Independent Auditors' Report

To the Plan Administrator
Keville Enterprises, Inc. 401(k) Profit Sharing Plan
Marshfield, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Keville Enterprises, Inc. 401(k) Profit Sharing Plan, subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Keville Enterprises, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Keville Enterprises, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Keville Enterprises, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Keville Enterprises, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Keville Enterprises, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets as of December 31, 2024 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Keville Enterprises, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Keville Enterprises, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Keville Enterprises, Inc. (the “Company”).

The Company established the 401(k) Profit Sharing Plan in November 1995 under the Plan name Keville Enterprises, Inc. 401(k) Profit Sharing Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is intended to be a qualified retirement plan under the Internal Revenue Code (“IRC”).

On May 22, 2014, the Company entered an amendment to its 401k Profit Sharing Plan, which provided for the merger of the Keville Enterprises, Inc. Money Purchase Plan into Keville Enterprises, Inc. 401(k) Profit Sharing Plan effective January 1, 2014. The merger was subject to the provisions of ERISA. The assets of the Plan rolled over to the participants’ 401k profit sharing plan in the amount of their respective accounts in accordance with the distribution provisions of the Plan effective January 1, 2014 and was tracked separately according to the provisions of ERISA.

Plan Administration

The Company is responsible for the general administration of the Plan, including compliance with the reporting and disclosure requirements of ERISA. The Trustee holds the Plan's investment assets and executes transactions pursuant to the directions of the participants.

Administrative Expenses

According to the Plan document, administrative fees can be paid by either the Company or from the Plan utilizing forfeitures.

Eligibility

All employees of the Company, who are at least 21 years old, are eligible to participate in the Plan after 30 days of service.

1. Description of Plan (Continued)

Automatic Contribution Arrangement

New participants or re-hired participants will be automatically enrolled in the Plan upon meeting eligibility unless they elect not to participate in the Plan or change or stop their contributions. The automatic enrollment compensation deferral percentage was to 6% for year ending December 31, 2024 and 2023. The automatic enrollment percentage applies only to new participants and rehires at the time the participants enter and reenter the Plan.

If the participant has not provided complete, up-to-date direction as to how the account set up under the retirement plan is to be invested, the account is invested under automatic investment option default rules. The participants can direct the investment election of the retirement funds according to their preferences.

Contributions

Participants may make elective deferral contributions from pretax compensation, as defined in the Plan, subject to IRC limitations. Participants may also contribute amounts representing distributions or rollovers from other qualified plans. The Company funds annual contributions to the Plan based on each eligible participant's annual compensation and elective deferrals for the plan year. The 2024 Plan year Company contribution of \$900,000 was funded to the Plan on August 22, 2025. The 2023 Plan year Company contribution of \$900,000 was funded to the Plan on September 3, 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions, and Company matching contributions, as well as allocations of the Company's discretionary contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their account balance into various investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles. Plan earnings are credited to a participant's account as earned.

Vesting

Participants are immediately vested in their voluntary contributions and earnings thereon. Participant's vest in the Company's contributions at 20% after two years of service; 40% after three years; 60% after four years; 80% after five years; and 100% after six or more years of employment with the Company with at least 1,000 hours of service per year.

Keville Enterprises, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of Plan (Continued)

Vesting (Continued)

Notwithstanding the foregoing, a participant shall be 100% vested in, and have a non-forfeitable right to his or her account upon death, disability, termination of the Plan, or the attainment of normal retirement age, his or her 65th birthday, while in service.

Participant Notes Receivable

Participants may borrow from their accounts, subject to the approval of the Company, a minimum of \$1,000 and up to a maximum equal to the lesser of one-half of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in the account during the prior twelve month period. The loans are secured by the balance in the participant's account. The loans bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates. The interest rate shall remain fixed throughout the duration of the loan. Loans are repaid over a period not to exceed five years unless it is for the purchase of the principal residence. A participant may only have one loan outstanding at any one time. Principal and interest is paid ratably through regular payroll deductions or by lump-sum payments without a prepayment penalty.

Withdrawals and Payment of Benefits

Benefits are payable to Plan participants or their beneficiaries upon death, permanent disability, retirement at normal age or termination of employment, as defined. The Plan also provides for early retirement at age 55 with at least seven years of vested service. An in-service distribution is allowed if an active participant has reached the age of 59 1/2. Hardship withdrawals are allowed if certain criteria are met.

Forfeitures

A forfeiture occurs in the Plan Year that the participants receive a distribution of their entire vested Account, or if participants do not receive a distribution, after five consecutive one-year breaks in service. Forfeitures are retained in the Plan and may first be used to pay administrative expenses. Any remaining amounts can be used to reduce future Employer contributions payable under the Plan. At December 31, 2024 and 2023, forfeited non-vested accounts balances were \$86,313 and \$156,980, respectively.

Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right to terminate its Plan by action of its board of directors, subject to the provisions of ERISA. In the event of termination of the Plan, the assets of the Plan shall be distributed to the participants in the amount of their respective accounts in accordance with the distribution provisions of the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP). Any reference in these notes to applicable guidance is meant to refer to the authoritative United States generally accepted accounting principles as found in the Accounting Standards Codification (ASC) and Accounting Standards Update (ASU) of the Financial Accounting Standards Board (FASB).

The financial statements of the Plan are prepared on the accrual method of accounting.

Estimates and Assumptions

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentration of Credit Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk are part of the holdings in the Plan's investments. Management believes that the Trustee maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure to any particular investment.

Participant Notes Receivable

Participant notes receivable are stated at their unpaid principal balance plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan documents. At December 31, 2024 and 2023, participant notes receivable outstanding was \$394,077 and \$337,595, respectively. The interest rates on loans outstanding ranged from 4.25% to 9.5% as of December 31, 2024 and 2023. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Keville Enterprises, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

2. Summary of Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid. There were no participants who elected to withdraw from the Plan that had not been paid at December 31, 2024 or 2023.

Administrative Expenses

Certain expenses of maintaining the Plan, such as professional and consulting fees, are paid directly by the Company and are excluded from these financial statements. Plan investment advisory, recordkeeping and information management fees, participant loan processing and other transaction fees are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

3. Information Certified by the Plan Trustee

Fidelity Management Trust Company, the Trustee of the Plan, has certified as complete and accurate, the investments and notes receivable from participants, the net appreciation in the fair value of investments and interest and other investment income as shown in the accompanying December 31, 2024 and 2023 financial statements. In addition, the December 31, 2024 supplemental schedule of assets held at end of year on pages 19 was certified to be complete and accurate by the Trustees.

Therefore, in accordance with the request of the Plan administrator and as allowed under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure, this information was not subjected to standard auditing procedures by the independent auditor.

Total investment income		\$ 5,251,980

Keville Enterprises, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

4. Income Tax Status

The Plan adopted the prototype plan with Fidelity, which received an opinion letter dated June 30, 2020 from the Internal Revenue Service, stating that the written form of the underlying prototype plan document is qualified under Section 401 of the IRC, and that any employer adopting this Form of the Plan will be considered to have a plan qualified under Section 401 of the IRC. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been recorded.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

6. Related-Party and Party-In-Interest Transactions

The Company, the participants and the Trustee have all been identified as parties-in-interest. The Plan invests in shares of mutual funds and common/ collective trust fund managed by the Trustee.

Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Participant loans also qualify as party-in-interest and related party transactions, which are exempt from the prohibited transaction rules. Certain administrative expenses of the Plan are paid by the Plan Administrator and qualify as party-in-interest transactions. The Plan Administrator has a Master Service Agreement with the Trustee. The Plan pays for the services of the Trustee through net fees charged to the participants in the Plan. Fees incurred by the plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

6. Fair Value Measurements

The Plan follows FASB ASC 820 *Fair Value Measurements and Disclosures*, a framework for measuring fair value and enhances disclosures about fair value measurements. The fair value hierarchy prioritizes the inputs used to measure fair value into three broad levels, Level 1, Level 2, and Level 3. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Fair value is determined based upon the exit price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants.

Keville Enterprises, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

6. Fair Value Measurements (Continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology include unadjusted quoted prices for identical assets or liabilities in active markets that the Plan could access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Fair values are based on unobservable inputs used for valuing the asset or liability. Unobservable inputs are those that reflect the plan's own assumptions that market participants would use in pricing the assets, based on the best information available in the circumstances.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

Mutual funds and the money market have been valued at the net asset value (NAV) of the shares held by the Plan at year end.

The Plan's stable value fund is privately offered and prices are not available in local publications, the fund is stated at fair value. Fair value is determined by dividing the unit value provided by the fund administrator, which is based on the underlying assets owned by the fund, by the number of outstanding units. The Plan follows the Accounting Standards Update 2015-7 (ASU 2015-7) and removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net assets value (NAV) per share practical expedient.

The Plan's stable value funds qualify for NAV as practical expedient. The Plan has the ability to redeem its stable value funds at NAV at the measurement date and there are no restrictions. The stable value option is not guaranteed by the FDIC or the federal government. The Plan excludes the Plan's Stable Value Funds from the fair value hierarchy.

Keville Enterprises, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

6. Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables provide a summary of the Plan's financial assets that are measured at fair value on a recurring basis at year ended December 31, 2024 and 2023:

<i>December 31, 2024</i>	Fair Value Estimated Using			Total Carrying Amount

Notes to Financial Statements

7. Risks and Uncertainties

The Plan provides for various investment options in a combination of investment securities. Investment securities are exposed to various risks including, but not limited to, interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of the Plan's net assets available for benefits as reported in the Form 5500 to net assets available for benefits per the accompanying financial statements:

<i>December 31,</i>	2024	2023
Net assets available for benefits, per the financial statements	\$ 46,845,053	\$ 42,573,584

Notes to Financial Statements

9. Subsequent Events

ASC Topic 855, “Subsequent Events,” provides guidance for (i) the period after the balance sheet date during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements, and (ii) the circumstances under which an entity should recognize such events or transactions. The Plan evaluated all events and transactions that occurred after December 31, 2024 through September 16, 2025, the date the Plan issued these financial statements, and identified no material recognizable events.

Independent Auditors' Report

To the Plan Administrator
Keville Enterprises, Inc. 401(k) Profit Sharing Plan
Marshfield, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Keville Enterprises, Inc. 401(k) Profit Sharing Plan, subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Keville Enterprises, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Keville Enterprises, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Keville Enterprises, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Keville Enterprises, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Keville Enterprises, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets as of December 31, 2024 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Keville Enterprises, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Keville Enterprises, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Keville Enterprises, Inc. (the “Company”).

The Company established the 401(k) Profit Sharing Plan in November 1995 under the Plan name Keville Enterprises, Inc. 401(k) Profit Sharing Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is intended to be a qualified retirement plan under the Internal Revenue Code (“IRC”).

On May 22, 2014, the Company entered an amendment to its 401k Profit Sharing Plan, which provided for the merger of the Keville Enterprises, Inc. Money Purchase Plan into Keville Enterprises, Inc. 401(k) Profit Sharing Plan effective January 1, 2014. The merger was subject to the provisions of ERISA. The assets of the Plan rolled over to the participants’ 401k profit sharing plan in the amount of their respective accounts in accordance with the distribution provisions of the Plan effective January 1, 2014 and was tracked separately according to the provisions of ERISA.

Plan Administration

The Company is responsible for the general administration of the Plan, including compliance with the reporting and disclosure requirements of ERISA. The Trustee holds the Plan's investment assets and executes transactions pursuant to the directions of the participants.

Administrative Expenses

According to the Plan document, administrative fees can be paid by either the Company or from the Plan utilizing forfeitures.

Eligibility

All employees of the Company, who are at least 21 years old, are eligible to participate in the Plan after 30 days of service.

Keville Enterprises, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of Plan (Continued)

Automatic Contribution Arrangement

New participants or re-hired participants will be automatically enrolled in the Plan upon meeting eligibility unless they elect not to participate in the Plan or change or stop their contributions. The automatic enrollment compensation deferral percentage was to 6% for year ending December 31, 2024 and 2023. The automatic enrollment percentage applies only to new participants and rehires at the time the participants enter and reenter the Plan.

If the participant has not provided complete, up-to-date direction as to how the account set up under the retirement plan is to be invested, the account is invested under automatic investment option default rules. The participants can direct the investment election of the retirement funds according to their preferences.

Contributions

Participants may make elective deferral contributions from pretax compensation, as defined in the Plan, subject to IRC limitations. Participants may also contribute amounts representing distributions or rollovers from other qualified plans. The Company funds annual contributions to the Plan based on each eligible participant's annual compensation and elective deferrals for the plan year. The 2024 Plan year Company contribution of \$900,000 was funded to the Plan on August 22, 2025. The 2023 Plan year Company contribution of \$900,000 was funded to the Plan on September 3, 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions, and Company matching contributions, as well as allocations of the Company's discretionary contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their account balance into various investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles. Plan earnings are credited to a participant's account as earned.

Vesting

Participants are immediately vested in their voluntary contributions and earnings thereon. Participant's vest in the Company's contributions at 20% after two years of service; 40% after three years; 60% after four years; 80% after five years; and 100% after six or more years of employment with the Company with at least 1,000 hours of service per year.

Keville Enterprises, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of Plan (Continued)

Vesting (Continued)

Notwithstanding the foregoing, a participant shall be 100% vested in, and have a non-forfeitable right to his or her account upon death, disability, termination of the Plan, or the attainment of normal retirement age, his or her 65th birthday, while in service.

Participant Notes Receivable

Participants may borrow from their accounts, subject to the approval of the Company, a minimum of \$1,000 and up to a maximum equal to the lesser of one-half of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in the account during the prior twelve month period. The loans are secured by the balance in the participant's account. The loans bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates. The interest rate shall remain fixed throughout the duration of the loan. Loans are repaid over a period not to exceed five years unless it is for the purchase of the principal residence. A participant may only have one loan outstanding at any one time. Principal and interest is paid ratably through regular payroll deductions or by lump-sum payments without a prepayment penalty.

Withdrawals and Payment of Benefits

Benefits are payable to Plan participants or their beneficiaries upon death, permanent disability, retirement at normal age or termination of employment, as defined. The Plan also provides for early retirement at age 55 with at least seven years of vested service. An in-service distribution is allowed if an active participant has reached the age of 59 1/2. Hardship withdrawals are allowed if certain criteria are met.

Forfeitures

A forfeiture occurs in the Plan Year that the participants receive a distribution of their entire vested Account, or if participants do not receive a distribution, after five consecutive one-year breaks in service. Forfeitures are retained in the Plan and may first be used to pay administrative expenses. Any remaining amounts can be used to reduce future Employer contributions payable under the Plan. At December 31, 2024 and 2023, forfeited non-vested accounts balances were \$86,313 and \$156,980, respectively.

Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right to terminate its Plan by action of its board of directors, subject to the provisions of ERISA. In the event of termination of the Plan, the assets of the Plan shall be distributed to the participants in the amount of their respective accounts in accordance with the distribution provisions of the Plan.

Notes to Financial Statements

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP). Any reference in these notes to applicable guidance is meant to refer to the authoritative United States generally accepted accounting principles as found in the Accounting Standards Codification (ASC) and Accounting Standards Update (ASU) of the Financial Accounting Standards Board (FASB).

The financial statements of the Plan are prepared on the accrual method of accounting.

Estimates and Assumptions

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentration of Credit Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk are part of the holdings in the Plan's investments. Management believes that the Trustee maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure to any particular investment.

Participant Notes Receivable

Participant notes receivable are stated at their unpaid principal balance plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan documents. At December 31, 2024 and 2023, participant notes receivable outstanding was \$394,077 and \$337,595, respectively. The interest rates on loans outstanding ranged from 4.25% to 9.5% as of December 31, 2024 and 2023. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Keville Enterprises, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

2. Summary of Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid. There were no participants who elected to withdraw from the Plan that had not been paid at December 31, 2024 or 2023.

Administrative Expenses

Certain expenses of maintaining the Plan, such as professional and consulting fees, are paid directly by the Company and are excluded from these financial statements. Plan investment advisory, recordkeeping and information management fees, participant loan processing and other transaction fees are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

3. Information Certified by the Plan Trustee

Fidelity Management Trust Company, the Trustee of the Plan, has certified as complete and accurate, the investments and notes receivable from participants, the net appreciation in the fair value of investments and interest and other investment income as shown in the accompanying December 31, 2024 and 2023 financial statements. In addition, the December 31, 2024 supplemental schedule of assets held at end of year on pages 19 was certified to be complete and accurate by the Trustees.

Therefore, in accordance with the request of the Plan administrator and as allowed under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure, this information was not subjected to standard auditing procedures by the independent auditor.

Keville Enterprises, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

4. Income Tax Status

The Plan adopted the prototype plan with Fidelity, which received an opinion letter dated June 30, 2020 from the Internal Revenue Service, stating that the written form of the underlying prototype plan document is qualified under Section 401 of the IRC, and that any employer adopting this Form of the Plan will be considered to have a plan qualified under Section 401 of the IRC. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been recorded.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

6. Related-Party and Party-In-Interest Transactions

The Company, the participants and the Trustee have all been identified as parties-in-interest. The Plan invests in shares of mutual funds and common/ collective trust fund managed by the Trustee.

Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Participant loans also qualify as party-in-interest and related party transactions, which are exempt from the prohibited transaction rules. Certain administrative expenses of the Plan are paid by the Plan Administrator and qualify as party-in-interest transactions. The Plan Administrator has a Master Service Agreement with the Trustee. The Plan pays for the services of the Trustee through net fees charged to the participants in the Plan. Fees incurred by the plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

6. Fair Value Measurements

The Plan follows FASB ASC 820 *Fair Value Measurements and Disclosures*, a framework for measuring fair value and enhances disclosures about fair value measurements. The fair value hierarchy prioritizes the inputs used to measure fair value into three broad levels, Level 1, Level 2, and Level 3. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Fair value is determined based upon the exit price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants.

Keville Enterprises, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

6. Fair Value Measurements (Continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology include unadjusted quoted prices for identical assets or liabilities in active markets that the Plan could access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Fair values are based on unobservable inputs used for valuing the asset or liability. Unobservable inputs are those that reflect the plan's own assumptions that market participants would use in pricing the assets, based on the best information available in the circumstances.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

Mutual funds and the money market have been valued at the net asset value (NAV) of the shares held by the Plan at year end.

The Plan's stable value fund is privately offered and prices are not available in local publications, the fund is stated at fair value. Fair value is determined by dividing the unit value provided by the fund administrator, which is based on the underlying assets owned by the fund, by the number of outstanding units. The Plan follows the Accounting Standards Update 2015-7 (ASU 2015-7) and removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net assets value (NAV) per share practical expedient.

The Plan's stable value funds qualify for NAV as practical expedient. The Plan has the ability to redeem its stable value funds at NAV at the measurement date and there are no restrictions. The stable value option is not guaranteed by the FDIC or the federal government. The Plan excludes the Plan's Stable Value Funds from the fair value hierarchy.

Keville Enterprises, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

6. Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables provide a summary of the Plan's financial assets that are measured at fair value on a recurring basis at year ended December 31, 2024 and 2023:

<i>December 31, 2024</i>	Fair Value Estimated Using			Total Carrying Amount

Notes to Financial Statements

7. Risks and Uncertainties

The Plan provides for various investment options in a combination of investment securities. Investment securities are exposed to various risks including, but not limited to, interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of the Plan's net assets available for benefits as reported in the Form 5500 to net assets available for benefits per the accompanying financial statements:

<i>December 31,</i>	2024	2023
Net assets available for benefits, per the financial statements	\$ 46,845,053	\$ 42,573,584

Notes to Financial Statements

9. Subsequent Events

ASC Topic 855, "Subsequent Events," provides guidance for (i) the period after the balance sheet date during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements, and (ii) the circumstances under which an entity should recognize such events or transactions. The Plan evaluated all events and transactions that occurred after December 31, 2024 through September 16, 2025, the date the Plan issued these financial statements, and identified no material recognizable events.
