Independent Auditors' Report

**To the Participants and Board of Trustees
Aspiro Group Inc. 401(k) Profit Sharing Plan & Trust
Sandy, Utah**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Aspiro Group Inc. 401(k) Profit Sharing Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually

or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule 1) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting

and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Aspiro Group Inc. (the Sponsor) 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Sponsor who have completed six full months of service and have attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. The Sponsor makes safe-harbor matching contributions equal to 3% of the first 3% of annual compensation that a participant contributes to the Plan, then 50% of the next 2%. The Sponsor may make discretionary profit sharing contributions at the option of the Sponsor's board of directors. The Sponsor may decide each contribution period whether to make a discretionary nonelective employer contribution on behalf of "eligible" participants in accordance with the basic plan document.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Sponsor's contributions and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are immediately vested in employer matching contributions. Vesting in profit sharing contribution portions of their accounts is as follows:

<u>Years of Service</u>	<u>Vested</u>
Less than one year	0%
At least one year	25%
At least two years	50%
At least three years	75%
At least four years	100%

Participants receive a year of service credit for purposes of vesting for each Plan year during which they work at least 1,000 hours for the Sponsor. If a participant dies, or becomes disabled, the participant's interest in the Plan becomes 100 percent non-forfeitable without regard to the graduated vesting schedule.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period that does not exceed a participant's life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Aspiro Group Inc. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their fund accounts on an equivalent basis, with reasonable interest rates. No loan will exceed the present value of the vested portion of a participant's account. Spousal consent is required to use account as security for a loan. Maximum borrowable amount is the lesser of 50% of a participant's vested account balance or \$50,000.

Forfeited Accounts

The forfeited accounts of non-vested terminated participants may be used to pay administrative expenses or employer contributions. At December 31, 2024 and 2023, there were no account forfeitures.

Administrative Expenses

Significant administrative expenses of the Plan related to the third party administrator are paid by the Sponsor.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation

Investments are reported at fair value. Fair value is based on quoted prices for identical assets in active markets. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Management of the Plan estimates that these notes are fully collectible and therefore has no reserve for bad debt.

Subsequent Events

Management of the Plan has evaluated subsequent events through September 19, 2025, which is also the date the financial statements were available to be issued. No subsequent events were noted during this evaluation that require recognition or disclosure in these financial statements.

Note 3 – Fair Value Measurements

The Plan discloses and recognizes the fair value of its assets and liabilities in accordance with Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures which among other things, defines fair value and provides enhanced disclosures about investments that are measured and reported at fair value. ASC 820 establishes

Aspiro Group Inc. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

a hierarchal disclosure framework, which prioritizes and ranks the level of market price observability used in measuring investments at fair value. A number of factors, including the type of investment and the characteristics specific to the investment, impact market price observability. Investments with readily available active quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

Investments measured and reported at fair value are classified and disclosed in one of the following categories:

- Level 1 inputs, which have the highest priority, are quoted prices for identical assets in active markets.
- Level 2 inputs are observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets in active markets or quoted prices for identical or similar assets in markets that are not active.
- Level 3 inputs, which have the lowest priority, are unobservable inputs that reflect the Plan's own assumptions, consistent with reasonably available assumptions made by other market participants.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, volatility statistics, specific and broad credit data, liquidity statistics, and other factors. An investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Money Market Funds - Valued at approximately one dollar per share. The administrator of the fund normally invests a majority of the fund's total assets in cash, U.S. Government securities and/or repurchase agreements that are collateralized fully (i.e., collateralized by cash or government securities).

Mutual Funds - These investments are valued at the net asset value (NAV) of shares held by the fund based on closing prices reported in an active market and classified within Level 1 of the valuation hierarchy. The investments can be redeemed on a daily basis and there is no restriction on redemption.

The fair value measurements for the Plan's investments are as follows:

2024	Fair value	Level 1	Level 2	Level 3
Mutual funds	\$ 906,330	\$ 906,330	\$ -	\$ -
Money market funds	15,000	15,000	-	-
Total assets in fair value hierarchy	921,330	\$ 921,330	\$ -	\$ -
Investments at fair value	<u>\$ 921,330</u>			
2023	Fair value	Level 1	Level 2	Level 3
Mutual funds	\$ 1,295,442	\$ 1,295,442	\$ -	\$ -

Notes to Financial Statements

Note 4 – Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividend income for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Mid-Atlantic Trust Company (MATC) (the trustee of the Plan).

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their profit sharing contributions.

Note 6 – Income Tax Status

The Internal Revenue Service has determined and informed the Sponsor by a letter dated August 31, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in accordance with the requirements to qualify for tax-exempt status.

Note 7 – Party-in-Interest Transactions

Plan investments as of December 31, 2024, included mutual funds which were managed by Mid-Atlantic Trust Company, the trustee of the Plan. Therefore, these investments and associated transactions qualify as party-in-interest transactions. Notes receivable from participants also represent party-in-interest transactions. Fees paid by the Plan for these investment management services amounted to \$13,992 for the year ended December 31, 2024. The above party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

Note 8 – Risks and Uncertainties

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
