INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Ropers Majeski 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Ropers Majeski 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Ropers Majeski 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Ropers Majeski 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ropers Majeski 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ropers Majeski 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ropers Majeski 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of Ropers Majeski 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Ropers, Majeski ("Employer", "Company", or "Plan Sponsor"), established on January 1, 1991, and restated on January 1, 2021, and is designed to provide eligible participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination, or financial hardship. The Plan was amended effective January 1, 2023, to add automatic enrollment and automatic escalation features. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent laws.

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, related to participant loans and distributions. The Organization has until December 31, 2026, to amend the Plan for changes allowed by the CARES Act but has not been formally amended to adopt these provisions as of the date these financials were available to be issued.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE 2.0) was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first Plan year beginning on or after January 1, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date these financials were available to be issued.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Employer has delegated certain responsibilities for the operation and administration of the Plan. The Plan Sponsor has contracted with John Hancock Trust Company LLC (the "Trustee") to serve as the asset custodian and is responsible for the custody and management of the Plan's assets, John Hancock Retirement Plan Services an affiliate of the Trustee, is responsible for maintaining participant accounts and transactions related to participant initiated activity.

Eligibility

Employees, excluding nonresident aliens, union employees, leased employees, part time employees working less than 1,000 hours of service in the relevant eligibility computation period, temporary employees, seasonal employees, interns/co-op students, and contract employees are eligible to participate by making elective deferrals after reaching age 21. New participants can enter the Plan immediately after the eligibility requirement is met. Employees are eligible to receive Employer nonelective contributions, if any, after they reach age 21.

1. DESCRIPTION OF THE PLAN (continued)

Contributions

Participants may elect to contribute up to 80% of their compensation to the Plan, subject to calendar year contribution limits set forth by the Internal Revenue Code (IRC). Participant contributions may be made on a pre-tax basis or after-tax as Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions which are also subject to IRC limits. Participants may also contribute amounts (rollovers) representing distributions from other qualified defined benefit or defined contribution plans.

The Plan allows for discretionary Employer nonelective contributions and Employer profit sharing contributions. No Employer contributions were made for plan year ended December 31, 2024.

Beginning January 1, 2023, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation with a 1% increase each year up to 15% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Participant accounts

Each participant's account is credited with the participant's contributions or rollovers and an allocation of (a) the Company's contributions, if any, and (b) Plan earnings, if any, and charged with an allocation of Plan losses, if any, and administrative expenses not paid directly by the Employer. Allocations are based on participant earnings or account balances, as defined in the plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes receivable from participants

Notes receivable from participants ("participant loans" or "loans") are issued directly from the participant's account balance. Under the terms of the Plan, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to 50% of their account balance or \$50,000, whichever is less. Notes receivable terms are generally five years or less, but may exceed five years if the purpose of the loan is to purchase a principal residence. The notes receivable are secured by the remaining balance in the participant's account and accrue interest at the prime lending rate at the time the loan is issued. Interest rate range for loans is 3.25% to 8.50% as of December 31, 2024. Notes receivable from participants mature at various dates through July 2029.

1. DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Employer contributions plus earnings thereon, is based on years of continuous service. Participants are 100% vested in the Employer contributions after 6 years of credited service. In the event of death, disability or attaining normal retirement age, participants are immediately 100% vested in all discretionary Employer contributions.

The vesting schedule for the Employer nonelective or profit sharing contributions are as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0 %
2	20 %
3	40 %
4	60 %
5	80 %
6	100 %

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability or death. If a participant's account balance is less than or equal to \$7,000 upon termination, their balance will be rolled over to an individual retirement account designated by the administrator if the participant has not requested a lump-sum cash payment or a direct rollover into another qualified benefit plan. If the account balance is over \$7,000, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan or postpone payment to a later date and remain in the Plan as described in the plan documents.

Hardship distributions are permitted under limited circumstances.

In addition to the foregoing, participants are permitted to request in-service distributions from their vested Plan accounts at any time after having attained age of 59 ½. Participants incurring an immediate and heavy financial need may request a hardship distribution of their Plan accounts subject to certain restrictions as described in the plan documents.

Administrative expenses

Certain administrative expenses of the Plan, including recordkeeping fees, were paid directly by the Employer for the year ended December 31, 2024. The Plan is not required to reimburse the Employer for expenses paid on its behalf. Transaction fees for certain participant-initiated activity are charged to the specific account of the participant initiating any such transaction. Investment fees, which may vary according to the individual funds selected, are paid indirectly out of the assets of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent liabilities. Actual results may differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Investment valuation and income recognition

Participants direct the investment of their contributions into a variety of investment options offered by the Plan, including mutual funds, common collective trusts, and money market accounts. The Plan's investments in mutual funds, money market accounts, and common collective trusts are stated at fair value as determined by the open market (see Note 3).

Purchases and sales of investments are recorded on a trade date on the Plan's financial statements. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold during the year as well as held at year-end.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Employer, which is the pay date. Employer contributions are recorded in the year earned to coincide with the year which the Employer records the contributions in its general ledger. The Plan records receivables based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Rollover contributions from participants are recorded based on the date the rollover contributions were received by the Trustee.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes receivable from participants

Notes receivable from participants are recorded at the unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. If a participant ceases to make repayments and the plan administrator deems the participant note to be a distribution, the note receivable balance is reduced, and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Administrative expenses are recorded when incurred.

Subsequent events

The Plan has evaluated subsequent events through September 19, 2025, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are as follows:

- *Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.
- *Level 2* - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability; or
- *Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Ropers Majeski 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

3. FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds and money market funds: These funds are valued at the net asset value (NAV) of shares held by the Plan at year end which are quoted in an active market are classified within Level 1 of the valuation hierarchy.

Self directed brokerage account: This account has underlying assets that comprise of registered investment companies, common stock, preferred stock, interest-bearing cash and non-interest-bearing cash, all of which are priced based on active markets. As such, assets are included as Level 1 investments in the fair value hierarchy.

Collective trusts: investments in the collective investment trusts are valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less fees and expenses, divided by the number of outstanding units. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan was to initiate a full redemption of the collective investment fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation is carried out in an orderly business manner. The collective investment funds have no unfunded commitments and can be redeemed daily.

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2024 and 2023, there were no restrictions on redemptions or unfunded commitments for any of the major classes of assets.

3. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	\$ 30,566,924	\$ -	\$ -	\$ 30,566,924

Investments measured at net asset value*				<u>10,617,247</u>
				<u>\$ 54,830,286</u>

*In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share practical expedient (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

4. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustee, determined to be a qualified institution by the plan administrator, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income (including interest on notes receivable from participants) as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2024 ("supplemental schedule").

Accordingly, as requested by the plan administrator, the Plan's independent auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts as defined in the plan documents.

6. TAX STATUS

The Plan is a Pre-Approved Profit Sharing Plan sponsored by John Hancock. The Plan received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, which states that the document satisfies the applicable provisions of the IRC, and is appropriate for use by employers for the benefit of their employees. The Plan has been amended since the opinion letter; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Notes to Financial Statements
December 31, 2024 and 2023

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines party-in-interest similarly to the definition of a related party in financial accounting standards, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be party-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50% or more of such an employer or relatives of such persons, and an employee organization whose members are covered by the Plan.

Transactions conducted by the Trustee and their affiliates and the Company, on behalf of the Plan, qualify as party-in-interest transactions. Also, the Plan Sponsor pays certain fees on behalf of the Plan.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management and shareholder services are paid through fund level revenue sharing arrangements. These fees reduce fund earnings, thereby impacting Plan revenue applied to participants' accounts.

The Trustee retain as compensation, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.
