Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Physicians Laboratory Profit Sharing 401(K) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Physicians Laboratory Profit Sharing 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Physicians Laboratory Profit Sharing 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Physicians Laboratory Profit Sharing 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Physicians Laboratory Profit Sharing 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedule of assets as of December 31, 2024 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PHYSICIANS LABORATORY PROFIT SHARING PLAN 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE A - DESCRIPTION OF PLAN

The following brief description of the Physicians Laboratory Profit Sharing 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provision. The Plan has been amended as of October 1, 2024.

General. The Plan was established effective May 25, 1972 and is a defined contribution plan subject to the provisions of the employee Retirement Income Security Act of 1974 (ERISA). The Plan is available to all employees of Physicians Laboratory (the Sponsor) who are 21 years of age.

Plan Administration. The Sponsor of the Plan serves as the plan trustee. Qualified Plan Consultants, LLC (QPC) has been contracted as a third party administrator (Plan Administrator).

Contributions. The Plan allows participants to contribute an amount up to IRC limitations of their annual compensation through compensation deferrals in addition to a maximum of an additional catch-up deferral up to IRC limitations for qualified individuals. Participants direct the investment of their contributions into various investments options offered by the Plan. These compensation deferral contributions are fully vested and nonforfeitable. The Plan allows for Sponsor matching of up to 50% of 4% of the participant's compensation once the participant reaches one year of service in which the employee was credited with at least 1,000 hours of service. It is a discretionary match and is reviewed each year. The matching contribution is invested into participant directed investment options. Additional profit sharing amounts may be contributed at the option of the Sponsor's board of directors and are invested as directed by the participant. No profit sharing contributions were made for the years ended December 31, 2024 and 2023.

The Plan was amended, effective, October 1, 2024 allowing all employees 21 years of age or older immediately eligible to participate in the plan. This applies to elective deferrals. Matching and nonelective contributions still require one year of service in which the employee was credited with at least 1,000 hours of service.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans. Prior to April 27, 2020, participants were allowed to borrow from the Plan for any reasonable purpose amounts not to exceed the lesser of 50 percent of the participant's vested account balance or \$50,000 reduced by the excess, if any, of the highest outstanding balance of loans from the Plan during the one year period prior to the date of the loan over the current outstanding balance. As of April 27, 2020, the Plan increased the loan limit to not exceed 100% of the participant's vested account balance or \$100,000 as part of the CARES Act provisions. The minimum loan allowed is \$1,000. All borrowings are secured by the balance in the participant's account and are allowed for any reasonable purpose. No more than two loans may be outstanding for a participant at a given time. Loans may not be refinanced. Loan terms will provide a fixed rate of interest of two percent above the prime interest rate. The interest rates charged range from 5.25% to 10.50% and maturity dates range between April 2025 to February 2039.

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Fees related to the administration of the loans receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Investment Options. Participants direct all employee and employer contributions into the various investment options. Participants may change their investment options directly through their online access to the John Hancock Life Insurance Company website.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

Forfeitures. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$3,566 and \$3,923, respectively. These accounts will be used to reduce future administrative fees. Also, for the year ended December 31, 2024, employer contributions were reduced by \$1,935 from forfeited nonvested accounts.

NOTE A - DESCRIPTION OF PLAN (continued)

Vesting. Participants are immediately vested in their compensation deferral contributions and the earnings thereon. Participants are fully vested in the employer contributions only after the third plan year of having been credited with at least 1,000 hours in each plan year.

Payment of Benefits. Except for certain withdrawal rights under the Plan, distributions of Plan benefits are made commencing no earlier than the participant's retirement, disability, death, or termination of employment. Benefits are recorded when paid. The Plan also has provisions allowing in-service withdrawals and hardship withdrawals. Hardship withdrawals are permitted for medical expenses, purchase of a principal residence, tuition and related education expenses, prevention of eviction, funeral expenses, and damage to the participant's residence. Effective as of January 1, 2020, the Plan adopted a plan amendment pursuant to the changes contained in the Bipartisan Budget Act of 2018. The final regulations of this act require Plans to eliminate the six-month suspension of contributions following a hardship distribution, expand the sources available for a hardship distribution, and add a new type of hardship expense for losses related to a federally declared disaster. In addition, participants are required to certify, in writing or electronically, as a condition of receiving a hardship distribution, that they have insufficient cash or other liquid assets reasonably available to meet the financial hardship.

Custodian. The Plan Sponsor has contracted with John Hancock Life Insurance Company (John Hancock) to hold the Plan's assets and execute investment transactions (Custodian).

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note G for discussion of fair value measurement.

Purchases or sales of securities are recorded on a trade-date basis. Investment income is recorded when earned. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Contributions. Contributions from employees are recorded as they are withheld from the participant's wages.

Payment of Benefits. Benefits are recorded when paid.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Expenses of the Plan. Administrative fees and expenses of the Plan may be paid out of the Plan assets unless paid by the Company. Certain administrative fees are paid by the Company.

Excess Contributions. If a participant's deferrals exceed the IRS limits for the plan year, the excess deferrals, along with any earnings, are required to be returned to the participant by April 15th of the following year in which the deferrals are withheld.

Date of Management Review. The Plan considered events occurring through September 17, 2025, for recognition or disclosure in the financial statements as subsequent events. That date is the date the financial statements were available to be issued.

NOTE C – INFORMATION PREPARED AND CERTIFIED BY JOHN HANCOCK LIFE INSURANCE COMPANY

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified, except for comparing such information certified by the Trust Company to information included in the Plan's financial statements and supplemental schedule.

The following information was certified as complete and accurate by the Custodian:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- The related investment activity and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investments reflected on Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

NOTE D - PLAN TERMINATION AND AMENDMENT

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to written notification of all parties concerned and subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts, and the net assets of the Plan must be allocated amount the participants and beneficiaries of the Plan in the order provided by ERISA.

NOTE E - TAX STATUS

The Company has adopted Quality Plan Consultants, LLC's Volume Submitter Profit Sharing Plan with CODA. In a letter dated December 31, 2018, the Internal Revenue Service has stated that an employer that adopts this prototype plan may rely on the letter with respect to qualification of the Plan under Code section 401(a) and that the terms of the Plan must be followed in operation. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

**PHYSICIANS LABORATORY

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE E - TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Fair Value Measurements – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE G – FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

Pooled Separate Accounts - Valued at net asset value, which is based on the latest quoted market price of the investments held within the fund.

Investment Contract with John Hancock - The John Hancock group annuity contract is not "fully benefit responsive" for contract holders investing in guaranteed interest accounts. John Hancock determines the fair value using a formula that incorporates prevailing interest rates. The formula is specified in the Guaranteed Funds Schedule of each Plan's group annuity contract.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023.

	December 31, 2024			
	Level 1	Level 2	Level 3	Total

NOTE H – PARTY-IN-INTEREST TRANSACTIONS

The Plan holds various investments managed by John Hancock. John Hancock is the custodian of the Plan for the year ended December 31, 2024, therefore, these transactions qualify as party-in-interest transactions. The Plan paid record keeping fees to John Hancock of \$36,508 for the year ended December 31, 2024. The Plan paid guaranteed income feature fees to John Hancock of \$476 for the year ended December 31, 2024.

Qualified Plan Consultants, LLC (QPC) was the third-party administrator for the Plan for the year ended December 31, 2024, therefore, these transactions qualify as party-in-interest transactions. The Plan paid TPA record keeping fees to Qualified Plan Consultants, LLC of \$2,050 for the year ended December 31, 2024. The Plan paid TPA services fees to Qualified Plan Consultants LLC of \$6,353 for the year ending December 31, 2024.

Cambridge Inv. Research was the investment advisor for the Plan for the year ending December 31, 2024, therefore these transactions qualify as party-in-interest transactions. The Plan paid commissions to M. Holdings Securities Inc. of \$12,400 for the year ending December 31, 2024.

These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.
