Independent Auditor's Report

Plan Administrator
Sadoff and Rudoy Industries Union 401(k) Plan
Fond du Lac, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sadoff and Rudoy Industries Union 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sadoff and Rudoy Industries Union 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sadoff and Rudoy Industries Union 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sadoff and Rudoy Industries Union 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sadoff and Rudoy Industries Union 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sadoff and Rudoy Industries Union 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sadoff and Rudoy Industries Union 401(k) Plan

Notes to Financial Statements

Note 1: Plan Description

The following description of Sadoff and Rudoy Industries Union 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code ("IRC") established by Sadoff and Rudoy Industries, LLP (the "Company"). Fidelity Management Trust Company ("Fidelity") is the trustee of the Plan. The Plan is administered by the Company, with Fidelity also serving as the Plan's recordkeeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

All employees of the Company covered by a collective bargaining agreement become eligible to participate in the Plan upon attaining the age of 18 and completing three months of service. Plan entry dates are immediate upon meeting the eligibility requirements.

Contributions

Each year, participants may elect to contribute to the Plan up to 90% of their eligible annual compensation, as defined by the plan document, on a pre-tax or Roth basis, not to exceed the maximum allowable limits established by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may contribute distributions from other qualified plans ("rollover contributions"). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan or elect an alternate deferral rate. Automatically enrolled participants have their pre-tax deferral rate set at 6% of eligible compensation and their contributions invested in a designated fund until changed by the participant.

The Company may make discretionary matching contributions, as well as nonelective contributions. Employees must be employed on the last day of the plan year to be eligible to receive nonelective contributions. During 2024, the Company made a nonelective contribution equal to 2% of eligible compensation, which will be fully paid from the forfeitures account. There were no discretionary matching contributions for 2024. Rollover and catch-up contributions are not matched.

Sadoff and Rudoy Industries Union 401(k) Plan

Notes to Financial Statements

Note 1: Plan Description (Continued)

Participant Accounts

Participant accounts are credited with the participant's contributions and the Company's discretionary matching as well as allocations of (a) the Company's nonelective 2% contributions and (b) the Plan's investment earnings (losses). Participant accounts are reduced by withdrawals and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The balance to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and rollovers plus actual earnings thereon. Vesting in Company nonelective and discretionary matching contributions, plus actual earnings thereon, is based on years of continuous service. A participant becomes 20% vested after two years of service. The vesting percentage increases an additional 20% each year thereafter, with 100% vesting after six years of service. In addition, a participant will become 100% vested upon death or disability, as defined in the plan document.

Forfeitures

Plan forfeitures arise as a result of participants terminating service with the Company before becoming 100% vested in Company contributions. Forfeited nonvested accounts totaled \$355,278 at December 31, 2024, and \$8,570 at December 31, 2023. These accounts may be used to pay administrative expenses or used to reduce Company contributions. During 2024, the Company terminated another one of its plans (Sadoff and Rudoy Industries Pension Plan for Union Employees or "Pension Plan"). As a result of the Pension Plan's termination, the Plan received incoming credits of \$327,122 into the forfeiture account, which will be used in accordance with the plan document.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may have only one loan outstanding at any time. Note terms shall not exceed five years unless the note qualifies as a home loan, in which case the note shall not exceed 10 years. The loans are secured by the balance in the participant's account and bear interest at a range of 4.25% to 9.50% at December 31, 2024, which is commensurate with local prevailing rates at the time of issuance of the note. Principal and interest are paid through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, normal retirement (age 65), or termination of employment, as defined in the plan document, a participant may elect to receive either a lump-sum or installment payments equal to the value of the participant's vested interest in his or her account. The Plan also allows for in-service distributions upon attaining age 59 1/2. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. Participants may withdraw their rollover contributions at any time.

Notes to Financial Statements

Note 1: Plan Description (Continued)

SECURE 2.0 Act

The SECURE 2.0 Act of 2022 ("SECURE 2.0"), signed into law on December 29, 2022, makes significant changes to existing law for retirement plans by building upon provisions in the SECURE Act of 2019. SECURE 2.0 introduces new requirements and considerations for plan sponsors that are intended to expand coverage, increase savings, preserve income, and simplify plan rules and administrative procedures. The effective date of the provisions of SECURE 2.0 vary from becoming effective immediately, through 2028. Those provisions include both required and optional elements. The Plan adopted the required minimum distribution at age 73 effective January 1, 2023. The Plan is required to be amended in regard to other requirements of SECURE 2.0 by December 31, 2026.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent notes receivable from participants are reclassified as benefit payments based on the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative and Investment Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment management fees paid directly by the Plan are allocated proportionately to plan participants based on their respective account balances and are reflected as investment expenses and included in net investment income. Fees related to distributions and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain fees incurred by the Plan for investment management services are allocated proportionately to plan participants based on their respective account balances and are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than direct payments. All other expenses paid directly by the Plan are allocated proportionately to plan participants based on their respective balances and are included in administrative expenses.

Subsequent Events

Subsequent events have been evaluated through August 29, 2025, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level; Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1); and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would be used only if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3: Fair Value Measurements (Continued)

Money market fund: Valued using \$1 for the NAV. The NAV is a quoted price in an active market.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investment assets in the fair value hierarchy:				
Mutual funds	\$ 5,195,563	\$ 0	\$ 0	\$ 5,195,563
Money market fund	374,242	0	0	374,242
Total investment assets at fair value	\$ 5,569,805	\$ 0	\$ 0	\$ 5,569,805

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Investment assets in the fair value hierarchy:				
Mutual funds	\$ 4,227,338	\$ 0	\$ 0	\$ 4,227,338
Money market fund	17,107	0	0	17,107
Total investment assets at fair value	\$ 4,244,445	\$ 0	\$ 0	\$ 4,244,445

Note 4: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity.

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company discretionary matching and nonelective contributions.

Notes to Financial Statements

Note 6: Tax Status

The Plan adopted a non-standardized pre-approved plan document with an IRS notification letter dated June 30, 2020, which states the non-standardized pre-approved plan document, as then designed, is in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the notification letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7: Party-in-Interest Transactions

Certain plan investments are managed by Fidelity. Fidelity is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under ERISA regulations. Fees paid by the Plan to the trustee for investment and administrative expenses amounted to \$8,445 for the year ended December 31, 2024. Certain fees incurred for investment management services during the year ended December 31, 2024, are included in net appreciation in fair value of investments, since they are paid to Fidelity through revenue sharing rather than a direct payment.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
