Independent Auditor's Report

To the Administrative Committee of the
Anticimex, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Anticimex, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Empower Trust Company, LLC, a qualified institution, as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Anticimex, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Anticimex, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) for the year ended December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Anticimex, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024

Note A – Description of Plan

The following description of the Anticimex, Inc. (“Company”) 401(k) Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General. The Plan is a defined contribution plan, covering eligible employees of the various participating employers who have completed two months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute up to 90% of their compensation not to exceed the limits of Code Sections 401(k). For 2024, the maximum deferral amount is \$23,000. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Roth contributions are also permitted. Participants direct the investment of their contributions into various investment options offered by the Plan.

The plan sponsor has implemented a Basic Safe Harbor Matching Contribution. Under this provision, eligible participants receive a 100% match on their contributions, up to 3% of their annual salary. Additionally, any contributions above 3%, but not more than 5% of their annual salary, are matched at 50%.

Effective January 1, 2025, the plan was amended to remove the Basic Safe Harbor Matching Contribution and instead, adopt an Enhanced Matching Contribution using a Uniform Percentage. Under this provision, eligible participants receive a 100% match on their elective deferrals but not to exceed 4% of their annual compensation. The plan also permits the Company to make discretionary profit-sharing contributions. Contributions are subject to certain IRS limitations.

Participant Accounts. Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution (if any) and, (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. No more than two outstanding loans will be permitted at any point in time, unless the loan is refinanced.

Anticimex, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024

Note A – Description of Plan (continued)

Notes Receivable from Participants (continued). The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant shall receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts. Generally, when a participant terminates in the plan, the nonvested portion of the participant's account, as defined by the plan, represents a forfeiture. Pursuant to the provisions of the plan, these accounts are to be used to pay any administrative expenses and/or to reduce any future employer contributions. At December 31, 2024 and 2023, the forfeiture account balance was \$91,254 and \$93,688, respectively. During the year, forfeitures from nonvested accounts totaled \$11,147.

Note B – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Notes to Financial Statements

December 31, 2024

Note B – Summary of Significant Accounting Policies (continued)

Payment of Benefits.

Benefits are recorded when paid. There was a withdrawal request totaling \$6 that was approved in 2024. This amount was not paid until 2025. Benefits payable are not accrued because sufficient assets were available to pay benefits as of December 31, 2024. Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Note C – Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC (the trustee of the Plan).

Note D - Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Anticimex, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024

Note D - Fair Value Measurements (continued)

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. (Level 1)

Common/Collective Trusts: The Plan's investments in the Putnam Stable Value Fund and the AB US Large Cap Growth (W Series) Class M are held in common/collective trusts and are valued at the net asset value ("NAV") per unit as a practical expedient, in accordance with ASC 820. The NAV is determined by the trustee based on the fair value of the trusts' underlying investments. The Putnam Stable Value Fund's NAV reflects the fair value of its underlying fully benefit-responsive investment contracts, adjusted to contract value for participant transactions. The AB US Large Cap Growth (W Series) Class M is invested in the AB US Large Cap Growth Collective Trust of the AB Collective Investment Trust Series, which holds a portfolio of large-cap equity securities. Investments valued at NAV as a practical expedient are not classified in the fair value hierarchy

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2024.

The following tables sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2024 and 2023:

	Assets at the Fair Value as of December 31, 2024			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Anticimex, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024

Note D - Fair Value Measurements (continued)

*Certain investments that are measured at fair value using the NAV per share as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values.

Note E – Putnam Stable Value Fund

The Plan invests in the Putnam Stable Value Fund, which is a collective trust fund designed to provide preservation of capital and a stable credited rate of return. The Fund primarily invests in fully benefit-responsive investment contracts issued by insurance companies and other financial institutions, as well as in fixed-income securities and related investments.

Fully benefit-responsive investment contracts are reported at contract value, which represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Participants may initiate permitted transactions with the Fund at contract value. There are no restrictions on participant-initiated withdrawals from the Fund, and no events occurred during the year that would limit the Fund's ability to transact at contract value.

The credited interest rate and average yield earned by the Fund for the year ended December 31, 2024 was 3.89%. There were no restrictions on participant-initiated transactions with the Fund, and no events occurred during the year that would limit the Fund's ability to transact at contract value.

As of December 31, 2024, the Fund's fair value and contract value were as follows:

Fair value	\$ 4,414,231
Adjustment from fair value to contract value	<u>241,458</u>
Contract value	<u>\$ 4,655,689</u>

The adjustment from fair value to contract value reflects the net difference between the Fund's fair value of underlying assets and the contract value promised to participants, which will be amortized over the duration of the underlying contracts.

Note F – Plan Termination

Although is has not expressed any interest to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Anticimex, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024

Note G – Related Party and Party in Interest Transactions

Empower Trust Company LLC (“Empower”) serves as the trustee of the Plan’s assets. All transactions with Empower qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments totaling \$401,966 to the third-party administrator, which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan’s operations.

Note H – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2024:

Net assets available for benefits per the financial statements	\$ 66,693,729
Add: Corrective distributions payable	58
Less: Adjustment from contract value to fair value for the Putnam Stable Value Fund	(241,458)
Deemed distributions	(210,877)
Accrued loan interest	<u>(4,814)</u>
Net assets available for benefits per the Form 5500	<u>\$ 66,236,638</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2024:

Changes in net assets available for benefits per the financial statements	\$ 10,656,852
Add: Prior year deemed distributions	130,273
Prior year accrued loan interest	3,230
Current year corrective distribution payable	58
Less: Current year adjustment from contract value to fair value for the Putnam Stable Value Fund	(241,458)
Current year deemed distribution	(210,877)
Current year accrued loan interest	(4,814)
Prior year corrective distribution payable	<u>(1,316)</u>
Changes in net assets available for benefits per the Form 5500	<u>\$ 10,331,948</u>

Note I – Excess Contributions Payable

The non-discrimination testing for the year ended December 31, 2024, resulted in corrective refunds. Excess match contributions in the amount of \$58 are recorded as a liability in the accompanying statement of net assets available for benefits. A corresponding reduction in employer contributions was made.

The plan refunded these excess contributions in April 2025.

Anticimex, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024

Note J – Tax Status

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated November 14, 2022, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note K – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note L – Plan Merger

Effective January 1, 2023, Clark's Termite & Pest Control 401(k) Plan was merged into the Anticimex, Inc. 401(k) Plan. On January 3, 2023, Clark's plan assets totaling \$1,252,586 were transferred into the Anticimex, Inc. 401(k) Plan at Empower Retirement.

Effective January 1, 2023, Eastside Exterminators, LLC became a participating employer in the Anticimex, Inc. 401(k) Plan. On February 7, 2023 plan loans totaling \$73,675 were transferred from the Eastside Exterminators & Eastside Insulation 401(k) Retirement Plan into the Anticimex, Inc. 401(k) Plan.

Note M – Plan Amendments and Conversion

On August 1, 2023 the Plan was amended to change the classes of excluded employees. Effective, January 1, 2024, only interns are classified as excluded employees. Part-time, temporary and seasonal employees are now able to participate. The plan was amended and restated as of January 1, 2023 to specifically exclude interns, whose regularly scheduled service was less than 500 hours of service during the eligibility period, from being able to participate in the Plan, and instead, no longer exclude part-time/temporary/seasonal employees, whose regularly scheduled service was less than 500 hours of service during the eligibility period.

Anticimex, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024

Note N – ERISA Bond Requirement

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets, and is required to be at least equal to the lesser of 10% of the plan's assets at the beginning of the plan year or \$500,000. At December 31, 2024, the Plan's sponsor maintained bond coverage in the amount of \$1,000,000.

Note O – Subsequent Events

Subsequent events were evaluated through September 4, 2025, which is the date the financial statements were available to be issued.

Effective June 1, 2025, Anticimex, Inc. acquired Metro Guard Corporation through a stock purchase, and a Participation Agreement was signed adding Metro Guard Corporation as a participating employer in the Anticimex, Inc. 401(k) Plan.
