## INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the  
ESP, MRP, SPF Retirement Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the ESP, MRP, SPF Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

To the Participants and Plan Administrator of the  
ESP, MRP, SPF Retirement Plan  
Page Three

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental schedules, Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**NOTE 1 – DESCRIPTION OF THE PLAN**

The following description of the ESP, MRP, SPF Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

**General**

The Plan is a multiple-employer defined contribution profit sharing plan and trust with a qualified cash or deferred 401(k) arrangement covering all eligible employees of Shannon Precision Fastener, LLC, Emerald Steel Processing, LLC, and Michigan Rod Products, Inc. (collectively the “Company”), who have three months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Fidelity Management Trust Company is the Plan’s trustee and Fidelity Workplace Services, LLC provides recordkeeping services to the Plan. The plan administrator has overall responsibility for the operation and administration of the Plan. The 401(k) Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

The Setting Every Community Up for Retirement Enhancement Act 2.0 of 2022 (the SECURE Act 2.0) was signed into law December 29, 2022. This law, among other things, includes several required and optional provisions that will impact employee benefit plans that go into effect at various times through 2027. The provisions that were required to be implemented during the year ended December 31, 2024 are; 1) pre-death RMDs are not required from Roth accounts, 2) surviving spouse can elect to be treated as deceased employee for purposes of RMD rules, 3) correction period for employee deferral failures is extended to 9 ½ months after the end of the Plan year in which the error was made. The optional provisions that could be implemented during the year ended December 31, 2024 are; 1) the ability to offer non-highly compensated employees an emergency savings account, 2) to increase the cash-out balance to \$7,000, 3) to allow distributions for domestic abuse victim, and 4) to allow for emergency expense distributions up to \$1,000 and 5) to allow auto portability of amounts in that were rolled into an IRA due to cash out rules to be rolled into a new employer’s plan.

The Plan did not elect any of the optional provisions of the SECURE Act 2.0 during the 2024 plan year. The Plan will be amended for any provisions implemented in accordance with applicable laws and IRS guidance.

**ESP, MRP, SPF RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**NOTE 1 – DESCRIPTION OF THE PLAN (Continued)**

**Restatement**

Effective January 1, 2024, the Plan was amended and restated to become a multiple-employer plan that allows employees of Emerald Steel Processing, LLC and Michigan Rod Products, Inc. to be eligible to participate in the plan. As a result, the Emerald Steel Processing 401(k) Plan and the Michigan Rod Products, Inc. 401(k) Plan were merged in effective January 1, 2024, and the name of the plan was changed from the Shannon Precision Fastener 401(k) plan to the ESP, MRP, SPF Retirement Plan. The restatement also changed employee eligibility requirements from 6 months to 3 months of service and removed the exclusion of collectively bargained employees from plan eligibility. Additionally, the restatement changed enrollment dates from immediately upon meeting requirements to the first day of each month after meeting requirements, modified the dates when employees could change deferral rates to the beginning of each pay period, modified the definition of compensation, and removed the 1,000 hour eligibility requirement for employer matching contributions.

Also included in the restatement, in-plan Roth and Roth rollover contributions are now allowed by the Plan, highly compensated employees are excluded from qualified matching contributions, and collectively bargained employees and employees of Michigan Rod Products, Inc. are excluded from receiving safe harbor matching contributions. The amount of the supplemental employer match is no longer specified by the restated plan document and non-elective employer contributions are now allocated by groups of eligible participants. Distributions may now be taken in installments. Additionally, an individual who becomes disabled is eligible for a disability distribution regardless of age and may take an in-service withdrawal from any source. Participant loans taken for the purpose of purchasing a primary residence now have a maximum term of 10 years with interest at prevailing rates.

As part of the transition, the Plan changed its trustee to Fidelity Management Trust Company and its recordkeeper to Fidelity Workplace Services, LLC.

**Contributions**

Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan, and designate those contributions as either pre-tax or Roth. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

**ESP, MRP, SPF RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**NOTE 1 – DESCRIPTION OF THE PLAN (Continued)**

**Contributions (Continued)**

The Company makes a safe harbor matching contribution. For the year ended December 31, 2024, the Company contributed 100% of the first 4% of base compensation that the participants contributed to the Plan. Employees of Michigan Rod Products, Inc. are excluded from safe harbor matching contributions.

The Company also makes a supplemental matching contribution based on participant groups as identified in the plan documents. For the year ended December 31, 2024, the Company contributed 50% of contributions greater than 4% and less than 10% of base compensation that the participants contributed to the Plan for participants in Group 3 (employees of Emerald Steel Products, LLC) and Group 4 (employees of Shannon Precision Fastener, LLC).

Additionally, for the year ended December 31, 2024, the Company contributed 100% of the first 4% and 50% of contributions greater than 4% and less than 10% of base compensation that the participants contributed to the Plan for participants in Group 2 (collectively bargained employees of Michigan Rod Products, Inc.)

Discretionary profit-sharing contributions are determined annually by the Company. Profit sharing contributions are allocated to each participant based upon the ratio of the participant's compensation to the total compensation of the Company. Employees in Group 1 (non-collectively bargained employees of Michigan Rod Products, Inc.) received a 10% profit sharing contribution for the year ended December 31, 2024.

Contributions are subject to certain IRS limits. Participants direct the investment of their contributions, including their employer contribution, into various investment options offered by the Plan.

**Participant Accounts**

Each participant's account is credited with the participant's contributions, Company safe harbor matching contributions, and Company supplemental matching contributions, as well as allocations of the Company's profit-sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are fully vested immediately with respect to the Company's contributions, employee contributions, and rollovers plus earnings thereon.

**ESP, MRP, SPF RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**NOTE 1 – DESCRIPTION OF THE PLAN (Continued)**

**Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

**Payment of Vested Benefits**

On termination of service, participants may elect to receive an amount equal to the value of the vested interest in their accounts in either a lump-sum amount or in installments, depending on the size of the participant's account balance at the time of termination. Participants with a vested account balance of less than \$5,000 must take a lump-sum distribution. The account of a participant with a vested account balance between \$1,000 and \$5,000 who does not request a distribution will be rolled into an individual retirement account in the participant's name.

In-service distributions are allowed when a participant reaches age 59½ or becomes disabled. Rollover contributions and participant contributions may be withdrawn at any time. The Company may authorize certain withdrawals from a participant's account in the event of proven financial hardship. Hardship withdrawals are subject to specific statutory and regulatory requirements.

**Forfeited Accounts**

As of December 31, 2024, forfeited nonvested accounts totaled \$215. There were no forfeited nonvested accounts at December 31, 2023. These accounts will be used to pay plan expenses, restore participant accounts, or reduce employer contributions. During the year ended December 31, 2024, no forfeited nonvested accounts were used to pay plan expenses, restore participant accounts, or reduce employer contributions.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

**ESP, MRP, SPF RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Contributions**

Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

**Payments of Benefits**

Benefits are recorded when paid.

**Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the Plan.

**Subsequent Events**

The Plan Sponsor has performed a review of events subsequent to the statements of net assets available for benefits date through September 11, 2025, the date the financial statements were available to be issued and has determined that there are no material events that have occurred during this period, other than as described in Note 10.

**ESP, MRP, SPF RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**NOTE 3 – CERTIFIED INVESTMENTS**

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, net appreciation in fair value of investments, interest, and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management, and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution, for the period January 1, 2024 through December 31, 2024 and Ascensus Trust Company, a qualified institution, as of December 31, 2023.

**NOTE 4 – FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1            Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2            Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3            Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

**NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)**

*Money market funds:* Valued at the daily closing price as reported by the fund. The money market fund is an open-end fund that is registered with the Securities and Exchange Commission (SEC). This fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund is deemed to be actively traded.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the SEC. These funds must publish their daily NAV and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Common/collective trusts:* Valued at the NAV of units of the fund, which is based on the estimated market value of the underlying investments less its liabilities. The NAV is used as a practical expedient to estimate fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023.

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 778,665	\$ -	\$ -	\$ 778,665
Mutual funds	41,957,764	-	-	41,957,764

Mutual funds	\$ 16,129,909	\$ -	\$ -	\$ 16,129,909
Investments measured at net asset value <sup>(a)</sup>	-	-	-	1,667,085
<b>Total assets at fair value</b>	<b>\$ 16,129,909</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 17,796,994</b>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

**NOTE 5 – PARTY IN INTEREST TRANSACTIONS**

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. During the year ended December 31, 2024, there were direct fees of \$40,216 and transactions involving the investment of plan assets in investment of plan assets in investment funds maintained by Fidelity Management Trust company, a party-in interest as defined in Section 3(14) of ERISA. Indirect fees paid by the Plan for investment management services are included in the net appreciation of the fair value of investments.

**NOTE 6 – OPERATIONAL ERROR**

During the year ended December 31, 2024, the Plan had terminated participants with account balances less than \$5,000, whose account balances were not paid out or rolled into an IRA as required under the plan documents.

**NOTE 7 – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**NOTE 8 – TAX STATUS**

On June 30, 2020, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualified under IRC Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to examination by the Internal Revenue Service for the statutory period.

**NOTE 9 – RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**NOTE 10 – SUBSEQUENT EVENT**

Effective January 1, 2025, the Plan implemented the required provisions of the SECURE Act 2.0 related to including long-term, part-time employees in the Plan and increasing catch-up contribution limits for employees between ages 60-63.
