## INDEPENDENT AUDITORS' REPORT

Officers and Directors  
GMB Architecture & Engineering 401(k) Profit Sharing Plan  
Holland, Michigan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of GMB Architecture & Engineering 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of GMB Architecture & Engineering 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of GMB Architecture & Engineering 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GMB Architecture & Engineering 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GMB Architecture & Engineering 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GMB Architecture & Engineering 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental Schedule of Assets Held at End of Year as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

#### **In our opinion**

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Respectfully submitted,

**GMB ARCHITECTURE & ENGINEERING 401(K) PROFIT SHARING PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**NOTE 1 – DESCRIPTION OF PLAN**

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan covering all employees of Gordon Buitendorp Associates, Inc. (d/b/a GMB Architecture & Engineering) who have completed 1 hour of service as defined by the Plan and are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Participant and Employer Contributions**

Contributions to the Plan are made as follows:

**Participants**

Each year, participants may contribute up to 100% of base compensation up to the statutory limit, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

**Employer Matching Contributions**

The Company may make a discretionary matching contribution to the Plan on behalf of each participant that contributes to the Plan. For 2024 and 2023, GMB contributed 60% of the first 7% of base compensation that a participant contributes to the Plan.

**Employer Discretionary Contributions**

The Company may make a discretionary contribution to the Plan in an amount determined by management. Discretionary contributions are allocated on a ratio of each participant's compensation to total compensation. For 2024 and 2023, GMB elected not to make a discretionary contribution to the Plan.

**Participant Accounts**

Each participant's account is credited with the participant's contributions, the Company matching contributions, the Company discretionary contributions, as well as allocations of Plan earnings, and is charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on investment earnings on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

See independent auditors' report.

**DECEMBER 31, 2024 AND 2023**

**NOTE 1 – DESCRIPTION OF PLAN – Continued**

**Vesting**

Participants are 100% vested in compensation deferrals and elective safe harbor contributions plus earnings thereon at all times.

Participants are vested in employer matching and discretionary contributions according to the following schedule:

0% up to 2 years of service  
20% after 2 years of service  
40% after 3 years of service  
60% after 4 years of service  
80% after 5 years of service  
100% after 6 years of service

Participants are 100% vested if they die, become disabled, or attain retirement age prior to termination of employment.

**Payment of Benefits**

Upon termination of services, a participant may elect to receive their vested interest as a lump sum payment or in installments. In-service and hardship distributions are permitted pursuant to the terms of the Plan.

**Forfeited Accounts**

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$88 and \$14,765, respectively. These accounts will be used to reduce future employer contributions. In 2024 and 2023, employer contributions were reduced by \$23,998 and \$9,274, respectively.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

**Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

See independent auditors' report.

**DECEMBER 31, 2024 AND 2023**

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued**

**Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of Benefits**

Benefits are recorded when paid.

**Expenses**

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements.

**Date of Management's Review of Subsequent Events**

Management has evaluated subsequent transactions and events through September 12, 2025, the date these financial statements were available to be issued, and has determined that no items require additional disclosure.

**NOTE 3 – FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

See independent auditors' report.

**GMB ARCHITECTURE & ENGINEERING 401(K) PROFIT SHARING PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**NOTE 3 – FAIR VALUE MEASUREMENTS – Continued**

**Assets Measured at Fair Value on a Recurring Basis at December 31, 2024**

	Level 1 Quoted Prices in Active Markets for Identical Assets
Mutual Funds	<u>\$ 29,056,754</u>

**Assets Measured at Fair Value on a Recurring Basis at December 31, 2023**

	Level 1 Quoted Prices in Active Markets for Identical Assets
Mutual Funds	<u>\$ 24,544,528</u>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2024 and 2023, are reported in the net appreciation in fair value of investments.

**NOTE 4 – PARTY-IN-INTEREST TRANSACTIONS**

The Plan made payments to Alerus Financial, N.A. for recordkeeping services which are included in administrative expenses. Also, certain Plan investments are shares of mutual funds managed by Alerus Financial N.A. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments. Alerus Financial, N.A. is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rule of ERISA.

**NOTE 5 – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan sponsor has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, each participant would receive their account balance in accordance with the Plan provisions.

**NOTE 6 – TAX STATUS**

The IRS has determined and informed the Company by a letter dated August 23, 2023, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt as of the financial statement date.

See independent auditors' report.

**GMB ARCHITECTURE & ENGINEERING 401(K) PROFIT SHARING PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**NOTE 6 – TAX STATUS – Continued**

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to December 31, 2021.

**NOTE 7 – RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

**NOTE 8 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE**
