## INDEPENDENT AUDITORS' REPORT

To the Trustee of  
Technology Dynamics, Inc. 401(K) Retirement Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Technology Dynamics, Inc. 401(K) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Technology Dynamics, Inc. 401(K) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certifications from a qualified institution as of December 27, 2024 and as of December 31, 2023, and for the period from January 1, 2024 through December 27, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Technology Dynamics, Inc. 401(K) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Emphasis of Matter – Plan Merger**

As further discussed in Note 1 to the financial statements, the Plan Sponsor, elected to merge the Plan and become a participating employer in the Key 401(k) Pooled Employer Plan effective January 1, 2025. Our opinion is not modified with respect to this matter.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Technology Dynamics, Inc. 401(K) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Technology Dynamics, Inc. 401(K) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Technology Dynamics, Inc. 401(K) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**TECHNOLOGY DYNAMICS, INC. 401(K) RETIREMENT PLAN**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

**NOTE 1 - DESCRIPTION OF THE PLAN**

**GENERAL**

The Technology Dynamics, Inc. 401(K) Retirement Plan ("the Plan") is a defined contribution plan covering the employees of Technology Dynamics, Inc. and Electronics Integration Technology, Inc. (the "Company"). The Plan is subject to applicable provisions of the Employee Retirement Income Security Act of 1974 amended ("ERISA"). A separate account is maintained for each participant. Participants should refer to the plan document or summary plan description for a more complete description of the Plan's provisions.

The Plan Sponsor, on November 11, 2024, made a decision to merge the existing Plan into the Key 401(K) Pooled Employer Plan effective January 1, 2025. On December 30, 2024, \$7,057,479 representing the converted investment balances to cash were transferred from Empower Annuity Insurance Company to Transamerica and held by them in an advance employer deposit account for the benefit of the Plan's participants. Employer and Employee receivables aggregating \$22,763 and \$193,233 in notes receivable from participants were transferred in 2025.

In addition, the Plan changed its record-keeper from Empower to Transamerica Retirement Solutions LLC, and also changed investment options effective January 1, 2025.

**ELIGIBILITY**

Employees are eligible for participation in the Plan upon attaining age 18 and completing six months of service (at least 1,000 hours). Entry into the plan is permitted on the first day of each quarter after which the employee becomes eligible.

**PARTICIPANT AND EMPLOYER CONTRIBUTIONS**

The Plan provides for employee salary deferrals which are not to exceed the maximum amount allowable by the Internal Revenue Code, (\$23,000 for 2024). Participants age 50 or older may contribute an additional \$7,500. The Plan allows for a discretionary Company matching contribution determined annually by the employer. For 2024 the matching contribution was equal to 2% of the employees' contributions. The Company's matching contribution for 2024 totaled \$12,541. Participant and employer contributions are recorded when withheld from participant's earnings. The Company may also make a qualified non-elective profit sharing contribution, as defined in the Plan.

**PARTICIPANTS' ACCOUNTS**

Each participant's account is credited with (i) participant's contributions, (ii) employer matching contributions (if any) and (iii) allocations of the Plan earnings on his or her specific investments. Each participant's account is charged with an allocation of administrative expenses, if the employer does not pay such expenses, fees and charges. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the amount accumulated in the participant's vested account.

**VESTING**

Each participant's interest in the Company's discretionary matching contribution vests 20% after one year of service with the Company, 40% after two years of service, 60% after three years of service, eighty percent (80%) after four years of service and one hundred percent (100%) vested after five years of service. Participants are vested one hundred percent (100%) in their salary deferrals and rollover contributions to the Plan.

**TECHNOLOGY DYNAMICS, INC. 401(K) RETIREMENT PLAN**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

**NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)**

**PARTICIPANT ROLLOVERS**

Participants are allowed to transfer or rollover funds into the Plan from another qualified retirement plan or IRA. Participants are 100% vested in all rollover amounts.

**FORFEITURES**

At December 31, 2024 and 2023, forfeited non-vested balances aggregated \$0 and \$19,299, respectively. This account was used to pay Plan expenses or reduce Company discretionary contributions during 2024.

**NOTES RECEIVABLE FROM PARTICIPANTS**

The provisions of the Plan allow for loans to the participants which are limited to the lesser of \$50,000 or one-half of the present value of the vested interest of such participant's account. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate for similar types of loans as determined by the plan administrator. Generally, the term of the loan may not exceed five years (unless the loan proceeds will be used to purchase a principal residence). Principal and interest is paid ratably through monthly payroll deductions.

**PAYMENT OF BENEFITS**

On termination of service due to death, disability or retirement, a participant or a designated beneficiary may elect to receive either a lump-sum amount equal to one hundred percent (100%) of the value in his or her account or monthly installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

**PLAN TERMINATION**

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time. If the Plan is terminated, the proportional interest of each participant shall then vest one hundred percent (100%) and become non-forfeitable.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**BASIS OF ACCOUNTING**

The accompanying financial statements are prepared on the accrual basis of accounting.

**ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

**RISKS AND UNCERTAINTIES**

Participants elect to have their allocated portion of Company contributions, and employee salary deferrals, invested in various investment securities. These investment securities are exposed to various risks such as stock market fluctuations, interest rates, credit risks, economic conditions and world affairs. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

**TECHNOLOGY DYNAMICS, INC. 401(K) RETIREMENT PLAN**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**INVESTMENT VALUATION AND INCOME RECOGNITION**

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**NOTES RECEIVABLE FROM PARTICIPANTS**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses have been recorded as of December 31, 2024 or 2023, respectively.

**PAYMENT OF BENEFITS**

Benefits paid to participants are recorded when paid.

**CORRECTIVE DISTRIBUTIONS**

Contributions in excess of amounts allowed by the IRS are recorded as a deduction from net assets when distributed. The Plan distributed the 2023 excess contributions to applicable participants prior to March 15, 2024.

**ADMINISTRATIVE AND OTHER EXPENSES**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company for the year ended December 31, 2024 are excluded from these financial statements. The administrative cost for obtaining new loans is charged directly through the respective participants' accounts. Investment-related expenses are included in net appreciation of fair value of investments.

**NOTE 3 - FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- |         |   |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.   |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none"><li>• Quoted prices for similar assets or liabilities in active markets;</li></ul> |

**NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)**

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

*Mutual Funds* - Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	<b><u>Investments at Fair Value December 31, 2024</u></b>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>Investments:</u>				
Mutual Funds	\$ _____ -	\$ _____ -	\$ _____ -	\$ _____ -
Total investments at fair value	\$ _____ -	\$ _____ -	\$ _____ -	\$ _____ -
	<b><u>Investments at Fair Value December 31, 2023</u></b>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>Investments:</u>

Total investments at fair value	\$ _____ -	\$ 5,203,231	\$ _____ -	\$ 5,203,231

There were no significant transfers between Levels 1 and 2, and no transfers in or out of Level 3 for the years ended December 31, 2024 and 2023, respectively.

**NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT**

The Plan holds a traditional investment contract with MassMutual Life Insurance Company. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. MassMutual Life Insurance Company maintains the contributions in a general account.

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The balance in the traditional investment contract as of December 31, 2024 and 2023 was \$0 and \$1,415,116, respectively.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The average crediting rate to participants was 2.8% for the period January 1, 2024 to December 27, 2024. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligations under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

**NOTE 5 - INVESTMENT CERTIFICATION**

ERISA Section 103(a)(3)(c) – Unaudited information certified by the Plan Custodians

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2024 and 2023, and investment income and interest income on notes receivable from participants for the period January 1, 2024 to December 27, 2024, that is disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information supplied to the Plan administrator and certified

as complete and accurate by Empower Annuity Insurance Company of America ("EAIC") for the period January 1, 2024 to December 27, 2024 and for the plan year 2023. The information certified is summarized below as of December 31,

	<u>2024</u>	<u>2023</u>
Mutual funds	\$ -	\$ 5,203,231
Investment at contract value	\$ -	\$ 1,415,116
Notes receivable from participants (*)	\$ 193,233	\$ 140,003
Total investment income	<u>\$ 1,073,818</u>	
Interest income on notes receivable from participants	<u>\$ 11,585</u>	

(\*) Transferred to Key 401(K) Pooled Employer Plan (see note 1).

**NOTE 6 - INCOME TAX STATUS**

On March 31, 2014, the Internal Revenue Service ("IRS") stated in an opinion letter that the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2024 and 2023, respectively, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS**

Certain plan investments are shares of mutual funds, guaranteed fixed account managed by EAIC. EAIC is the plan custodian and record keeper as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. The fees paid for such services totaled \$110,562 for the year ended December 31, 2024. Fees incurred by the Plan for investment advisory services are included in net appreciation in value of the investments, as they are paid through revenue sharing, and indirect expenses.

Notes receivable from participants also qualify as party-in-interest transactions, but are exempt from the prohibited transaction rules of ERISA.

The Employer provides certain accounting and administrative services to the Plan for which no fees are charged.

A third-party administrator was engaged by the Plan Sponsor to perform compliance testing and prepare the annual information return. Fees for these services were paid from plan assets which aggregated \$9,527 and \$4,447 paid by the plan sponsor for the year ended December 31, 2024.

**December 31, 2024 and 2023**

**NOTE 8 - CONCENTRATIONS**

The Plan held certain investments that each represents 10% of more of the total net assets held by the Plan. As of December 31, 2024, the Plan held no such investments. As of December 31, 2023, the Plan held three such investments totaling \$4,072,974.

**NOTE 9 - SUBSEQUENT EVENTS**

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the Secure Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

The Plan's management has evaluated subsequent events through September 16, 2025, the date the financial statements were available to be issued.
