualify as party-in-interest transactions. Such transactions are exempt from prohibited transaction rules under ERISA.

Certain administrative functions are performed by officers and employees of the Employer. No officer or employee receives compensation from the Plan for these services.

Fees incurred by the Plan for investment advisory services are included in net appreciation in fair value of investments, which were not covered by revenue sharing. The Plan also made direct payments to service providers which were not covered by revenue sharing.

Note 7 – Tax Status

The Prototype Non-Standardized Profit-Sharing Plan with CODA that the Plan adopted received a favorable advisory letter from the IRS on June 30, 2020, stating that the form of the Prototype Non-Standardized Profit-Sharing Plan with CODA was designed in accordance with the provisions of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory letter, the Plan's management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

GIBBS & SOELL, INC. EMPLOYEES' PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 7 – Tax Status, Continued

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

Note 8 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as shown on Form 5500 at December 31, 2024 and 2023, with the amounts shown in the financial statements, and changes in net assets available for benefits as shown on Form 5500 for the year ended December 31, 2024, with the amounts shown in the financial statements:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits – Form 5500	\$ 31,626,192	\$ 25,460,785

Independent Auditor's Report

To the Plan Administrator
Gibbs & Soell, Inc. Employees' Profit Sharing Plan and Trust
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Gibbs & Soell, Inc. Employees' Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4i – schedule of assets (held at end of year), as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GIBBS & SOELL, INC. EMPLOYEES' PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Gibbs & Soell, Inc. Employees' Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on January 31, 1973 as a defined contribution plan. The Plan was restated January 1, 2021 to comply with certain tax legislation. The Plan is available to eligible employees of Gibbs & Soell, Inc. (the Company, Employer or Plan Sponsor). Eligible employees may enter the Plan immediately upon employment and are eligible for discretionary Employer contributions after meeting the service requirement of twelve (12) months of credited service and being employed on the last day of the Plan year. Participants are eligible for the Employer's non-elective safe harbor contribution after six (6) months of credited service. There is no age requirement to enter the Plan.

Vanguard Fiduciary Trust Company (Vanguard or the Trustee) serves as the Trustee of the Plan, maintains the records of participant accounts and holds the Plan's investment assets and executes investment transactions. The Company is the Plan Administrator.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendments

Effective August 1, 2024, the Plan was amended to include the period of service with Cooper, Katz & Co. and Morgan & Myers, Inc., predecessor employers, regarding the Plan's eligibility and vesting provisions. In addition, Morgan & Myers, Inc. 401(k) Plan was also named a participating employer and adopted the Plan document, effective August 1, 2024.

Contributions

Each year, participants in the Plan may voluntarily contribute up to 100% of their annual compensation, as defined by the Plan, within the limits prescribed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans (rollover). Participants may make Roth 401(k) elective deferrals in accordance with the Plan's provisions.

The Plan's provisions provide for Employer safe harbor contributions, whereby the Employer makes a safe harbor contribution equal to 3% of a participant's eligible compensation, as defined, that a participant contributes to the Plan. The Employer may make a discretionary contribution determined in the Plan Sponsor's sole discretion, how much, if any, it will make as a contribution. There were no discretionary contributions made for the year ended December 31, 2024.

Contributions are subject to certain IRS limitations.

Participant accounts

Each participant account is credited with the participant's contributions and an allocation of: (a) the Employer's contributions (if any), and (b) Plan earnings or losses. Participants are charged with his or her withdrawals and administrative expenses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options offered by the Plan.

GIBBS & SOELL, INC. EMPLOYEES' PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 1 – Description of Plan, Continued

Vesting

Participants are immediately vested in their individual contributions and the Employer's safe harbor contributions, plus actual earnings or losses thereon. Vesting in the Employer's discretionary profit-sharing contributions (if any), plus earnings or losses thereon, is based on years of credited service in accordance with a six (6) year graded vesting schedule. Regardless of years of service, participants are 100% vested upon death, disability, normal retirement (age 65), or upon termination of the Plan.

Forfeitures

Forfeited nonvested accounts may be used to offset certain Plan administrative expenses or reduce Employer contributions. For the year ended December 31, 2024, \$212 was utilized to offset certain Plan administrative expenses. At December 31, 2024 and 2023, unallocated forfeitures available to be utilized amounted to \$618 and \$141, respectively.

Notes receivable from participants

Participant loans are prohibited under the Plan's provisions.

Payment of benefits

Under the Plan's provisions, participants are allowed in-service withdrawals of their participants' vested interest in his or her account upon attainment of retirement age or in the event of a financial hardship. Upon termination of employment, a participant is entitled to the vested portion of the participant's account balance, and all gains or losses attributable thereto. Participants should refer to the Plan document for a full description of the distribution methods offered by the Plan.

Plan administration

The Plan Sponsor is the Plan Administrator, and, as such, controls and manages the operations of the Plan. Substantially all administrative expenses of maintaining the Plan are paid by the Employer and are not reflected in these financial statements. Vanguard serves as the Plan's Trustee and recordkeeper. The Plan's investments are maintained by Vanguard who maintains records of participant data, invests cash received and makes distributions to participants (subject to the direction of the participants). Fees from covered service providers of the Plan are in compliance with the Department of Labor's regulations regarding ERISA Section 408(b)(2).

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and the Plan's Trustee.

GIBBS & SOELL, INC. EMPLOYEES' PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies, Continued

Investment valuation and income recognition, continued

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the high level of risk associated with certain investment securities, including the uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in such risks in the near-term would materially affect participant account balances and the amounts reported in the financial statements.

Payments of benefits

The Plan records benefits when paid.

Plan expenses

The Plan classifies certain administrative expenses as an expense rather than as a reduction of investment income. Substantially all administrative expenses for maintaining the Plan are paid by the Plan Sponsor and are not reflected in these financial statements. Certain expenses paid by the Plan consist of recordkeeping, trustee, and third-party administrator fees. Certain participant directed transactions are charged directly to participants' accounts.

Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan Administrator has determined it does not have any positions at December 31, 2024, that it would be unable to substantiate.

Note 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental information is complete and accurate:

- Investments as shown on the statements of net assets available for benefits as of December 31, 2024 and 2023;
- Net investment activity as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024; and

Note 3 – Certified Investment Information, Continued

- Investment information included in the Schedule H, line 4i – Schedule of Assets (held at end of year) as of December 31, 2024, as shown on the ERISA-required supplemental schedule.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, including the disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental information, including assessing whether the supplemental information is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2024 and 2023. During the year ended December 31, 2024, there were no transfers of financial instruments into or out of Level 3.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds traded on national exchanges. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds are deemed to be actively traded.

Money market fund – institutional short-term investment vehicles valued daily with a NAV of \$1.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments, at fair value	<u>\$ 25,460,785</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 25,460,785</u>

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer's contribution portion of their account and earnings thereon.

Note 6 – Party-In-Interest Transactions

Parties-in-interest are defined under the Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. Certain of the Plan's mutual fund investments are issued by Vanguard, and further, Vanguard maintains and manages the Plan's investments. Vanguard serves as the Plan's trustee, and therefore, these transactions qualify as party-in-interest transactions. Such transactions are exempt from prohibited transaction rules under ERISA.

Certain administrative functions are performed by officers and employees of the Employer. No officer or employee receives compensation from the Plan for these services.

Fees incurred by the Plan for investment advisory services are included in net appreciation in fair value of investments, which were not covered by revenue sharing. The Plan also made direct payments to service providers which were not covered by revenue sharing.

Note 7 – Tax Status

The Prototype Non-Standardized Profit-Sharing Plan with CODA that the Plan adopted received a favorable advisory letter from the IRS on June 30, 2020, stating that the form of the Prototype Non-Standardized Profit-Sharing Plan with CODA was designed in accordance with the provisions of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory letter, the Plan's management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

Note 7 – Tax Status, Continued

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

Note 8 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as shown on Form 5500 at December 31, 2024 and 2023, with the amounts shown in the financial statements, and changes in net assets available for benefits as shown on Form 5500 for the year ended December 31, 2024, with the amounts shown in the financial statements:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits – Form 5500	\$ 31,626,192	\$ 25,460,785
