## Independent Auditor's Report

To the Plan Administrator  
SoundExchange, Inc. 401(k) Plan  
Washington, D.C.

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of SoundExchange, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter –Supplemental Schedule Required by ERISA***

The supplemental schedule (Schedule H, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2024) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### 1. Description of the Plan

The following description of the SoundExchange, Inc. 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the Plan document and any amendment thereto for a more complete description of the Plan's provisions.

#### *General*

The Plan is a 401(k) defined contribution plan established effective March 1, 2007. The Plan was amended, effective January 1, 2014, by SoundExchange, Inc. (the Company, Employer, Plan Sponsor and Plan Administrator) under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes qualified cash or deferred arrangement as described in Section 401(k) of the IRC for the benefit of eligible employees of the Company. The Plan was amended, effective January 1, 2017, to redefine compensation. The Plan was amended in 2019, to redefine compensation, update eligibility to participate, and other Plan features. Effective August 1, 2019, the Plan was amended to redefine eligibility. The IRS mandates that Defined Contribution Plans adhere to a Cycle 3 Restatement every six years. The restatement process involves moving to an updated document which encapsulates statutory and regulatory changes over the previous six years. Effective January 1, 2021, the Plan was restated onto the Cycle 3 Document. Coincident with the restatement, the plan adopted an early retirement age of 55 with five years of vested service and was amended to only allow rollover contributions once an employee becomes a participant in the plan in addition to other minor changes. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

#### *Trustee (Custodian) and Administration of the Plan*

Under the terms of a trust agreement between Ascensus Trust Company, as trustee for the Plan, and the Employer, the trustee manages a trust on behalf of the Plan. The trustee maintains custody of the Plan assets and executes investment transactions pursuant to guidelines established by the Plan's management. Ascensus, Inc., the parent company of the trustee, serves as the record-keeper for the Plan. The Plan and 401k Committee are responsible for oversight of the Plan. The Plan and 401k Committee determines the appropriateness of the Plan's investment offerings and monitor investment performance.

#### *Eligibility*

Employees of the Company are eligible to participate on the first day of the month after 90 days of service with the Company, if the employee is scheduled to work 1,000 hours in the 12-month period beginning with the hire date and is 21 years of age. Employees of the Company are considered eligible for participation, except for: (1) a member of a union collective bargaining unit whose exclusion from coverage under this Plan was part of the union's negotiated agreement; (2) a leased employee; (3) an independent contractor or non-employee; and (4) intern.

#### *Investment Elections*

Each participant may direct their account balance into one or more of the various investment options offered by the Plan. Allocations must be in increments of 1% of each contribution or a specific dollar amount. A participant may change such allocation and may transfer all or a portion of the value of their account among the fund options at any time.

### **Contributions**

Contributions are recognized in the period related to the participant's service or compensation.

Participants may make voluntary contributions to the Plan. A participant's maximum annual pretax contribution is limited to the Internal Revenue Service (IRS) cap of \$23,000 in 2024 and \$22,500 in 2023. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch up contributions of \$7,500 in 2024 and 2023. Participants may also contribute amounts representing rollovers from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The terms of the Plan include Roth contributions funded with after-tax amounts up to the Plan's contribution limit.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in the plan's target date fund that most closely matches a participant's anticipated retirement date. The Plan Administrator will not automatically increase the percentage of automatic enrollment deferral contributions.

Employer matching contributions are equal to 50% of total participant contributions, up to 4% of the participant's eligible earnings contributed as an elective deferral. These contributions are subject to the matching contribution vesting schedule. The Company's contributions are invested as directed by the participant.

In addition, the Company makes a 3% safe harbor 401(k) nonelective contribution to the Plan, on behalf of each employee. These contributions are fully vested at all times and cannot be forfeited.

The Company may make a qualified nonelective contribution (QNEC) to the Plan to satisfy special nondiscrimination rules that apply to the Plan. There were no QNEC contributions in 2024.

The Company may make a profit-sharing contribution to the Plan, at its discretion, in amounts determined each year. The Company did not make a profit-sharing contribution in 2024.

### **Vesting**

Participants are 100% vested in their salary deferrals, rollover contributions, QNEC contributions and the Company's safe harbor contributions and the allocated earnings thereon. Participants vest in Employer matching contributions and profit-sharing contributions in accordance with the following schedule:

Vesting Service (Years)	Vesting Percentage (%)
Less than 2	-
2	33
3	67
4	100

# SoundExchange, Inc. 401(k) Plan

## Notes to Financial Statements

---

Participants must work 1,000 hours during each Plan year to earn one year of vesting service. In the case of reaching normal retirement age, Plan termination, death or disability a participant's Plan balance will become 100% vested.

### ***Participant Accounts***

Each participant's account is credited with the participant's contributions, including amounts rolled over from other qualified plans, the Company's contributions, net investment earnings thereon, and reduced by administrative expenses. The Employer may, at its discretion, pay any or all of the administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### ***Payment of Benefits***

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled, as defined, or termination of service. A participant may elect to receive a lump-sum distribution or partial payments of the vested portion the participant's account. Participants may elect to rollover their vested balance to another qualified retirement plan or IRA. Distributions are subject to the applicable provisions of the Plan agreement.

### ***Early Withdrawals***

Under certain conditions, participants, while still employed by the Company, are permitted to withdraw the employee contribution portion of their account balance if they have reached the age of 59½ or incurred a financial hardship. A financial hardship is defined by the IRS as having incurred an unreimbursed medical expense, the purchase of a principal residence, the payment of postsecondary education tuition, funeral expenses for a parent, spouse, or dependents, payments to repair principal residence qualifying as a casualty loss or the prevention of eviction from or foreclosure on a principal residence, disaster-related expenses of participants who live in a federally declared disaster area. A participant's right to make deferrals to the Plan will be suspended for six months after the receipt of the hardship withdrawal; however, for distributions that are made on or after January 1, 2020, a participant's right to make a deferral to the Plan will not be suspended for any period of time due to the receipt of a hardship distribution.

### ***Forfeitures***

Forfeitures of the non-vested portion of the Plan balance resulting from termination of employment may be used to pay the Plan's administrative expenses or reduce the Company's future contributions to the Plan. There were no forfeitures used to reduce contributions to the Plan in 2024.

During 2024, \$23,064 of forfeitures were used to pay the Plan's administrative expenses. The forfeited non-vested account totaled \$11,312 and \$12,114 as of December 31, 2024 and 2023, respectively.

### ***Notes Receivable from Participants***

Participants are permitted to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the vested balance or \$50,000 reduced by the participant's highest outstanding note balance during the 12-month period ending on the date of the note. A note is secured by the balance in the participant's account and bears interest at a rate commensurate with

market rates for similar notes, defined as the prime rate plus 1%. The notes bear interest rates that ranged from 4.25% to 9.50% for the year ended December 31, 2024. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence up 30 (reasonable) years. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC.

A participant may not have more than two loans outstanding at any time.

## 2. Summary of Accounting Policies

### *Basis of Accounting*

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

### *Use of Estimates*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### *Investment Valuations and Income Recognition*

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the change in value from one period to the next for investments bought and sold as well as held during the year.

### *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted notes are deemed distributed and recorded as benefits paid to participants in the statements of changes in net assets available for benefits. There were no deemed distributions under the Plan for the year ended December 31, 2024.

### *Payments of Benefits*

Benefit payments to participants are recorded when paid.

# SoundExchange, Inc. 401(k) Plan

## Notes to Financial Statements

---

### *Plan Administrative Expenses*

The Plan participants pay substantially all administrative expenses associated with the administration of the Plan, which include the investment management fees, loan origination fees, annual loan maintenance fees and any termination or distribution fees. The Company pays for advisor fees which are excluded from these financial statements.

### **3. Certified Investment Information**

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus Trust Company, a qualified institution.

### **4. Fair Value Measurements**

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board ASC 820 are described as follows:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

# SoundExchange, Inc. 401(k) Plan

## Notes to Financial Statements

---

There have been no changes in the methodologies used at December 31, 2024 and 2023. The following is a description of the valuation methodologies used for assets measured at fair value.

*Mutual Funds* - Mutual funds represent investments with various investment managers. The fair value of these investments is determined by reference to the funds' underlying assets, which are principally marketable securities and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at net asset value (NAV).

*Common/Collective Trust (CCT)* - The Plan holds shares of a CCT that are composed primarily of indirect investments in fully benefit-responsive investment contracts valued at the NAV of units of the collective trust held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The Fund invests primarily in investment contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. These investment contracts are direct filing entities.

There are several risks specific to investment contracts. One of the primary risks involved is credit risk to the contract issuer. Secondly, liquidity is limited because of the unique characteristics of investment contracts and the absence of an actively traded secondary market. Interest rate risk is also present because rates may be fixed with these products.

The following tables set forth the Plan's investments at fair value:

### ***December 31, 2024***

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,935,885	\$ -	\$ -	\$ 9,935,885
Investments, measured at NAV*				22,264,130
<b>Total Investments, at fair value</b>				<b>\$ 32,200,015</b>

### ***December 31, 2023***

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,889,485	\$ -	\$ -	\$ 9,889,485
Investments, measured at NAV*				16,542,271
<b>Total Investments, at fair value</b>				<b>\$ 26,431,756</b>

\* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Participant transactions (purchases and sales) are processed daily, or as applicable, by the Fund at fair value and are considered as made immediately after the daily valuation.

Participant withdrawals from the Fund for benefit payments and participation transfers to noncompeting options to be paid to Plan participants shall be made within 30 days after written notification has been received and are considered as made immediately after the next valuation date subsequent to the trustee's approval. Withdrawals, other than for benefit payments and participation transfers to noncompeting options, require a 12 month advance written notice.

### **5. Related Party and Party-in-Interest Transactions**

Certain Plan investments are managed by Vanguard. Ascensus, Inc. acts as the record-keeper of the Plan and Ascensus Trust Company acts as the trustee of the Plan. Transactions with Vanguard, the record-keeper and trustee qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA. The plan paid \$28,664 in fees to related parties for the year ended December 31, 2024. Notes receivable from participants also qualify as exempt party-in-interest transactions.

## Notes to Financial Statements

---

### 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their salary deferrals, rollovers, QNEC, and the Company's safe harbor contributions and become 100% vested in the Employer matching and profit-sharing contributions.

### 7. Tax Status

For the years ended December 31, 2024 and 2023, the assets were held in trust by Ascensus Trust Company. The IRS ruled on March 31, 2014, that the Non-Standard Prototype Plan (the prototype plan of Ascensus Trust Company for Employee Benefit Plans upon which the Plan is based) qualifies under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. For the Plan year 2020, the March 31, 2014 prototype plan opinion letter has been relied upon by this Plan. Effective January 1, 2021, the Plan adopted the Ascensus Pre-Approved Defined Contribution Plan (Pre-Approved Plan). The Internal Revenue Service (IRS) rules on June 30, 2020, that the Pre-Approved Plan, including related amendments, as designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator believes the Plan is being operated in compliance with the applicable provisions of the IRC.

GAAP requires management to evaluate the Plan's tax positions. The Plan's management has concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Administrator believes the Plan is currently designed and is being operated in accordance with the IRC.

### 8. Risks and Uncertainties

The Plan holds in various investment securities. Investment securities are exposed to various risks such as interest rate, market, credit risks, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### 9. Subsequent Events

The Plan Administrator evaluated all subsequent events and transactions through August 20, 2025, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
