**Part III Accountant's Opinion**

**3** Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

**a** The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1)  Unmodified (2)  Qualified (3)  Disclaimer (4)  Adverse

**b** Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1)  DOL Regulation 2520.103-8 (2)  DOL Regulation 2520.103-12(d) (3)  neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

**c** Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BAKER TILLY US, LLP**

(2) EIN: **30-1413443**

**d** The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1)  This form is filed for a CCT, PSA, DCG or MTIA. (2)  It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

**Part IV Compliance Questions**

**4** CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

|  | Yes | No | Amount  |
|--|-----|----|---------|
| <b>a</b> Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)                 |     | X  |         |
| <b>b</b> Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? ## **Report of Independent Auditors**

The Audit Committee, Plan Administrator, and Participants of  
MATT Construction Corporation Employee Stock Ownership Plan

### **Report on the Audit of the Financial Statements**

#### ***Opinion***

We have audited the financial statements of MATT Construction Corporation Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the MATT Construction Corporation Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America (GAAP).

#### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the MATT Construction Corporation Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the MATT Construction Corporation Employee Stock Ownership Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the MATT Construction Corporation Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the MATT Construction Corporation Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Supplemental Schedule Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

# MATT Construction Corporation Employee Stock Ownership Plan

## Notes to Financial Statements

---

### Note 1 – Plan Description and Basis of Presentation

**General** – The following description of the MATT Construction Corporation Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for complete information regarding all plan issues related herein.

MATT Construction Corporation (the Company) established the Plan on January 1, 2009, and the Plan was amended and restated as of December 31, 2021. The Plan operates as an employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (the Code) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan's sponsor and serves as the Plan administrator. The ESOP Committee (the Committee) means the committee appointed by the Company to govern the Plan. Participants should refer to the Plan Agreement, as amended, for a more complete description of plan provisions. Effective March 25, 2015, the Company hired advisors from North Pier Fiduciary Management, LLC to assist with investment monitoring and reporting, Plan management, and fiduciary governance.

At December 31, 2024 and 2023, the Plan held 367,500 of shares which were allocated to participants. These total share amounts constituted 49% of the issued and outstanding shares of the common stock of the Company.

**Eligibility** – Eligible employees of the Company and its participating subsidiaries and affiliates are generally able to participate in the Plan retroactively to the first day of the plan year in which the employee first completes at least 1,000 hours during such plan year and the employee has attained age twenty-one (21).

Participants who are not age 21 or have not completed the required minimum hours of service during such plan year, or are not employed on the last working day of a plan year, or employees who are covered by a collective bargaining agreement, or leased employees are generally not eligible for an allocation of company contributions for such year.

**Contributions** – The Board of Directors of the Company annually determines the amount of discretionary contributions, if any, to contribute to the Plan. The contribution is to be payable in cash or shares of company stock. The Company contributed cash of \$882,000 during the year ended December 31, 2024.

**Allocation of contributions, forfeitures, S-corporation dividends, and earnings** – Contributions and forfeitures are allocated to active participants each year in proportion of the participant's eligible compensation to total eligible compensation. S-corporation dividends paid on shares of the Company's stock shall be allocated to each participant's account based on the ratio of the participant's eligible compensation. Plan earnings and dividends are allocated to each participant's account based on the ratio of the participant's account balance. Each participant's account is credited as of the last day of each plan year with an allocation of employer contributions, and forfeitures of terminated participants' nonvested accounts. Forfeited accounts are allocated to participants in the year the forfeiture occurs. Forfeitures allocated to participant's accounts totaled \$64,699, and S-corporation dividends allocated to participant's account totaled \$0, for the year ended December 31, 2024.

**Vesting** – Participants vest in the Company’s contributions based on the following schedule:

| <u>Years of Service</u> | <u>Percentage Vested</u> |
|-------------------------|--------------------------|
| 0–1                     | 0%                       |
| 2                       | 20%                      |
| 3                       | 40%                      |
| 4                       | 60%                      |
| 5                       | 80%                      |
| 6 or more               | 100%                     |

The employee account becomes 100% vested in the event of a participant’s death, disability, or normal retirement.

**Payment of benefits** – The Plan provides for the payment of benefits to participants (or, if applicable, the beneficiary) within one year after the close of the plan year in which the participant separates from service by reason of reaching normal retirement date, disability, death, or the sixth year following the plan year in which the participant otherwise separates from service. Distributions are generally paid in substantially equal installments over a period of five years following the fifth plan year. Distributions are made in cash or, if a participant elects, in the form of company common shares plus cash for any fractional shares. The methods of distributing benefits are defined in the Plan Agreement.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares that have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations.

**Put option** – Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market value. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

**Diversification** – Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%.

**Administration of plan assets** – The Plan’s assets, which consist principally of the Company common shares, are held by GreatBanc Trust Company (the Trustee).

Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income, and makes distributions to participants.

## Notes to Financial Statements

---

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Company.

**Voting rights** – Each participant is entitled to exercise limited voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee shall vote any allocated shares for which instructions have not been given by a participant as the Committee shall direct. The Trustee is also required to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

### Note 2 – Summary of Significant Accounting Policies

**Basis of accounting** – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

**Use of estimates** – The preparation of financial statements in accordance with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Investment valuation and income recognition** – The shares of company common stock and other investments are stated at fair value. See Note 4 for a discussion of the fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments. S-corporation dividends are recorded as income when declared by the Company.

**Cash equivalents** – The Plan considers all highly liquid debt instruments purchased with an original maturity of ninety days or less to be cash equivalents.

**Payment of benefits** – Benefits are recorded when paid.

**Administrative expenses** – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

**Subsequent events** – Subsequent events are events or transactions that occur after the statements of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statements of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statements of net assets available for benefits but arose after the statements of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through September 18, 2025, which is the date the financial statements were available to be issued.

### Note 3 – Company Stock

The Plan's investment in the Company's stock is presented in the following table:

|                   | 2024<br>Allocated | 2023<br>Allocated |
|-------------------|-------------------|-------------------|
| Common stock      |                   |                   |
| Number of shares  | 367,500           | 367,500           |
| Original cost     | \$ 10,850,549     | \$ 10,850,549     |
| Fair market value | \$ 17,235,750     | \$ 16,798,425     |

### Note 4 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

**Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023.

*Money market mutual fund* – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

## MATT Construction Corporation Employee Stock Ownership Plan Notes to Financial Statements

*MATT Construction Corporation common stock* – The fair value of the Company’s common stock held by the Plan is valued at an estimated fair value based upon an independent appraisal. This appraisal was based upon a combination of income and cash-generating capability of the Company. The value of the common stock has been developed using the income approach. The Company’s common stock is classified within Level 3 of the valuation hierarchy.

The following table sets forth a description of the basic assumptions used in arriving at fair value as of December 31, 2024 and 2023:

| Name                 | Valuation Technique   | Unobservable Input            | Range of Input Values/<br>(Weighted-Avg)<br>December 31, 2024 | Range of Input Values/<br>(Weighted-Avg)<br>December 31, 2023 |
|----------------------|---|-------------------------------|---|---|
| Company common stock | Income approach<br>(single period<br>capitalization method) | Estimated future cash flows   |   |   |
|                      |   | Equity risk premium           | 6.22%   | 6.35%   |
|                      |   | Company-specific risk premium | 6.25%   | 8.00%   |
|                      |   | Size risk premium             | 4.70%   | 4.83%   |
|                      |   | Discount rate                 | 20.00%  | 21.00%  |

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses by level the fair value hierarchy of the Plan’s assets at fair value as of December 31, 2024 and 2023:

# MATT Construction Corporation Employee Stock Ownership Plan

## Notes to Financial Statements

---

### **Note 5 – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statements of net assets available for benefits. The Company stock's future value is subject to decisions of management and future conditions within the construction industry.

### **Note 6 – Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **Note 7 – Party-in-Interest Transactions**

Plan investments include shares of the Company's common stock managed by the Company. The Trustee is responsible for its investments and the Company's common stock. Additionally, Bensym, Inc., a Menke Company, is the third-party administrator of the Plan. Administrative expenses for the Plan are paid directly by the Company.

### **Note 8 – Plan Termination**

Although the Committee has expressed no intent to do so, it reserves the right to terminate the Plan at any time, subject to the Plan provisions. Upon termination of the Plan, the entire interest of each of the affected participants shall become 100% vested. The Trustee shall distribute the interest of each participant in the trust fund to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the Committee shall also direct the Trustee to pay all liabilities and expenses of the trust fund and to sell shares of financed stock, if any, held in the loan suspense account to the extent it determines such sale to be necessary in order to repay the loans.
