INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Pritchard & Abbott, Inc. 401(k) Profit Sharing and Employee Stock Ownership Plan

Opinion

We have audited the financial statements of Pritchard & Abbott, Inc. 401(k) Profit Sharing and Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and December 31, 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Pritchard & Abbott, Inc. 401(k) Profit Sharing and Employee Stock Ownership Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Pritchard & Abbott, Inc. 401(k) Profit Sharing and Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Pritchard & Abbott, Inc. (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is intended to be a qualified retirement plan under the Internal Revenue Code (IRC).

The Plan became effective on December 31, 2011 pursuant to the Company merging together and combining the Pritchard & Abbott, Inc. 401(k) Profit Sharing Plan and Trust with the Employee Stock Ownership Plan for Employees of Pritchard & Abbott, Inc.

Eligibility

Employees of the Company are eligible to participate upon completing one year of service. The Plan's entry dates are on the first day of each month.

Contributions

Participants may contribute up to 100 percent of pre-tax compensation, as defined in the Plan document, not to exceed \$23,000 in 2024 in accordance with Internal Revenue Service (IRS) regulations. In addition, those participants, who are over age 50 or turning age 50 on or before December 31, 2024, are eligible for an additional catch-up contribution of \$7,500 in 2024. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollover). Contributions made by participants are credited to their individual accounts and are made on a pretax basis assuming applicable regulations set forth in the IRC are satisfied. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has no automatic enrollment provisions.

The Company makes safe harbor matching contributions annually. The safe harbor matching contribution is based on a percentage of pretax employee contributions subject to a maximum of 5% of participants' eligible compensation. The Plan also allows the Company to make additional discretionary contributions not to exceed 4% of participants' eligible compensation. In 2024, the Company did not make discretionary contributions.

Participant accounts

Each participant's account is credited with the participant's contributions, employer safe harbor matching and discretionary contributions, the Company's contributions of employer securities, Plan earnings (losses), and charged with participants' withdrawals and an allocation of administrative expenses.

Except for the allocation of the Company's contributions of employer securities, allocations are based on participant earnings or account balances, as defined. Allocations of the Company's contributions of employer securities are based upon the ratio of each participant's compensation to total participants' compensation during the year ended. The benefit to which a participant is entitled is the vested amount in the participant's account.

Pritchard & Abbott, Inc. 401(k) Profit Sharing and Employee Stock Ownership Plan

Notes to Financial Statements

Note 1. Description of the Plan, continued

Vesting

Participants are immediately vested in their contributions and employer safe harbor matching contributions plus actual earnings or losses thereon.

Vesting of employer securities contributed by the Company and any discretionary contributions plus earnings thereon is based on years of service. Participants vest 20% per year after one year of participation and are 100% vested after six years of participation.

Benefits paid to participants

Upon termination of service due to termination of employment, death, disability, or normal retirement, a participant is entitled to receive the vested percentage of their account balance. Participants may elect to receive a distribution in the form of a single lump-sum payment. Participants who are required to receive minimum required distributions may receive their distributions in the form of partial withdrawals or installments. If a participant's vested balance is less than \$5,000, benefits shall be distributed to the participant through a lump-sum distribution, or, if no election has been made by the participant, through a direct rollover into an Individual Retirement Account (IRA).

Participants may receive an in-service distribution from the Plan prior to termination provided they have attained age 59½. In addition, hardship distributions may be made to satisfy certain immediate and heavy financial needs a participant may have, subject to certain limitations as defined in the Plan agreement.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations.

Voting rights

Each participant is entitled to exercise voting rights attributable to the shares of employer securities allocated to his or her account and is notified by the Plan's trustee (Trustee) prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants.

Put option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Plan sponsor buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Forfeitures

Forfeited, non-vested accounts are retained in the Plan and may only be allocated to the remaining participants in the Plan in the plan year following the year in which the forfeiture occurred. At December 31, 2024, there were no forfeited non-vested accounts. During 2024, forfeited non-vested accounts in the amount of \$20,880 were allocated to remaining participants.

Notes to Financial Statements

Note 2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation, or depreciation, includes the Plan's gains and losses on investments purchased and sold as well as those held during the year.

Administrative expenses

Administrative expenses recorded in the financial statements represent expenses paid by the Plan and allocated to participants' accounts. Certain Plan expenses, such as transaction fees for a withdrawal or distribution from the Plan, are deducted from individual participants' accounts or investment income.

Payment of benefits

Benefit payments to participants are recorded when paid.

Subsequent events

The Plan Administrator has evaluated subsequent events through September 19, 2025, the date the financial statements were available to be issued.

Note 3. Investment in common stock

Investment in Pritchard & Abbott, Inc. common stock at December 31, 2024 and 2023, respectively was as follows:

Year	Number of shares	Cost		Fair value	
		Amount	Per Share	Amount	Per Share
2024	711,718	\$ 7,117,180	\$ 10.00	\$ 27,109,339	\$ 38.09
2023	711,718	\$ 7,117,180	\$ 10.00	\$ 25,942,121	\$ 36.45

Note 4. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money market fund and mutual funds: Valued at the daily closing price as reported by the fund. The money market fund and mutual funds are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The money market fund and mutual funds held by the Plan are deemed to be actively traded.

Employer securities held by the Plan are valued at fair value based upon an independent appraisal utilizing Level 3 inputs. This appraisal was based on a combination of the income and market valuation techniques. The appraiser considered historical and projected income and cash flows and multipliers derived from market prices paid in sales of businesses similar to the Company. Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

The valuation process involves Plan management's selection of an independent appraiser. Plan management accumulated the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report which Plan management, along with the Plan Trustee, reviews in detail, discusses and approves. The results of this process are documented in minutes of the Company. The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date, and the difference could be significant.

Notes to Financial Statements

Note 4. Fair value measurements, continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2024	2023
Level 1		
Mutual funds	\$ 11,213,986	\$ 11,315,741
Money market fund	633,232	788,178
Level 2	-	-
Level 3		
Employer securities	27,109,339	25,942,121
Total assets in fair value hierarchy	38,956,557	38,046,040
Investments measured at net asset value:		
Common collective trusts*	9,420,998	6,789,017
Total investments at fair value	\$ 48,377,555	\$ 44,835,057

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits. The NAV based assets are generally redeemable on a daily basis with a one day notice with no restrictions and there are no unfunded commitments.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023, respectively.

December 31, 2024	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common collective trusts	\$ 9,420,998	N/A	Immediate	None	None

December 31, 2023	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common collective trusts	\$ 6,789,017	N/A	Immediate	None	None

Notes to Financial Statements

Note 4. Fair value measurements, continued

The following table sets forth a summary of changes in fair value of the Plan's Level 3 assets for the year ended December 31, 2024:

Balance at beginning of year	\$ 25,942,121
Unrealized gains included in changes in net assets relating to investments held at the reporting date reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits	1,167,218
Balance at end of year	\$ 27,109,339

The following table sets forth the basic assumptions used in arriving at the significant unobservable inputs:

Description	Fair Value at December 31, 2024	Fair Value at December 31, 2023	Valuation Techniques	Unobservable Inputs
Employer securities	\$ 27,109,339	\$ 25,942,121	Combination of Market and Income approaches	<ul style="list-style-type: none"> - EBITDA - Selection of EBITDA, discounted cash flow and other multiples - Risk factors - Control premium - Discount rate - Weighted average cost of capital

Note 5. Related-party transactions and party-in-interest transactions

Plan assets are held and managed by the custodian. The custodian invests cash received and interest and dividend income as directed by the participants of the Plan. The custodian also makes distributions to participants.

Parties-in-interest are defined under DOL regulations as any fiduciary to the Plan or party rendering services to the Plan, the employer and certain others. As such, transactions conducted with the Company and the custodian qualify as party-in-interest transactions.

Certain administrative functions are performed by employees of the Company. However, no such employees receive compensation from the Plan. The Company and the Plan share in administrative expenses for the Plan.

Note 6. Tax status

The Plan obtained its latest determination letter on January 23, 2012, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and is, therefore, qualified and exempt from taxation.

Note 6. Tax status, continued

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants would become fully vested in their employer contributions.

Note 8. Risks and uncertainties

The Plan may invest in various investment securities, including employer securities, which are exposed to various risks, such as interest rate, market and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
