INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
UMASS Memorial Shields Pharmacy, LLC 401(k) Profit Sharing Plan
Stoughton, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of UMASS Memorial Shields Pharmacy, LLC 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT (continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

INDEPENDENT AUDITOR'S REPORT (continued)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITOR'S REPORT
(continued)

Supplemental Schedule Required by ERISA (continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

UMASS MEMORIAL SHIELDS PHARMACY, LLC 401(k) PROFIT SHARING PLAN

Notes to the Financial Statements
December 31, 2024 and 2023

1 – DESCRIPTION OF THE PLAN

General

UMASS Memorial Shields Pharmacy, LLC 401(k) Profit Sharing Plan (the "Plan") is a defined contribution plan that was established on January 1, 2012 for the benefit of employees of UMASS Memorial Shields Pharmacy, LLC (the "Company") and certain related entities, (collectively the "Companies"). The Companies are wholly owned subsidiaries of Shields Health Solutions Parent, LLC and are thereby considered a controlled group under the Internal Revenue Code. As a result, the Companies are treated as one employer for the purposes of the Plan. The Plan is funded by contributions from its participants and the Companies and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The following description of the Plan provides general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Eligibility for Participation

Part-time, seasonal, and temporary employees are not eligible to participate in the Plan unless they complete at least 1,000 hours of service within a Plan year. Full time employees (those employees who are regularly scheduled to work 1,000 or more hours in a Plan year) are eligible to make voluntary deferral contributions and receive employer matching or non-elective contributions upon their employment commencement date. Participants have to be employed on the last day of the Plan year to be eligible for discretionary non-elective employer contributions.

Employee Elective Deferred Contributions

Upon hire, employees are automatically enrolled in the Plan with a 6% deferral percentage. Employees can, however, amend their deferral percentage, subject to the limitations outlined in Internal Revenue Code Section 401(k), or opt out of participation. Employee contributions in the form of rollovers and transfers from other qualified retirement plans are allowed as defined in the Plan document. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch up contributions, subject to the limitations outlined in the Internal Revenue Code.

Discretionary Employer Matching Contributions

The Companies may make discretionary matching contributions to the Plan equal to a percentage of each participant's elective deferral. The Company will determine the formula for the discretionary matching contribution each year. For the years ended December 31, 2024 and 2023, the Companies made matching contributions to the Plan equal to 50% of each participant's elective deferral. Deferral contributions in excess of 6% of participant's compensation were not considered for the matching contribution.

Discretionary Non-Elective Employer Contributions

The Companies may decide each Plan year whether to make a discretionary non-elective employer contribution on behalf of eligible active participants. Such contribution shall be allocated to eligible active participants based upon the ratio each eligible participant's compensation bears to the total compensation paid to all active participants for the Plan year. There were no discretionary contributions for the years ended December 31, 2024 and 2023.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Companies' matching and non-elective contributions is based on years of continuous service. With respect to employer matching and non-elective contributions, participants vest 33% after one year of service, 66% after two years of service, and are 100% vested after three years of service.

Notes to the Financial Statements
December 31, 2024 and 2023

1 – DESCRIPTION OF THE PLAN (continued)

Participant Accounts

Accounts are maintained for each participant. Accounts are increased for contributions, transfers and for an allocation of investment income based on the relationship of each participant's account within each investment fund to the total fund. Accounts are decreased for withdrawals made by participants, administrative expenses, and for an allocation of investment losses based upon the relationship of each participant's account within each investment fund to the total fund.

Investment Options

The Plan was established with Alerus Financial, N.A. ("Alerus") as its custodian. Upon enrollment into the Plan, a participant may direct employee and employer contributions in whole number percentages into a variety of mutual funds.

Notes Receivable from Participants

Participant loans are not permitted under the Plan.

In-service Withdrawals

In-service withdrawals may only be made under the following circumstances:

- Hardship as defined in the Plan Document and the Internal Revenue Code
- Attainment of age 59½
- Withdrawal of employee rollover contributions

Retirement Benefits

The normal retirement age under the Plan is age 65. A participant who becomes disabled as defined in the Plan document is eligible for disability retirement.

Payment of Benefits

Upon termination of service from the Companies, a participant may elect to receive the balance of his/her account in the form of a single lump sum. If a vested account balance is less than \$7,000 at the time of termination, a distribution of the vested account balance will be made to the participant without their consent in the form of a single lump sum.

Timing of Distributions

Distributions described above shall be made as soon as reasonably practicable following the date the participant's application for distribution is received by the custodian.

As of December 31, 2024 and 2023, there were no distributions payable to participants.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan and certain expenses are paid by the Company. Expenses paid by the Company are excluded from these financial statements.

Forfeited Accounts

Forfeitures may be used to pay administrative expenses, pay future employer contributions, and/or be reallocated among eligible participants as directed by the Company. Forfeitures available for use at December 31, 2024 and 2023 totaled \$59,904 and \$191,004, respectively.

Notes to the Financial Statements
December 31, 2024 and 2023

1 – DESCRIPTION OF THE PLAN (continued)

Participant-Directed Contributions, Withdrawals and Transfers

The election to allocate contributions between the investment options, and any decision to change such allocation, is made by each participant as permitted by the custodian. Withdrawals and transfers are recorded at the time such transactions take place.

2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared utilizing the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires the Plan Administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period, and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investments

Investments are reported at fair value as described in Note 4. Security transactions are accounted for as of the date the securities are purchased or sold (trade date). Interest income is recorded as earned and may include amortization of discount and premium. Dividend income is recorded on the ex-dividend date or, for certain foreign securities, as soon as the investment funds are informed of the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains (losses) on investments bought and sold as well as held during the year.

Each participant’s assets are jointly invested and the return on assets is allocated monthly among the participants and recorded as income or loss. The basis of allocation is the unit of participation method. Under this method, contributions and income result in an increase in units of participation while benefits paid, and losses result in a decrease in units of participation.

Excess Participant Contributions Payable

The Plan failed to pass the Average Deferral Percentage (“ADP”) test for the Plan years ended December 31, 2024 and 2023. In order to correct the failures, the Plan is required to make corrective distributions. The accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023 include \$166,088 and \$107,356, respectively, of excess participant contributions payable to participants (which includes \$19,796 and \$15,685, respectively, of approximate investment earnings). These amounts were distributed to the applicable participants on March 10, 2025 and January 23, 2024.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for investment options in various mutual funds that are investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants’ account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.

2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Subsequent Events

The Plan Administrator evaluated events that occurred after December 31, 2024, the date of the Statement of Net Assets Available for Benefits, but before the date the financial statements were available to be issued, July 24, 2025, for potential recognition or disclosure in the financial statements. Except as discussed in Note 8, the Plan Administrator did not identify any subsequent events that had a material effect on the accompanying financial statements.

3 – INFORMATION CERTIFIED BY CUSTODIAN

Unaudited information included in the Plan's financial statements and supplemental Schedule of Assets (Held at End of Year) was prepared by the Plan's custodian and furnished to the Plan Administrator and includes all Plan assets (except for the effects of participant and employer contributions receivables, if any) and all investment transactions. The Plan Administrator has obtained certifications from the custodian that such information is complete and accurate.

4 – FAIR VALUE MEASUREMENTS

The Plan applies the provisions of GAAP, which establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), a lower priority to significant other observable inputs (Level 2 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these provisions are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4 – FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present by level, within the fair value hierarchy, the Plan investment assets at fair value, as of December 31, 2024 and 2023.

Description	2024	Level 1	Level 2	Level 3
Mutual funds	\$ 87,905,998	\$ 87,905,998	\$ -	\$ -
Investments at fair value	\$ 87,905,998	\$ 87,905,998	\$ -	\$ -

Description	2023	Level 1	Level 2	Level 3
Mutual funds	\$ 61,706,253	\$ 61,706,253	\$ -	\$ -
Investments at fair value	\$ 61,706,253	\$ 61,706,253	\$ -	\$ -

5 – PLAN TERMINATION

Although it has expressed no intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a termination of the Plan, each participant will become 100% vested in their aggregate account balance and will be entitled to a lump-sum distribution.

6 – INCOME TAX STATUS

Alerus Financial, N.A. ("Alerus") obtained an advisory letter from the Internal Revenue Service indicating its Defined Contribution Pre-Approved Plan is qualified under Internal Revenue Code Section 401. The Company has adopted Alerus' Defined Contribution Pre-Approved Plan.

Although the Company has amended the adopted Plan document, the Company and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable sections of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

7 – PARTY-IN-INTEREST TRANSACTIONS

The Company provides certain administrative services at no cost to the Plan. The Company also pays for certain administrative costs of the Plan.

Administrative services were provided to the Plan by Alerus during the years ended December 31, 2024 and 2023.

8 – SUBSEQUENT EVENT

In May 2025, the Plan changed its custodian and investment manager from Alerus to Fidelity Management Trust Company (“Fidelity”). In connection with this change, all participant accounts held within Alerus’s investment options were transferred to investment funds maintained by Fidelity. In addition, as of the effective date of this change, all participant and employer contributions to the Plan must be directed to the various investment options offered by Fidelity.
