INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Michiana Area Electrical Workers'
Money Purchase Plan
6525 Centurion Drive
Lansing, MI 48917-9275

Trustees:

Opinion

We have audited the accompanying financial statements of Michiana Area Electrical Workers' Money Purchase Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Michiana Area Electrical Workers' Money Purchase Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Michiana Area Electrical Workers' Money Purchase Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Michiana Area Electrical Workers' Money Purchase Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with (GAAS) will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Michiana Area Electrical Workers' Money Purchase Plan Employee Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Michiana Area Electrical Workers' Money Purchase Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

MICHIANA AREA ELECTRICAL WORKERS' MONEY PURCHASE PLAN

NOTES TO FINANCIAL STATEMENTS

Note A: Description of the Plan

The following brief description of the Michiana Area Electrical Workers' Money Purchase Plan, as in effect on December 31, 2023, is provided for general purposes only. For more complete information, refer to the Plan document.

1. General – The Pension Plan was established effective June 1, 1992, as a result of collective bargaining. The Plan is a defined contribution pension plan covering all employees working under the collective bargaining agreements. It is a multi-employer plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.
2. Retirement Benefits – Information about the Plan, the vesting and benefit provisions, is contained in the Summary Plan Description. Copies are available at the Local Union or the Fund Office.
3. Participant Accounts – Each participant's account is credited with an allocation of employer contributions and plan earnings and charged with an allocation of administrative expenses. Through May 31, 2012, \$.04 per hour worked by participants was segregated from the hourly contribution to be used to pay administrative expenses, however, effective June 1, 2012, this charge has been temporarily suspended and will be periodically reviewed by the Trustees based on the financial needs of the Plan. Quarterly fees per account continue to be charged and used to pay administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note B: Summary of Significant Accounting Policies

1. Basis of Accounting – The accounting records of the Plan are maintained on the accrual basis of accounting. Contributions received subsequent to December 31, 2023, attributed to hours worked prior to January 1, 2024, have been reflected as contributions due from employers as of December 31, 2023, in accordance with the consistent policy of the Fund.
2. Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent asset and liabilities. Actual results could differ from those estimates.
3. Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

MICHIANA AREA ELECTRICAL WORKERS' MONEY PURCHASE PLAN

**NOTES TO FINANCIAL STATEMENTS
(Continued)**

Note B: Summary of Significant Accounting Policies (Continued)

4. Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Note C: Funding Policy

Contributions are obtained directly from participating employers. These contributions are based on hours worked by Plan participants and hourly rates specified in the collective bargaining agreements.

Note D: Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. These level 3 fair value measurements are based primarily on management's own estimates, using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the assets. Significant level 3 inputs include information provided by fund managers, third-party appraisals, year-end audited financial statements,

MICHIANA AREA ELECTRICAL WORKERS' MONEY PURCHASE PLAN

**NOTES TO FINANCIAL STATEMENTS
(Continued)**

Note D: Fair Value Measurements (Continued)

Level 3 projected discounted cash flows, and net asset value with adjustments related to certain restrictions. Management assesses the valuation of these investments through the engagement of a third-party investment advisor and periodic meetings to review these investments.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Fund's assessment of the significance of particular inputs to these fair value measurements requires judgement and considers factors specific to each asset.

The following valuation methodologies have been used to value the Fund's investments:

Certificates of deposit – Certificates of deposit are valued based on cost plus accrued interest which approximates market value.

Mutual funds – Mutual funds are valued at closing quoted prices reported in active markets.

Annuities – Annuities are valued daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider.

Insurance company separate accounts – Insurance company separate accounts are valued at net assets value per share (or its equivalent) at daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider.

Hedge fund of funds – Hedge fund of funds is valued at net assets value per share (or its equivalent) of the Hedge funds which is based on the fair value of Hedge funds underlying net assets.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Fund believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to estimate fair value could result in a different fair value measurement at the reporting date.

During the previous years through work month May, 2012 (see Note A(3)), four cents (\$.04) of the hourly employer contributions and currently \$40 annually, for each participant are deposited to the administrative and operating expense checking account. The cash balance available for future administrative and operating expenses after reconciling for contributions in transit, estimated reciprocity due and employer net variances is \$117,278 as of December 31, 2023.

MICHIANA AREA ELECTRICAL WORKERS' MONEY PURCHASE PLAN

**NOTES TO FINANCIAL STATEMENTS
(Continued)**

Note G: Tax Status

The trust established under the Plan to hold the Plan's assets is qualified and exempt from income taxes pursuant to Section 401(a) and 501(a) respectively of the Internal Revenue Code. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service and the Plan sponsor believes the Plan, as amended, continues to qualify, and operate as designed.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note I: Plan Termination

In the event the Plan is terminated, the net assets after payment of administrative and liquidation expenses will be distributed to participants and beneficiaries. In the event of Plan termination, participants will become 100% vested in their account balances.

Note J: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

In addition to investments and cash equivalents, financial instruments which potentially subject the Plan to concentrations of credit risk consist principally of cash. The Plan places its cash with tier I financial institutions. At times, the amount of cash on deposit in banks may be in excess of the respective financial institution's FDIC insurance limit.

Note K: Reportable Transactions

The United States Department of Labor requires all transactions in excess of 5% of the current value of the Plan's net assets for non-participant directed investments to be disclosed separately in the financial statements as a reportable transaction.

Note L: **Party-in-Interest Transactions**

Plan investments are held at Merrill Lynch (the custodian). The transactions of the custodian qualify as party-in-interest transactions.

Fees paid during the year for legal, auditing, investment manager, investment advisor, and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note M: **Subsequent Events**

The date to which events occurring after December 31, 2023, the date of the most recent Statement of Net Assets Available for Benefits, have been evaluated for possible adjustment to the financial statements or disclosures is August 28, 2024, which is the date on which the financial statements were available to be issued.

**INDEPENDENT AUDITOR'S
REPORT ON SUPPLEMENTAL INFORMATION**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held for investments and reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
